**3. Event Report along with glimpses of the event (Photographs)**

**3.1 General Introduction of the Event**

The expert talk was organised as a part of Innovation Day 2021 celebrations on September 21, 2021. Prof (Dr) Anubhuti Yadav apprised the students about nuances of storytelling using different digital platforms.

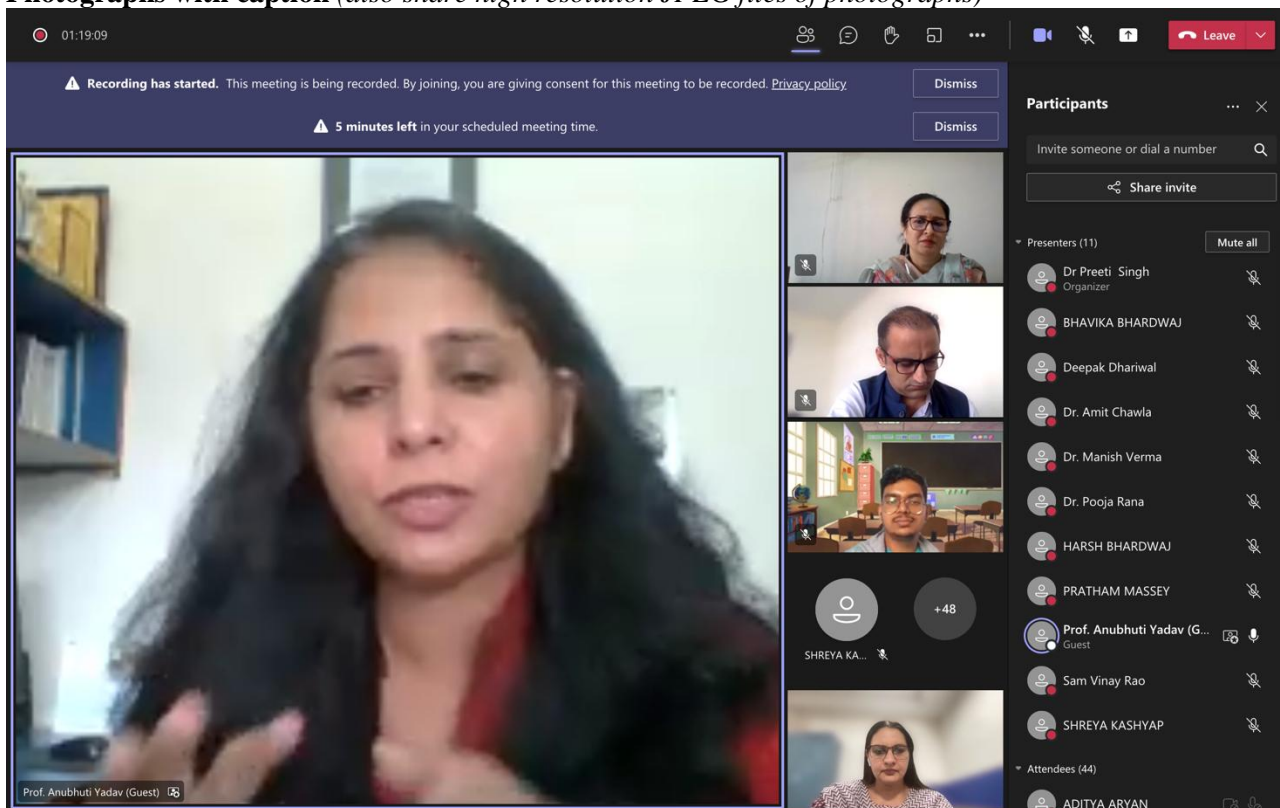

**3.2 Objectives of the Event**

The event was organised in tune with the spirit of celebrating innovation during the Innovation Week 2021. It aimed at apprising the budding media professionals about the new and innovative trends in storytelling using different digital platforms.

**3.3 Brief about the address/talk of speakers**

The expert talk delivered by Prof (Dr) Anubhuti Yadav encompassed different aspects of storytelling on digital platforms. She emphasised that each digital platform like Facebook, Instagram, Twitter etc have their unique characteristics and thus the storytelling format for different digital platforms is unique. She shared that while creating content for digital media one must remember that people prefer active engagement with the content. Prof Yadav encouraged the students to think innovatively and imaginatively. She asked the students to learn at least 50 different tools to be able to tell their stories in an interesting and impactful manner. Dr Yadav also discussed different types of digital stories citing examples.

## Feedback of Webinar on Digital Story Telling

**PRATHAM MASSEY**

Mon 27-09-2021 13:25

To: Dr. Pooja Rana

I am writing to give feedback on the event which was held on 21<sup>st</sup> September 2021. I am so amazed by the intelligence we received from **Prof.(Dr.) Anubhuti Yadav**, the way she told us about everything was so appealing to me I felt proud to be an Amitian. The session was quite informative and astonishing. Also to mention the questioning round was very interactive and assuring. Thank you so very much, ma'am, to you and all the respective organisers. I would be waiting for more such sessions.

With Regards  
Pratham Massey(8994831)  
BA & Journalism (1st Semester)

Best regards,

## Feedback on the expert talk

**VAISHNAVI V**

Mon 27-09-2021 13:46

To: Dr. Pooja Rana

Respected ma'am,

Anubuthy Yadav ma'am's talk on "Digital Storytelling" was very informative, knowledgeable and a much necessary motivation for our growing minds. The content she spoke, was well relatable and admirable. Her experienced talk gave us a clarity of how a media person's life would be and how prepared, confident, and energetic we should be to face them. Her unbiased opinions, to the point answers and optimistical approach lifted our confidence leading us to a right track.

She started off by defining the terms related to Mass Media such as Journalism, story writing, advertising, and PR. As taught to us by elders, guides and well-wishers, everything in this world is related to some or other way. By her talk, she informed us how co-related the media industry is. Her talk with a beautiful smile has bought a very big impact to us personally and professionally.

This life, that everybody is leading in this world has never been easy and it isn't going to be easy either. But Her talk didn't even have any shade of negative vibes or showcased her hardships, it was filled with motivation, positivity, and kindness. Overall, Her talk was a power-packed, a completely woven talk. It was a privilege for us, MAJMC 1st semester students to listen to her, get ideas and get benefitted from them.

Thank you so much ma'am for the opportunity to listen to a well privileged and decorated speaker.

1	India	Mr. Sanjay Kumar	Microsoft News	Editor	New Media Strategy	+91 9818 1 6586 4	kumar.is.sanjay@gmail.com	NA	New Media. Online News	Yes

**PROFILE OF THE EXPERT**

Mr. Sanjay Kumar is New Media Content Strategist, having 26 years' experience of handling news in print and online media, out of which 20 continuous years in new media. Worked with all the major online media organizations including, the Times Internet, NDTV Convergence, HT Media Ltd, the India Today Group, and Microsoft. Work also includes managing the strategy and operations for various mobile products and social media. Handling the partners' relationships with some of the world's best brands is his core task. Content planning based on surfers' interests to increase users, page views, engagement, and revenue is his forte. Writing, editing, and rewriting copies are an integral part of his work. The biggest learning at Microsoft has been the insights drawn from data on changing readers' behaviour and content consumption. Core member of the team that built NDTV Convergence into India's leading online news destination. He is fascinated by the potential of digital and social media as a tool of instant mass communication and believe in the power of convergence. Have a team-oriented working style and excellent interpersonal skills.

A postgraduate from India's leading university -- the Jawaharlal Nehru University -- and a law graduate from Campus Law Centre, University of Delhi, a number of his stories and interviews have been published in the leading Indian and global publications, including the Outlook, Bloomberg, IANS, timesofIndia.com, hindustantimes.com, sify.com, Gulf Today, The Newspaper Today, Today, and Alive (Caravan). He has been taking new media journalism classes as guest faculty in various Delhi University colleges, Jamia Millia Islamia, IP University, Sharda University, Makhanlal Chaturvedi University and media institutes including Times School of Journalism, NDTV broadcast training institute, Delhi School of Journalism, Maharaja Agrasen College, Apeejay Institute of Mass Communication, and New Delhi YMCA for the last 18 years.

Currently, he is working with Microsoft as Editor, MSN-India for last five-and-half years. Leading a team of 13 online journalists, he is responsible for whatever goes on the site.

### 3. Event Report along with glimpses of the event (*Photographs*)

#### 3.1 General Introduction of the Event

Digital, AppBased & On-demand News is a revolution in Online Journalism and New Media. To share the insights about this industry, ASCO - AUH organized an industry interaction cum workshop for BJ&MC students, with Mr. Sanjay Kumar from Microsoft News (MSN) as per following schedule.

Title: Understanding New Media

Date: 22/11/2021 (Monday)

Time: 10:00 AM – 12:30 PM

Mr. Kumar is a seasoned media practitioner and has worked with Times Internet, NDTV Convergence, HT Media Ltd, India Today and more. In the wake of the emergence of digital and social media, the skills for content development demands different skills, far beyond traditional skills. The niche and emerging streams need to be addressed by acquiring new skills.

#### Objectives of the Event

Traditional journalism education needs to be kept abreast with the ever-changing technology. The said industry interaction cum workshop was aimed to the fill these gaps and imparting training in niche and emerging areas. The workshop was not just focused to train participants for the news industry but covered all segments where there are huge job opportunities as content writers, social media experts, and digital marketers. Be it news media, websites of various industrial and business corporations.

#### 3.2 Brief about the address/talk of speakers

The event started with a brief introduction of the expert by Prof. Amit Chawla and welcome address by Ms. Esha Jainiti. Thereafter the following topics were covered by the expert in his 3 hour session.

Introduction to New Media & its Characteristics

- Three Mediums of Journalism: Print, Electronic & Web – with examples
- Basic Structure & Functioning of Online Media
- How is New Media different from Print & Broadcast and what are its advantages?

Digitalization in the Indian Media Industry

- How it started in India in different phases.
- The Dot Com Boom & Burst
- Why online media did not become a popular medium when it was launched in 1999-2000 in India?

## New Media Newsroom

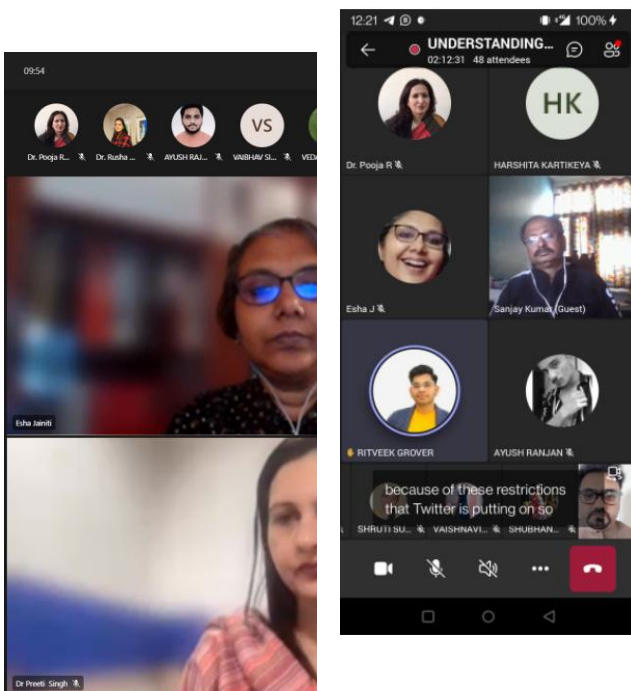

- How New Media newsroom is different from Print and Broadcast
- How a story passes through different stages on the Metro desk and Bureau & then comes to the Main desk before pages are made for printing.
- Newsroom hierarchy

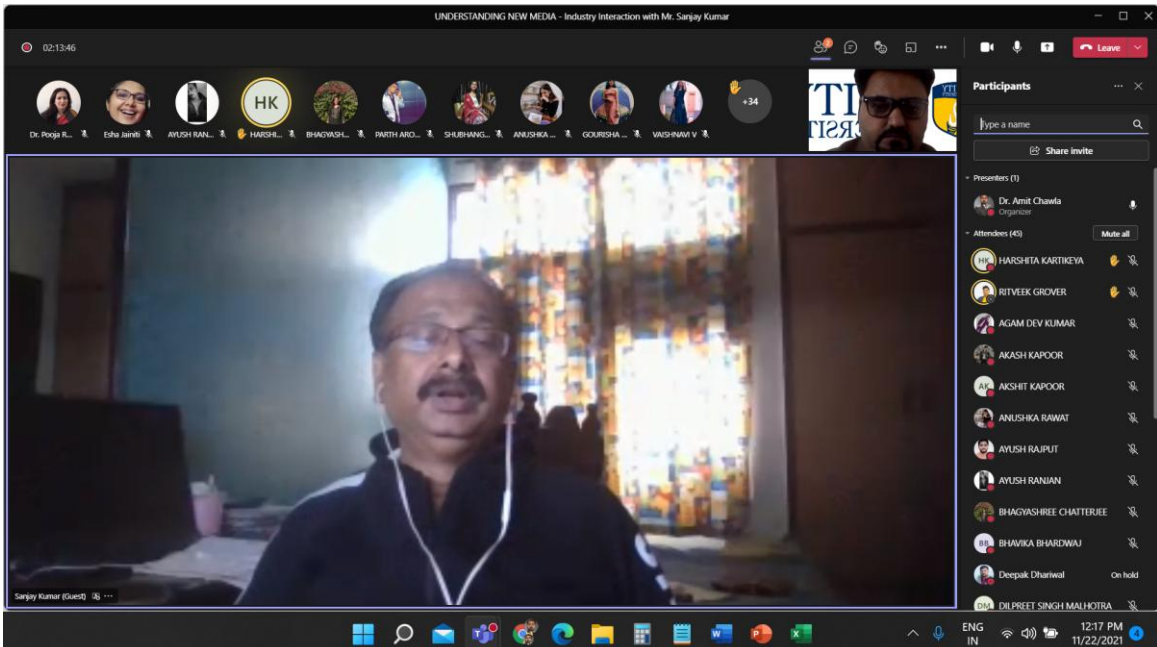

## New Media Tools & Terms:

- How the success of a particular content and site is determined?
- Tools Used for Measuring Performance: Chartbeat, Google Analytics, ComScore

Many questions were raised by both faculty and the students that were addressed by the expert in the most interesting manner. The session ended with a Vote of Thanks from Prof. Amit Chawla and Ms. Esha Jainiti.

**PROFILE OF THE EXPERT**
**Speaker:** Olga Anisimova, Head of Video Production, Rossiya Segodnya media group AND Editor-in-chief, TOK Media

**Speaker's bio:**

Olga had spent ten years reporting hard news in a newsroom setting. She began her career as a broadcast journalist at RT and worked her way up to becoming the executive editor of the channel's evening news show "In the Now". The show later developed into a separate online news outlet that attracted millions of followers. She also worked as a live event coordinator during RT's special coverage of major events, including the 2017 French presidential elections and the UNGA's 70th anniversary. The latter event coverage was later nominated for the International Emmy awards.

In 2017, Olga joined Rossiya Segodnya media group to lead a team of video professionals who are able to tackle some of the most ambitious video projects ranging from presidential interviews and reporting in conflict zones to documentary filmmaking and commercial video. Olga also launched the online

media outlet “TOK” which focuses on social issues and people’s stories. “TOK” gained an audience of 6 million people within three years of existence and is currently one of the fastest-growing media outlets in Russia.

### 3. Event Report along with glimpses of the event (*Photographs*)

#### 3.1 General Introduction of the Event

With a view to train the students about the production of video content that attracts international audience a joint training/workshop was conducted by SputnikPro and ASCO, AUH as per following schedule.

Title: How to create video content that attracts audience?

Date: 9<sup>th</sup> February 2022

Time: 13:30 – 15:15 IST

Speaker: Ms. Olga Anisimova

**Ms. Olga Anisimova** is Head of Video Production - Rossiya Segodnya media group (SputnikPro) AND Editor-in-chief - TOK Media.

The session was moderated by **Ms. Olga Dycheva** - Head of Sputnik hub in New Delhi. In India she was working with website Russia beyond the headlines and at Ruptly - the daughter organization of RT before appointed as the head of Sputnik News Agency at Delhi since 2017

**Sputnik** is a modern news agency whose products include newsfeeds, websites, social networks, mobile apps, radio broadcasts and multimedia press centers. Sputnik HQ is located in Moscow. Regional offices are located in key regions and countries around the world, including India (New Delhi) the United States (Washington, DC), China (Beijing), France (Paris), Germany (Berlin), Egypt (Cairo). The agency covers global political and economic news targeting an international audience.

#### Objectives of the Event

- Share experience with international colleagues
- Bring more multiculturalism to journalism
- Develop international media communications

#### 3.2 Brief about the address/talk of speakers

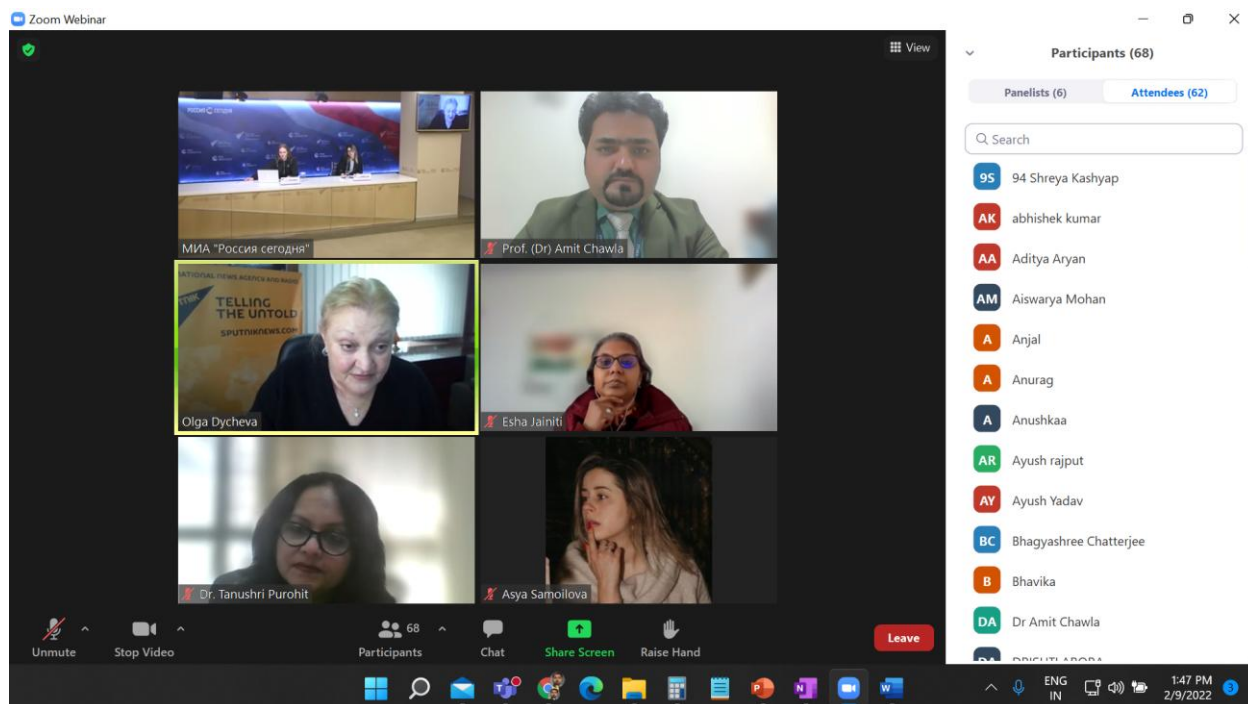

The event started with a brief introduction of the event by Ms. Olga Dyvecha – Head of Sputnik Pro Delhi office who commenced with an introduction of Sputnik Media Group. Thereafter Dr. Tanushri Purohit, Ms. Esha Jainiti and Prof. Dr. Amit Chawla from Amity University – Haryana were introduced by Ms. Dycheva. After a formal welcome note by Dr. Tanushri Purohit and Ms. Esha Jainiti where Amity University, Amity Skill Institute and ASCO were introduced, the session started with the expert speaker, Ms. Olga Anisimova, Head of Video Production, Rossiya Segodnya media group and Editor-in-Chief, TOK Media sharing about her background and about TOK Media Group.

Importance of time spent on setting up a camera was discussed. Thereafter the expert mentioned about the frame and mood setting. Metaphorical representation of visuals with the help of semiotics was explained. Reconstruction Video was played for the audience and it was highly appreciated. Plan and Structure of documentary is important start. Importance of Editing was shared by the expert with help of examples. Staging for showcasing reality was emphasized. Scope and opportunities of working with YouTube Creators Page was discussed.

More than a dozen questions were asked by the participants that were interestingly and adequately answered by the expert from TOK Media. Towards the end, Prof. Dr. Amit Chawla presented a vote of thanks to TOK Media, SputnikPro, Ms. Dycheva, Ms. Olga Anisimova, faculty and all the students of Amity University.

75+ students and 6 panelists (3 from Amity, 2 from Sputnik and 1 from Tok Media) participated in this intriguing event that continued from 1:30 PM to 3:00 PM on 9/2/2022.

### 3. Event Report along with glimpses of the event (*Photographs*)

#### 3.1 General Introduction of the Event

IEC and Behavioral change are extremely important disciplines of study for Communication students. There are many projects offered from time to time by various Indian and International, Government and Non-Government agencies. Both, students and faculty of ASCO can pitch for such projects and benefit if they have knowledge. The session by Dr. Doria was about these IEC projects and how one can approach at bagging these.

Title: IEC projects

Date: 28/02/2022 (Monday)

Time: 10:00 AM – 11:30 PM

Dr. MS Doria is a seasoned professional and an expert in the field of 'Information, Education and Communication' and 'Behavioural Change'. He served as Addl. Director (PR) - IEC Bureau and addressed at events organized by UNICEF, European Union, SWRPD, World Bank etc., and executed various projects of Govt. of India and Govt. of Rajasthan.

#### Objectives of the Event

Traditional forms of communication are challenged at every step due to the emerging and ever changing technologies and how people use it. The said industry interaction cum workshop was aimed to fill these gaps and imparting training in niche and emerging areas of Information, Education and Communication (IEC) Projects.

#### 3.2 Brief about the address/talk of speakers

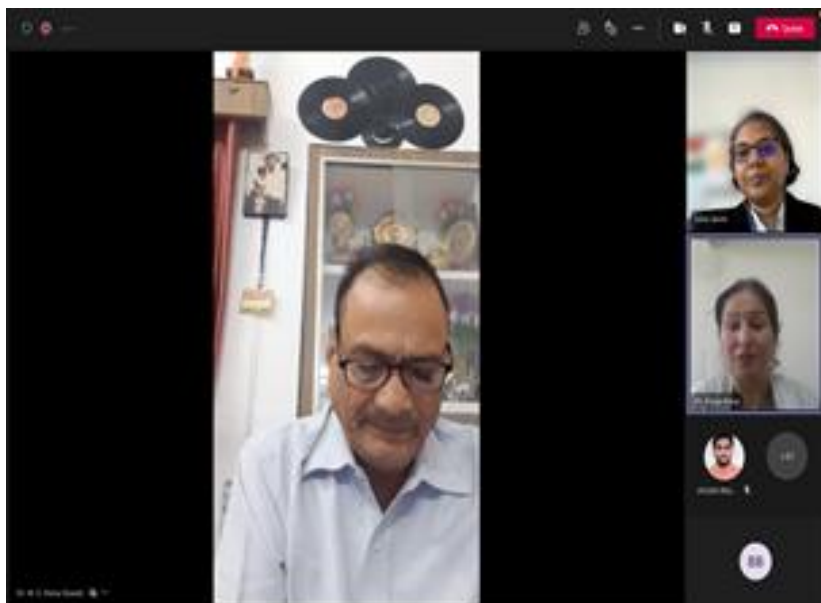

The event started with a brief introduction of the expert by Prof. Amit Chawla and welcome address by Ms. Esha Jainiti. Thereafter the following questions were answered by the expert

- What is IEC?
- Why is understanding IEC important in today's world of Communication
- Who all are the stakeholders?
- Direct and indirect ways to communicate with the stakeholders.
- How to apply for an IEC projects?
- How to involve local people in IEC projects.

One example that guest speaker gave was to make them understand why washrooms are important or beneficial for them , this will surely attract their attention , to make them understand how and why technologies are beneficial for them . When we are projecting some agendas , the points needed for them are personal communication and implementing period , resources required , time frame and responsibility . We have to convince them in best possible way , we can use their local language or Hindi for better interaction .

Many questions were raised by both faculty and the students that were addressed by the expert in the most interesting manner. The session ended with a Vote of Thanks from Prof. Dr. Pooja Rana and concluding remarks by Ms. Esha Jainiti.

**3. Event Report along with glimpses of the event (Photographs)**

**3.1 General Introduction of the Event**

On 13<sup>th</sup> April, 2022 a webinar was conducted by Amity School of Communication in collaboration with internal quality and assurance cell of Amity University, Haryana. The guest speaker for the Webinar was Mr. Anand Prakash.

The coordinator for the session was Dr. Preeti Singh and the session was compered by Shubhangi Sharma. The webinar was joined by the students and faculty members of Amity School of communication along with the HOI, Ms. Esha Jainiti.

**Objectives of the Event**

- To impart knowledge about the changing landscape of Public Relations and Corporate Communication among the students of Journalism and Mass Communication .
- Providing hands on experience of hearing from the Industry Experts and their requirements.
- Training students as per the industry requisites in the Digital Era of Post-Pandemic World.

**3.2 Brief about the address/talk of speakers**

The session got off the ground at 2:30 pm, with a few words about Amity School of Communication spoken by the compere. This was followed by the introduction of the guest speaker, Mr. Anand Prakash. The Deputy director, ASCO, Ms Esha Jainiti extended very delightful words of welcome for the guest lecturer.

In the webinar, the esteemed guest lecturer with the help of a presentation shared his experience in the industry. He threw light upon the current situation of the Public Relations and Corporate Communication comparing it with the pre pandemic scenario. His lecture revealed that post pandemic the Public Relations and Corporate Communication industry is in total chaos. He talked about the new age PR and PR & Corporate Communication tools. Under these topics the students made aware of various tools like purpose, ESG strategy, etc.

Following the presentation, our guest speaker for the day was kind enough to address the questions and queries of the attendees of the webinar with utmost humbleness. Some of the questions asked to the speaker were as follows: -

- Could you please throw some light over latest technologies being used in the area of corporate communications and PR in the times of digital media and marketing.

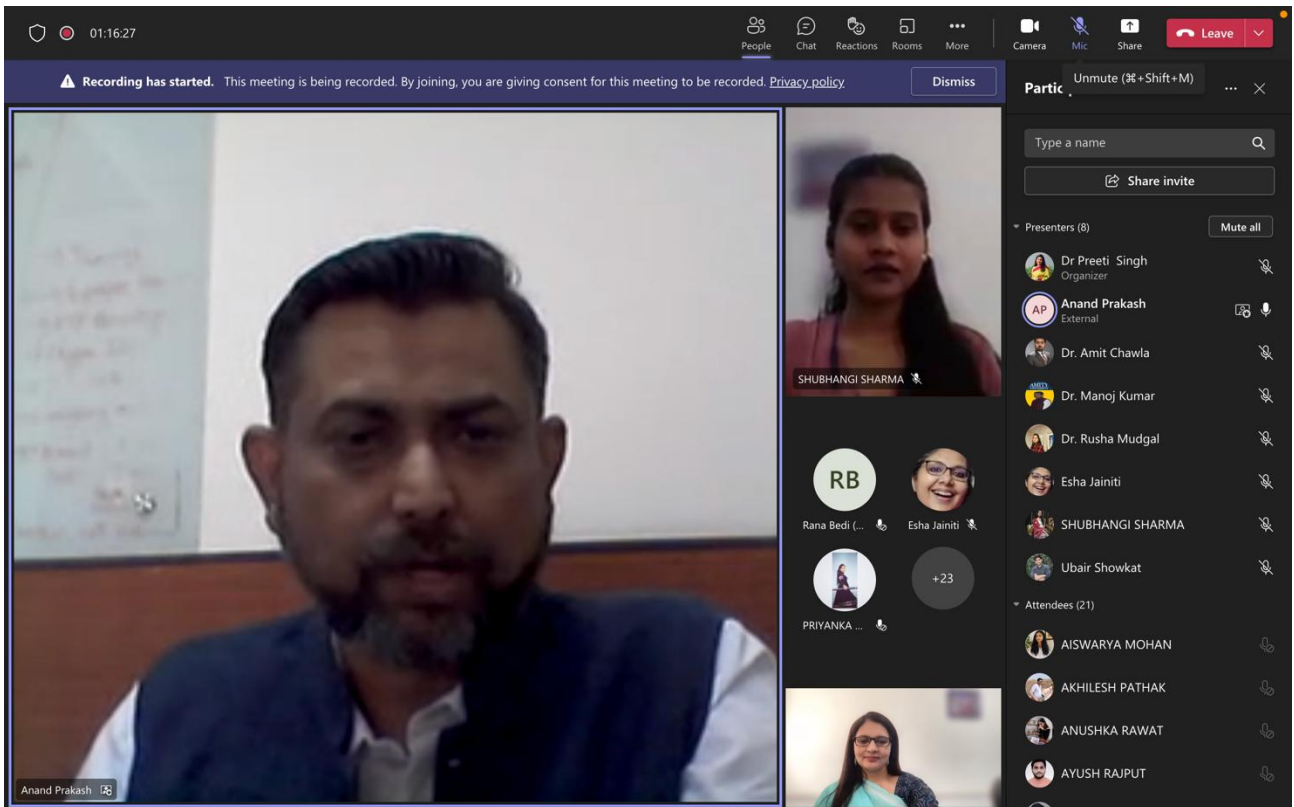

Registrar  
Amity University Haryana  
Manesar Gurgaon-122413

- How can PR agency help companies navigate through these difficult times?
- What level of transparency should companies have with their consumers regarding their current challenges?

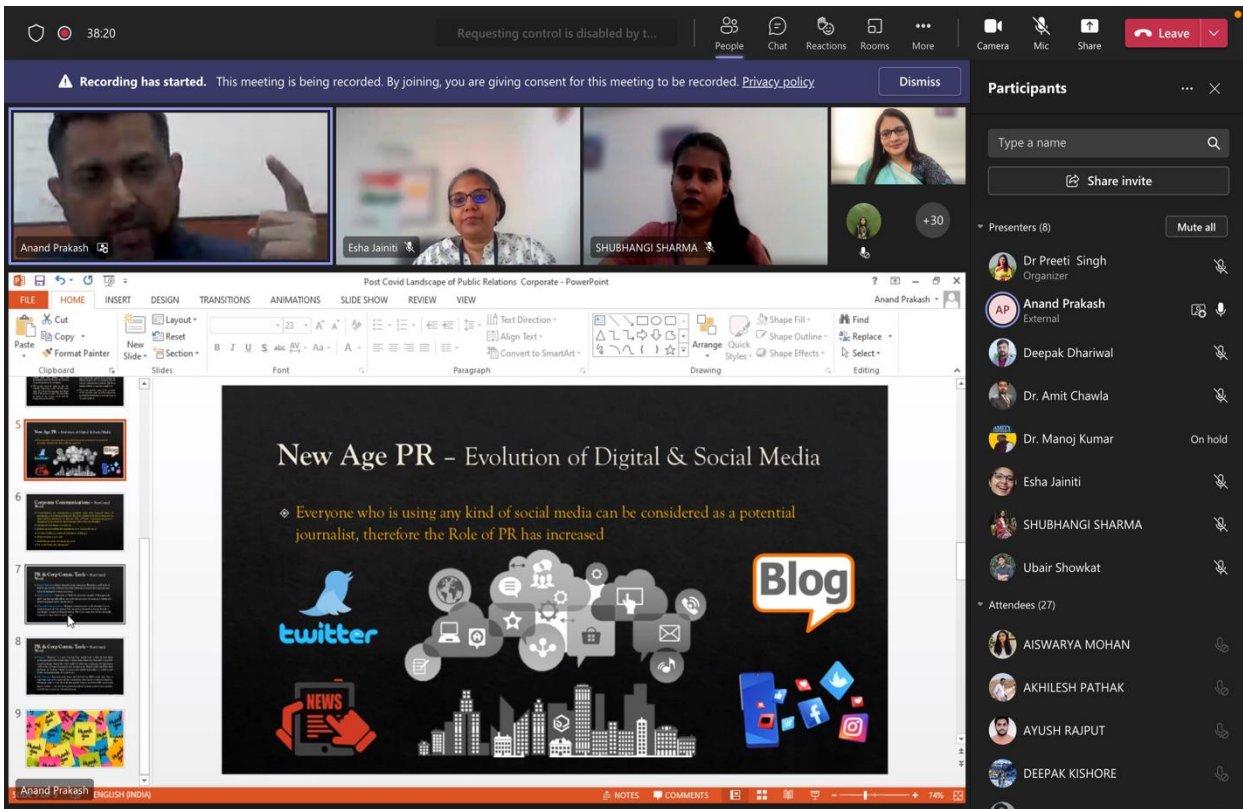

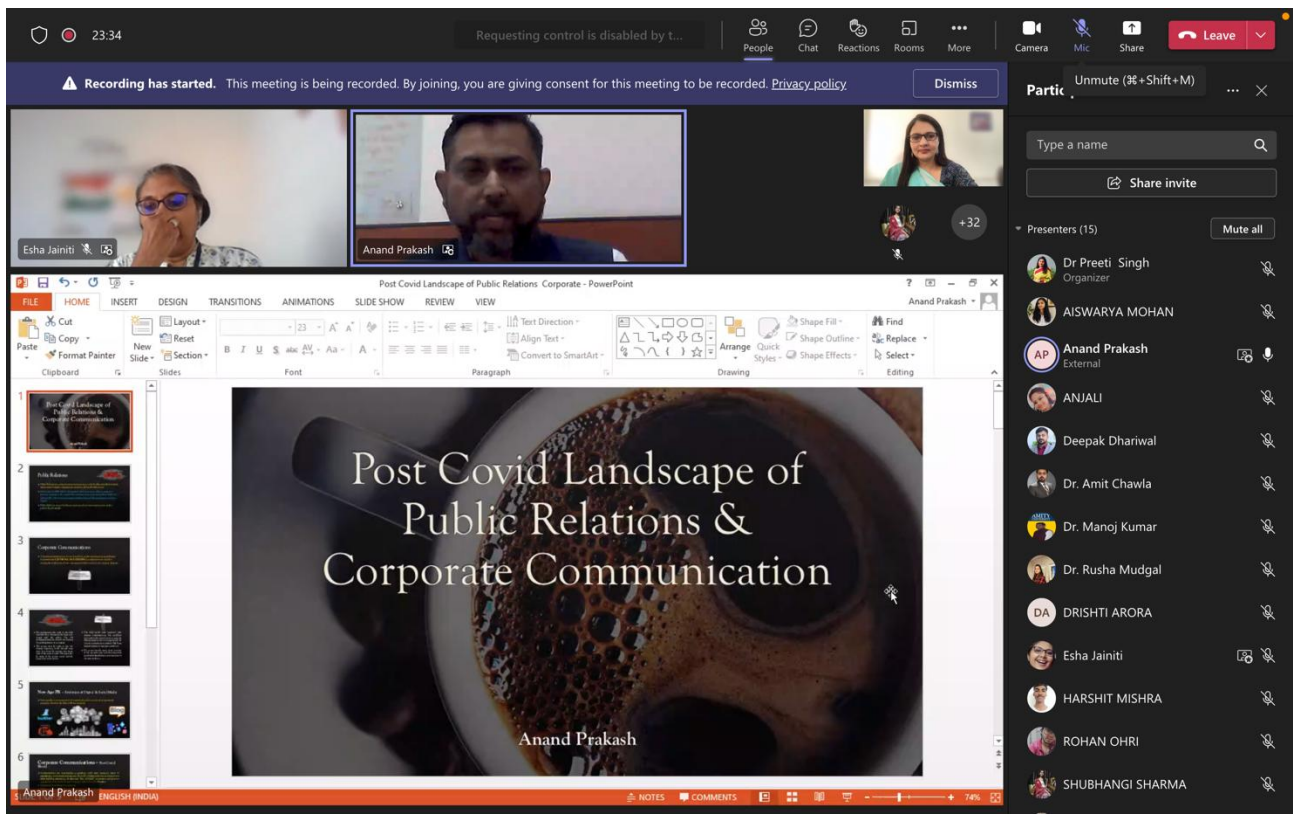

After the questions and queries were addressed, it was time of the coordinator of the session, Dr. Preeti Singh to conclude the insightful webinar and deliver the vote of thanks.

It could definitely be said that the webinar was a complete success and there were a lot of active student participation involved who made it possible.

### 3. Event Report along with glimpses of the event (Photographs)

#### 3.1 General Introduction of the Event-. Illustrator, photoshop (main software)

Plugins are important, Low poly and high poly for 3D, hours per day sketching

2D is important for everything it's the most basic thing, Sketching is very important if you want to be an artist. At least 14 hours of sketching per day in essential 2D helps in doing graphic designing like walk cycle, Start graphic designing from small ads editing, if u want to go in film making camera is most essential.

#### 3.2 Objectives of the Event- How to get Job in relevant Industry?

3.3 Brief about the address/talk of speakers- Mr Mahesh Kumar, Sr. Cinematographer, Director Film Industry Mumbai talked about how to direct film and script writing. Mr Rahul Kumar Singh, talked about photoshop, 2D & 3D modelling.

## INTRODUCTION

The Amity School of Liberal Arts offers students Physical Education as an Open Elective (OE) subject which is committed to providing students with opportunities to participate in a wide range of sports and physical activities, while also prioritizing their health and well-being. We believe that physical activity is an essential part of a well-rounded education and that participating in sports and other physical activities can have numerous benefits for students, including improved physical health, mental health, and academic performance.

Physical Education offers a variety of team and individual sports, as well as non-competitive physical activities, to cater to students with different interests and fitness levels. Physical Education is offered as an Open Elective to all students of the University. Through our OE modules, we promote sports whilst also educating them about healthy lifestyle choices, including proper nutrition and stress management. Various workshops and seminars are conducted on the aforementioned topics to help students achieve and maintain a healthy lifestyle. The instructions are committed to help students reach to their full potential, both on and off the field, and are encouraged to get involved in physical education course and reap the many benefits of physical fitness activities.

## Amity Centre for Yoga and Meditation

“Yoga is the golden key that unlocks the door to Peace, Tranquillity & Joy.” The word yoga is derived from the Sanskrit word ‘YUJ’ which means ‘to yoke’ or ‘to unite’. The practice of yoga thus creates a union between body, mind and spirit and so also between self and universe, hence neutralizing ego-driven thoughts and behaviours to create a sense of spiritual awakening.

Amity Centre for Yoga & Meditation is a growing centre that aims to

- Enable mental health among students
- Practice mental hygiene
- Establish emotional stability
- Imbibe moral values
- Acquire enhanced levels of consciousness

Yoga education is built around concepts like conditioning, synchronisation, concentration, relaxation and self-reliance. The centre invites students from all streams to practice the various learnings of yoga in day-to-day life to bring balance among all spheres of life from academics to personality through learning of various chakras and the psychology associated with it. The centre conducts regular awareness programs to motivate faculty & students for the same.

The four major chapters (Padas) followed at the centre are: -

1. Samadhi Pada comprising of 51 Sutras that define the purpose & goal of yoga.
2. Sadhana Pada has 55 Sutras that describe the practical approach to achieving the goals of yoga.
3. Vibhuti Pada includes 56 sutras that instructs the subtle practices of Dharma, Dhyana, samadhi and also directs some of the supernatural powers of yoga.
4. Kaivalya Pada of 34 sutras explain the nature of mind and connection with cosmic powers.

**Yoga is the journey of the self.  
Through the self.  
To the self.**

--The Bhagwat Geeta--

## Introduction

Over the last few decades, there has been an upsurge in the popularity of yoga. Not only has research proved the many benefits of yoga, but medical professionals and celebrities are also adopting and recommending this incredible practice. While some deem yoga as just another fad and associate it with new age mysticism, others vouch for how amazing this form of exercise feels. What they do not realize is that what they regard as just another workout will benefit them in ways they never imagined.

Yoga as a practice has countless benefits that positively affect you both physically and mentally.

We have been celebrating International Yoga Day in the past and this year too we conducted 4 Day Yoga workshop from 18<sup>th</sup> to 21<sup>st</sup> June 2022 and a seminar on 20<sup>th</sup> June 2022 on "Yoga and Holistic Health" conducted by experts from Dev Sanskriti Vishwavidyalaya, Haridwar who have made a significant contribution in this field.

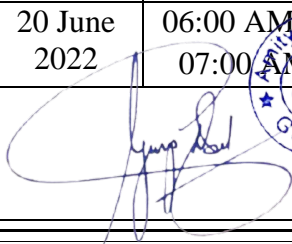

Amity University Haryana has been in the forefront in promoting Yoga as a discipline for our students, faculty, and staff. Many activities have been conducted for celebrating International Yoga Day on 21<sup>st</sup> June.

## Yoga Workshop from 18 to 21st June 2022 – International Yoga Day at AUH

Under the dynamic leadership and guidance of our respected Vice Chancellor, Dr P B Sharma and Pro Vice Chancellor Dr Padmakali Banerjee a four-day International Yoga Day at AUH was organized by inviting experts from Dev Sanskriti Vishwavidyalaya, Haridwar. The event was initiated by Maj Gen Gural Singh Bal (Retd.) (Dean of Students Welfare) who had requested their Pro Vice Chancellor to depute a Yoga expert to come to AUH with the aim for motivating our faculty and staff to practice yoga.

The program scheduled as: -

## CIRCULAR

**Sub: Regarding Promoting, Integrating Technology usage among Students  
Under Amity Centre for Innovation in Education**

You are kindly required to incorporate following activities to promoting usage of technology and enhancing technology adoption among students for bringing efficiency in Teaching, Learning and Research:

1. Orientation on inhouse ERP portal Amizone.
2. Training on LMS for faculty & students.
3. Orientation session for student to create awareness on using e-library resource and on-line data bases.
4. Providing training on use of statistical software for data analysis.
5. Organizing workshop on Advance Excel.

Cooperation in this regard shall be highly appreciated.

### 3. Event Report along with glimpses of the event (*Photographs*)

#### 3.1 General Introduction of the Event

Amity School of Communication organized an Industry Expert Session on UX/UI and it was conducted by Mr. Vishu Aggarwalis a Multimedia Specialist, Corporate Trainer and Consultant having an experience of over 12 years with Graphic and Web Designing, UX/UI, 3D Animation, Virtual Reality, Game Design, Instructional Design and Digital Marketing . He had also conducted trainings and consultancy for Corporates like KPMG, CapeGemini India, Indian Air Force, HBO (USA), WHO (New Delhi ) and many others. He is also certified in Adobe expert in In Design , Adobe associate in Visual Communication, Digital Marketer and Instructor and many others.

#### 3.2 Objectives of the Event

  
 Registrar  
 Amity University Haryana  
 Manesar Gurgaon-122413  
 Directorate of Outcome (DOO)

The objective of the session was to introduce the students B.Sc. Animation and Visual graphics to make familiar with recent trends prevailing in the industry.

### 3.3 Brief about the address/talk of speakers

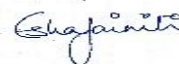

During the session, Mr. Vishu gave an introduction of UX / UI , told about its importance in industries and in daily life . He shared knowledge about how UX/UI should be created, its values , its principles . He gave the students a lot of information about UX/ UI , how one should prepare their portfolio in designing . He explained everything by giving creative examples . He also answered questions asked by the students such as which software to be used in UX/UI and the available opportunities in this field. The session concluded with a vote of thanks to the guest by Dr. Sam.V.Rao

***International Workshop on "Instrumentation Techniques"***

**17-18 January, 2022**

Amity University Haryana (NAAC A-Grade University) and Universitas Bengkulu Indonesia organise a two-day International Collaborative Workshop

Two day workshop **INSTRUMENTATION TECHNIQUES** organized by Department of Chemistry, Biochemistry and Forensic Science, Amity School of Applied Sciences (CBFS, ASAS). Amity University, Haryana, India in collaboration with Faculty of Mathematics and Natural Sciences, University of Bengkulu, Indonesia.

It is an extension activity of an MOU signed between the two organizing universities.

### **Universitas Bengkulu, Indonesia**

University Bengkulu, Bengkulu is a public university in Bengkulu, Indonesia. It was established on 24 April 1982. University offers UG and PG courses in 7 different streams. Officially recognized by the Kementerian Riset dan Teknologi/Badan Riset dan Inovasi Nasional, Republik Indonesia.

### **Amity University Haryana**

Amity University Haryana, Gurugram is situated in the picturesque, 110 acre Amity Education Valley, in the close proximity of Gurugram. AUH is built on a foundation which embodies all the qualities that have made Amity institutions world-class over the last two decades. The university has students from more than 15 countries.

### **CBFS, ASAS, AUH**

The Department of Chemistry, Biochemistry & Forensic Science (CBFS) has successfully charted a glorious journey of over 7 years under the aegis of ASAS, AUH. Amity School of Applied Sciences (ASAS) was inaugurated on the occasion of National Science Day on 28 Feb 2013 with a mission of imparting quality teaching and promoting science through research and extension. ASAS strives continually to lay a strong foundation in Applied Sciences and to equip the students of other disciplines to carry out practical applications of their knowledge. Further, the vision is set for carrying out research in emerging areas of societal importance, along with offering degree programs at undergraduate, masters and doctoral level in the relevant subjects of Applied Sciences, including Chemistry, Biochemistry and Forensic Science, Physics, and Mathematics.

## **ORGANISING COMMITTEE 17-18 JANUARY 2022**

## Program Schedule

17-18 January 2022

Monday		17-01-2022
Time Indian Standard Time (IST)	Topic	Speaker
10:00 – 10:05 HRS	Welcome Address	Prof A.K. Yadav (Director, ASAS, AUH, Gurugram)
10:05 – 10:10 HRS	Words of Wisdom	Prof. (Dr.) Padmakali Banerjee (Pro Vice Chancellor, AUH)
10:10 – 10:15 HRS	Words of Wisdom	Assoc. Prof. Jarulis (Dean of Faculty of Mathematics and Natural Sciences, University of Bengkulu Indonesia)
10:15 – 10:55 HRS	Tutorial session on UV-Vis Spectroscopy	Dr. Sal Prima Yudha (University of Bengkulu Indonesia)
10:55 – 11:30 HRS	Demonstration of UV-Vis Spectroscopy	Dr. Sal Prima Yudha (University of Bengkulu Indonesia)
15:05 – 15:55 HRS	Tutorial session on Principle and applications of Flash Chromatography	Dr. Mohammad Abid (Jamia Millia Islamia, New Delhi)
15:55 – 16:30 HRS	Live demonstration of Flash Chromatography	Dr. Mohammad Abid (Jamia Millia Islamia, New Delhi)
16:30 – 16:35 HRS	Vote of Thanks	Prof. S R Pathak (HOD, Dept. CBFS, ASAS, AUH)
Tuesday		18-01-2022
10:00 – 10:15 HRS	Highlights and Review of Workshop	Dr. Monika Vats (AP, CBFS, ASAS, AUH)
10:15 – 11:45 HRS	Workshop Based Quiz & Evaluation	Committee Members
11:45 – 12:00 HRS	Certificate Distribution & Feedback Session	Committee Members

\*Attendance in all sessions and submission of feedback form is mandatory for e-certificate

## DAY 1

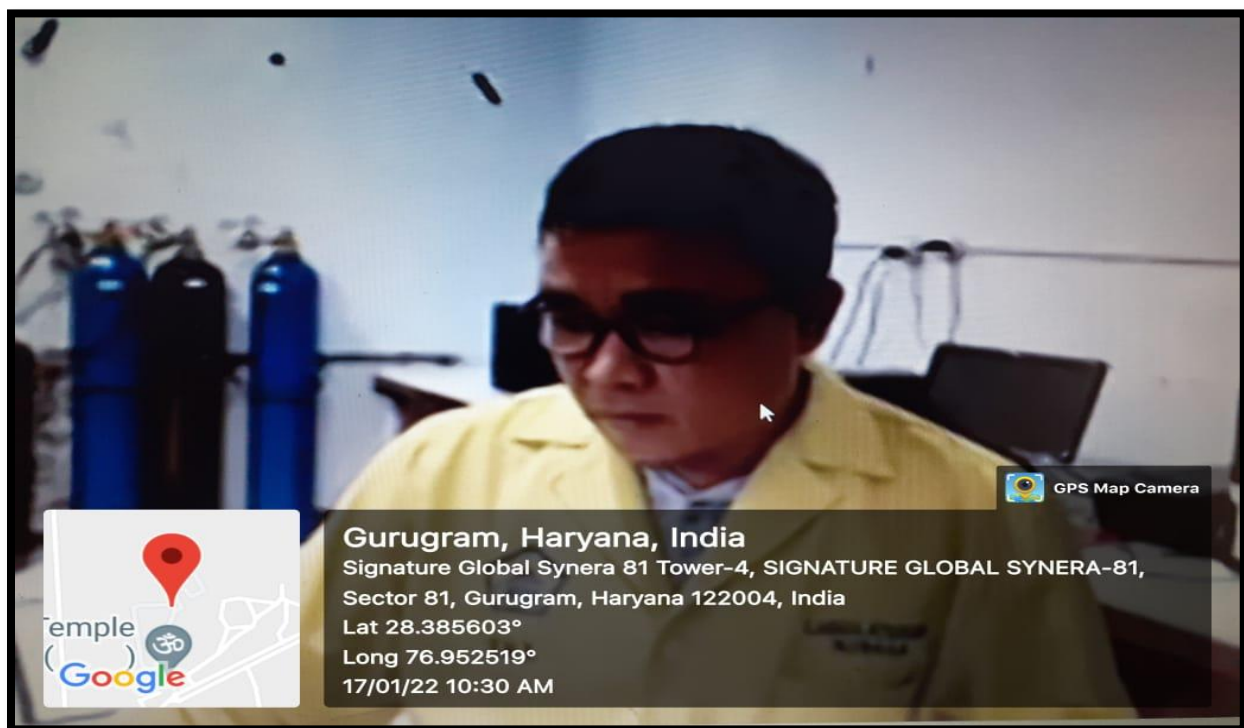

17<sup>th</sup> JANUARY 2022

The session began with the welcome address by Prof A.K. Yadav (HOI, ASAS,AUH). Dr. Jarulis, Dean of Faculty of Mathematics and Natural Science, University of Bengkulu, Indonesia addressed the participants. A brief introduction of speakers : Dr. Sal Prima Yudha (Faculty, University of Bengkulu, Indonesia) and Dr. Mohammad Abid (Jamia Milia Islamia, New Delhi) was given. The session was coordinated by the Moderator Dr. Anurag Sharma and well supported by Prof. Seema R. Pathak (HOD, CBFS, ASAS, AUH) and faculty members of CBFS,ASAS, AUH.

- **TOTAL NUMBER OF ACTIVE PARTICIPANTS- 80**

**Topic:** Principal, Working and Application of UV- Visible Spectroscopy and Live Demonstration of UV-Visible Spectrophotometer

**Speaker:** Dr. Sal Prima Yudha (Faculty, University of Bengkulu, Indonesia)

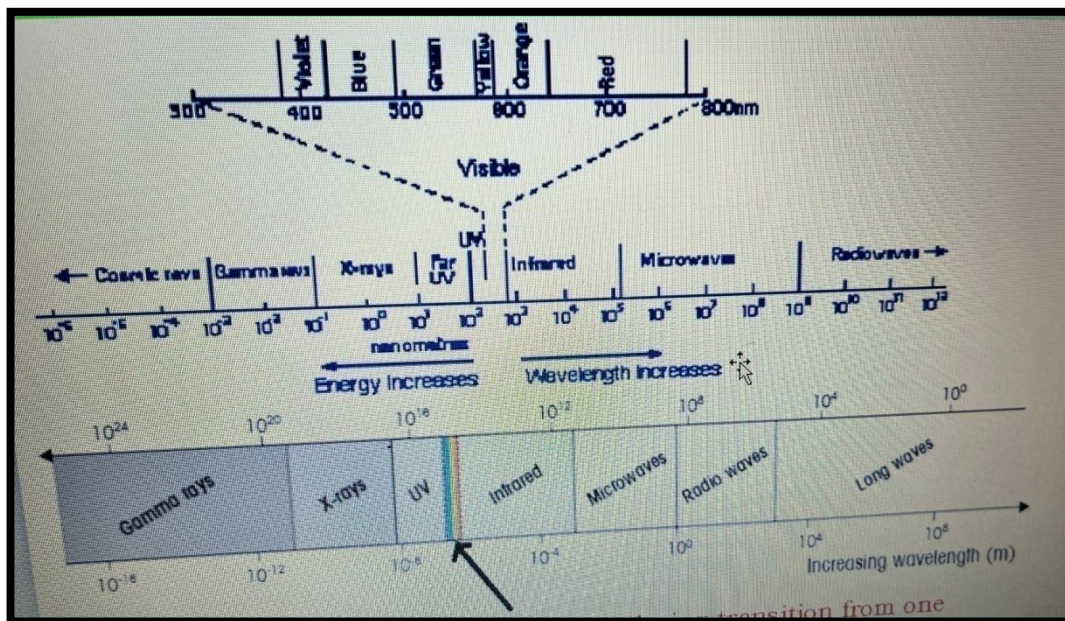

The day's workshop was split into two parts: a lesson and a live demonstration. The tutorial begins with a fundamental overview of UV-Vis spectroscopy, its application in various fields, and the underlying operating principle. UV-Vis Spectroscopy is non-invasive, most effective,

Registrar  
Amity University Haryana  
Manesar Gurgaon-122413

sensitive, and adaptable. The energy of a wave of a particular radiation is calculated by using the relation  $E=hc/\lambda$

In organic compounds

the following electronic transitions can occur by the absorption of ultraviolet and visible light:

$\sigma$  to  $\sigma^*$

$n$  to  $\sigma^*$

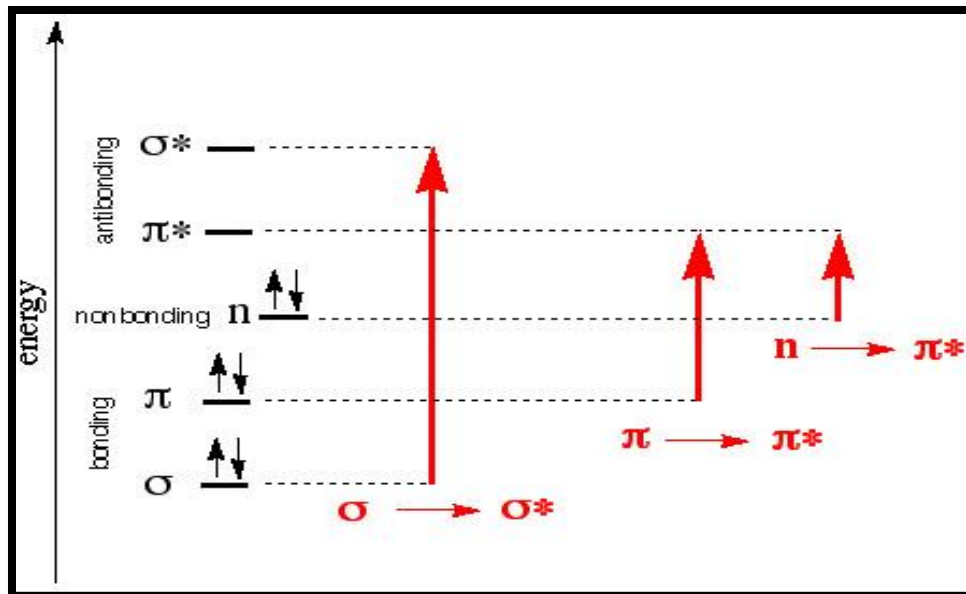

$n$  to  $\pi^*$

### TRANSITION TYPE IN ORGANIC COMPOUNDS

The transitions involved in this kind of transitions are :

- $\pi$ -  $\pi^*$  (pi to pi star transition).
- $n$  -  $\pi^*$  (n to pi star transition).
- $\sigma$  -  $\sigma^*$  (sigma to sigma star transition).
- $n$  -  $\sigma^*$  (n to sigma star transition)

  
 Registrar  
 Amity University Haryana  
 Manesar Gurgaon-122413

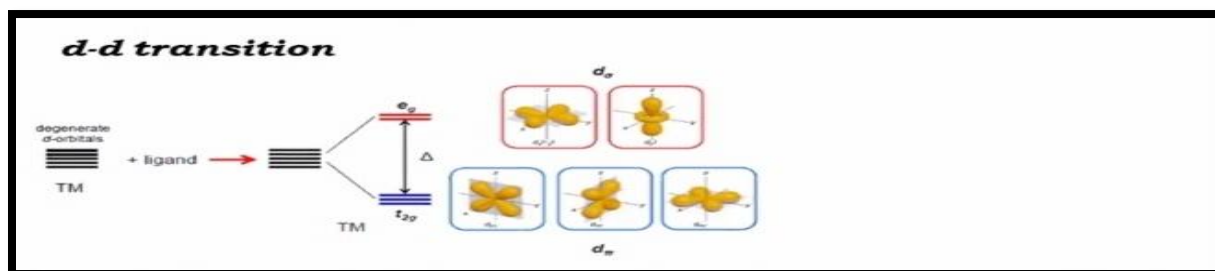

Alkenes, alkynes, carbonyl, nitriles, aromatic compounds, and other compounds with multiple bonds go through the  $n \rightarrow \pi^*$  transition. e.g.: Alkenes absorb light in the range of 170-205 nm. An electron is promoted from a non-bonding orbital to an anti-bonding orbital. Such transitions occur in compounds with a double bond incorporating hetero atoms (C=O, N=O). The  $n \rightarrow \pi^*$  transitions are low-energy transitions that display absorption at longer wavelengths about 300 nm.

The following were the subjects that were discussed in greater depth throughout the session:

- **The d-d transition for acceptor – Ligand complex.**

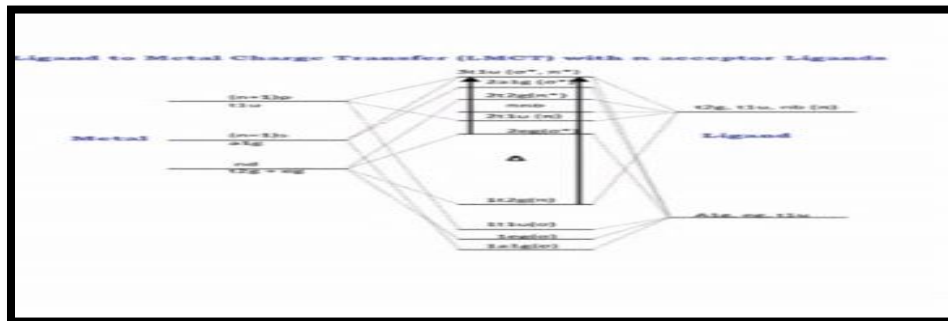

The d-d transition for pie acceptor ligand complex is larger than the pie-donor ligand. These transitions generally appear as of weak intensity in the spectrum as they are Laporte forbidden. Due to vibronic coupling and relatively low energy of transition, they can emit visible light upon relaxation and that is the reason for which many transition complexes are brightly colored. The molar extinction coefficients of these transitions around 100.

- **Ligand to Metal transfer With Acceptor Ligands.**

  
 Registrar  
 Amity University Haryana  
 Manesar Gurgaon-122413

The LMCT transitions arise because of the low lying energy of the ligand orbitals. Therefore this is a transition from orbital that are ligand in character to orbitals that are more metal in character. The electron travels from a bonding or non bonding orbital into anti-bonding orbital. These transitions are very strong and appear very intensely in the absorbance spectrum. The molar extinction coefficients for these transitions are around  $10^4$ . The examples for pi donor ligands are  $F^-$ ,  $H_2O$ ,  $OH^-$ ,  $RS^-$ ,  $NCS^-$  etc.

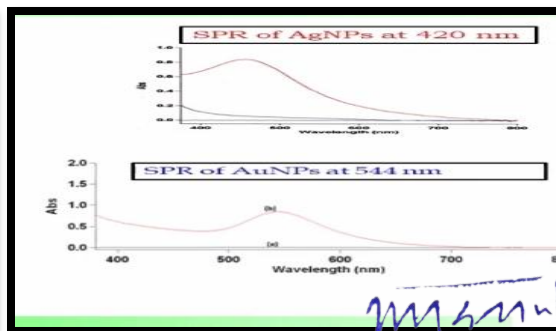

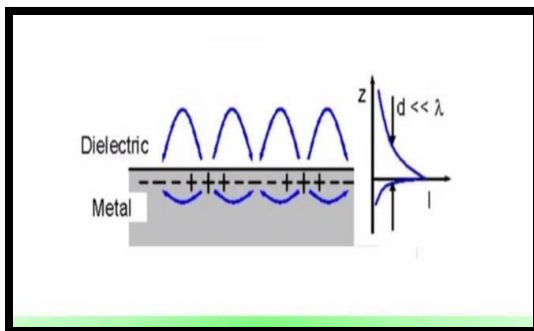

▪ **Metal Ligand Charge transfer (MLCT) with pi donor Ligands:**

These transitions arise from pi acceptor ligands and metals that are willing to donate electrons into the orbitals of ligand character. Both types of charge transfer bands are more intense than d-d bands since they are not Laporte rule forbidden. E.g. of pi accepting ligands are  $CO$ ,  $NO$ ,  $RNC$ ,  $C=C$  etc.

▪ **Surface Plasmon Resonance (SPR) :**

Surface Plasmon Resonance (SPR) is a resonance between light wave and the electrons on a metal surface which generates oscillations the electrons in the metal surface is quantized i.e. wavelength of light is in resonance with Surface Plasmon Oscillation. The requirements for SPR are materials with free electrons (metals such as  $Cu$ ,  $Ag$ ,  $Au$ ) with their plasma frequency in both UV and Visible region and the interface.

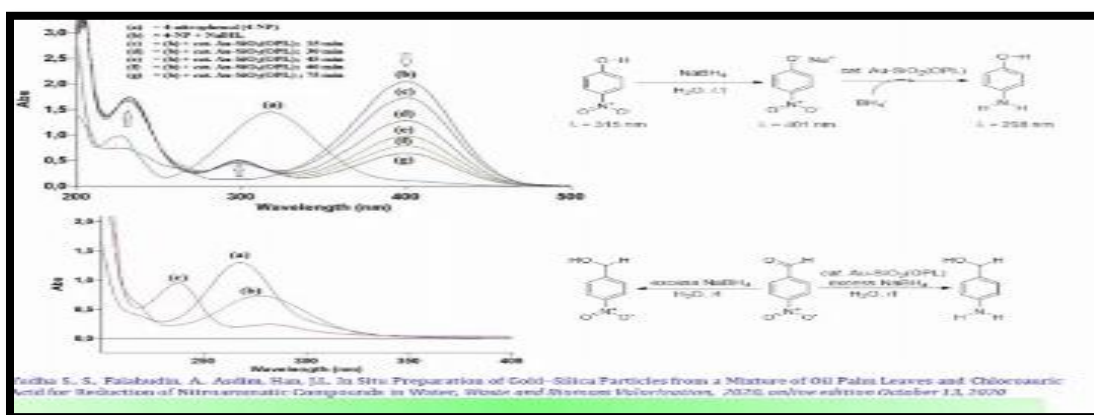

Registrar  
Amity University Haryana  
Manesar Gurgaon-122413

▪ **Main principles behind UV-Visible Spectroscopy:**

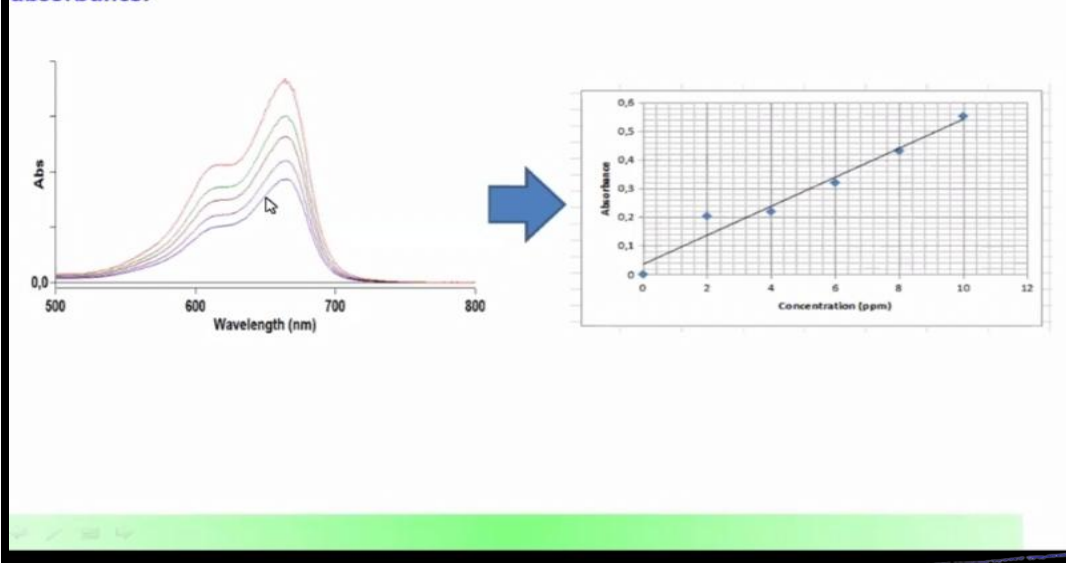

Optical spectroscopy is based on the interaction of light with matter. UV/VIS spectroscopy is a technique based on the absorption of light by an unknown sample. The main principles involved in this technique are as follows:

1. The sample is illuminated with electromagnetic rays of various wavelength.
2. The light is partially absorbed, depending on the substance. The remaining transmitted light is detected and recorded as a function of wavelength by detector, giving the UV/VIS spectrum.

• **Sample applications- Qualitative analysis- Organic Compounds**

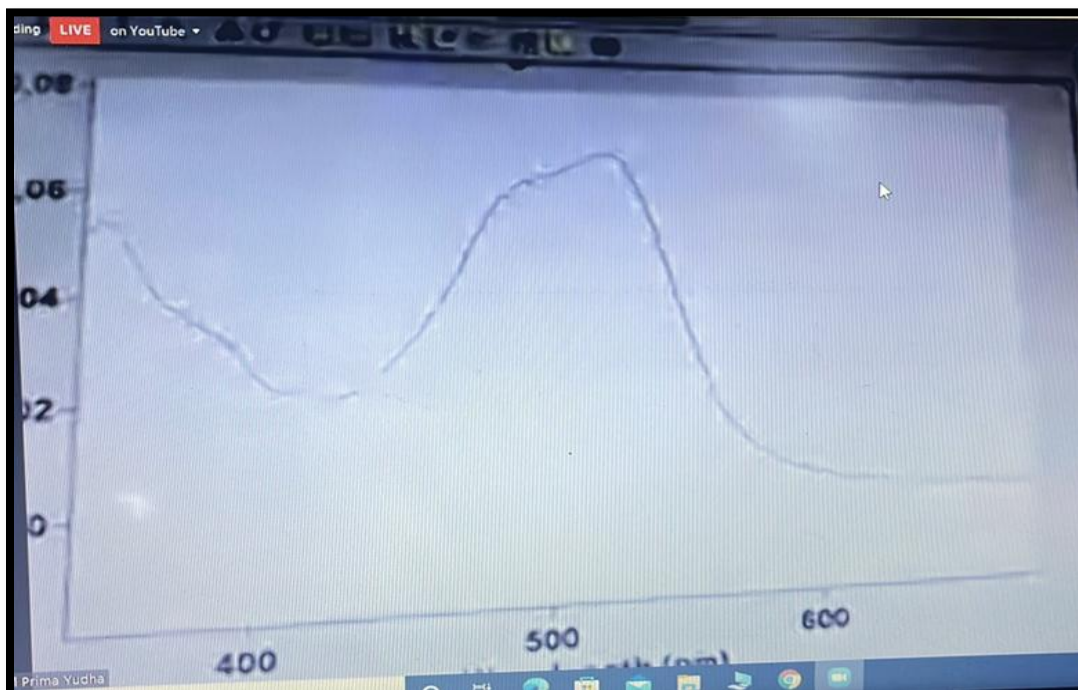

*A calibration line can be obtained by plotting the absorbance values as a function of the concentration. Using the calibration line, an unknown sample can be determined from its absorbance:*

*M. S. S.*  
 Registrar  
 Amity University Haryana  
 Manesar Gurgaon-122413

Every substance absorbs light in a different way. A unique and specific relationship exists between the substance and its UV/VIS spectrum. Therefore the spectrum can then be used to identify or quantify a substance

After the tutorial session, a demonstration of UV Vis spectroscopy was given using a Cary-60 UV-Vis Spectrophotometer, with the various parts, functions, and spectrum generation explained while a sample was run.

  
Registrar  
Amity University Haryana  
Manesar Gurgaon-122413

## 2<sup>nd</sup> SESSION

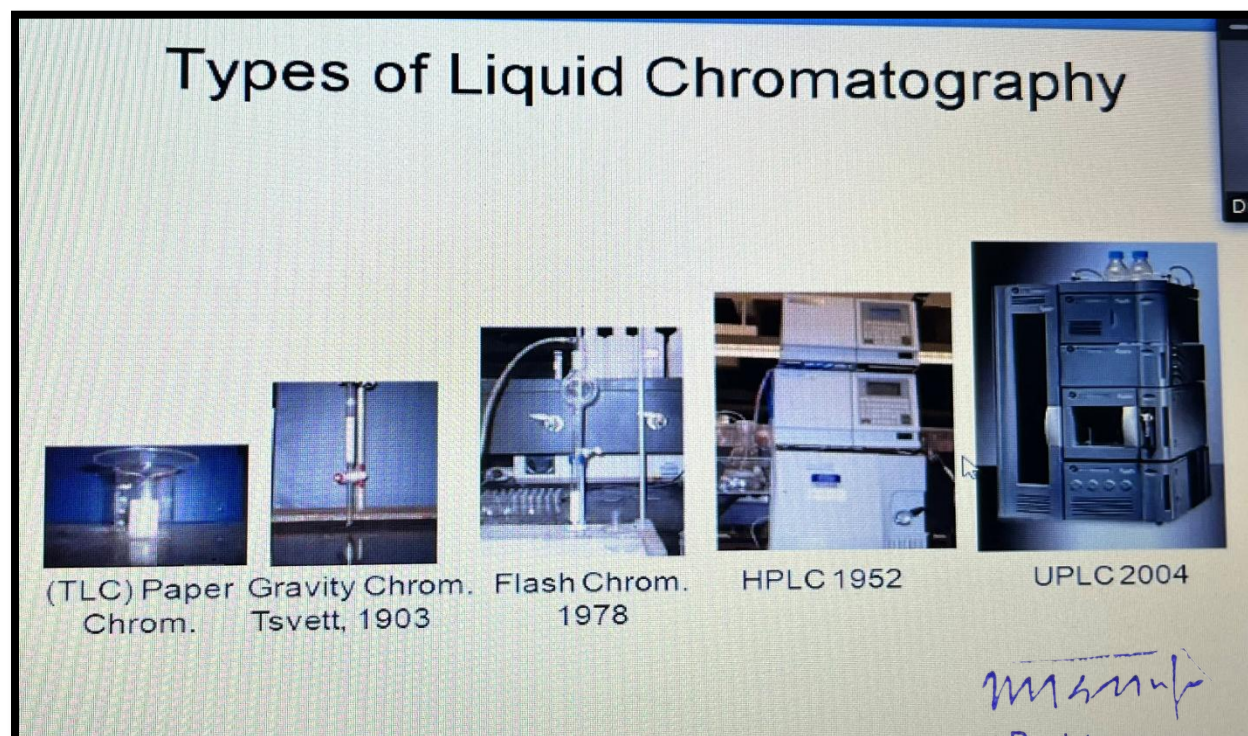

At 3:00 p.m. (IST), the session began Dr. Mohammad Abid was the session's speaker (Jamia Milia Islamia, New Delhi). Dr. Anurag Sharma moderated the session, which was well-coordinated by Prof. Seema R. Pathak (HOD, CBFS, ASAS, AUH) and all of the ASAS department's academic members and Dr. Sal Prima Yudha, a panellist, were present.

**TOPIC:** FLASH CHROMATOGRAPHY- PRINCIPLE AND APPLICATIONS

**SPEAKER:** Dr. Mohammad Abid (Jamia Milia Islamia, New Delhi)

The day's workshop was split into two parts: a lesson and a live demonstration on Flash Chromatography and its principle and applications. The session started with the general introduction on Liquid chromatography.

Registrar  
Amity University Haryana  
Manesar Gurgaon-122413

## **VARIOUS FORMS OF CHROMATOGRAPHY**

- Column chromatography
  - Prep Column Chromatography
  - Ion Exchange Chromatography
  - Gel chromatography
- Pressure liquid chromatography
  - Low pressure liquid chromatography
  - Medium pressure liquid chromatography
  - High pressure liquid chromatography
- Normal phase and reversed phase chromatography

### **Introduction of sample**

- The sample which is usually a mixture of components is dissolved in minimum quantity of the mobile phase.
- The entire sample is introduced into the column at once and get adsorb on the top portion of the column
- From this zone, individual sample can be separated by a process of elution.

### **1. WET PACKING TECHNIQUE**

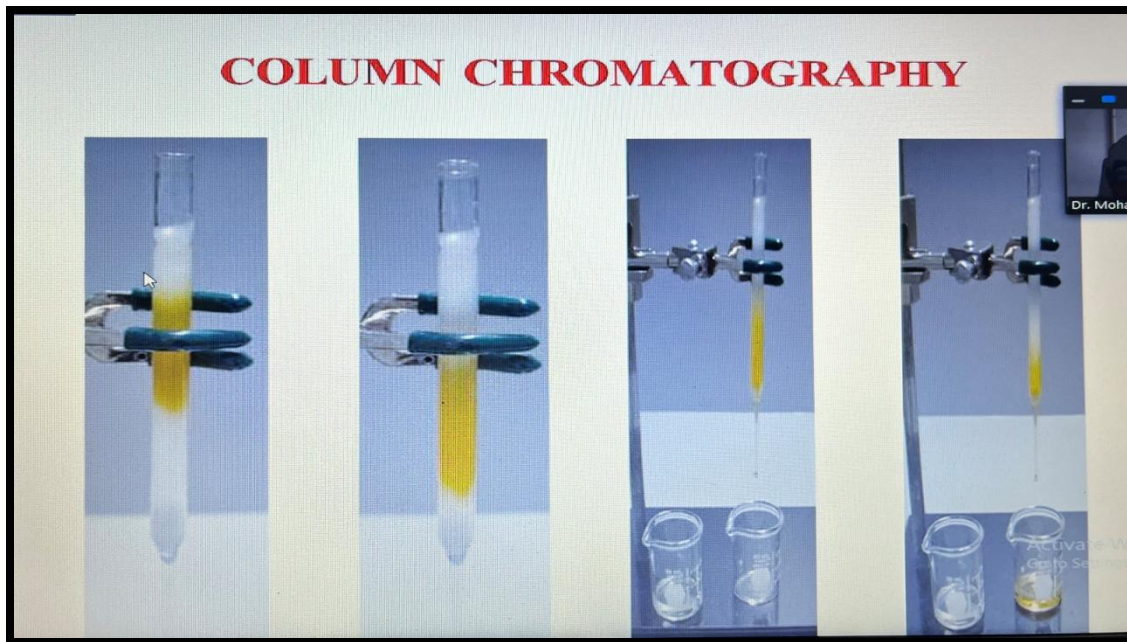

#### ➤ Ideal and common techniques

The material is slurred with the solvent and generally added to the column in portions. Solid settles down while the solvent remain upward. This solvent is removed then sea sand id placed.

- The stationary phase settles uniformly in the column and there is no entrapment of the air bubbles.
- There will not be any crack in the column of adsorbent.
- The bands eluted from the the column will be uniform and ideal for separation.

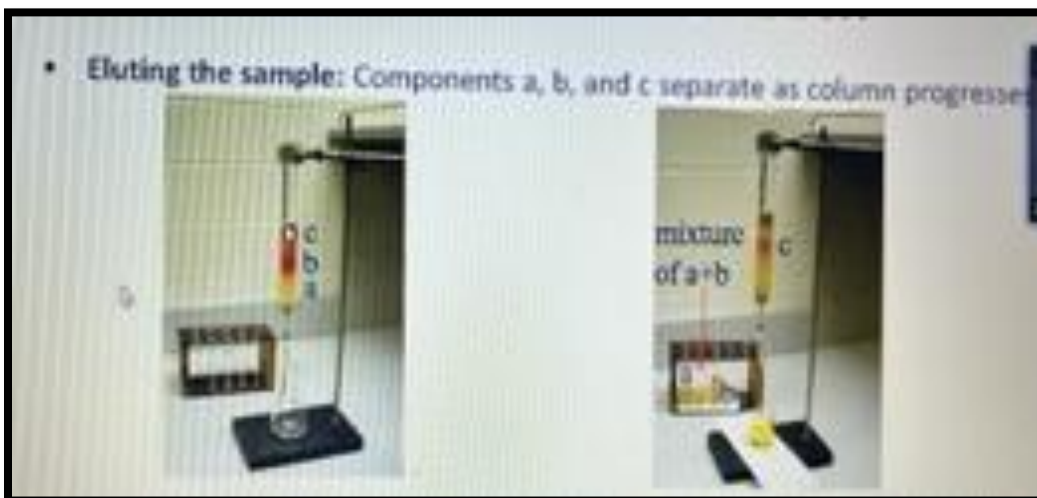

Registrar  
Amity University Haryana  
Manesar Gurgaon-122413

## 2. GRADIENT ELUTION TECHNIQUES

- Solvents of gradually  $\uparrow$  polarity or  $\downarrow$  elution strength are used during the process of separation.
- Initially low polar solvent is used followed by gradually increasing the polarity.
- For example: initially benzene. Then chloroform then ethyl acetate then chloroform.

- Fractions can be collected in test tubes, vials, beakers or Erlenmeyer flasks.

  
 Registrar  
 Amity University Haryana  
 Manesar Gurgaon-122413

- Recovery is done by collecting different fractions of mobile phase of equal volume like 10 ml, 20ml etc or unequal volume.
- The can also be collected time wise i.e. a fraction for every 10 min or 20 min etc. The recovered fractions are detected by using different techniques.

## **INTRODUCTION**

- The term Flash Chromatography was coined in 1978 by W. Clark Still and co workers of Columbia University to describe separations in which a gas- pressurized solvent reset is used to accelerate solvent and achieve superior chemical separations in less than traditional gravity- based column chromatography.
- Flash chromatography is currently one of the most popular techniques for purifying pharmaceuticals intermediated as well as final organic products. It is also widely used natural products research.
- Flash chromatography differs from the conventional Techniques in two ways:
  - 1) Slightly smaller silica gel particles (259-400 mesh) are used.
  - 2) Due to restrict flow of solvent caused by the smaller gel particles, pressurized gas (ca. 10-15 psi) is used to drive the solvent through the column of stationary phase. The net result is rapid and high resolution chromatography.

## **PRINCIPLE OF FLASH CHROMATOGRAPHY**

- The basic principle is that the elution is, under gas pressure rapidly pushed through short glass column with large inner diameter. The glass column is packed with an adsorbent of defined size.
- Silica gel 40-63 um is the most stationary phase but we can use other paticle size also.

### **Selection of stationary phase**

- SILICA: slightly acidic medium. Best for ordinary compound, good separation is achieved.
- FLORISIL: mild, neutral medium, 200 mesh can be effective for easy separations. Less than 200 mesh best for purification by filtration.
- ALUMINA: Basic or neutral medium. Can be effective for easy seperations and purification of amines.
- REVERSE PHASE SILICA: the most polar compounds elute fastest, the most non polar slowest.

## SOLVENT SYSTEM FOR FLASH CHROMATOGRAPHY

Flash column chromatography is usually carried out with a mixture of two solvents (polar and non-polar).

- One- compound solvent system
  - 1) Hydrocarbons: pentane, hexane
  - 2) Ethyl acetate
  - 3) Dichloromethane
  
- Two- compound solvent system
  - 1) Methanol/ Dichloromethane
  - 2) Ethyl Acetate/ Hexane

## INSTRUMENTS FOR FLASH CHROMATOGRAPHY

## APPLICATIONS OF FLASH CHROMATOGRAPHY

## Natural products/ Nutraceuticals applications

- A. Separation and isolation of  $\alpha$ -Santalol and  $\beta$ - Santalol from sandalwood extraction.
- B. Isolation and purification of chromophoric and nonchromophoric compounds in giant knotweed rhizome.
- C. Isolation and purification of flavonoids from ginkgo biloba leaves extract.
- D. Isolation and purification of catechins from green tea extracts.
- E. In purification of GallaChinensis.
- F. Purification of Ferulic Acid in RhizomaChuanxiong Extract.

## CONCLUSION

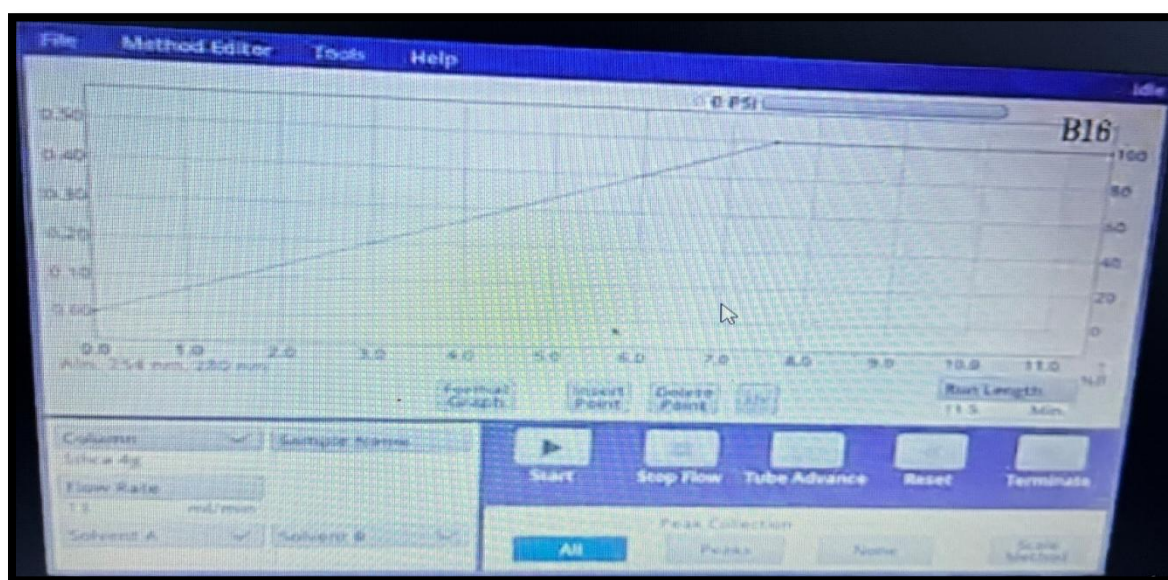

Purification of drug is an important step in any branch of research. Preparative chromatography is used to separate the components of a mixture for more advanced use and is thus a form of purification. Flash chromatography can be an alternative to preparative HPLC as it saves time and solvent. Extrapolation of TLC results on a preparative scale can be achieved by Flash chromatography. Modern Flash chromatography with disposable cartridges and advanced detection techniques is applicable to a wide range of compounds.

After this tutorial session Dr. Mohammad Abid (Jamia Milia Islamia, New Delhi) gave the demonstration with the help of his Co-worker on Flash chromatography.

Some highlights of his demonstration are:

The session ended with a slew of questions from both the audience and the panelists, demonstrating the high level of curiosity generated by the fantastic presentation. Overall, the workshop provided participants with significant experience in doing experimental research. Prof. Seema R. Pathak and Prof. A.K. Yadav gave a vote of gratitude at the end of the event.

 Amity University Haryana  
 Manesar Gurgaon-122413

**(18<sup>TH</sup> JANUARY 2022)**

The session began at 10:00 AM (IST) by giving the highlights and reviews of the workshop by Dr. Monika Vats (AP, CBFS, ASAS, AUH). After this workshop based quiz and evaluation was done from 10:15- 11:45 AM (IST). Feedback form was filled by all the attendees.

Session ended with the thank you note from Prof. Seema R. Pathak and Prof. A.K. Yadav.

**Outcome Report(Event/Activity Organized @ AUH)**

**1. General Information**

**Date:** 16<sup>th</sup> Feb'22

**Event Type:** Guest Lecture

**Event Title:** Creative Synthesis

**Event Theme:**

**Venue:** Virtual

**Web/Video Link of the Event:** <https://amityuni.live/88931990533>

**Organized by:** Amity School of Communication, AUH

**In collaboration with:** NA

**Event Level:** Institutional

**Student Participation\*: No. of Students from AUH (Course wise):-94**

**Faculty Participation\*: No. of Faculty Members from AUH (Deptt. wise):-11**

**Participation from outside AUH\*: No. of Students & Faculty Members-**

*(Enclose attendance sheets in given format)*

**Event Coordinator(s) with designation:** Esha Jainiti, Deputy Director, ASCO.

**Details of Expert/Speaker/Resource Person/Judge:** Prof. Costas Mantzalos is the Dean, School of Arts, Communication and Cultural Studies.

Brief Profile: Professor Costas Mantzalos was trained as a visual artist and also specialized in information design in the UK. He then registered for a higher research degree and investigated the survey of post-modern graphic arts in Cyprus. His first academic post at Frederick Institute of Technology in Nicosia, Cyprus was in 1989, while in 1991 he was appointed as a Head of the Department. Professor Mantzalos has been directly involved with the development of the department and its programmes of study and has had an active and vital role in the accreditation process with ECPU (Evaluation Committee of Private Universities in Cyprus) as well as with various International Quality Assurance Agencies. He is at present the Dean of the School of Arts, Communication and Cultural Studies at Frederick University.

Parallel to his academic career, Costas Mantzalos has been involved in numerous international art and design consultations for Unicef, Hilton Hotels, Coca Cola etc. Since 1996 he is the cofounder of the TWO|FOUR|TWO art group, an art collective with architect Constantinos Kounnis. The TWO|FOUR|TWO art group lives and believes in Art as an evolutionary institution which changes in time and mutates with the passing of time, however, like democracy, remains a supreme power vested in the people and characterized by recognition of equality of opinions and voices. The TWO|FOUR|TWO collective has been actively involved in the international art scene with shows in Amsterdam, Dortmund, Erlangen, Melbourne and Nicosia, and participations in various art events and festivals in Athens, Berlin, Naples, New Delhi, Frankfurt, and Paris.

SN	Country Name	Expert Name	Organization Name	Designation	Specialization	Contact No.	E-mail Id	CV of Expert (Yes/No)	Major Areas where Amity can Collaborate with expert	Recommended by
1	Cyprus	Prof. Costas Mantzalo	Fredrick University	Dean, School of Arts, Communication and Cultural Studies.	Visual Art, Graphics and Information Design.		c.mantzalos@frederick.ac.cy	Yes	Visual Art, Graphics and Information Design	Esha Jainiti
2

**Were the guest known in advance and if yes, from what previous interaction (Write a paragraph)?**  
Yes, I had visited Fredrick University under the CABGIN project and had seen his work that was exhibited and read and interacted on various areas like Art, Design and Cinema.

## 2. Outcome of the Event with Time Lines (Proposed/Achieved)

Envisaged Outcome	Tangible/ Intangible	Achieved/ Proposed	Target date & responsibilities (if proposed )	Details of outcome
<b>1. Outcome related to Academia Connect</b>				
a) Collaborations for Research Papers / Conference Papers/ Book Chapter etc.				
b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc.				
c) Collaboration for Funded Projects				
<b>2. Outcome related to Industry Connect</b>				
a) Placement				
b) Collaborations for Research Papers				
c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments				
d) Collaboration for Funded Projects				
<b>3. Outcome related to Society Outreach</b>				
a) Benefit to society in terms of Health & Hygiene				
b) Benefit to society in terms of Education				
<b>4. Outcome related to Students Learning &amp; Grooming</b>				
The event gave a global perspective to students of design and the opportunities the field of visual art, graphic and information design have				Exposed to the work that was done by the guest and how the design or graphic art was put together. The concepts and ideas behind the work.
<b>5. Any other</b>				

## 3. Event Report along with glimpses of the event (Photographs)

**3.1 General Introduction of the Event :** The guest lecture seamlessly flowed from the academic pathway to the design pathway culminating with the artistic pathway

**3.2 Inspiration & Objectives of the Event:** To sensitise and expose students to global concepts and design.

**3.3 Brief about the address/talk of speakers:**

- Spoke about Visual art, graphics and information design.
- Spoke about Typography, Design and Materials and Drawing
- Shared case studies on design practice mainly Hilton Hotels in Amsterdam, Athens, Brussels, Izmir and Nicosia, Tetra Pak and UNICEF.
- Spoke and showcased work related to the twofourtwo art collective bringing together varied backgrounds for collaboration; a visual artist and an architect - both parts explore their common experience to produce a visual base on which they can communicate, between themselves and their audience

**3.4 'Take Homes' for the Guest and Attendees :** Ideating concepts & designs

To: Ubair Showkat

Cc: Esha Jainiti

Dear sir,

I am writing this email on behalf of my batchmates regarding the event. The art and talent that was showcased by Mr. Costas Montzalo was very impressive. His portfolio was very astonishing and knowledgeable. It was a great experience for my friends and I. All of us were left speechless after seeing that level of work displayed. This is to be expected from an experienced designer like him. I would like to thank Amity University for such an event. My friends and I would love to experience such amazing work again in the future. Such artists keep on inspiring us day by day.

Sincerely,  
Varnika Agarwal

To: Ubair Showkat

Hello Sir,

I am writing this email on behalf of my batchmates as the CR of the batch. Mr. Costas Montzalo's Portfolio was great as anyone would expect from such an experienced designer. It was great experience for me and my friends. The art that was displayed was very peculiar and we were left dumbstruck after seeing the level of art and our words won't do justice to this. I want to thank the Amity uni for this event on the behalf of me and my friends. It was a great exp. we would like to see these kind of events more. I hope we keep getting inspired from these wonderful artist and their amazing art and design.

Yours Truly,  
Ambuj Singh

<b>3. Outcome related to Society Outreach</b>				
a) Benefit to society in terms of Health & Hygiene				
b) Benefit to society in terms of Education	Helps in spreading awareness E-waste management and problems associated with it.			
<b>4. Outcome related to Students Learning &amp; Grooming</b>				
Helped the students to understand that Just as human waste can pollute our oceans and air, <b>e-waste can take over landfills, pollute developing nations, and leach toxic chemicals into the earth.</b> <b>E-waste recycling is necessary but it should be conducted in a safe and standardized manner.</b>				
<b>5. Any other</b>				

### 3. Event Report along with glimpses of the event (Photographs)

#### General Introduction of the Event:

The Amity School of Earth & Environmental Sciences (ASEES) at Amity University Haryana, Gurugram, has always been a flag bearer to bring forth environment and sustainability education. Refer to course work of Environmental Studies of II semester UG programme; An interactive session with students on e-Waste: Environment and Circularity was conducted in workshop mode to cater requirements of Module 8 of course work ENV2251 & EVS 2252 on Title: **e-Waste: Environment and Circularity**

#### 3.2 Inspiration & Objectives of the Event:

The growing concern about Earth, its Environment and Resources is a major thrust area in the current scenario. A circular economy approach to management of e-waste will play an important role in resource efficiency, reduction in pollution and waste, longer product-life, recovery of precious and rare materials, minimization of occupational and health hazards as well as in giving an impetus to the evolution of recycling industry.

The **Objective** is to reduce the amount of raw materials we use and maximising the value of materials along the production and consumption chain. **Waste is recycled where possible and brought back into production processes.**

#### 3.3 Brief about the address/talk of speakers:

- ❖ The programme has been started with welcome address by Prof. (Dr.) Padmakali Banerjee Madam, Hon'ble Pro Vice Chancellor & Dean Academics of Amity University Haryana, wherein she welcomed the respected speakers from SAAHAS and faculty members and

  
 Registrar  
 Amity University Haryana  
 Manesar Gurgaon-122413

Directorate of Outcome (DOO)

students. She emphasized on the relevance of the Seminar and explained that **Electronic waste, also called e-waste, various forms of electric and electronic equipment, is an important point for discussion on the circular economy agenda. In a circular economy, the intention is to produce no waste or pollution. Instead, products, parts, and materials are used, cared for, repaired, reused, and recycled as much as possible. She also told about the GREEN attributes of AUH; how Amity Campus is managing the Solid Wastes and Waste water treatments.**

- ❖ Prof. Dr. I.S.Thakur has briefed out the session and highlighted the understanding of Recycling e-waste which not only helps to conserve energy, but it also recycles natural resources like copper, silver, and aluminum. Many of the metals used in our gadgets are rare earth metals that are in limited supply. When they are recycled they can be reused instead of having to mine for new supplies.
- ❖ The session was followed by words of motivation by Dr. Kushagra Rajendra, HOD, ASEES, he highlighted some of the emerging issues being faced by mankind in today's era in the management of E-Waste. **Ninety-five percentage of the e- waste in India is being recycled in non- formal sector and five percentage of the e- waste volume are handled in formal unit.** In and around of metropolitan cities in India, there are over 3000 units engaged in non-formal sector for e-waste recycling. He also emphasized that the current practices of e-waste management in India encounters many challenges like the **difficulty in inventorization, ineffective regulations, pathetic and unsafe conditions of informal recycling, poor awareness of consumers and reluctance on part of the stakeholders to address the issues.**
- ❖ **The Workshop, then started by Ms. Panni Verma, Project Manager, Saahas, Gurugram. She explained everything about E-waste. And also told the complete work background of SAAHAS, that it started from Bangalore and now works for almost all areas in India in terms of E-waste management.**
- ❖ **Topic: E-Waste : Environment & Circularity**
- ❖ The session was carried by Ms. Deepika, Project Coordinator, Saahas, wherein she told about why E-waste is the fastest growing category of waste. She explained various categories of electronic items that contribute toward E-waste and how they can be managed.
- ❖ Furthermore, Mr. Shivam Rawat, Assistant Project coordinator, Saahas, he gave an insight about informal extraction of metals and other important substances like silver and gold etc from electronic waste batteries, chargers etc. Various heart-wrenching images were captured by him where women and kids were engaged in extracting activities without knowing the toxic impacts of such wastes on their health and life.
- ❖ The session ended with Vote of Thanks by Dr. Deepika Pandey, wherein she thanked Honorable PVC Mam for gracing the occasion, felicitated the speakers from SAAHAS and all the respectable faculty members and students.
