QUALITY INITIATIVE By Internal Quality Assurance Cell

ONE DAY WORKSHOP ON “ROLE & RESPONSIBILITY OF EDUCATION IN EFFECTIVE IMPLEMENTATION OF NEP-2020”

It is the prime responsibility of IQAC to initiate, plan and supervise various activities that are necessary to increase the quality of the education imparted at Amity University Haryana. With this concept in mind a workshop has been organized to enlighten us about the recently drafted National Education Policy 2020.

OBJECTIVE OF THE WORKSHOP

Amity University Haryana is committed to achieving educational excellence in higher education through creativity, academic innovation & relevance driven research. We undertake to inculcate in our students' global outlook moral values, respect for professional and social ethics, environmental consciousness, and national pride.

WHO SHALL ATTEND THE WORKSHOP

Faculty members of AUH.

OUTCOME OF THE WORKSHOP

To start with this workshop on Roles and Responsibilities of Educators in Effective Implementation of NEP-2020- A Quality Initiative.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH

Roles and Responsibilities of Educators in Effective Implementation of NEP-2020

A Quality Initiative

Train the Trainer program on **March 30, 2022**

Swami Vivekanand said:

Education is not the amount of information that is put into your brain and runs riot there, undigested, all your life.

Amity University Haryana is committed to achieving educational excellence in higher education through creativity, academic innovation & relevance driven research. We undertake to inculcate in our students' global outlook with moral values, respect for professional and social ethics, environmental consciousness, and national pride.

IQAC at Amity is a significant **administrative body** that is responsible for all quality matters. It is the prime responsibility of IQAC to initiate, plan and supervise various activities that are necessary to increase the quality of the education imparted at Amity University Haryana. With this concept in mind a workshop has been organized to enlighten us about the recently drafted National Education Policy 2020.

Given the 21st century requirements, quality higher education must aim to develop good, today's thoughtful, well-rounded, and creative individuals. It must enable an individual to study one or more specialized areas of interest at a deep level, and also develop character, ethical and Constitutional values, intellectual curiosity, scientific temper, creativity, spirit of service, and 21st century capabilities across a range of disciplines including sciences, social sciences, arts, humanities, languages, as well as professional, technical, and vocational subjects. A quality higher education must prepare students for more meaningful and satisfying lives and work roles and enable economic independence.

To enlighten us about this newly framed NEP we have our panelists, Dr. Sanjay Kumar Jha, Dr. Bhawna Adhikari, Dr. Sunita and Dr. Anil.

To start with this workshop on Roles and Responsibilities of Educators in Effective Implementation of NEP-2020- A Quality Initiative

Train the Trainer program on March 30, 2022, I would like to invite our Pro Vice Chancellor Dr. Padmakali Banerjee.

Padmakali Banerjee is an Eminent Management Professional, a thought leader, an Institution Builder, a Leadership Coach, a Celebrated Author, and an influencer. A doctorate from University of Delhi, she is the Fellow of the prestigious Somatic Inkblot Society (FSIS–US). Her current research interests include Leadership Studies, Optimism and Wellbeing, Psychometric Assessment, Curriculum Design, Entrepreneurship and Sustainability.

She heads Centre for BRICS Studies, a centre of excellence-practice, research and outreach. As the Pro Vice Chancellor and Head Quality & Accreditation, she has been involved in strategic planning and leads the development and implementation of the university's academic processes. She is an expert in academic delivery, curriculum design & pedagogy. She spearheaded many innovative initiatives including the introduction of a flexible choice-based credit system. She has significantly contributed towards Curriculum Design and Development with focus on Innovation and new age pedagogy. Technology integration, Industry integration and Internationalization.

She pioneered the skill development programme at the university. Her concepts and contributions on the Indian Skill development ecosystem have been widely recognized and acclaimed on both national and international platforms.

Some of her recent awards include prestigious 2018 Greenbuild Leadership Award from US GBC for her contribution towards sustainability & Award of Excellence from InSPA, the prestigious Indian School Psychology Association, for her contribution in the field of psychology.

Her book “**The Power of Positivity - Optimism and the 7th Sense**” published by SAGE is a popular choice globally. She is the creator of several psychometric test tools including ‘**Optimism index**’, a predictive tool for success, used as screening tool for selection and training in corporates.

In her professional career, she has exhibited a passion for entrepreneurship by empowering youth and developing leaders in different walks of life. Her dream is to transform the world into a happier place to live in by instilling hope and optimism in today's youth.

The **resource person** is **Dr Sanjay Kumar** Jha Director is a widely acclaimed linguist, is currently associated with Amity University Haryana as “Director of Liberal Arts and Foreign Languages”,

WEBINAR- ONLY ONE EARTH

Amity School of Earth and Environmental Sciences (ASEES), Amity University Haryana along with Academic Staff College & Institute Innovation Council (IICs) takes the opportunity to celebrate World Environment Day 2022 by organizing an online webinar and panel discussion

OBJECTIVE

To inspire young minds and ignite the spark for creating awareness about how the environment sustains human activities and links its protection to our own survival.

It reminds people that individual, as well as collective, action is required to save the environment.

WHO SHALL ATTEND

Faculty members of AUH

OUTCOME OF THE WEBINAR

Raise awareness and generate political momentum around growing environmental concerns, such as toxic chemical pollution, desertification, and global warming. This year's theme draws its importance towards 'sustainable living in harmony with nature'. There is a need for consistent efforts by the entire of mankind to save the planet.

3. Event Report along with glimpses of the event (Photographs)

General Introduction of the Event:

Amity School of Earth and Environmental Sciences (ASEES), Amity University Haryana along with Academic Staff College & Institute Innovation Council (IICs) takes the opportunity to celebrate **World Environment Day 2022** by organizing an online webinar and panel discussion with eminent Keynote Speaker **Prof A.D. Ahluwalia, Former Head, Department of Geology, Punjab University, Chandigarh**, on "**We have Only One Earth: Love it! and SAAHAS (bE-Circular E waste program) on e-waste: Economy and circularity**

Theme: Only One Earth

3.2 Inspiration & Objectives of the Event:

- To inspire young minds and ignite the spark for creating awareness about how the environment sustains human activities and links its protection to our own survival.
- It reminds people that individual, as well as collective; action is required to save the environment.

3.3 Brief about the address/talk of speakers:

❖ **Prof. Dr. I.S Thakur** welcomed Hon'ble Key Note Speaker, **Prof A.D. Ahluwalia, Former Head, Department of Geology, Punjab University**, for managing and sparing his precious time for this informative Webinar. He also welcomed all the esteemed HOD's, HOI's and faculty members as well as the students for their active participation in the event.

❖ **Keynote address: Prof A.D. Ahluwalia, Former Head, Department of Geology, Punjab**

❖ **Topic: Only One Earth**

- He talked well with the theme of this year's World Environment Day, "**Only One Earth**", focusing on "Living Sustainably in Harmony with Nature".
- Over exploitation by humans has destroyed the unique web of life on this planet. India has a long heritage of conserving our environment. Our Vedic literature has references to environmental conservation, ecological balance and the weather cycle. Our ancestors have provided us with valuable knowledge to lead a sustainable life without harming our planet. This goes well with the theme of this year's World Environment Day, "Only One Earth", focusing on "Living Sustainably in Harmony with Nature".
- The session then moved towards Q&A session wherein students asked about their doubts and were well answered by our respected Keynote Speaker.

The session was carried forward by **M. Panni Verma, Project Manager, bE-Circular E-Waste Management, Gurgugram,**

- She explained everything about E-waste. And also told the complete work background of SAAHAS that it started from Bangalore and now works for almost all areas in India in terms of E-waste management. She told about why E-waste is the fastest growing category of waste. She explained various categories of electronic items that contribute toward E-waste and how they can be managed.
- She gave an insight about informal extraction of metals and other important substances like silver and gold etc from electronic waste batteries, chargers etc. Various heart-wrenching images were captured by him where women and kids were engaged in extracting activities without knowing the toxic impacts of such wastes on their health and life.

The session then came to an end after Dr. Shaili, delivered Vote of Thanks, wherein she thanked our Hon'ble Key Note Speakers, for managing and sparing their precious time and giving us such informative and wonderful lecture and also interaction with students and motivating them to become innovative entrepreneurs. She also thanked all the esteemed HOD's, HOI's and faculty

members as well as the students who not only attended the event but their active participation made the event a huge success.

3.1 'Take Homes' for the Guest and Attendees: Raise awareness and generate political momentum around growing environmental concerns, such as toxic chemical pollution, desertification and global warming. This year's theme highly draws its importance towards '**sustainable living in harmony with nature**'. There is a need for consistent efforts by the entire mankind to save the planet.

3.2 Future plan for utilizing the contacts developed with the Invited Guests

3.3 Budget of the Event(Budget Sanctioned, Total Expenditure&Revenue Generated)

3.4 Details of Awards if Any:

| Awardee Details | Award / Position / Recognition Secured | Title of Innovation/ Start-up Secured the Award / Recognition | Award/Recognition/ Achievement Received for |

THIRTEEN DAY ONLINE TEACHERS ENRICHMENT WORKSHOP ON ALGEBRA, NUMBER THEORY AND GRAPH THEORY"

The Teachers' Enrichment Workshop is conducted by the National Centre for Mathematics (NCM) to introduce college mathematics teachers to interesting topics in the basic subjects they teach at graduation or post-graduation level. This workshop is basically aimed at teachers of different colleges and Universities of NCR. Interested teachers from other regions may also apply.

OBJECTIVE OF THE WORKSHOP

The programme intends to develop some basic concepts in Algebra, Number theory and Graph Theory in a leisurely way. The lectures will be interactive. Main focus will be on developing problem-solving skills. The participants are expected to work hard and derive maximum benefit from this workshop.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty members of AUH.

OUTCOME OF THE WORKSHOP

MSc. And BSc Students attended all sessions of all subjects on YouTube live streaming sessions and get benefited with subject knowledge delivered by experienced speakers from IITs.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr. Sunita Kumawat, Associate Professor

Criteria of Inviting Resource Person/Judge/Speaker/Judge (Write a paragraph):

Organizer already had taken the training for one month for Mathematical training for mathematics (May-June 2008, 2020 and 2021) and Advanced training for mathematics (August 2009) and under their guidance of all the speakers she applied for proposal for the scheme TEW.

Were the guest known in advance and if yes, from what previous interaction (Write a paragraph)?:

Yes, the guest knew in advance, as due to previous guidance and training to the organizer.

2. Outcome of the Event with Time Lines (Proposed/Achieved)

| Envisaged Outcome | Tangible/Intangible | Achieved/Proposed | Target date & responsibilities (if proposed) | Details of outcome |
|---|---------------------|-------------------|--|--|
| 1. Outcome related to Academia Connect | | | | |
| a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc. | NA | NA | NA | NA |
| b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc. | NA | NA | NA | NA |
| c) Collaboration for Funded Projects | yes | NA | Organizer | More workshop and student related activities |
| 2. Outcome related to Industry Connect: NA | | | | |
| a) Placement | | | | |
| b) Collaborations for Research Papers | NA | NA | NA | NA |

| | | | | |
|---|----|----|----|----|
| c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments | NA | NA | NA | NA |
| d) Collaboration for Funded Projects | NA | NA | NA | NA |
| 3. Outcome related to Society Outreach | | | | |
| a) Benefit to society in terms of Health & Hygiene | NA | NA | NA | NA |
| b) Benefit to society in terms of Education | NA | NA | NA | NA |
| 4. Outcome related to Students Learning & Grooming | | | | |
| <i>MSc. And BSc Students attended all sessions of all subjects on YouTube live streaming sessions and get benefited with subject knowledge delivered by experienced speakers from IITs.</i> | | | | |
| 5. Any other-NA | | | | |

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event: The Teachers' Enrichment Workshop is conducted by the National Centre for Mathematics (NCM) to introduce college mathematics teachers to interesting topics in the basic subjects they teach at graduation or post-graduation level. This workshop is basically aimed at teachers of different colleges and Universities of NCR. Interested teachers from other regions may also apply.

3.2 Inspiration & Objectives of the Event: The programme intends to develop some basic concepts in Algebra, Number theory and Graph Theory in a leisurely way. The lectures will be interactive. Main focus will be on developing problem-solving skills. The participants are expected to work hard and derive maximum benefit from this workshop.

3.3 Brief about the address/talk of speakers: This workshop is basically aimed at teachers of different colleges and Universities of NCR.

Prof. Jugal K. Verma (JKV) delivered five lecture and one tutorial on algebra including topics Geometric properties of matrix groups: $SO(3)$, $SU(2)$, $O(n)$ and $SO(n)$.

Prof. Srinivas Kotyada (KS) delivered five lecture and one tutorial on Number Theory including topics Summation formulas, average order of various arithmetical functions, Theorems of Fermat and Euler, primitive roots.

Prof. Om Prakash (OP) delivered five lecture and one tutorial on Abstract Algebra including topics Group actions and some applications: the orbit-stabilizer formula, class equation, the Sylow theorems

Prof. B. S. Panda (BS) delivered five lecture and one tutorial on Graphs and Algorithms including

topics Graph Representation: Adjacency Matrix, Incidence Matrix and Adjacency List, Graph

Searching: BFS and DFS; finding connected components, testing for bipartite graphs, finding cycles in graphs; Trees: Characterizations; MST algorithms; Distance in Graphs: Algorithms for Single source shortest path problem and all pairs shortest path problem; Matching in Graphs: Bipartite Matching.

3.4 'Take Homes' for the Guest and Attendees: NA

3.5 Future plan for utilizing the contacts developed with the Invited Guests:

To plan more innovative and informative programme

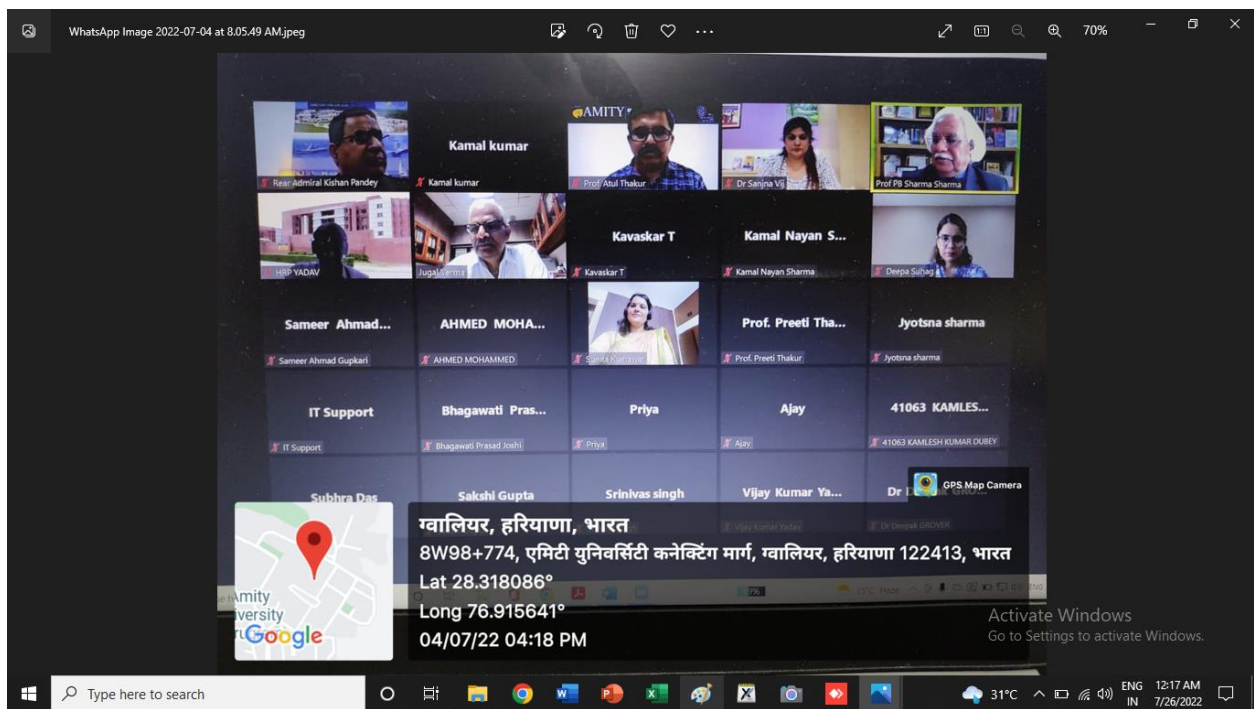

3.6 Budget of the Event (Budget Sanctioned, Total Expenditure Revenue Generated): 1,58,600/-

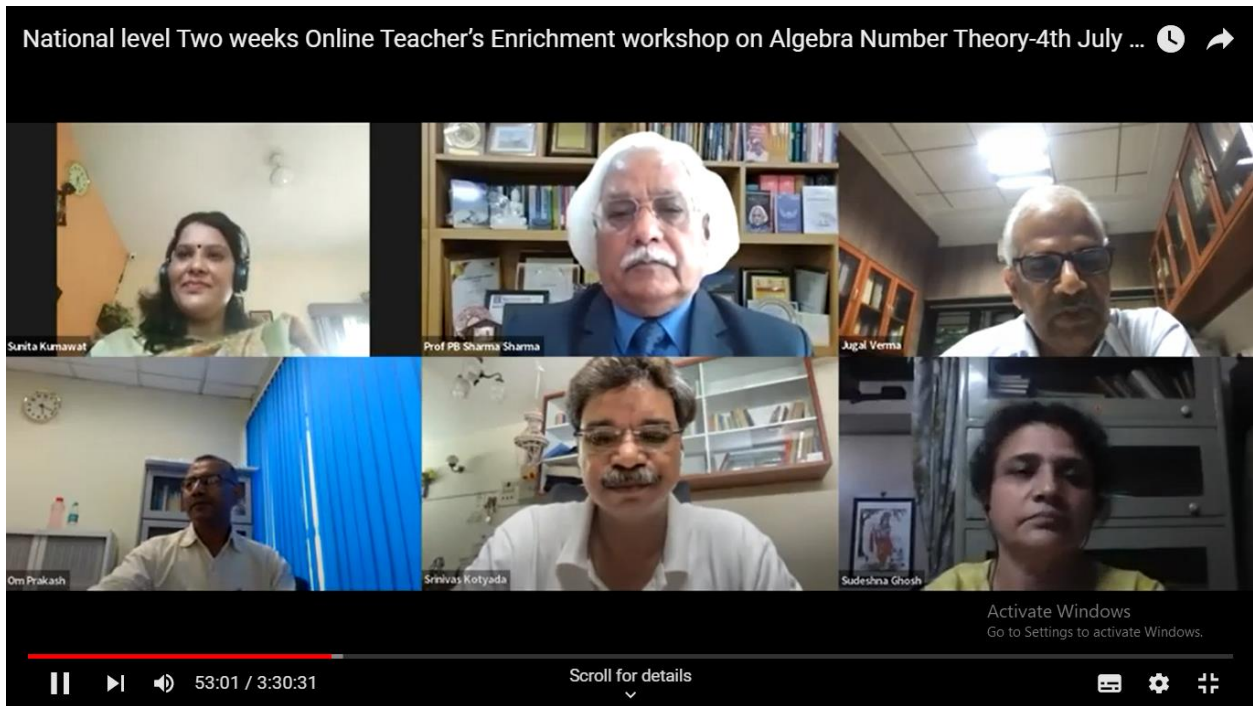

3.7 Details of Awards if Any: NA

| Awardee Details | Award / Position / Recognition Secured | Title of Innovation/ Start-up Secured the Award / Recognition | Award/Recognition/Achievement Received for |
|-----------------|--|---|--|
| NA | NA | NA | NA |

3.8 Photographs with caption (also share high resolution JPEG files of photographs) attached JPEG file

Day 1: 4th July, 2022 Inaugural Ceremony (04:15 PM to 05:00 PM)

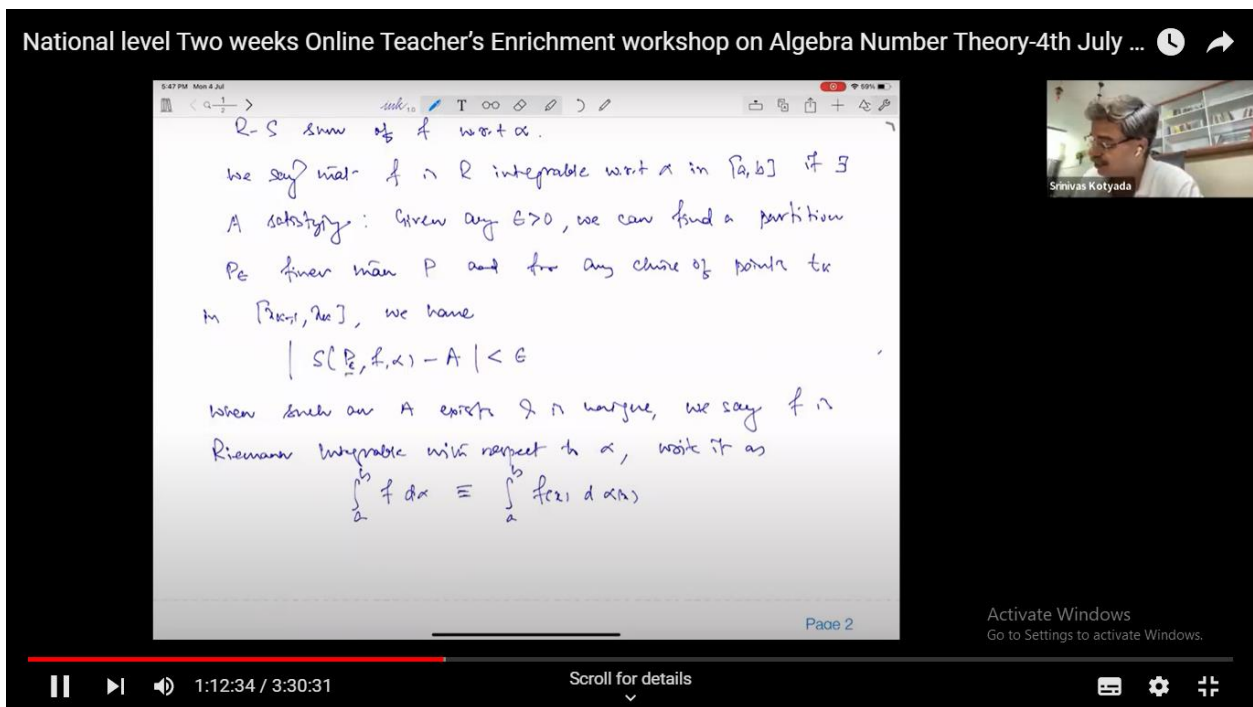

PLENARY SESSION (05:00 PM to 08:30 PM)

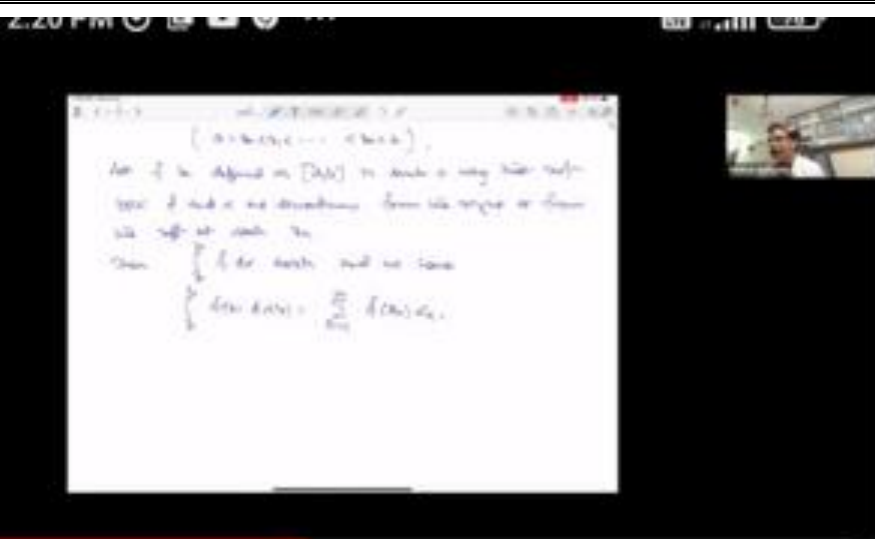

05:00 – 06:30 PM Expert Lecture by Prof. K. Srinivas, IMSC Chennai on Number Theory

06:30 – 07:00 PM Break

07:00 – 08:30 PM Expert Lecture by Prof. Om Prakash , IIT Patna on Abstract Algebra

Lecture 1- By Prof. K. Srinivas, IMSC Chennai,

Lecture 1-by Prof. Om Prakash , IIT Patna on Abstract Algebra

Quaternion group:
 $\{\pm 1, \pm i, \pm j, \pm k\}$

multiplication
 $i^2 = j^2 = k^2 = -1, i \times j = -j \times i = k$

| | | | | |
|--|--|--|--|--|
| | | | | |
| | | | | |
| | | | | |
| | | | | |

similarly you will have

xH, Hx

$xH = \{xh \mid h \in H\}$
 $Hx = \{hx \mid h \in H\}$

* need not be a subgroup.

9:27 PM Wed 13 Jul

Tree copy (14 of 16)

vertices in G .

- Since every tree is connected, there is at least one path between any two vertices in G .
- Hence, to show that there is a unique path between any two vertices in G , we have to show that there is at most one path between any two vertices in G .
- We prove this by contradiction. So, assume that there are at least two paths between some pair of vertices, say between x and y .
- Let P_1 and P_2 be two distinct paths from x to y .
- $P_1 \cup P_2$ is a closed walk and hence contains a cycle.
- So, G contains a cycle, which contradicts the fact that G is acyclic being a tree.

(IIT Delhi) Graph Algorithms: Lecture-2: Trees July 13, 2022 9 / 14

06:00 – 07:30 PM Expert Lecture by Prof. B. S. Panda, IIT Delhi on Graphs and Algorithms

1:38 PM MSTAmity (11 of 19)

Growing an MST – Generic Approach

- Grow a set A of edges (initially empty)
- Incrementally add edges to A such that they would belong to an MST

Idea: add only "safe" edges

– An edge uv is **safe** for A if and only if $A \cup \{u v\}$ is also a subset of the edge set of **some** MST

Meeting
ID

85402284781

| | |
|-------------------------|---|
| Topic | <u>National level Two weeks Online Teacher's Enrichment workshop on Algebra, Number Theory and Graph Theory 5J</u> |
| Speaker | 0 |
| Event Start Time | 5/7/2022 16:31 |
| Event End Time | 5/7/2022 20:31 |
| Event Duration | 241 mnt |
| Dept/Inst | AUGGN AINT |
| HOI/Moderator | Prof. Atul Thakur, Director, Amity Institute of Nanotechnology, Amity School of Applied Sciences, Amity University Haryana. |
| Eomail | athakur1@ggn.amity.edu |
| contact Number | 0 |

| Event Name | # Registered |

Excellent Teaching by professors
 Nice Interaction Session
 Nice Interaction in all sessions
 A very fruitful sessions were there. Thanks a lot
 I will definitely try to adopt your teaching.
 We were very lucky to hear the lectures of Professors.
 All the teachers are best.
 The lectures were very interesting and fruitful. Thank you so much Sir!
 Nice

QUALITY INITIATIVE By Internal Quality Assurance Cell

SEVEN DAY FACULTY DEVELOPMENT PROGRAMME ON “CHANGING CONTOURS OF LEGAL EDUCATION IN VIRTUAL ERA”

The online mode of education has had positive impacts for students and teachers across India. The reformative guidelines of UGC and Bar Council of India in the Digitalization of Legal Education System have been immensely helpful to both students and teachers and especially for detailed Legal.

OBJECTIVE OF THE FDP

Hearing Updates of various Courts. Digitalization has brought a solution by reducing the cost of maintenance of a library, vis-à-vis, journals and has given a variety to be exercised in research work. While Digitalization and Virtual Mode of Education was initiated due to the compelling situation of pandemic, it has now become a boon for gaining legal knowledge.

WHO SHALL ATTEND THE FDP?

Students & Faculty members of AUH

OUTCOME OF THE FDP

Constant change in life is a phenomenon in the ever-evolving nature of society, and the field of Education is also evolving. Digitalization of Education used to seem far away dream before the occurrence of the Covid-19 Pandemic, which has changed the whole idea of Education and its methods.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr. Atul Jain Associate professor

ABOUT THE THEME

Constant change in life is a phenomenon in the ever-evolving nature of society, and the field of Education is also evolving. Digitalization of Education used to seem far away dream before the occurrence of the Covid-19 Pandemic, which has changed the whole idea of Education and its methods.

The online mode of education has had positive impacts for students and teachers across India. The reformative guidelines of UGC and Bar Council of India in the Digitalization of Legal Education System have been immensely helpful to both students and teachers and especially for detailed Legal

Research because of readily available resources such as Legal Journals, Case Studies and Daily Hearing Updates of various Courts. Digitalization has brought a solution by reducing the cost of maintenance of a library, vis-à-vis, journals and has given a variety to be exercised in research work. While, Digitalization and Virtual Mode of Education was initiated due to the compelling situation of pandemic, it has now become a boon for gaining legal knowledge.

INAUGURAL CEREMONY

The Inaugural Ceremony of the 7-days Faculty Development Programme(FDP) commenced with welcoming the **Guest of Honor, Mr. Karnal Singh, Former Director of Enforcement Directorate (ED), Chief Guest Prof. (Dr.) Nishtha Jaswal, Vice- Chancellor, Himachal Pradesh National Law University, Shimla, Prof. (Dr.) P.B. Sharma, Vice Chancellor, Amity University, Haryana and Rear Admiral K. K. Pandey(Retd.), Director, Amity Academic Staff College, by Dr. Monica Yadav, Associate Professor, Amity Law School.** As it is the customary practice of Amity University to seek the blessings of Goddess Saraswati, Saraswati Vandana video was played on this auspicious occasion.

In his Opening Remarks **Rear Admiral K. K. Pandey (Retd.)**, while appreciating the Theme emphasized on the need of taking such initiatives for overall development of the Faculty members and thus the Institute. **Prof. (Dr.) P.B. Sharma, Vice Chancellor**, highlighted the importance of Legal Education and the need for amelioration of the existing system of Legal Education in India.

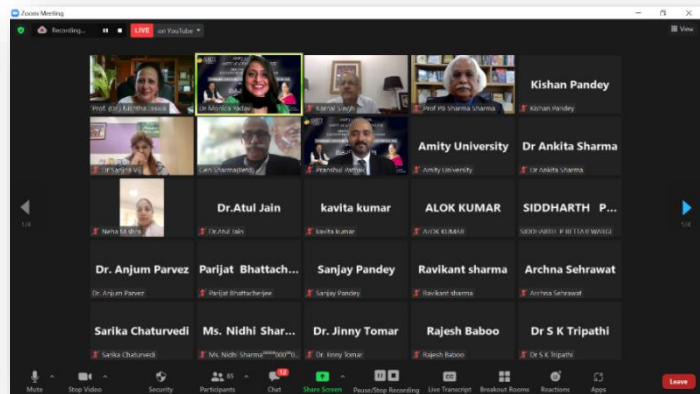

Mr. Karnal Singh, the **Guest of Honor**, appreciated the Event and enlightened the gathering with his insightful thoughts. He said that the viability of Online Education has been appreciated because of the availability of the option of getting educated at one's pace and time. He concluded by emphasizing that Block Chain and Artificial Intelligence are equally important in Legal research.

In her Inaugural Address **Prof. (Dr.) Nishtha Jaswal, Vice- Chancellor, Himachal Pradesh National Law University, the Chief Guest**, said that Education is the biggest strength of each individual as it “protects like mother and takes care like father”. She emphasized that teachers must do more than mere “Teaching” because

they are the chain between Governance, Justice System and the Masses. She complimented the Law School for planning the Event on such an important Theme.

The Inaugural Ceremony had 139 attendees. In the end, Vote of Thanks was proposed by **Maj. Gen, P.K. Sharma (Retd.), Professor and Director Amity Law School, Dean Faculty of Law, Amity University Haryana.**

The FDP had Seven Sub-Themes, one on each day, addressed by an eminent Resource Person which was followed by Question-Answer Session and conduct of a Quiz through Google Form provided. The participants were also required to submit their Feedback on each Session.

SESSION 1

The **First Session**, on the Sub-Theme “**Issues and Challenges of Online Education for marginalized Section in Post Covid-19 Pandemic**”, was held on 25 July 2022, coordinated

by **Dr. Monica Yadav, Associate Professor, Amity Law School.** The Resource Person for this Session was **Dr. Bir Pal Singh, Associate Professor, National Law Institute University, Bhopal.** He

said that in the present times, Teachers are “Facilitators” rather than mere “Traditional Gurus” and hence, they must adopt a friendly approach towards students and make the class more interactive. The Pandemic has worsened the mental health condition of students, particularly from marginalized sections of the Society and Teachers need to work towards ameliorating this situation.

The Session concluded with Vote of Thanks, proposed by **Mr. Pranshul Pathak**, *Coordinator, Amity Law School, Amity University, Haryana.*

SESSION 2

The **Second Session** was conducted on 26 July 2022, on the Sub-Theme “**Holistic Approach to the Online Teaching Learning ranging from Emotional Turmoil to the Pedagogy**”.

Ms. Asha Meena, *Assistant Professor, Amity Law School* coordinated this Session and its Resource Person was **Dr. Ankit Singh**, *Assistant Professor, Hidayatullah National Law University, Raipur.* Mr. Singh highlighted that

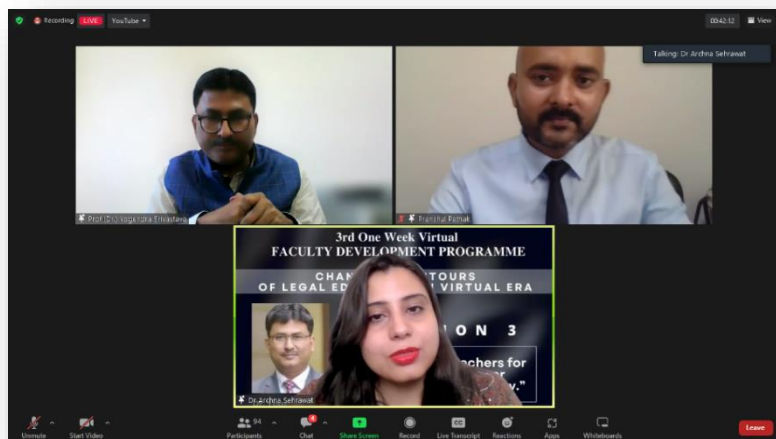

Online mass education is not a very old method of teaching; and still has been widely accepted and integrated into the Indian Education System. He referred to new approach towards education where the educator needs to fulfil not just the academic requirements but also the physical, social, creative, emotional, moral, and social needs of individuals.

The Session concluded with the Vote of Thanks, proposed by **Mr. Pranshul Pathak**, *Coordinator, Amity Law School, Amity University, Haryana.*

SESSION 3

The **Third Session**, on the Sub-Theme “**Empowering Teachers for Excellence in Higher Education in 21st Century**”, was held on 27 July 2022. **Dr. Archana Sehrawat**, *Assistant Professor, Amity Law School* coordinated this Session. The Resource Person for this Session was **Dr.**

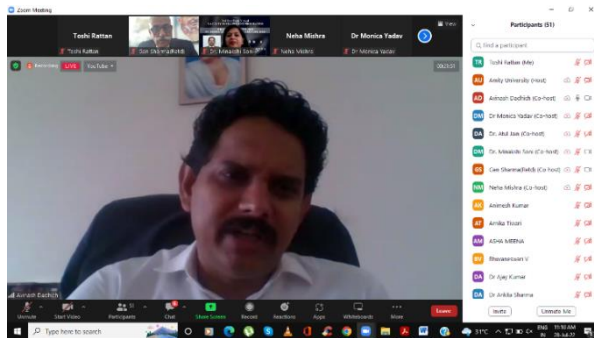

Yogendra Kr. Srivastava, *Professor, Hidayatullah National Law University, Raipur.*

He was of the view that we all as educators have been a part of technological transformations. Each new learning environment has its own challenges that must be dealt with, and all educators must be aware of all the opportunities that are effective for their students.

The Session concluded with the Vote of Thanks proposed by **Mr. Pranshul Pathak**, Coordinator, Amity Law School.

SESSION 4

The **Fourth Session** was held on 28 July 2022, on the Sub-Theme “**Learning Pedagogy with the aid of Technology**”. **Dr. Minakshi Soni**, Assistant Professor, Amity Law School coordinated the Session. The Resource Person for this Session was **Prof. (Dr.) Avinash Dadhich**, Professor & Dean and Director

Strategy, GLA University. He emphasised that scope of technology is never ending and, therefore, one must integrate and examine with a view to showing its relationship with pedagogy. Technology integration not only involves the inclusion of technical gadgets but also theories of technological integration. He brought out that the role of Teacher was first introduced in ancient Greek Era and in India it has been observed since times immemorial. He said that despite technological advancement, teaching face-to-face, i.e., the conventional method will not lose its sheen.

Dr. Atul Jain, Associate Professor, Amity Law School, Amity University, Haryana, proposed the Vote of Thanks.

SESSION 5

The **Fifth Session**, on the Sub-Theme “**Challenges Faced in Digital Pedagogy**”, was held on 29 July 2022. **Dr Anshu Sharma**, Assistant Professor, Amity Law School coordinated this Session and its Resource Person was **Dr Nuzhat Parveen Khan**, Dean, School of Law, Bennett University, Noida, UP.

Very eloquently she brought out that present technological era has put forward greater challenges to academics due to the integration of technological education in bringing students to classroom and make them learn about the present tech developments. Students can learn in many ways, so a good

the Teacher must find out the most effective learning method that is suitable for the present digital pedagogy.

The Session concluded with the Vote of Thanks proposed by **Dr Atul Jain**, Associate Professor, Amity Law School, Amity University, Haryana.

SESSION 6

The **Sixth Session** was held, on 30 July 2022, on the Sub-Theme “**Role and Responsibilities of a Teacher from Classroom to Digital Room**”.

Ms. Nidhi Sharma, Assistant Professor, Amity Law School coordinated this Session. The Resource Person for this Session was **Dr. Mohammad Asad Malik**, Professor, Jamia Millia Islamia

University, Delhi. He highlighted that a Teacher acts as a major influence or in shaping the learning environment for students as he/she can provide with additional information and resources. The Teacher acts as guide and mentor in the process of studying. Therefore, a teacher has greater responsibility in digital classrooms and must generate interest to ensure good participation.

In the end, the Vote of Thanks was proposed by **Dr. Atul Jain** Associate Professor, Amity Law School, Amity University, Haryana.

SESSION 7

The last i.e., *Seventh Session* was held, on 31 July 2022, on the Sub-Theme “**National Education Policy 2020: Issues and Challenges**”. **Ms Toshi Rattan**, Assistant Professor, Amity Law School coordinated this Session. The Resource Person for this Session was **Prof (Dr.) Pradeep Kulshrestha**, Dean, School of Law, Sharda University, Noida, UP. Tracing the history of Education Policies followed in India leading to the present, he

Directorate of Outcome (DOO)

[Handwritten Signature]
Registrar

explained the major aspects of NEP 2020. He said that this is a well-defined futuristic Education Policy which is what our nation needs. Several changes introduced in the Indian Education System, from school to college level, will go a long way in shaping future of our students. He elaborated on how education has evolved from pre-historic times through various policies were adopted by India over a period of time.

In the end the Session concluded with the Vote of Thanks proposed by **Dr. Atul Jain**, Associate Professor, Amity Law School, Amity University Haryana.

VALEDICTORY CEREMONY

The Event commenced with welcoming the Chief Guest, **Dr. Manoj Kumar Sinha**, Director, Indian Law Institute and **Prof. (Dr.) P.B. Sharma**, Vice Chancellor, Amity University, Haryana by **Ms. Sanjum Bedi**, Assistant Professor, Amity Law School, the coordinator of the Ceremony.

In his Closing Remarks, **Maj. Gen. P. K. Sharma (Retd)**, Dean Faculty of Law and Director, Amity Law School, briefly brought out what each Resource Person had highlighted during the Seven Sessions of the FDP and thanked all the Resource Persons, Participants and the Organizing Team for putting up an Academically successful Event.

The gathering was graced by the words of wisdom of **Prof. (Dr.) P. B. Sharma**, Vice Chancellor, Amity University Haryana. He appreciated the Event and the Organizing Team for conducting this FDP and elucidated that the innovative technologies like Artificial Intelligence and Machine Learning-Based Techniques are being incorporated to boost Research Capabilities. He further highlighted that the Legal Education in the post-pandemic period is much more tech enabled and scalable as students and Faculty Members have embraced this online multidisciplinary approach which shows that India has the potential to

become one of the most powerful hubs in the Legal Education Sector.

In his Valedictory Addresses, **Dr. Manoj Kumar Sinha**, emphasized on the advantages of Online Legal Education and said that two years back the pandemic brought everything to a screeching halt. It took some time to pick up the threads of spreading knowledge by a different tool i.e., through online education.

The Academicians in the field of Law too picked it up at a faster pace, transforming the Age-Old Gurukul System into Modern Day Classroom studies. The Teachers turned the physical classrooms into a world of laptops and tablets whereby, the students heard them online from all corners of the country, wherever they were, through any device and at any time. Smart classes have become a reality. He also explained the provisions relating to Legal Education contained in NEP 2020.

In the end, the Vote of Thanks was proposed by *Dr. Sanjana Vij, Programme Director, Amity Academic Staff College, Amity University Haryana* who thanked the Chief Guest for sparing his valuable time. She thanked the Hon'ble Vice Chancellor for his words of wisdom shared with the participants. She also appreciated the efforts put in by the Organizing Team in conducting such valuable FDP.

QUALITY INITIATIVE By Internal Quality Assurance Cell

SEVEN DAY FACULTY DEVELOPMENT PROGRAMME ON “PERIMETER IN ARTS”

Amity School of Fine Arts (AID) organized FDP (Faculty Development Program) This FDP denotes participants the opportunity to learn the Monoprinting method—without an expensive press. It is a method of printing that produces gallery-quality results but is easy enough for elementary as well as special use and enjoy.

OBJECTIVE OF THE FDP

- Learn the concept of Monoprint - monotype (one print from a plate)
- Explore different methods for making prints.
- Learn that image in print is reversed.
- Explore non-objective art.
- Utilize elements and principles to create an embellished non-objective print.

WHO SHALL ATTEND THE FDP?

Faculty members of AUH

OUTCOME OF THE FDP

AUH, Haryana, Amity School of Fine Art conducted Printmaking FDP. This Semester and encourages the Faculties to dive into the world of the MONOPRINT printmaking Process. We'll learn how to create printing on a plain surface and then printing onto plain fabric or paper the fabric, creating repeating patterns and creating a mirror image of your final design. I aim to ensure that you feel confident enough to continue printing with Monoprint in your environment after you leave this FDP.

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event: Amity School of Fine Arts (AID) organized FDP (Faculty Development Program) This FDP denotes participants the opportunity to learn the Monoprinting method—without an expensive press. It is a method of printing that produces gallery-quality results but is easy enough for elementary as well as a special use and enjoy. More advanced faculties enjoyed the variety of creative possibilities this method allows. These prints are so beautiful faculty's felt proud of their accomplishment. There is nothing like a successful and enjoyable project to help faculties develop their self-esteem.

The objective of this workshop is to give faculties skills and experience with the Monoprint technique they can use with students in their classroom. Faculties started with easy painting on a plain surface and then printing onto plain fabric or paper. Designs are altered with various common & special tools. Faculties explored the unique properties and special possibilities of this type of Monoprint: fine texture and extreme detail.

Mr. Abjijit Kumar Mohanty introduced the tools and methods required and print from your blocks. Faculties explored printing techniques to obtain a range of texture, depth, and dramatic contrast to create strong visual statements in their artwork.

3.2 Inspiration & Objectives of the Event:

- Learn the concept of Monoprint - monotype (one print from a plate)
- Explore different methods for making prints
- Learn that image in print is reversed
- Explore non-objective art
- Utilize elements and principles to create an embellished non-objective print

Discover the exciting possibilities of this historically rooted medium. Our Printmaking studio atmosphere where Faculties of all levels have the freedom to experiment and learn new techniques. Summer 2021 print workshops, taught by accomplished artists and educators, offer a fresh take on the medium, mixing traditional processes with experimental attitudes.

3.3 Brief about the address/talk of speakers:

AZADI KA AMRIT MAHOTSAV AT AUH CAMPUS

10—15 AUG 2022

Manesar
Registrar

General

Azadi Ka Amrit Mahotsav is being celebrated with great pomp and show at Amity University Haryana. To mark this momentous occasion, number of activities were organized at the Campus, the solemn **Remembrance Day – Horrors of Partition** being a part of the **Azadi Ka Amrut Mahotsav** .

Remembrance Day – Horrors of Partition, 1947

As the nation completes 75 years of Independence, the **Partition Horrors Remembrance Day** is being observed by the entire nation, in line with the announcement made by the Prime Minister Narendra Modi during his speech on 15th August 2021, at D Block Auditorium.

The event aims to bring to light the agony, pain and anguish of millions of people who were sufferers of partition. It is meant to remind the people of the largest displacement of human population in the last century which resulted in the death of nearly 2 million people

The **Remembrance Day** Event was held at AUH on 10 Aug 2022 (at 11.30 to 12.30 PM). To mark the occasion 90 yr old Retired Sepoy Rati Ram from Village Gwalior was invited as the Guest of Honor for the function. The program at the D Block Auditorium ,Amity University Haryana, started with the rendition of Patriotic Songs .Thereafter the guests led by VC P B Sharma, entered the Auditorium chanting “Bharat Mata Ki Jai” slogans.

Opening Remarks

Opening Remarks were delivered by Pro VC Dr. Vikas Madhukar. Beginning with the poem written by Faiz Ahmad Faiz The Pro VC said the “Divide and Rule” policy of the Britishers had a devastating effect on human population during India’s partition. Around 4.5 lac Hindus and Sikhs were forced to move out of Pakistan, while 6 million Muslims

were forced to move out of India. Total displacement was around 10-15 million people and about 1 to 2 million people had reportedly died. For the past 75 years this horror had remained a forgotten fact of our history. “Being from the teaching community, we need to realize that it is part of our responsibility to inform the future generations about the horrors faced by our people during partition,” he said.

Key Note Address

Respected Vice Chancellor P B Sharma, welcomed the guest of honor, a nonagenarian who had been witness to the Partition. He stated that we respect the call of ‘Har Ghar Tiranga’ given by our Prime Minister Narendra Modi. Till now, we have enjoyed the Independence for 75 years, time has now come to fulfil our duties towards

building a stronger nation. In the words of our first PM Mr Jawaharlal Nehru “it is time to redeem our pledge“. We should realize that freedom has not come about without sacrifices. Its was a long struggle starting from 10th century to 1947, when we had to fight against different entities to make ourselves free. He specially mentioned the names of Chandrashekar Azad, Subhash Chander Bose who formed the ‘Azad Hind Fauj’, Sukhdev, Rajguru and Bhagat Singh. He remembered how Subhash Chandra Bose had unfurled the tri color at Port Blair in 1931. Mass Awakening for Freedom of India campaign was successfully run by Mahatma Gandhi since the whole nation had to be charged with the idea of freedom and independence.

He recalled the horrors at the time of partition which caused huge displacement of human population, and that too on the basis of religion. A new nation was being carved out with religious affiliation. For thousands of years we had been a multi-lingual, multi-religious nation. Animosity amongst ourselves was the product of provocation by few intellectuals in the society, like Jinnah. While the educated class spearheaded this religious animosity, to serve their own interests, the common people followed in their footsteps. He specially mentioned poet Mohammad Iqbal who had earlier written the Book Tarane Hind (which contains ‘Sare Jahan Se achha Hindostan Hamara’) but changed with time to write “chino arabhamara...muslimhain hum’. Humanity begins to questions the relevance of education when educated people like Iqbal change their affiliation so quickly, he said.

He entreated all to respect every religion. We should be proud of the fact that we all are Indians and we belong to a multi-cultural country like India. We should respect “Oneness in diversity and diversity in oneness” . On this Remembrance Day he asked the audience to uphold the dignity and honour of our motherland that is blessed with a vedic spiritual civilization.

Honoring Retired Soldier Rati Ram Ji

Rati Rati Ram ji was honored by tying a turban , and presenting him with a shawl and memento. Rati Ram ji was enrolled as a gunner in Indian Army in 1952. He had been a witness to both the Independence celebration as well as horrors of partition. He recalled some of the incidences that took place at the time

of freedom struggle. He added that “Peaceful coexistence among all the communities is important for our nation to remain intact and strong otherwise we could be in for trouble from various quarters”.

Presentation On Horrors Of Partition

Maj Gen G S Bal, made a presentation on the 'Partition Horrors' titled “Recreating the past for a better future”. According to him, we cannot live and coexists with neighboring countries with old baggage on our conscience . We should learn from the past and try to improve the future on the basis of that learning. He started with the quotes of

Directorate of Outcome (DOO) Registrar

George Santayana, Pearl S Buck and Robert Heinlein to highlight the importance of historical knowledge for a better handling of the future "Those who do not learn from history are condemned to repeat it".

Partitioning of Pakistan from India was based on the 'Two Nation Theory'. He went on to further elaborate upon the causes of the partition, the appointment of the Border Council, the Radcliff or Bloody line, elections of the Provisional Government and role of Indian National Congress and Muslim League in the events leading to the Partition. Since the Border Council could not come to any amicable solution, Radcliff despite having virtually no knowledge of India, with just 4 weeks of deliberations, drew the lines dividing East and West Pakistan from India. The fault lines of the Radcliffe line continue to haunt us during current times. Classical example is the Kartarpur Sahib Gurdwara, which is the second most sacred shrine of the Sikhs which is in Pakistan only 3 Kms from the IB. Also the inevitability of East Pakistan becoming Independent was more or less established with the borders being drawn in 1947. Separated by 1500 kms East Pakistan was destined to become Bangladesh due to political, ethnic, economic social issues and discrimination of the East Pakistan Populace by the Punjabi Muslims. Recounting the horrors of the Partition he spoke about a number of books written on Partition such as Dr Rajender Prasad's "India Divided" and Khushwant Singh's "Train to Pakistan". Highlighting the atrocities faced by women and children, he recounted the incident of village Tahoha Khalsa, whereby 90 women committed suicide to evade being abducted and raped by the arsonists and looters.

He concluded by saying that since we cannot choose our neighbours we must try to maintain good neighbourly relations, so that both countries progress. He concluded by saying that "For a progressive nation we need to learn from the past and diplomatically resolve the current issues with our neighbours".

Vote of thanks by Major General P K Sharma.

Maj Gen P K Sharma, thanked Respected VC, Pro VC and all faculty and staff members for attending and contributing towards the successful conduct of the Event. He thanked Rati Ram ji, for despite his advancing years, he made this humongous effort to grace the occasion.

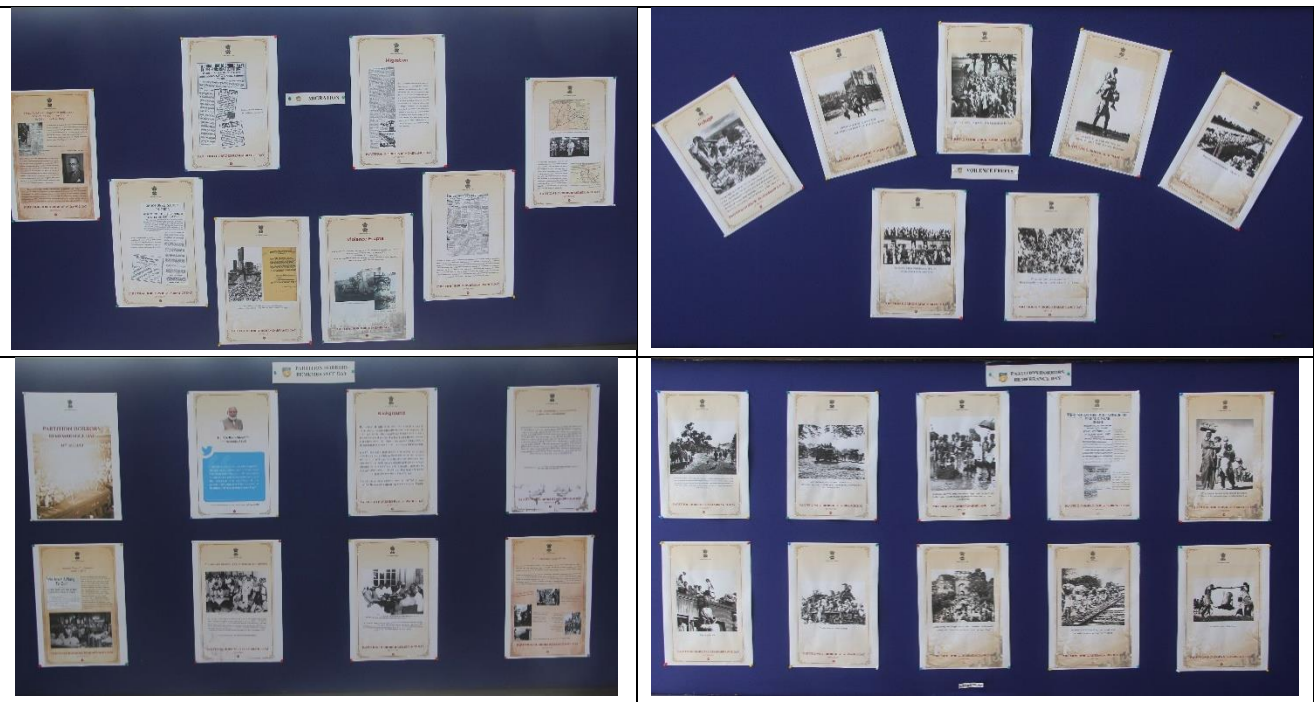

He further thanked Respected VC, Pro VC , and DSW for sharing their thoughts with the audience. He appreciated the efforts made by Dr Ranjana Kothari and the organizing team for managing the back stage.

On Foot Campus Rally, AUG Campus 10 Aug 2022

Immediately after the presentation at the 'D' Block Auditorium, an on-foot rally was held in which all the faculty and staff members participated. The rally with some 400 members commenced at the Main Entrance of 'D' Block Foyer. Respected VC, along with other senior faculty and Staff members led from the front. With National Flags fluttering in the air and slogans “Bharat Mata Ki Jai” and “VandeMatram” filling the air, the rally meandered its way through the Campus . The rally finally terminated at the Campus Plaza.

Poster Exhibition – D Block Foyer 10 to 18 Aug 2022

A poster exhibition on display boards, showcasing the Remembrance Day Horrors was set up by the DSW department in the D Block Foyer. The posters included exhibits illustrating the reasons and causes of the Partition and the aftermath that ensued, bringing with it suffering, agony, rape, murder, and death of nearly 2 million people. The exhibition aimed to impart information and knowledge relating to one of the biggest catastrophes that befell mankind in the Indian subcontinent, rendering 15 million homeless and destitute.

GLIMPSES OF THE EVENT

Flag Hoisting –AUH Hostel Plaza—15 Aug 2022

The 15 year of Independence was celebrated on 15 August 2022 at the hostel plaza with gaiety and enthusiasm. It was attended by a large number of faculty, staff, their children and a few hostellers. Honorable Chancellor also joined the program online. Flags were displayed all over the university campus making the environment ecstatic.

The program started with flag hoisting. Honorable Vice Chancellor alongwith the DSW hoisted the national flag. It was followed by speeches delivered by Honorable Vice Chancellor Dr P. B. Sharma and Dean of Students welfare Maj. Gen. G.S Bal. Patriotic fervor gripped the hostel plaza campus with slogans “Bharat Mata Ki Jai” and “VandeMatram” ranting through the air.

Honorable VC Sir delivered an inspiring speech covering all the aspects of freedom. He also mentioned about the speech of our Prime Minister from the Red Fort giving list of five pledges.

Directorate of Curricula (DCO)
Registrar

Everyone should be aware of his duties towards the nation. We should learn from our past experiences like the time during pandemic. He emphasized on the need of high quality research and development of technology. He appreciated the work of scientists in the field of development. He implored everyone should contribute in the nation building.

Gen Bal gave an account of the martyrs who sacrificed their lives during the freedom struggle. He mentioned about the contribution of our freedom fighters like Ganhiji, Shubhash Chandra Bose Ji, Bhagat Singh ji, Sukhdev ji and others. He urged the students to work towards making various national programs

such as Aatmanirbhar Bharat and Swach Bharat Abhiyan succeed. Everyone should be aware about his fundamental duties. We should know the difference between real heroes and reel heroes. Rich tributes were paid to the martyrs, warriors and freedom fighters.

Patriotic song by Sub Rakam Singh raised the spirit of the audience. With the slogans of Bharat Mata Ki Jai and BandeMatram slogans shouted the event was concluded.

The program ended with vote of thanks by Dy. Dir. Hostels, followed by distribution of sweets for staff, faculties and hostellers. Some pictures of the event are attached.

QUALITY INITIATIVE

By Internal Quality Assurance Cell

SEVEN DAY WORKSHOP "HANDON TRAINING ON MATERIALS CHARACTERIZATIONS LIQIDOMICS AND PROTEOMICS TECHNIQUES".

One weeklong "Hands-on Training on Materials Characterizations, Lipidomics and Proteomics Techniques" is being conducted by Amity University Haryana from August 22-28, 2022. which is sponsored by the Department of Science & Technology under 'Synergistic Training program Utilizing the Scientific and Technological Infrastructure' (STUTI).

OBJECTIVE OF THE WORKSHOP

- Sensitization of the state of the art equipment
- Ensuring transparent access to S&T facilities
- Capacity building through training modules
- Hands on training
- Effective and optimal usage of S&T facilities created by DST.

WHO SHALL ATTEND THE WORKSHOP?

Students & Faculty members of AUH

OUTCOME OF THE WORKSHOP

Outcomes of Research collaborations in the area of health sciences and environmental remediation would have positive impact on the society.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr. Ujjaini Dasgupta - Assistant Professor

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event

One week long “Hands-on Training on Materials Characterizations, Lipidomics and Proteomics Techniques” is being conducted by Amity University Haryana from August 22-28, 2022 which is sponsored by the Department of Science & Technology under ‘Synergistic Training program Utilizing the Scientific and Technological Infrastructure’ (STUTI).

The Scheme ‘Synergistic Training program Utilizing the Scientific and Technological Infrastructure’ (STUTI) is intended to build human resource and its knowledge capacity through open access S&T Infrastructure across the country. As a complement to the various schemes of DST funding for expansion of R&D Infrastructure at academic institutions, STUTI scheme envisions a hands-on training program and sensitization of the state-of-the-art equipment as well as towards sharing while ensuring transparent access of S&T facilities. The training is conducted on a hub-and-spoke model approach. The Department of Science and Technology as the apex body, identifies an Institute that shall function as a Project Management Unit (PMU).

Under the vision and mission of the Hon’ble Founder President Dr. Ashok K. Chauhan sir and Hon’ble Chancellor Dr. Aseem Chauhan and dynamic leadership of Dr. Nitin Batra, Amity University has been recognised as a premier institute and has created history by bagging this project as a hub or Project Management Unit (PMU). Under this scheme, Amity Universe would be conducting 22 PAN India training programs in various Science and Engineering Institutes and Departments. Earlier such programs have been successfully conducted by Amity at IIT Delhi, IIT Roorkee, IIT Patna, BHU, Guru Nanak Dev University, IIT Rourkela, AMITY Noida, NEHU Shillong.

This time, 9th training program is being organized by Amity University Haryana as Spoke (Partner Institute) for targeted Scientists / Researchers actively involved in research for a hands-on training on the state-of-the-art equipment for seven days. Amity University Haryana, a NAAC accredited A Grade University is running two FIST programs one in Biotechnology and the other in Physical Sciences and has a Central Instrumentation Research Facility.

For this 9th hands on training program, more than 600 applications were received and after careful observations, 34 were selected from the best-ranked institutions and universities all over India.

3.2 Inspiration & Objectives of the Event

- Sensitization of the state of the art equipment
- Ensuring transparent access to S&T facilities
- Capacity building through training modules

- Hands on training
- Effective and optimal usage of S&T facilities created by DST

3.3 Brief about the address/talk of speakers

DAY 1, 22 AUGUST 2022

The program started with registration of all participants from 9:30 am to 10:00 am. Later on, a theoretical session was conducted by Dr Dipankar Malakar, Application Support Manager from Sciex. He explained the basics of liquid chromatography and mass spectrometry with special emphasis on QTRAP technology. Followed by a guest lecture by Dr Ashutosh Singh, Assistant Professor, University of Lucknow. He elucidated on the day to day challenges faced while working with mass spectrometer. The session was interactive and the participants asked their questions during the session.

Picture: A session on basics of liquid chromatography and mass spectrometry.

Inaugural session started at 2:30 PM and Dr. Deepa Suhag compered the program. The program started with welcome address by Prof. Atul Thakur. Prof. Thakur is a renowned scientist in the area of Nanoscience and Nanotechnology. Currently, he is working as a head of Institute for Amity Centre for Nanotechnology and Amity School of Applied Sciences, Amity University Haryana. He welcomed all the esteemed guest and participants and introduced the program to the audience.

Prof. Rajendra Prasad extended the welcome address and shared the research highlights of the university. Prof. Rajendra Prasad is a renowned scientist of repute and presently working at Amity University Haryana as Dean, Faculty of Science, Engineering and Technology and Directors of Amity Institute of Biotechnology and Amity Integrative Sciences and Health. Pro. VC Dr. Vikas Madhukar gave his opening remarks and discussed the research ecosystem of the university. He also introduced various inter-disciplinary research cluster at AUH.

Prof. Atul Thakur and Prof. Rajendra Prasad extending welcome address.

Next address was by Hon. Vice Chancellor, AUH, Prof. P B Sharma. Prof. Sharma is an Eminent Academician, Institution Builder. It is under his inspirational leadership that Amity University Haryana has taken great strides in to sponsored R&D and fostered innovations in plenty. He encouraged young minds to utilize science for nation building. He urged that outcome of research should be to eradicate hunger, finding solutions for environmental and health issues faced by mankind. He also discussed the significance of such hands-on training programs in maintaining the accuracy and validating the research outcomes.

Picture: Prof. P B Sharma and Prof. V. Madhukar addressing the audience while the our most Honorable Founder President Dr. Ashok Chauhan, keynote speaker of the day, Dr. Nitin Batra and the Guest of Honor, Prof. Arindam Bhattacharya attending the inaugural programme in online mode.

Next key note address was delivered by the Guest of Honor, Prof. Arindam Bhattacharya. Dr. Bhattacharyya is Scientist 'E' in Research and Development Infrastructure Division of DST. In his address, Dr. Bhattacharyya emphasised on the optimal utilization of funded equipment and suggested that these facilities should be provided at nominal cost. Moreover, he encouraged to work in collaboration for better research outcome. He discussed how this STUTI program contributes in producing skilled manpower. Finally as a DST representative he complimented and congratulated Amity University Haryana for organising the workshop.

Next keynote speaker of the day was Dr. Nitin Batra, CEO Amity Institute of Training and Development. Dr. Batra has been leading from the front and in constant touch with DST team for organising this program. He

thanked Prof. Arindam Bhattacharya for constant support and feedback. He also shared that a LinkedIn channel have been created with mission to continue to learn. He also shared that the research facilities will shared with all the participants and also with those who have not been selected for this hands on training program aiming to create the societal impact in the area of science and technology.

Picture: Dr. Nitin Batra delivering keynote speech.

The event was well attended that was marked with the physical presence of Prof. A Chakraborty, the officiating Director General of Amity Foundation for Science, Technology & Innovation Alliances (AFSTIA) and of Ms Shefali Kashyap, Assistant Director, Amity Foundation for Science, Technology & Innovation Alliances (AFSTIA), Amity Education Group, India and her team.

Next, Prof. A Chakraborty gave an introduction on “Amity’s contribution in shaping the research ecosystem of the country”. He discussed under the vision of esteemed Founder President, Dr. Ashok K. Chauhan, that Amity should lead not follow, AUH has been emerging as “Temple of Modern India”. He also discussed that DST invests so much in research and development. Its now time for investments to be given back to the nation.

Picture: Prof. A Chakraborty addressing the audience.

With the mission of “**Synergy of Brains**”, respected Founder President, Dr. Ashok K. Chauhan, explained how this STUTI program with 22 spokes, each having approx. 30 participants is going to create a reservoir of 660 scientists. He shared his vision that close association with Amity provides platform to become part of global research and be the torch bearer to serve our nation. He encouraged audience to have faith in themselves and to boost their morals, he shared his story of success. He also shared his mission on “**SSE-Sense, Search and Explore**”. He believes that we Indians have the intelligence, the talent and the potential to be the more successful people in the world and have capacity to change the world. He focussed on transfer of education in knowledge, knowledge into wealth and wealth into education. Later on, **Dr. Ujjaini Dasgupta introduced the participants and** Founder President, Dr. Ashok K. Chauhan congratulated all the participants who have been selected out of total 600 applications from all over India and encouraged them to get best.

Picture: Our most respected Founder President, Dr. Ashok K. Chauhan showering his blessings on the gathering.

Overall, this 7-day training aims to equip participants with the basic knowledge and skills required to function in material characterization. The participants will experience hands-on training on DLS, TGA-DSC, UV DRS, Modular Spectrophotometer and LCMS. The training program includes lectures by eminent scientists who are using these advanced facilities and pursuing high end research.

Picture: Group photo of all the participants.

The inaugural session ended with vote of thanks by **Dr.Ujjaini Dasgupta**.

DAY 2, 23 AUGUST 2022

9:45 am to 11:15 am- The participants were divided into two groups for the practical sessions. Group A was taken to the Amity Lipidomics Research Facility where they were shown auto sampler, column, ion source and other components of LCMS by Dr Dipankar and Kaushavi. They were briefed about sample preparation. Various scan modes were shown using a standard mixture of phospholipids. Demonstration of optimizing various mass spectrometer parameters such as declustering potential, collision energy, source temperature voltage, etc was given. In the meanwhile, group B was taken for AIB visit to various labs like the Central Instrumentation Research Facility (CIRF), Bionova lab, graduate and postgraduate laboratories.

11:15 am to 11:30 am- Tea Break

11:30 am to 1:00 pm- Group B was taken to the Amity Lipidomics Research Facility for the practical session. Group A was taken for lab visits.

1:00 pm to 2:00 pm- Lunch Break

2:30 pm to 3:45 pm- Guest lecture by Dr Shantanu Sengupta, Principal Scientist, CSIR-IGIB. He explained how mass spectrometry can be utilized for clinical applications and biomarker discovery of various diseases. He elaborated on the change in proteome during the progression of various diseases such as Coronary Artery Disease, COVID-19 and Celiac Disease. The talk contained all the vital information from sample collection, processing, spectrometric analysis, and its advantage over other techniques. He gave information about one of his projects which aims at longitudinal sample collection of cohorts pan India in order to prepare a national level repository for wellness that will aid in development of precision medicine for various disorders.

3:45 pm to 4:00 pm- Tea Break

4:00 pm to 5:00 pm- Group A was taken to the Amity Lipidomics Research Facility for the practical session. Method creation was practically shown by Dr Dipankar and Kaushavi. Various MRMs were set up for sphingolipids. Batch creation was demonstrated. Study design was shown to the participants, explaining how biological and technical replicates are run. The participants were shown standard curve runs and how to find exact amount of lipid in the samples using the standard curve. Lipids extracted from plasma sample were run using the MRM method. Untargeted Lipidomics analysis using Information Dependent Acquisition (IDA) was explained. IDA method creation was demonstrated. Group B were provided with study material to read during this session.

5:00 pm to 6:00 pm- Group B was taken to the Amity Lipidomics Research Facility for the practical session. Group A were provided with study material to read during this session. Beta-galactosidase was run overnight for data acquisition so that data interpretation can be explained to participants on 24th August.

DAY 3, 24 AUGUST 2022

9:30 am to 10:30 am- The participants were divided into two groups for the practical sessions. Group A was taken to the Amity Lipidomics Research Facility for analyzing the beta galactosidase run on 23rd August. Dr Dipankar explained the basics of mass spectrometry based proteomics. The protocol of in gel and in solution digestion of proteins was discussed. Protein estimation techniques such as the BCA, Bradford and nanodrop were explained. A trypsin digested bovine serum albumin sample was analyzed using the IDA method. Solvents suitable for proteomics analysis were explained. In the meanwhile, group B was to the Bionova lab for demonstration on extraction of lipids from plasma sample.

10:30 am to 11:30 pm- Group B was taken to the Amity Lipidomics Research Facility for the practical session. Group A was taken to the Bionova lab for the demonstration of lipid extraction.

11:30 am to 11:45 am- Tea Break

11:45 am to 1:00 pm- Dr Dipankar demonstrated the peak view software for analysis of protein samples. He also demonstrated the use of Protein Pilot software. Various protein databases such as uniprot, swissprot and NCBI were showed. He showed how the processing method is set up for proteomics analysis including post translational modification analysis.

1:00 pm to 2:00 pm- Lunch Break

2:00 pm to 3:00 pm- Guest lecture by Dr JyothilakshmiVadassery, Staff Scientist V NIPGR. Her lecture included mass spectrometry based plant Metabolomics. She demonstrated various methods that her lab has developed for phytohormone analysis on LC-MS. One of her topics was untargeted Metabolomics analysis in tomato upon P. Indica colonization. Her lecture included tomato leaf and root metabolome changes upon P. Indica colonization. She explained the primary and secondary metabolites involved in plant growth and resistance to various herbivores.

3:00 pm to 3:45 pm- Demonstration of lipid view software was done by Kaushavi. Untargeted lipidomics analysis for a set of samples was demonstrated using lipid view software. Processing method was set up for lipid analysis and method was created for total lipid analysis. Normalization using internal standard and statistical analysis was shown. Lipid view software report was shown.

3:45 pm to 4:00 pm- Teach break

4:00 pm to 5:00 pm- Multiquant software for targeted lipid analysis was demonstrated by PhD students of Amity Institute of Biotechnology. Absolute quantification of various lipids was shown by Dr Dipankar. Standard curve was plotted from raw data, by subtracting blanks and matrix and normalizing the data using internal standard. The absolute values of lipid were estimated using the slope of the standard curve.

DAY 4, 25 AUGUST 2022

The fourth day of the training started with Theoretical session on UV-Vis Spectrophotometer and its applications at 10:00 AM in A block conference hall. Mr. Saurabh Jain, Senior Product Specialist (Mat-Char) at PERKINELMER (INDIA) Private Limited was the resource person of the day. Prof. Preeti Thakur introduced the speaker to the audience and handed over the podium to Mr. Saurabh Jain. Mr. Jain discussed how Ultraviolet-visible (UV-Vis) spectroscopy is being utilized as a key analytical technique in almost every laboratory in the world due to its versatility and simplicity. He explained the basics of UV visible spectroscopy in any very simple and elaborative way while focusing on the fundamentals, principle and working of the spectrometer. Ultraviolet-visible (UV-Vis) spectrophotometers use a light source to illuminate a sample with light across the UV to the visible wavelength range (typically 190 to 900 nm). The instruments then measure the light absorbed, transmitted, or reflected by the sample at each wavelength. Some spectrophotometers have an extended wavelength range, into the near-infrared (NIR) (800 to 3200 nm). From the spectrum obtained, it is possible to determine the chemical or physical properties of the sample. In general, it is possible to:

- Identify molecules in a solid or liquid sample
- Determine the concentration of a particular molecule in solution
- Characterize the absorbance or transmittance through a liquid or solid—over a range of wavelengths
- Characterize the reflectance properties of a surface or measure the color of a material
- Study chemical reactions or biological processes

Mr. Saurabh Jain explain the UV-Vis spectroscopy.

He explained main components of UV-Vis Spectrophotometer, the light source used, difference between single beam and double beam Spectrophotometer, what does a UV-Vis spectrophotometer measure. Mr. Jain discussed how to optimize parameters for UV-Vis measurements, applications is UV-Vis spectroscopy. Overall, the session was very informative and interactive.

Practical session on UV-Vis Spectrophotometer started at 11:30 at Material Research Facility facility, 2nd floor, A block. Participants were divided into 3 groups for better learning experience. First group was given hands on training on UV-Vis Spectrometer and mean while rest of the 2 groups were introduced to other research facilities of Amity School of Applied Sciences. Mr. Saurabh Jain demonstrated the instrument to the participants as discussed in the theoretical session. He showed how to calibrate the instrument and optimize various factors. He demonstrated how this instrument is used to analyze for liquid and solid sample. After that demonstration on UV-Visible Spectrometer was repeated to 2nd group and so on.

25/08/22 12:21 PM

After Lunch, at 2 PM, a theoretical session on Thermogravimetry -Differential Scanning calorimetry and its applications was conducted by Mr. Saurabh Jain. In this session He explained the basic principle, working and applications of Thermogravimetry and **Differential Scanning Calorimeters (DSC)**. He also explained the basic feature of Simultaneous Thermo-Analysis (STA) and the instrument facility we have in Material Research Lab. He explained that STA is a simultaneous technique that determines the weight change of a sample (TG) and measures the change in temperature between a sample and the reference as a function of temperature and/or time (DTA). It combines the high flexibility of the differential analysis feature (DTA, DSC) with the proven capabilities of the thermogravimetric (TG) measurement technology to provide highly reliable characterization information. It is used for analysis of melting points, polymorphy, phase diagrams, eutectic purity, crystallinity of substances, phase transitions (solid-solid; solid-liquid), glas transition, specific heat, cross linking, oxidation stability, decomposition) and thermogravimetric (TG) analysis (mass change, temperature resistance, oxidation and reduction behaviour, decomposition, corrosion, composition).

Theoretical session was followed by practical session on Thermogravimetry -Differential Scanning calorimetry in which Mr. Jain demonstrated every component of STA, its calibration, software, optimization and other important features of STA to each group of participants.

After the successful demonstration of the instruments, participants were given hands on training on UV-Visible spectrophotometer where they had first hand experience on running the instruments under the supervision of experts.

Day 5

Beautiful start of the fifth day of training started with the early morning visit to botanical garden of the AUH where participant enjoyed the beautiful lush green garden and were introduced to various medicinal plants grown in the garden. Visit was coordinated by Dr. Vivek Balyan and assisted by Ms. Priya Bameta.

A visit to Botanical Garden, AUH.

Technical session of day 5, started at 10:00 AM by formal introduction of the resource person Mr. Amit Kumar by Dr. Dipti Vaya. He has been dealing DLS and Zetasizer over 12 years. He explained the theory and principle underlying the working of Particle Size & Zeta Potential Measurement (Dynamic Light Scattering) technique. He explained in a very simple manner that how Zetasizer Nano ZS can measure hydrodynamic size, zeta potential and molecular weight in particle dispersions, emulsions and molecular solutions. Session continued after tea break and Mr. Kumar discussed each component of the instrument focusing on advantages and drawbacks of various geometrical arrangement of the detector. Followed by discussion on its applications in:

- a. Estimating particle size distribution of the nanoparticles (crystalline and amorphous)
- b. Calculating surface charge in terms of electric potential (V) of the nanoparticle system
- c. Determining the nature of drug-receptor interactions
- d. Understanding the aggregated state of various biomolecules like protein, lipids etc.

Mr. Amit Kumar during theoretical session on DLS.

After an insight theoretical session Mr. Amit Kumar demonstrated all those aspects practically in practical session held at 2 PM, Material Research Facility facility, 2nd floor, A block. Again participants were divided into 3 groups for better learning experience. While the 1st group was given illustrative demonstration on DLS, the other 2 groups were given hands on training on UV-Vis spectrophotometer and other research facilities available in ASAS and so on.

Mr. Amit Kumar demonstrating the Nanozetasizer.

After the successful demonstration of the instruments, participants were given hands on training on Zetasizer Nano ZS (Malvern) where they had first hand experience on running the instruments under the supervision of experts.

The other group participants doing hands on training under the supervision of Dr. Chander Shekar

Overall, these theoretical practical and hands on training session were very insightful, informative and interactive.

DAY 6, 27 AUGUST 2022

Sixth day of the workshop was planned for industrial visit in the late morning. Therefore, morning time was utilized for hands on training on the instruments on which demonstration was given to participants. Participants learnt the techniques of synthesis of nanoparticles by solid state reaction method using the research facilities available in materials research lab. They also had first hand experience on running the UV-Visible spectroscopy, DLS zetasizer under expert supervision. During these sessions, participants also discussed their queries with Dr. Shekhar which were resolved to their satisfaction.

Extended session on UV-Visible spectroscopy.

After hands on training, all the participants along with faculty in-charges left for the industrial visit to Sunrays Engineers Pvt. Ltd. unit 2, IMT Manesar, Gurugram.

Industrial Visit to Sunrays Engineers Pvt. Ltd

Sunrays Engineers Private Limited is ISO-2000:9001 Certified Manufacturers, Exporters and Suppliers of Aluminum Pressure Die Casting Automotive Components, Aluminum Pressure Die Casting Engineering Components, Aluminum Pressure Die Casting Electrical Components and Aluminum Pressure Die Casting, LED Lighting Components. Participants got exposure to applied aspects of material science. They learnt about **Aluminum Pressure Die Casting Automotive Components**. Aluminum Pressure Die Casting Automotive Components are used in automotive industry. They also got to know about **Aluminum Pressure Die Casting Electrical Components**. Aluminum Pressure Die Casting Electrical Components are used in various industries like textile industry, automotive industry, electrical industry, home appliances and agro engineering. Aluminum Pressure Die Casting Electrical Components are provided along with customized sizes and specifications according to the clients requirements. And LED light components etc.

Over all this industrial tour provided complete overview demonstrating application of material science to industry to manufacture and marketing to our participants.

In the evening, participants enjoyed dog conducted at dog academy at AUH.

DAY 7, 28 AUGUST 2022

On the last day of the workshop, Participants were introduced to fundamentals of modular spectrometer and Raman spectroscopy by Mr. C K Patel from Research India, and Dr. J. Kumar from Graphene Research Lab, Bangalore respectively. Hands on training was provided to the participants on Raman spectrometer. Participants were also encouraged to get their samples characterised which they have brought with them using this technique

During theoretical session on modular spectrometer and Raman spectroscopy

Practical session on Raman Spectrometer.

Valedictory session started around 12'O clock in the afternoon with the opening remarks by Prof. Rajendra Prasad, Dean Faculty of Science, Engineering and Technology; Director, Amity Institute of Biotechnology, Amity Institute of Integrative Sciences and Health, emphasizing the need of quality research by interaction among the wide spectrum of the scientific fertility.

Prof. Rajendra Prasad addressing the audience.

Prof. Atul Thakur, Director, Amity School of Applied Sciences and Amity Institute of NanoTechnology, highlighting overall Learning Outcomes of program and lauded the efforts of the organising team.

Prof. Atul Thakur, Director extending the welcome address.

This was followed by the glimpses of first three days of learning through hands-on training and related lectures on Liquid Chromatography and Mass Spectrometry by Dr. Ujjaini Dasgupta. Dr. Ujjaini discussed the LCMS lectures and hands-on training sessions by resource persons Dr Dipankar Malakar, Application Support Manager from Sciex; Dr Ashutosh Singh, Assistant Professor, University of Lucknow, Dr. Shantanu Senupta, IGIB, Delhi, and Dr. Jyotilakshmi, NIPGR Delhi. Dr. Supreet was the host of the valedictory session.

The glimpses for the remaining days were presented by Dr. Chander Shekhar. Dr. Shekhar presented the summary of day-by-day experimental hands-on training and lectures on UV-Vis spectrophotometer for solid and liquid samples, TGA-DSC, DLS-Zetasizer, RIUS spectrophotometer, Raman spectrophotometer, thin film deposition by thermal evaporator, Spin coating and other instruments. He also thanked resource persons Mr. Saurabh Jain from Perkin Elmer India and Sh. Amit Kumar from Aimil Ltd, Mr. C K Patel from Research India, and Dr. J. Kumar from Graphene Research Lab, Bangalore for graciously accepting to share the knowledge with the participants. Visuals from the industrial visit to Sunrays Engineers Pvt. Ltd. were also presented and keen interest of the participants were highlighted. The exciting show of the skills presented by the well-trained dogs in the dog show by Dog Academy, Amity University Haryana enthralled the participants.

Feedback from participants about DST-STUTI program

Dr Neha Gupta is an Inspire faculty currently working at Jamia Milia Islamia. She thanked DST and AUH for organizing the one week workshop. Her current research is focused on drug development for thromboembolism and she would like to use mass spectrometry in the future for proteome profiling of her samples. She applauded the organization of the workshop, the session contents teaching her about the very basics of mass spectrometry and how it helped her to plan her future research on drug development for thrombocytosis and the hospitality provided to the participants.

Dr. Neha Gupta from Jamia Millia Islamia sharing her feedback and future plan of action.

Dr Santosh Kumar Srivastava is an associate professor at the University of Allahabad. He said that he learnt a lot from this workshop and from the fellow participants. He appreciated AUH for making the best use of the instruments available on campus, the hospitality and all arrangements made during the workshop.

Ms Jai Shree Chaudhary is a research scholar at Netaji Subhas University of Technology in the physics department. She works with nanoparticles and would like to utilize mass spectrometry for characterizing her samples. She mentioned that she was happy to interact with her fellow participants.

Mr Deepak Kushwaha is a PhD scholar at Amity University Harayana. He thanked founder president Ashok Chauhan for successfully developing education and research at various Amity campuses. He stated that he learnt a lot from this workshop and appreciated the resource persons who taught him throughout the workshop. He appreciated how well planned the theory and practical sessions were for lipidomics and proteomics. He was also happy about other recreational activities that took place during the workshop like the herbal garden visit.

Dr Pawan Kumar currently works as an Assistant professor at Shoolini University and is an alumni of Amity University Noida. He applauded the infrastructure of AUH and its various labs. He appreciated the organizers of the workshop and thanked Dr Atul Thakur and Dr Rajendra Prasad for giving him a platform to learn new techniques. Apart from this he appreciated the hospitality offered to him by the AUH team.

BEYOND STUTI

Ms Shweta Rai and Mr Anshul Sharma were M.Sc. students from Jamia Milia Islamia and MJP Rohilkhand University Bareilly respectively. They have recently completed their Masters and were looking for hands on training on various instruments. They were happy that they got a platform to learn new techniques. This workshop gave them a direction and helped them figure out their interests.

MsSaumya Pandey has also completed her Masters recently and she wishes to pursue research as a career in the future. She stated that this workshop gave her information about various techniques and research areas. After this she was sure about pursuing research and undertaking a PhD.

Glimpse of participants sharing future plan to collaboration with AUH faculties and plan of utilization of AUH research facilities.

MsDebjani Dey works as a LCMS analyst at State Public Health Laboratory and was familiar with mass spectrometry, but she also gained knowledge on various other instruments. She has been working in commercial industry; this workshop gave her an idea about the research sector.

Ms Simran Motwani is a research scholar at National Institute of Immunology. Her current research work requires lipidomic and metabolomics analysis. Before applying it in her research she wanted to learn about the basics. She stated that this workshop gave her the basic understanding that she wanted.

Dr Vasudha Hasija works as a research associate at Shoolini University. She has been outsourcing her samples to Poland for mass spectrometry analysis. She works with antibiotics degrading substances. She had a few doubts about the results that she had received for her samples. This workshop cleared her doubts and provided her with better understanding of her LCMS data. She was glad to know that AUH can also analyze her samples and she wants to use the LCMS facility in the near future.

Glimpse of participants sharing future plan to collaboration with AUH faculties and plan of utilization of AUH research facilities.

Possible collaborations and assistance asked for

Two participants were interested to take help from Dr Ujjaini Dasgupta's lab to perform experiments pertaining to their ongoing project

Dr Kanchan Upadhyay (DST Women scientist, WOS scheme, Bhilai Institute of Technology, Durg) wants help regrading establishing some in vitro assays using cancer cell lines using compounds that she has synthesized.

Dr Pratap Kumar Chottaray (Assistant Professor at Centurion University of Technology and Management, Odisha), has developed some fluorescent anticancer compounds which he wants my lab to validate in cancer cell lines using in vitro assays.

Three participants have expressed their desire to collaborate

Dr Renukaradhya Math (Associate Professor, Biomedical sciences, Shri DharmasthalaManjunatheshwara University, Karnataka) wants to develop a collaboration with Dr Ujjaini Dasgupta. He works on microbiome in the gut-liver axis and also related glycobiology field. He has started work recently on some rare disease where altered hemoglobin are synthesized in the patient and he wants collaborate with Dr Dasgupta for this project

Dr Neha Gupta (INSPIRE Faculty, Jamia Millia Islamia University, Delhi) wants to develop a collaboration with Dr Ujjaini Dasgupta. She works on hypoxia-induced thromboembolism and the development of natural scaffold-based novel antithrombotics drug. She wants collaborate on the project and use Dr Dasgupta's expertise in certain areas.

Dr Tripti Ahuja (Post-doctoral researcher, IIT Delhi) has expertise in fabrication of bio materials for sensors wants to collaborate with Dr Ranjita (AIB) and Dr Supreet (ASAS) for developing various types of biosensors with her lab and develop a new project on the basis of collaboration.

Apart from these Dr Souvik Sur (Assistant Professor Teerthankar Mahaveer University Moradabad) is keen on getting his chemical compounds that he synthesized identified by utilizing CIRF and ALRF facilities.

Finally, Dr. Preeti Thakur, HOD, Nanoscience and technology, and convener of the workshop presented a vote of thanks and expressed gratitude to the entire Amity fraternity; advisors DST-STUTI, Prof. Rajendra Prasad and Prof Atul Thakur; convener, Dr. Ujjaini Dasgupta; organising team members Dr. C. Shekhar, Dr. D. Vaya, Dr. C. M. Srivastava, Dr. V. Lahariya, Dr. M. Shandilya, Dr. S. Kaur, Dr. G K Rao, Dr. A. Patania, Dr. D. Suhag, Ms. Kaushavi, Ms. Kachan, Mr. Sarthak, and PhD student volunteers of Amity School of Applied Sciences and Amity Institute of Biotechnology.

Participants after receiving certificates for successful completion of workshop

Participants and organising team after the completion of the DST STUTI workshop

3.4 ‘Take Homes’ for the Guest and Attendees:

- Skill based knowledge about the handling of the sophisticated instruments and characterization techniques.
- Interactions with faculties of AUH and other participants will help in collaborative research.
- Capacity building in the area of research and innovation

3.5 Future plan for utilizing the contacts developed with the Invited Guests:

3.6 Budget of the Event(Budget Sanctioned, Total Expenditure&Revenue Generated)

3.7 Details of Awards if Any: NA

FEEDBACK FORM FOR TRAINING PROGRAM

Title of the Training Programme: **DST-STUTI WORKSHOP (AMITY)**

Date and Duration of Training: **22nd Aug-28th Aug 2022, 7 days**

Name of the Institute where Training has been conducted: **AMITY UNIVERSITY HARYANA, GURUGRAM**

Please rate the Programme components on a scale of 10 to 1 (10 indicates 'Excellent/Most Effective' and 1 indicates 'Poor/ Least Effective') wherever necessary.

| S. No. | Content | Rating | | | | | | | | | | |
|--------|---|--------|---|---|---|---|---|---|---|---|----|---|
| | | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 | |
| 1. | Overall grading of the Programme with reference to relevance of course, module/content etc. | | | | | | | | | | | ✓ |
| 2. | Overall grading of the facilities provided by the institute, i.e., Hostel, Mess, Class Rooms, Transport/infrastructure etc. | | | | | | | | | | | ✓ |
| 3. | Overall grading of the faculty members conducting the training | | | | | | | | | | | ✓ |
| 4. | How do you rate the overall training methodology | | | | | | | | | ✓ | | |
| 5. | How far the field visit is relevant and related to your research study | | | | | | | | | | | ✓ |
| 6. | Usefulness of this training in your current role | | | | | | | | | | ✓ | |
| 7. | Usefulness of this training in future work/job you may handle | | | | | | | | | | ✓ | |
| 8. | How far have you benefitted from interaction with the fellow participants of the training | | | | | | | | | | | ✓ |
| 9. | How far the course material supplied relevant and related to the training curriculum | | | | | | | | | | ✓ | |
| 10. | Overall grading of the process of training | | | | | | | | | | | ✓ |
| 11. | Your recommendation to your peers/ colleagues for the training Programme | | | | | | | | | | | ✓ |

Any other suggestions/ observations, if any-

Amazing Experience. I can collaborate with different faculty of Amity such as Dr. Supreet, Dr. Ranjeeta on different projects.

(Name of the Participant)

Shipti Ahuja.

FEEDBACK FORM FOR TRAINING PROGRAM

| 11. | Your recommendation to your peers/colleagues for the training Programme | | | | | | | | | | | ✓ | |

Any other suggestions/ observations, if any- A kind suggestion: A bench space could have been provided in still smaller batches (of lets say 6 people each) where we could prepare the samples at our own & of these samples, we could have checked which sample is giving the ideal results. Taking these samples as examples we could have learnt what a 'good' & 'not so good' sample looks like. This way the sample prep & analysis part could have been understood in more practical terms. Smaller duration such sessions would be great. A little homework each day would also be better to be prepared for the next day. Rest all was great. Thank you so much.

AMITY UNIVERSITY HARYANA

Amity University Haryana with a legacy of world class academic infrastructure is a part of Amity Education Group, a pioneer of global culture in education in India. AUH - a research and innovation driven university, is built on a foundation, which embodies the qualities that have made Amity institutes world class. Spread over a 110acre green campus in the close proximity of Gurugram, Amity has instituted global standards in education training & research state-of-the-arts infrastructure & latest teaching methodologies.

QUALITY INITIATIVE By Internal Quality Assurance Cell

FIVE DAY WORKSHOP ON "INTRODUCTION TO NUMERICAL METHODS AND ITS APPLICATIONS".

The lecture will cover the questions like who learns the course of Numerical methods and why we need this course and also will highlight the evolution and history of Numerical methods.

OBJECTIVE OF THE WORKSHOP

This workshop is designed to create interest among students about the research area of Numerical methods/Numerical analysis and demonstrate its applications in different areas of research.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty members of AUH.

OUTCOME OF THE WORKSHOP

This workshop is designed to create interest among students about the research area of Numerical methods/ Numerical analysis and demonstrate its applications in different areas of research.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr Sudeshna Ghosh - Associate Professor

Directorate of Outcome

Outcome Report(Event/Activity Organized @ AUH)

1. General Information

Date: 22 August, 2022 – 26 August, 2022

Event Type: Pedagogical Workshop

Event Title: Introduction to Numerical Methods and its Applications

Event Theme: Awareness about Applied Mathematics

Venue: Offline

Web/Video Link/MS Team Link of the Event:

Organized by: Department of Mathematics, Amity School of Applied Sciences

In collaboration with: NA

Event Level: National

Student Participation*: No. of Students from AUH (Course wise):-30

Faculty Participation*: No. of Faculty Members from AUH (Deptt. wise):-NA

Participation from outside AUH*: No. of Students & Faculty Members-NA

Event Coordinator(s) with designation:

Dr Sudeshna Ghosh, Associate Professor: Speaker

Dr Sarika Jain, Assistant Professor: Organizing committee member

Dr Amit Sharma, Assistant Professor: Organizing committee member

Dr Kamal Kumar, Assistant Professor: Organizing committee member

Details of Expert/Speaker/Resource Person/Judge:

| SN | Country Name | Expert Name | Organization Name | Designation | Specialization | Contact No. | E-mail Id | CV of Expert (Yes/No) | Major Areas where Amity can Collaborate with expert | Recommended by |
|----|--------------|-------------------|-------------------|---------------------|----------------|-------------|----------------------|-----------------------|---|----------------|
| 1 | India | Dr Sudeshna Ghosh | Amity University | Associate Professor | Mathematics | 8584077270 | sghosh@ggn.amity.edu | Yes | CFD | Dr Atul Thakur |
| 2 | | | | | | | | | | |

Criteria of Inviting Resource Person/Judge/Speaker/Judge (Write a paragraph): She is an eminent professor in the field of mathematics at Amity University and published several research papers in his area of research. She has a good knowledge of numerical methods.

Were the guest known in advance and if yes, from what previous interaction (Write a paragraph)?
Yes.

2. Outcome of the Event with Time Lines (Proposed/Achieved)

| Envisaged Outcome | Tangible/Intangible | Achieved/Proposed | Target date & responsibilities (if proposed) | Details of outcome |
|---|---------------------|-------------------|--|---|
| 1. Outcome related to Academia Connect | | | | |
| a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc. | Tangible | | | Interested in collaboration with faculties having same area of research |
| b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc. | NA | | | |
| c) Collaboration for Funded Projects | Tangible | | | |
| 2. Outcome related to Industry Connect | | | | |
| a) Placement | NA | | | |
| b) Collaborations for Research Papers | NA | | | |

| | | | | |
|--|----|--|--|---|
| c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments | NA | | | |
| d) Collaboration for Funded Projects | NA | | | |
| 3. Outcome related to Society Outreach | | | | |
| a) Benefit to society in terms of Health & Hygiene | NA | | | |
| b) Benefit to society in terms of Education | NA | | | |
| 4. Outcome related to Students Learning & Grooming | | | | |
| | | | | This workshop is designed to create interest among students about the research area of Numerical methods/ Numerical analysis and demonstrate its applications in different areas of research. |
| 5. Any other | | | | |
| NA | | | | |

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event:

Programme Schedule

22/08/2022:

The lecture will cover the questions like who learns the course of Numerical methods and why we need this course and also will highlight the evolution and history of Numerical methods.

23/08/2022:

Lecture will illustrate how well the numerical methods are in solving roots of different algebraic and transcendental equations and also will introduce the concept of rate of convergence.

24/08/2022:

The lecture will demonstrate the importance of a numerical method in solving the system of linear equations. Scientists, engineers, and researchers from different fields often solve system of equations for their research.

25/08/2022:

The lecture will highlight how the numerical integration techniques can help us overcome from the situation when our analytical and conventional methods cannot solve the problem.

26/08/2022:

We widely use the interpolation technique in numerous areas of research. The lecture will emphasize how the numerical techniques help in proceeding smoothly with this otherwise complicated concept of interpolation.

3.2 Inspiration & Objectives of the Event: This workshop is designed to create interest among students about the research area of Numerical methods/Numerical analysis and demonstrate its applications in different areas of research.

3.3 Brief about the address/talk of speakers: The speaker talks about the application of numerical methods.

Workshop schedule

| Venue: D 305 | Date | Time | Remarks |
|--------------|-----------|------------------|---|
| Lecture No. | | | |
| 1 | 22/8/2022 | 9:30 am-10:25 am | M.Sc.(AM): Prescheduled class of 17/8/2022 B.Sc.(PHY): Rescheduled |

Registrar

| | | | |
|---|-----------|-----------------------|--|
| | | | class of 22/8/2022 |
| 2 | 23/8/2022 | 12:15 pm – 1:10 pm | B.Sc.(PHY): Rescheduled class of 29/8/2022 |
| 3 | 24/8/2022 | 12:15 pm – 1:10 pm | B.Sc.(PHY): Rescheduled class of 24/8/2022 |
| 4 | 25/8/2022 | 2:01 pm - 2:55pm | M.Sc.(AM): Rescheduled class of 7/10/2022 |
| 5 | 26/8/2022 | 12:15 pm -1:10 pm | B.Sc.(PHY): Rescheduled class of 07/10/2022 |
| | | | 26/8/2022 |

3.4 'Take Homes' for the Guest and Attendees: Indepth knowledge of Numerical Methods.

3.5 Future plan for utilizing the contacts developed with the Invited Guests: For active collaboration in his area of research.

3.6 Budget of the Event(Budget Sanctioned, Total Expenditure&Revenue Generated): NA

3.7 Details of Awards if Any:

| Awardee Details | Award / Position / Recognition Secured | Title of Innovation/ Start-up Secured the Award / Recognition | Award/Recognition/ Achievement Received for |

QUALITY INITIATIVE By Internal Quality Assurance Cell

FIVE DAY WORKSHOP ON “HEALTH PERSPECTIVE OF PARTICULAR MATTER MEASUREMENTS AND MODELLING”.

Ambient air pollution is responsible for serious health problems in developing and developed countries. In today's changing environment, the ability of humankind to intuitively assess and manage the health risk has become fundamental for its survival. The current technological advancement, rapid industrialization, and modernization are found insufficient coping with worsening the air quality. Air pollution is linked with various long-term and short-term effects such as respiratory infections and inflammations, cardiovascular dysfunctions, bronchitis, chronic cough, sinusitis, colds, cancer, and premature deaths.

OBJECTIVE OF THE WORKSHOP

- Air pollution exposure assessment with Air Q+ Model. Black Carbon exposure effects in the large-scale Indian Gangetic Planes and small-scale cities like Agra
- Chemical and physical characterization of particulate matter and black carbon
- Morphological characterization and elemental analysis of particles of different shape and size.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty members of AUH.

OUTCOME OF THE WORKSHOP

To Understand the short- and long-term air exposure effects of air pollution on human health.

ORGANISING MEMBERS

Prof. Dr. P.C.S. Devara- Director
Dr. Sunita Sharma, Deputy Director – IQAC, AUH

Directorate of Outcome (29 August-02 September 2022)

Outcome Report (Event/Activity Organized @ AUH)

1. General Information

Date: 01 September 2022

Event Type: Expert Lecture, an Institutional Event organized during “Orientation Program 2022, AUH”

Event Title: ‘Health Perspective of Particulate Matter: Measurements and Modelling’

Event Theme: Environmental Health

Venue: Online MS Team

Web/Video Link of the Event: <https://amityedu96491.sharepoint.com/:f/s/ACOAST-ExpertLectureon01September2022/EuCar5jAktDJhv25nvqXai8BPmrwHgPIKkMvpgCisbFaLA?e=2KXtKr>.

Organized by: Amity Centre for Ocean-Atmospheric Science and Technology (ACOAST) & Amity Centre for Environmental Science and Health (ACESH), Amity University Haryana (AUH), Manesar-Gurugram

In collaboration with: Dayalbagh Educational Institute (Deemed University), Agra

Event Level: Institutional

Student Participation*: No. of Students from AUH (Course wise): - PhD & M. Tech. Atmospheric BSC and MSc. Science and Earth and Environmental Science. Total-11

Faculty Participation*: No. of Faculty Members from AUH (Dept. wise)-Faculty of Science and Engineering (Attached)- Total 03

Participation from outside AUH*: No. of Students & Faculty Members: List attached- 03

(Enclose attendance sheets in given format)

Event Co ordinator with designation: Prof. Dr. P.C.S. Devara, Director & Professor

Details of Expert/Speaker/Resource Person/Judge:

| SN | Country Name | Expert Name | Organization Name | Designation | Specialization | Contact No. | E-mail Id | CV of Expert (Yes / No) | Major Areas where Amity can Collaborate with expert | Recommended by |
|----|--------------|------------------|---|---|-------------------------|-----------------|-------------------|-------------------------|---|-------------------------|
| 1 | India | Dr. Ranjit Kumar | Department of Chemistry, Faculty of Science, Dayalbagh Educational Institute (Deemed University) Dayalbagh, Agra-5 (India). | Assistant Professor, Visiting Scientist/Fellow, of US | Environmental Chemistry | +91-562-2801545 | rkschem@gmail.com | Yes | Air pollution Exposure and Aerosol chemistry | Prof. Dr. P.C.S. Devara |

Criteria of Inviting Resource Person/Judge/Speaker/Judge (Write a paragraph):

The Guest Speaker, Dr. Ranjit Kumar, is a well-known International and National Research Scientist, working on the topic “Linkages Between Air Pollution and Human Health” for the past > 20 years. He received several National/International awards for his original contributions in the field of “Atmospheric Chemistry”. He is a member of one of the prestigious **Expert Group "Satellite Based Air Quality Monitoring System"**, constituted jointly by the Central Pollution Control Board (CPCB), and Ministry of Earth Sciences, Govt. of India, New Delhi.

Was the guest known in advance and if yes, from what previous interaction (Write a paragraph)?

Dr. Ranjit Kumar is a researcher and very active academician in the field of ‘Particulate Chemistry and its Interface with Environmental Health’. Moreover, since long time, Dr. Ranjit has been working on the physical, chemical, radiative and dynamical characteristics of aerosols (particulate matter) over Indo Gangetic Plains and other hotspot regions of India. He published the results of his several campaign-mode studies in high impact factor Scopus /Web Sci journals. He has published more than 60 research papers to his credit in National and International journal of repute including one

in World 1st ranked Journal in the field of Environmental Engineering. Dr. Ranjit Kumar was known earlier for his excellent research work on “Chemical Composition of Aerosols over High-Altitude Regions in the country” during one of the major International Campaign programmes, for example, INDIan Ocean EXperiment (INDOEX). Moreover, Dr. Ranjit worked in association with the Faculty of ACOAST/ACESH, in the past, on several Panels, constituted by MoEF & CC, CPCB, MoES etc.

2. Outcome of the Event with Time Lines (Proposed/Achieved)

| Envisaged Outcome | Tangible/Intangible | Achieved/Proposed | Target date & responsibilities (if proposed) | Details of outcome |
|---|--|-------------------|---|---|
| 1. Outcome related to Academia Connect | | | | |
| a) Collaborations for Research Papers/Conference Proceedings/ Book Chapter etc. | Tangible | Proposed | Physico-chemical characterization of constituents in air, water and soil. | Detailed understanding of air pollution exposure and risk analysis of human health |
| b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc. | Research Collaboration in Ph.D, PG&UG Programs | Proposed | Very soon. | Exchange of PhD research Scholar |
| c) Collaboration for Funded Projects | Tangible | | | Yes |
| 2. Outcome related to Industry Connect | | | | |
| a) Placement | | | | |
| b) Collaborations for Research Papers | | | | |
| c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments | Research Collaboration in Ph.D, PG&UG Programs | Proposed | | Exchange of eligible PhD Research Scholars |
| d) Collaboration for Funded Projects | | | | |
| 3. Outcome related to Society Outreach | | | | |
| a) Benefit to society in terms of Health & Hygiene | Yes | | | To Understand the short- and long-term air exposure effects of air pollution on human health. |
| b) Benefit to society in terms of Education | Yes | | | |
| 4. Outcome related to Students Learning & Grooming | | | | |
| | | | | |
| 5. Any other | | | | |
| | | | | |

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event:

Ambient air pollution is responsible for serious health problems in developing and developed countries. In today's changing environment, the ability of humankind to intuitively assess and manage the health risk has become fundamental for its survival. The current technological advancement, rapid industrialization, and modernization are found insufficiently coping with worsening the air quality. Air pollution is linked with various long-term and short-term effects such as respiratory infections and inflammations, cardiovascular dysfunctions, bronchitis, chronic cough, sinusitis, colds, cancer, and premature deaths. The important metrics to check the ambient air quality are PM₁₀ (particles of size less than 10 µm), PM_{2.5} (particles of size less than 2.5 µm), PM_{1.0} (particles of size less than 1.0 µm) and black carbon (a component of PM_{2.5}). The breathing of particulate matter and black carbon poses the greatest health risks because the particles can find their way deep into lungs and bloodstream. Thus, the characterization of air pollution metrics (PM₁₀, PM_{2.5}, and BC), chemical constituents of particulate matter and the resultant health risk assessment play a pivotal role in the present-day weather and climate change.

3.2 Inspiration & Objectives of the Event:

1. Air pollution exposure assessment with Air Q+ Model. Black Carbon exposure effects in the large-scale Indian Gangetic Planes and small-scale cities like Agra
2. Chemical and physical characterization of particulate matter and black carbon
3. Morphological characterization and elemental analysis of particles of different shape and size.

3.3 Brief about the address/talk of speakers:

The aerosol mass concentration, air quality index, exceedance factor, population-weighted average concentrations, annual and seasonal variations, and their health risk assessment are highlighted. Health risk analysis using Air Q+ v.1.2 model, originally developed by the World Health Organization (WHO) is explained and demonstrated for special reference to Agra region. The relative risk factor analysis, in reference to the particulate matter from local combustion sources as the cause of mortality is described. He explained his research studies relating to mortality rate of PM_{2.5} due to Chronic Obstructive Pulmonary Disease (COPD), lung cancer and stroke in adult (30 years and above) is 1033, 2068 and 3717, respectively, while attributed mortality rate from PM₁₀ due to chronic bronchitis in adult and bronchitis in children is 872 and 168, respectively. He explained the morphological characterization of the particles of different shape and size while elemental analysis concerning to Si, Al, Fe, Ca, K, Cl, Mg, Na, Cu, and Zn. Further, he highlighted the health risk analysis of particulate matter containing carcinogenic and non-carcinogenic metals in Agra. The non-carcinogenic risk has been shown much higher than the acceptable level. The high carcinogenic risks have been found in Zn in PM₁₀ and Cu in PM_{2.5} for both children and adults.

‘Take Homes’ for the Guest and Attendees:

He opined that the projections, made by WHO on the basis of ratio of PM_{2.5}/PM₁₀ which cannot be validly for the country like India where there is large variation in topography as well as pollution sources even within the States. Growth of human urbanization has been very closely related to the growth of power production, and hence energy consumption is always considered as an important criterion. The blind craze of development has caused release of different gaseous and particulate species into the environment and hence causing more problems to day-to-day changes in air quality. At present, air pollution is one of the most hazardous problems that worsening the health status, damaging the environmental systems and changing the climatic conditions severely of both developing and developed countries

3.4 Future plan for utilizing the contacts developed with the Invited Guest:

As explained above, the Invited Guest is one among a few researchers working on the chemistry of particulate matter, which has tremendous influence on the understanding of the intensity of morbidity and mortality of humans due to a variety of communicable and non-communicable diseases. Moreover, the chemistry of particles and gases present in the atmosphere, water and soil play a critical role in the Environmental health. Further, understanding of these constituents helps detailed diagnosis of the now-a-days complex problem of “Global Warming and Climate Change”.

Budget of the Event (Budget Sanctioned, Total Expenditure & Revenue Generated):

The budget requested for organizing the above talk by an eminent scientist is very minimal i.e. Rs. 3000/- towards Honorarium for the Expert Speaker.

Cooperation Unity Service Success

Duty Beauty Humility Loyalty Temperance Courage Justice Wisdom

3. Reduction of emission

- Reduction from source discharge
- use of advanced technology/technology modification
- reducing the dependencies on fossil fuels,
- increasing the use of alternate energy resources,
- setting of individual standards for industrial as well as vehicular emissions and its adherence.

4. Implementation and execution

- requires lots of investment and money hence govt. involvement is directly required.
- control of emission can be achieved by making mandatory to follow the standards set
- entrusted with authority/Govt. to honestly implement the strategies and judiciary will make sure of its execution

Environmental Consciousness

QUALITY INITIATIVE By Internal Quality Assurance Cell

FIVE DAY "ART ENOVATION 2022".

Orientation day is the important and first day of university. This day is organized for the new students who have been accepted and enrolled into study. On this day a function is organized to take the new students through specific activities and all the information students need to know to start into university life. The stories about the exhibitions including innovative methods exhibitors use to showcase art.

OBJECTIVE

Amity School of Fine arts was organized art exhibition 2022 on the location of orientation day of our university. Exhibitions act as the catalyst of art and ideas to the public; they represent a way of displaying and contextualizing art that makes it relevant and accessible to contemporary audiences. Assist learners to use artistic and aesthetic sensibility in day-to-day life situation; enable learners to achieve a balanced growth as a social being in tune with our culture through artwork. Many students and dignities of this university visited this exhibition.

WHO SHALL ATTEND

Students of AUH.

OUTCOME

The exhibition where professionals create visual content to communicate messages to society. By applying visual hierarchy form and space distribution techniques and focus on the logic of displaying elements in interactive designs, to optimize the user experience. This exhibition that helps students experience different art activities, build confidence and awareness of their individual strengths, and learn about widely influential artists.

3.2 Objectives of the Event: Amity School of Fine arts was organized art exhibition 2022 on the location of orientation day of our university. Exhibitions act as the catalyst of art and ideas to the public; they represent a way of displaying and contextualizing art that makes it relevant and accessible to contemporary audiences. Assist learners to use artistic and aesthetic sensibility in day-to-day life situation; enable learners to achieve a balanced growth as a social being in tune with our culture through artwork. Many students and dignities of this university visited this exhibition.

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event

An orientation programme was scheduled in Amity University Haryana from 29th Aug- 2nd Sept'22. At college orientation, incoming students get their first true glimpse of what their life is going to be like at their new home away from home. Welcomed them with open arms and the fun was started with these ideas for running a successful orientation program through sessions and various activities. Common sessions were planned by the University for all the courses while departmental activities were scheduled and were successfully completed. Starting with the **registration** on Ami-zone then Welcome Address by Prof. (Dr) P B Sharma, Vice Chancellor & Prof (Dr) Vikas Madhukar, Pro Vice Chancellor, AUH followed with Vedic Havan. An **ice breaking** session was scheduled by the senior students of Fashion & Interiors which included games such as Talent Hunt, Pass and the pass, Jenga etc. Freshers had a great interaction with Faculty, staff, and students of other batches. Another day of orientation was fulfilled with **Alumni interaction** and **Goal setting** session by senior Faculties of the department. A workshop was organised for the fresh students through Guest Expert **Mr. Jagdish Roy** for all the students. He Gave demonstrations on How to use Punch needle for Famous Kashmiri Embroidery done on Carpet, rugs, Velvet fabric and other waste material. He taught how to set up Needle for the embroidery. The last day of the orientation was ending to the program with sessions on Life sc., Skills council, Media & entertainment, and a talent hunt showcased by the students at Amity University from different department.

3.2 Inspiration & Objectives of the Event

- Aid new students in making the transition from their previous environment to the new one.
- Acquaint new students and their families with the mission, programs, and services of the College.
- Inform students of campus services and resources that will enhance their academic success and overall college experience.
- Enable students to begin to feel connected to the AMITY EDUCATION GROUP and feel confident and excited about their college choice.

3.3 Brief about the address/talk of speakers: NA

3.4 'Take Homes' for the Guest and Attendees

- Students are aware of university policies and procedures.
- Students are aware of what is expected of them academically and socially as a student at Amity University Haryana.
- Students are knowledgeable about where to go for critical university services that will help them to stay and succeed in college.
- Students are familiar with university history, traditions, infrastructure, and future.
- Students will understand the value of engaging in co-curricular and extracurricular opportunities available to them along with regular studies.

3.5 Future plan for utilizing the contacts developed with the Invited Guests: NA

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event

An orientation programme was scheduled in Amity University Haryana from **29th Aug- 2nd Sept'22** At college orientation, incoming students get their first true glimpse of what their life is going to be like at their new home away from home. Welcomed them with open arms and the fun was started with these ideas for running a successful orientation program through sessions and various activities. Common sessions were planned by the University for all the courses while departmental activities were scheduled and were successfully completed. Starting with the **registration** on Ami-zone then Welcome Address by Prof. (Dr) P B Sharma, Vice Chancellor & Prof (Dr) Vikas Madhukar, Pro Vice Chancellor, AUH followed with Vedic Hawan. An **ice breaking** session was scheduled by the senior students of Fashion & Interiors which included games such as Talent Hunt, Pass and the pass, Jenga etc. Freshers had a great interaction with Faculty, staff, and students of other batches. Another day of orientation was fulfilled with **Alumni interaction** and **Goal setting** session by senior Faculties of the department. A workshop was organised for the fresh students through Guest Expert **Mr. Jagdish Roy** for all the students. He Gave demonstrations on How to use Punch needle for Famous Kashmiri Embroidery done on Carpet, rugs, Velvet fabric and other waste material. He taught how to set up Needle for the embroidery. The last day of the orientation was ending to the program with sessions on Life sc., Skills council, Media & entertainment, and a talent hunt showcased by the students at Amity University from different department.

3.2 Inspiration & Objectives of the Event

- Aid new students in making the transition from their previous environment to the new one.
- Acquaint new students and their families with the mission, programs, and services of the College.
- Inform students of campus services and resources that will enhance their academic success and overall college experience.
- Enable students to begin to feel connected to the AMITY EDUCATION GROUP and feel confident and excited about their college choice.

3.3 Brief about the address/talk of speakers: NA

3.4 'Take Homes' for the Guest and Attendees

- Students are aware of university policies and procedures.
- Students are aware of what is expected of them academically and socially as a student at Amity University Haryana.
- Students are knowledgeable about where to go for critical university services that will help them to stay and succeed in college.
- Students are familiar with university history, traditions, infrastructure, and future.
- Students will understand the value of engaging in co-curricular and extracurricular opportunities available to them along with regular studies.

3.5 Future plan for utilizing the contacts developed with the Invited Guests: NA

3.6 Budget of the Event (Budget Sanctioned, Total Expenditure Revenue Generated): NIL

FIVE DAY STUDENTS' ACTIVITY ON "INTERNATIONAL HOUSEKEEPING WEEK CELEBRATION".

The inspiration & objective of the event was to create the awareness about cleanliness in every individual's mind. Custom-Green provides environmental and human health protection for all indoor activities as well as outside grounds care. The programme considers social, environmental and economic factors and its suitable practices into daily life to hotel environment.

OBJECTIVE

1. Sustainable Housekeeping Practices
2. AI Concept in Housekeeping
3. Housekeeping Principles
4. Sustainable Housekeeping Practices of Radisson Hotels
5. Waste Management Policy in Hotel Housekeeping

WHO SHALL ATTEND

Students of AUH.

OUTCOME

International Housekeepers and Environmental Services Week, which will be held from September 12–18, 2022, is a week devoted to honoring the contributions of diligent cleaning staff workers. On September 17, National Professional House Cleaners Day honors professional cleaners for the vital and expert work they do every day. Since IHW's inception in 1981, IEHA, a division of ISSA, has acted as its recognized sponsor. IHW, which is annually observed during the second full week of September, provides a wonderful occasion to pause and thank the dedicated people who keep facilities clean. Workplace dangers can be reduced or eliminated with good housekeeping.

Criteria of Inviting Resource Person/Judge/Speaker/Judge (Write a paragraph):

Being an expert entail achieving professional recognition, which sets off a series of events that bring about achievement beyond your wildest dreams. Being an authority in your field can also help you to attract more clients. Experts may complete things more quickly than people who lack the expertise, education or credentials since they specialize in particular fields, thus, it is evident that they know what they are talking about. By looking at their job description ,their position, their strengths and their work experience were the main criteria to select those speakers to be a part of the panel discussion.

Were the guests known in advance and if yes, from what previous interaction (Write a paragraph)? Yes, the resource persons were known to event organizers & they had met each other at various events in past such as webinars, seminars, conferences etc.

2. Outcome of the Event with Time Lines (Proposed/Achieved)

| Envisaged Outcome | Tangible/ Intangible | Achieved/ Proposed | Target date & responsibilities (if proposed) | Details of outcome |
|---|-------------------------|-----------------------|--|--------------------|
| 1. Outcome related to Academia Connect | | | | |
| a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc. | Intangible | N/A | N/A | N/A |
| b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc. | Intangible | N/A | N/A | N/A |
| c) Collaboration for Funded Projects | Intangible | N/A | N/A | N/A |
| 2. Outcome related to Industry Connect | | | | |
| a) Placement | Intangible | N/A | N/A | N/A |

| c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments | Intangible | N/A | N/A | N/A |
| d) Collaboration for Funded Projects | Intangible | N/A | N/A | N/A |
| 3. Outcome related to Society Outreach | | | | |
| a) Benefit to society in terms of Health & Hygiene | Intangible | N/A | N/A | N/A |
| b) Benefit to society in terms of Education | Intangible | N/A | N/A | N/A |
| 4. Outcome related to Students Learning & Grooming | | | | |
| International Housekeepers and Environmental Services Week, which will be held from September 12–18, 2022, is a week devoted to honoring the contributions of diligent cleaning staff workers. On September 17, National Professional House Cleaners Day honors professional cleaners for the vital and expert work they do every day. Since IHW's inception in 1981, IEHA, a division of ISSA, has acted as its recognized sponsor. IHW, which is annually observed during the second full week of September, provides a wonderful occasion to pause and thank the dedicated people who keep facilities clean. Workplace dangers can be reduced or eliminated with good housekeeping. Numerous incidents are frequently caused by poor housekeeping procedures. If paper, clutter, garbage, and spills are considered as common occurrences, then other, more serious dangers might also be taken for granted. Not merely cleanliness is part of housekeeping. | | | | |

AMITY SCHOOL OF HOSPITALITY

INTERNATIONAL HOUSEKEEPING WEEK

12th – 16th September, 2022

SCHEDULE

DAY 1

12.09.2022: Cleanliness drive at AUH campus with slogans about "Swachh Bharat"

DAY 2

13.09.2022: Towel origami competition for ASH students

DAY 3

14.09.2022: Best Slogan competition on greener housekeeping & sustainable housekeeping for all hotel management institutes

DAY 4

15.09.2022: Industrial laundry visit for all ASH students.

DAY 5

16.09.2022: Panel discussion (Online) on "Sustainable housekeeping practices" in hospitality operations with housekeepers.

Faulty-in-charge: **Ms. Shiwani – 99100-72964 | Mr. Subrata Pal – 95607-83246**

Student-in-charge: **Mr. Hridyansh Vaid – 94122-00941**

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Day 1, 12 September 2022

Cleanliness drive at AUH campus with slogans about “Swachh Bharat”: A total of 33 students of BHM & BTTM Programme reported at ASH for the cleanliness drive along with 12 faculty members of ASH. ASH faculty members assisted by BHM & BTTM batch students started the cleanliness drive from E-block ASH premises and went to various locations of AUH such as “Banyan Tree” location, A-block, B-block & eventually returned towards E-block via faculty residence block. Students performed “Nukkad Natak” based on cleanliness awareness for the society and also collected garbage throughout the drive to generate cleanliness awareness in every individual.

Day 2, 13 September 2022

Towel Origami Competition: An animal/bird image made from folded tiny towels is known as a towel origami. Although it is essentially similar to origami, towel is used in place of paper. Elephants, snakes, rabbits and swans are a few typical towel creatures. Towel folding or folded towels are other names for towel origami. Making your favourite items at home with towels is not only enjoyable but also practical because folding towels is essential for cleanliness and regularity. Talking about the hygiene of towels that have been thrown in the closet at random is impossible. Additionally, it's essential to fold a lot of towels neatly in order to store them on shelves or in linen closets. The guest room is given a personalised touch by the towel arrangement or towel art. Folding towels results in an artistic style of folding. Several towels, as well as a face towel or hand towel, are needed for some of the designs. The winner of the Towel Origami Competition was Himaan Sahajwalla, student of BHM – 3rd Sem & first runner-up was Simran Kaur, student of BTTM – 3rd Sem.

Day 3, 14 September 2022

Best Slogan Competition: The Slogan Competition, part of Housekeeping Week Celebration, sought to increase youth development education and understanding of development issues. Green and Sustainable Housekeeping were two of the topics covered by the e-Slogan writing contests. Slogans enhance marketing campaigns for particular goods, trying to boost revenue for the company. By communicating to the public what a company stands for and what it offers, a slogan can aid in fostering a relationship between a brand and the general public. Slogans employ emotion to express how a good service might make customers feel. The winner of the Best Slogan Competition was Shreya Singh, student of BHM – 1st Sem & first runner-up was Krish Bhargava, student of BTTM – 3rd Sem.

Day 4, 15 September 2022

Laundry Visit: A laundry visit was organized by the housekeeping department of ASH to AUH Campus laundry. This laundry visit was organized for first- & second-year students of BHM and BTTM so as to make them aware about the different and professional laundry machines used in hotels. People spend the majority of their energy outside their homes these days, either working or travelling. Their busy daily schedule causes them to run out of time to do home chores. Washing clothes every day is one of the most important family responsibilities, especially if you are travelling, wearing business clothing or wearing clothes for a party. In order to lose this weight, people typically have their clothes washed/cleaned at the local laundromat. The concept of laundry management originated in western culture, where people could visit a store, have their clothing cleaned using a clothes washer and cleanser and then pick up their clothes in outstanding and new iron condition, completing their half of the labour. Laundry is one such task. A total of 23 ASH students, comprising of Bachelor of Hotel Management (BHM) and Bachelor of Tourism & Travel Management (BTTM), visited “AUH Campus Laundry”. The BHM & BTTM students of ASH got the opportunity to see the laundry and meet the people who were working in the Laundry. The laundry service for the visitor is one of the many facilities offered by a hotel. It is a facility that is necessary in resort hotels where visitors stay a long time and prefer to pack lightly. Even if a full-fledged laundry service is not offered, at least some ironing equipment is needed because clothes wrinkle while being packed. It is a source of revenue in hotels and may serve as a means of preventing them from washing clothes and hanging them out to dry in hotel guest rooms. The students were shown presentation about the laundry at the very beginning followed by collection, tagging, washing & ironing. Thereafter, they were taken to each & every equipment to describe the concept, usage & procedure to handle as well. The students were briefed about the roles and responsibilities of the laundry staff & career opportunities in various hotels. At last, the students were motivated to ask questions, if any, to clear any doubt whatsoever.

Day 5, 16 September 2022

Panel Discussion (Online) on “Sustainable Housekeeping Practices in Hospitality Operations with Housekeepers”:

Three panelists were called from industry to discuss on the above topic.

1. Ms. Sharda Sharma: Director Guest Service, Radisson Blu Plaza Hotel
2. Ms. Neerja Sharma: Quality and Customer Experience Management, IGI Airport Delhi
3. Ms. Reena Tiwari: Director, RARE Consultancy

The thought of the discussion was- It's crucial to utilise several eco-friendly housekeeping techniques in addition to saving energy and protecting the environment. Eco-friendly cleaning supplies, cleaning techniques, cleaning chemical disposal that is done properly and suitable individual training are some examples of eco-friendly housekeeping practices.

3.2 Inspiration & Objectives of the Event – The inspiration & objective of the event was to create the awareness about cleanliness in every individual's mind. Custom-Green provides environmental and human health protection for all indoor activities as well as outside grounds care. The programme considers social, environmental and economic factors and its suitable practices into daily life to hotel environment.

3.3 Brief about the address/talk of speakers – The three panelists gave a comprehensive and detailed overview of sustainable housekeeping practices. The points covered included disposal of waste, both, biodegradable and biomedical, use of artificial intelligence in the field of housekeeping and the culture of use and throw. The practice of hotels keeping the AC temperature at 19 and providing thick duvets was criticised. Three principles including planet to preserve, people using chemicals and of profitability were discussed. The case study of how Radisson Hotels have replaced plastic bottles was discussed. Practices of not asking to change the bedding while checking-in was discussed. AI powered garbage bins was a key takeaway point.

3.4 'Take Homes' for the Guest and Attendees – The 'Take Homes' for the ASH students were–

1. Sustainable Housekeeping Practices
2. AI Concept in Housekeeping
3. Housekeeping Principles
4. Sustainable Housekeeping Practices of Radisson Hotels
5. Waste Management Policy in Hotel Housekeeping

The guest speakers/resource persons expressed their interest in delivering more of such expert talks in future.

3.5 Future plan for utilizing the contacts developed with the Invited Guests – ASH will try to collaborate with the guest speakers/resource persons to do more research in the field of Sustainable Housekeeping Practices.

3.6 Budget of the Event (Budget Sanctioned, Total Expenditure & Revenue Generated) – NIL

QUALITY INITIATIVE By Internal Quality Assurance Cell

FIVE DAY MANAGEMENT DEVELOPMENT PROGRAMME ON “DATA SCIENCES FOR MANAGERS”

Data driven decision making is the most sought-after industry skill. To excel in the fast-paced business world business school faculty need to learn how to leverage data and analytics to make better business decisions. Data driven decision making is the most sought-after industry skill. To excel in the fast-paced business world managers need to learn how to leverage data and analytics to make better business decisions. This MDP will educate the participants with the concepts and techniques of business data analytics as well as business applications.

OBJECTIVE OF THE MDP

- To develop a comprehensive understanding about data analytics and data science.
- To introduce the participants the concepts of business data science, and its application.
- To gain understanding of various techniques for analytics: Descriptive, diagnostic, predictive and visualization techniques.
- To get an exposure (hands on experience) on business problem solving.

WHO SHALL ATTEND THE MDP

Corporate, Faculty members of AUH & other stakeholders.

OUTCOME OF THE MDP

Training to corporates and research scholar. Showcasing university contribution in upcoming technology.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr. Ritu Sharma Associate professor

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Directorate of Outcome
Outcome Report(Event/Activity Organized @ AUH)

1. General Information

Date: 19 September-23 September 2022

Event Type: Five Days MDP(Management Development Program)

Event Title: Five Days MDP on Data Science for Managers

Event Theme: Data Science

Venue: Zoom Platform

Web/Video Link of the Event: <https://amityuni.live/87826267789>

Organized by: Centre for Excellence for Integrated Data Science (ABS)

In collaboration with:

Event Level: National

Participation*: 53 Participants from corporates and various universities

(Enclose attendance sheets in given format)

Event Coordinator(s) with designation:Dr. Vikas Madhukar, Pro-VC, director , Faculty of management studies, Dr.Ritu Sharma Associate professor, ABS, Dr. Monika Arora, Professor, ABS , Dr. Ranjana Kothari, Associate professor, ABS,Dr.Ruchi Kwatra, Associate Professor, ABS, Dr. Vani Aggarwal, Assistant Professor-I,

Details of Expert/Speaker/Resource Person/Judge:

| SN | Country Name | Expert Name | Organization Name | Designation | Specialization | Contact No. | E-mail Id | CV of Expert (Yes/No) | Major Areas where Amity can Collaborate with expert | Recommended by |
|----|--------------|-----------------|--------------------------|---------------------|------------------------|-------------|-------------------------|-----------------------|---|---------------------------------|
| 1 | India | Dr. Ritu Sharma | Amity University Haryana | Associate Professor | Data Science/Marketing | 9953145211 | Rsharma11@ggn.amity.edu | Yes | Data Science/Marketing | Dr. Vikas Madhukar, Pro-VC AUH |
| 2. | India | Dr.Monika Arora | Amity University Haryana | Professor | IT | 9811987551 | marora@ggn.amity.edu | Yes | IT | Dr. Vikas Madhukar, Pro-VC, AUH |

Criteria of Inviting Resource Person/Judge/Speaker/Judge (Write a paragraph):

Dr.Ritu Sharma is Associate Professor for Marketing and Business Analytics with Amity University Gurgaon . She has around 19+ years of experience in corporate and academia. She began her career with an IT company as Business Development executive followed by Relationship Manager for pre sales of SAP B1 ERP solutions. Dr.Ritu Sharma is alumni of University of Chicago and has completed her PGP Data Science and Machine Learning from Graham School. She is PhD from BIMTECH and MBA from AKTU. She also holds certificate in The Entrepreneurial Edge from London Business School.

She has keen interest in research and is an avid researcher. Her research interest is in the area of Consumer Behaviour, Omni Channel Management, Neuro Marketing, Artificial Intelligence in Business Decision Making. She is committed to educating young manager and develop new scholars for pathbreaking research and practice in management.

Dr Monika Arora is working as a Professor at Amity Business School, Gurgaon. She has worked at Apeejay School of Management, New Delhi for 21 years. She has more than 24 years of experience in teaching and industry in the area of Information Technology and Operations. She has a PhD from MPBHOU, Bhopal. She has worked with companies like Nucleus Software Exports Limited, Platinum Edu And Global Information System Technology.

As a resource person she has delivered MDPs(Management Development Program) on Data Visualization (using Tableau), Analytics and Business Modelling(using Excel), Project Risk Management, Project

Management, Making U Tech Smart etc. She has also conducted various training programs for students of colleges and universities.

She has worked on consulting assignment for a University and Royal Govt. of Bhutan. She has developed and implemented various in-house projects and templates for Apeejay School of Management. She has a strong inclination towards both teaching and research.

Her areas of interest include Data mining, E-commerce, Data retrieval and Analytics. She has numerous research papers published in national as well as reputed international journals. She played a role as reviewer in International Journal of Indian Culture and Business Management (IJICBM) and Benchmarking. She was also co-chair and chair of various conferences in Delhi Region. In addition, she has also published a book on Efficient and Intelligent Data Retrieval in Semantic Web.

Were the guest known in advance and if yes, from what previous interaction (Write a paragraph)?

2. Outcome of the Event with Time Lines (Proposed/Achieved)

| Envisaged Outcome | Tangible/Intangible | Achieved/Proposed | Target date & responsibilities (if proposed) | Details of outcome |
|---|-------------------------------------|-------------------|--|--------------------|
| 1. Outcome related to Academia Connect | | | | |
| a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc. | | | | |
| b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc. | | | | |
| c) Collaboration for Funded Projects | | | | |
| 2. Outcome related to Industry Connect | | | | |
| a) Placement | | | | |
| b) Collaborations for Research Papers | | | | |
| c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments | | | | |
| d) Collaboration for Funded Projects | | | | |
| 3. Outcome related to Society Outreach | | | | |
| a) Benefit to society in terms of Health & Hygiene | | | | |
| b) Benefit to society in terms of Education | Educating Mangers on new technology | | | |
| 4. Outcome related to Students Learning & Grooming | | | | |
| | | | | |
| 5. Any other | | | | |
| Training to corporates and research scholar. Showcasing university contribution in upcoming technology. | | | | |

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event

Data driven decision making is the most sought-after industry skill. To excel in the fast-paced businessworld business school faculty need to learn how to leverage data and analytics to make better business decisions. Data driven decision making is the most sought-after industry skill. To excel in the fast-paced business world managers need to learn how to leverage data and analytics to make better business decisions. This MDP will educate the participants with the concepts and techniques of business data analytics as well as business applications.

3.2 Inspiration & Objectives of the Event

- To develop a comprehensive understanding about data analytics and data science.
- To introduce the participants the concepts of business data science, and its application.
- To gain understanding of various techniques for analytics: Descriptive, diagnostic, predictive and visualization techniques.
- To get an exposure (hands on experience) on business problem solving.

3.3 Brief about the address/talk of speakers

MDP started with an informative welcome address by Pro Vice Chancellor , Prof(Dr) Vikas Madhukar. Followed by Dr.Ritu started with introduction to data science and explained difference between Data Analytics, Business Intelligence and Data Science.

on Day 1. Topic covered on the day 1, Introduction to Data Science & Python for managers who were very new to Data science and to python. Participants explored how to open Anaconda and work on notebook with python scripts.

On day 2. Started with Understanding Exploratory data Analysis(EDA), participants understood importance of EDA and role of EDA before modelling. Participants also performed Hands on EDA using Python

On Day 3. Started with Visualization using Python, various python library were used to plot visualizations. Participants learned how visualization is used to understand the data. They also tried Hands on real-time applications in python.

On Day 4. on this day participants were exposed to OLS and assumptions of linear regression . There after they were introduction to Machine Learning algorithm for linear regression. Participants tried Hands on basic ML techniques.

On day 5. This day was conducted by Dr.Monika Arora. She gave an informative talk on how our lives are changing with ML & AI. She talked in detail use of AI & ML in the area of marketing, HR, Finance, health care, Operations & Supply chain Management.

3.4 'Take Homes' for the Guest and Attendees

- How to install Anaconda for using Python
- Understanding of types of Data
- Importing Csv files in workbook and performing EDA
- Performing EDA using Visualization
- Understanding of Statistics for explaining data
- Checking assumptions of OLS
- Executing their first ML technique using Python
- Understanding of how AI & ML is applicable in their respective fields

3.5 Future plan for utilizing the contacts developed with the Invited Guests

Dr. Ritu & Dr. Monika will further conduct MDP in corporates and will develop network for MDPs.

3.6 Budget of the Event(Budget Sanctioned, Total Expenditure&Revenue Generated):

Revenue Generated: (600 * 53) = Rs. 31800 (Rs.600 registration fee per participant)

3.7 Details of Awards if Any:

| Awardee Details | Award / Position / Recognition Secured | Title of Innovation/ Start-up Secured the Award / Recognition | Award/Recognition/ Achievement Received for |
|-----------------|--|---|---|
| | | | |

3.8 Photographs with caption (also share high resolution JPEG files of photographs)

Management Development Program (MDP)
on
Data Science for Managers

19-23 September 2022

Data driven decision making is the most sought-after industry skill. To excel in the fast-paced business world managers need to learn how to leverage data and analytics to make better business decisions. This MDP will educate the participants with the concepts and techniques of business data analytics as well as business applications. **MDP is scheduled for 5 days in online mode from 2-5 p.m.**

| Days | Content |
|-------|---|
| Day 1 | Introduction to Data Science & Python |
| Day 2 | Understanding Exploratory data Analysis(EDA) Hands on EDA using Python |
| Day 3 | Visualization using Python Hands on real-time application |
| Day 4 | Introduction to Machine Learning Hands on basic ML techniques |
| Day 5 | AI & ML trends in Data Science |

Target audience: Managers/Faculty members/Research scholars/Academic Associates of any business discipline to make sense of business data and to take informed or data-driven decisions. Management institutes, Engineering colleges and other organizations. There is no prior programming experience requirement.

Note: Candidates who are interested to participate need to pay fee using registration link only. Registration fee is Rs600/-

E-certificates will be provided to the participants those having full attendance.

Objectives:

- To develop a comprehensive understanding about data analytics and data science.
- To introduce the participants the concepts of business data science, and its application.
- To gain understanding of various techniques for analytics: Descriptive, diagnostic, predictive and visualization techniques.
- To get an exposure (hands on experience) on business problem solving.

QUALITY INITIATIVE By Internal Quality Assurance Cell

SIX DAY SPECIAL CAMPAIGN DIWALI OBSERVATIONS “MULTI-SENSOR MEASUREMENTS OF RURAL AIR QUALITY DURING DIWALI 2022”.

Diwali is one of the prominent festivals, which induces dense deposition of a variety of aerosol particles and toxic material into the lower atmosphere. It is celebrated by cleaning the house and decorating the house with diyas (oil lamps) and electrical miniature lights. A variety of pyrotechnics employed in these works produce various visual, light, sound, gas, fire, and smoke effects.

OBJECTIVE

The principal aim of the week-long Campaign, conducted at AUH, Panchgaon-Manesar-Gurugram was to investigate the influence of Diwali (Festival of Lights) on the air quality vis-à-vis human health.

WHO SHALL ATTEND

Faculty members of AUH

OUTCOME OF THE MDP

Students are being mentored to study some of the above-mentioned problems for their Dissertation/Internship Projects.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Prof.(Dr.) Panuganti Chinasattilingam S. Devara

Amity University Haryana
Manesar Gurgaon-122413

Directorate of Outcome
Outcome Report (Event/Activity Organized @ AUH)

1. General Information

Date (s): 22-27 October 2022

Event Type: Special Campaign Diwali Observations

Event Title: Multi-Sensor Measurements of Rural Air Quality during Diwali 2022

Event Theme: To Investigate Impact of Festivals on Air Quality

Venue: Climate Research Laboratory (CRL) & Air Quality Monitoring Station (AQMS), AUH, Gurugram

Organized by: Centre of Excellence in Ocean-Atmospheric Science and Technology (ACOAST) and Environmental Science and Health (ACESH), AUH.

Event Level: Institutional

Event Coordinator(s) with designation: Prof. Dr. P.C.S. Devara, Director & Professor, and Mr. S. Tiwari, Research Associate

A Brief on the Campaign is given below:

a. Campaign Background and Objective

- ▶ Diwali is one of the prominent festivals, which induces dense deposition of a variety of aerosol particles and toxic material into the lower atmosphere. It is celebrated by cleaning the house and decorating the house with diyas (oil lamps) and electrical miniature lights. A variety of pyrotechnics employed in these works produce various visual, light, sound, gas, fire, and smoke effects. All these emissions affect the Geosphere-Biosphere-Atmosphere-Hydrosphere in a variety of ways. Although such studies during celebrations have been continuing all over the world for a long time, our scientific understanding is not complete, and many more novel experimental, modeling, and curbing techniques are still in practice.
- ▶ The principal aim of the week-long Campaign, conducted at AUH, Panchgaon-Manesar-Gurugram was to investigate the influence of Diwali (Festival of Lights) on the air quality vis-à-vis human health. It is hoped to utilize the inferences obtained from different experimental and modelling approaches that have been followed in this campaign will be helpful for better understanding of the impact of additional toxic energy through harmful emissions, supplied to the earth's atmospheric system and its transport, in modulating the local/regional weather and climate change.

b. Experiments Conducted

- Round-the-clock synchronous 16 primary & secondary air pollutants, and 6 meteorological parameters have been measured during 22-27 October 2022, encompassing pre- (22-23) during (24-25) and post-(26-27) Diwali festival, employing the **Air Quality Monitoring and Diagnosis System (AQMS)**, AUH Campus.
- Columnar optical depths of Aerosol and precursor gas constituents (water vapor) up to stratospheric altitudes using the **NASA-AERONET Sun-Sky Radiometer**.

- Surface-level Black/Elemental Carbon (BC) aerosol mass concentration (in micro-gram per cubic meter) and Biomass Burning (BB, in per cent) observations using the **Multi-Spectral Dual-Spot Aethalometer**.
- **Tri-Wavelength Integrating Polar Nephelometer** observations of Atmospheric Opacity (Visibility).

c. Observation Scheme and Details

The AQMS has been operated 24x7 and obtained high-resolution observations (every 15 minutes interval) of surface-level Particulate Matter (PM₁, PM_{2.5} and PM₁₀), CO, CO₂, NO, NO₂, NH₃, SO₂, O₃, Volatile Organic Compounds (VOCs), and surface-level Meteorological parameters (Temperature, Wind Speed, Wind Direction, Relative Humidity, Pressure and Rainfall) during 22-27 October 2022. The NASA-AERONET Sun-Sky Radiometer has been operated to obtain 15-minute interval data on aerosol optical depth, aerosol size distribution, single scattering albedo, asymmetry parameter, refractive index (both real and imaginary) and radiative forcing. Polar Nephelometer and Aethalometer have been operated for obtaining one-minute interval atmospheric scattering / absorption properties of aerosols, and visibility. Some significant results have been highlighted here. Detailed analysis of these data sets is in progress.

Figure1: Suit of state-of-the-art technology equipment operated during the Diwali-2022 festival at the Amity University Haryana (AUH), Panchgaon-Manesar-Gurugram,

2. Salient Results

Highlights of Diwali-2022 Findings at AUH, Gurugram

As we noticed in our earlier studies and, also as reported by several authors in the literature that pollution levels on the Diwali festival period show higher on the Diwali day and lower on pre- and post-Diwali days. Diwali-2022 is not an exception to it, but local wind suddenly turned into strong, and direction altered from north-westerly (NW) to south-westerly (SW), which helped for dispersion of pollutants, thereby the pollution was found to be considerably less (hence good air quality) on Diwali day (i.e. the night intervening between 24 and 25 October 2022) in the study region of Panchgaon, as reported by many other locations too in the Delhi city and adjoining regions. In this context, a comparison between the time variation of PM_{2.5} mass concentration observed during 24-25 October 2020, 2021, and the current year, (2022), plotted from the CPCB data, is shown in the figure below.

Figure 2: Comparison between PM_{2.5} mass concentration values during 24-25 October during 2022. Similar values for the same period during 2020 and 2021 are also compared in the figure.

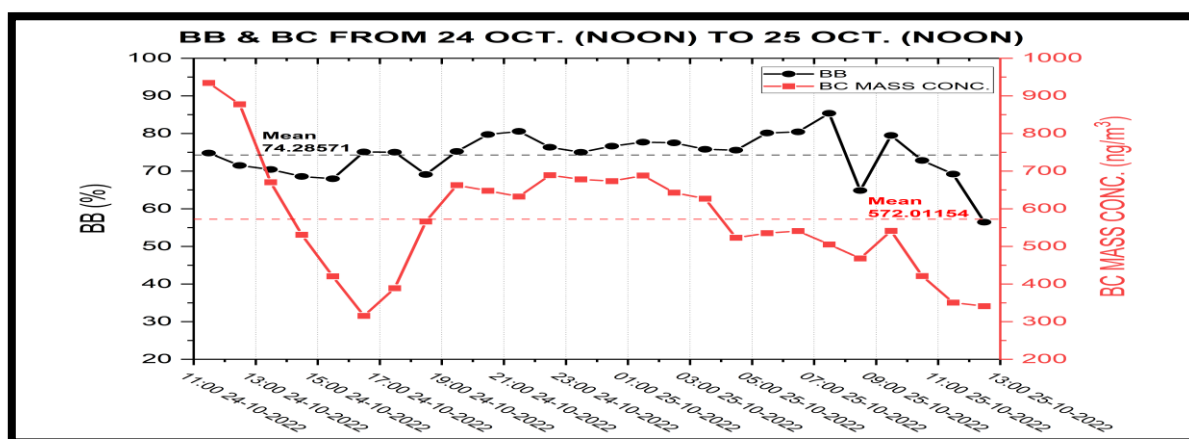

Figure 3: Time variation of BC and BB observed at AUH, Panchgaon-Manesar-Gurugram during Diwali period (24-25 October 2022).

It may be noted here that the BC values observed during 24-25 October 2020 and 2021 are compared in the figure with those of 2022 (as a reference), although they are not exactly the Diwali period in those years. It clearly depicts that albeit the AQI was higher during the midnight hours, the average AQI value was lower (312) this year as compared to that during 2020 and 2021 values of 414 and 382, respectively. The synchronous BC and BB variations for 24-25 October 2022 are also shown in Fig. 2 for comparison. Both BC and BB, on an average, show higher values around 0000 h (night intervening between 24 and 25) with mean BC concentration of 0.572 $\mu\text{g/m}^3$ per cubic meter and BB of ~ 74 per cent, which is consistent with those variations observed in PM over the Delhi region. This once again supports our earlier observations that the BC particles are of size equivalent to that of PM_{2.5} and their mutual variations are similar. The 24-h average values of surface-level PM₁, PM_{2.5}, PM₁₀, mass concentration and columnar aerosol optical depth at 500 nm wavelength (AOD_{500 nm}), contributions of fine-mode (FM_{500 nm}), coarse-mode (CM_{500 nm}) fractions of total AOD at 500 nm wavelength are also presented in the Table below.

Table 1: Daily (24-h) mean variations in ground-based and columnar air pollution parameters determined with the experimental facilities available with AUH, Gurugram. Values observed during the Diwali period (24-25 October 2022) are highlighted with fluorescent colour.

| S. No. | Date in October 2022 | PM ₁₀ µgm per m ³ | PM _{2.5} µgm per m ³ | PM ₁ µgm per m ³ | AOD @500 nm | FMF @500 nm | CMF @500 nm | Water Vapor (cm) |
|--------|----------------------|--|---|---|-------------|-------------|-------------|------------------|
| 1 | 22 | 216.9 | 112.6 | 24.9 | 0.689 | 0.418 | 0.250 | 1.771 |
| 2 | 23 | 136.2 | 60.4 | 5.93 | 0.459 | 0.338 | 0.116 | 1.024 |
| 3 | 24 | 151.1 | 47.3 | 26.57 | 0.642 | 0.521 | 0.115 | 1.424 |
| 4 | 25 | 166.0 | 34.3 | 2.71 | 0.583 | 0.388 | 0.196 | 1.412 |
| 5 | 26 | 348.9 | 105.8 | 25.84 | 0.693 | 0.457 | 0.229 | 1.684 |
| 6 | 27 | 321.5 | 134.7 | 28.41 | 1.005 | 0.777 | 0.225 | 2.919 |

The above table clearly indicates not only the day-to-day variation in individual parameters considered in the study but also their association with the Diwali activities, particularly burning of firecrackers. The lower values of PM at ground-level and higher values of columnar aerosol optical depth (AOD) and water vapor (WV) observed during 24-25 October 2022 (Diwali) are ascribed to be due to change in surface-level wind direction from NW to SW and additional dust and smoke particle (pollutants) and heat energy contributed by the Diwali activity, and also due to dust-rise from the gross-cutting and tree-cutting activities in the campus very close to the AQMS. Moreover, the dust-rise contributed by the activities related to Sanghatan-2022 near the AQMS, prior to the DIWALI period cannot be foresight off because these particles will remain in the atmosphere as background for about a week's time (lifetime of pollutants) as per the particle theory.

The reduction in air pollution, especially on this year's Diwali day could be due to (i) early occurrence of the festival, much prior to the winter season, (ii) strict ban by the Government on firing of crackers and (iii) less stubble burning activity in the Punjab and Haryana States. Nevertheless, this unusually good air quality feature of this year's Diwali in Delhi and surrounding regions is further witnessed by increase in pollution levels found during the pre- and post-Diwali days with the change of meteorological parameters. These variations were consistent with those observed in the primary and secondary pollutant concentrations over the study region of Panchgaon, a rural station in the Haryana State. The aerosol optical depth (AOD) and aerosol size distribution (ASD), deduced from NASA-AERONET are found to coincide with those retrieved from the MODIS satellite. The variations in PM and AOD values during the study period also showed good correlation with the fire images recorded (not shown here) by the MODIS and VIIRS satellites over the Panchgaon region. The time variations in air quality parameters (both ground-based and column-integrated) observed over Panchgaon (shown in Table 1) around Diwali 2022 show a reasonable correspondence with those reported for the Delhi and neighbouring regions in the literature.

3. Outcome of the Event with Timelines (Proposed/Achieved)

| Envisaged Outcome | Tangible/Intangible | Achieved/Proposed | Target date & responsibilities (if proposed) | Details of outcome |
|-------------------|---------------------|-------------------|--|--------------------|
|-------------------|---------------------|-------------------|--|--------------------|

| ble | | | | |
|---|----------|----------------|--|--|
| 1. Outcome related to Academia Connect | | | | |
| a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc. | Tangible | | | |
| b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc. | Tangible | | | |
| c) Collaboration for Funded Projects | Tangible | Proposed | | |
| 2. Outcome related to Industry Connect | | | | |
| a) Placement | | | | |
| b) Collaborations for Research Papers | Tangible | To be Explored | | |
| c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments | | | | |
| d) Collaboration for Funded Projects | | | | |
| 3. Outcome related to Society Outreach | | | | |
| a) Benefit to society in terms of Health & Hygiene | Tangible | | | |
| b) Benefit to society in terms of Education | Yes | | | |
| 4. Outcome related to Students Learning & Grooming | | | | |
| Students are being mentored to study some of the above-mentioned problems for their Dissertation/Internship Projects. | | | | The principal aim of the week-long Campaign, conducted at AUH, Panchgaon-Manesar-Gurugram was to investigate the influence of Diwali (Festival of Lights) on the air quality vis-à-vis human health. |
| 5. Any other | | | | |
| a. Award/Honor Announcement | | | | |
| Prof. Dr. P.C.S. Devara, Director & Professor, ACOAST/ACESH has been elected for “ Award for International Achievement (R&D) ” by the International R&D Awards & Summit (JRDAS) for Researchers, Scientists & Organizations 2022. The award will be presented at a Special Ceremony, scheduled for 6 November 2022, at Wegmans Signature Tower, Knowledge Park III, Greater Noida. | | | | |

b. Invitation as Guest Editor

Prof. Dr. P.C.S. Devara, Director & Professor has been nominated as **GUEST EDITOR** by MDPI, Switzerland for bringing out a **Special Issue of a Book** titled “**Optical Remote Sensing of the Atmosphere and Oceans**” (Impact Factor: 5.8).

c. Patent Filing Update

The Technical & Legal Response to the First Examination Report (FER) on the Patent titled "**Transient Analysis of Air Quality Drivers**" # 201711032723, of Prof. Dr. P.C.S. Devara and Mr. Munshi Pavel Alam, has been submitted.

Name and Signature of Director & HOI

AMITY UNIVERSITY HARYANA

QUALITY INITIATIVE By Internal Quality Assurance Cell

FIVE DAY STUDENTS' EXHIBITIONS "EXPLORICA-AMITY DESIGN EXHIBITIONS 2022".

Graphic design saturates every part of our lives. It informs the decisions we make as consumers and serves as a structure for how we understand and engage with our environment whether through navigating the labyrinth of subway lines via color-coded route maps or learning more about a piece of art from the labels adhered to an exhibition wall. We have rounded up meaningful steps students can take to build a more sustainable lifestyle.

OBJECTIVE

This exhibition helped students to understand the design process, critical thinking skills, research methodologies, and creative ideation as a means of problem-solving and enhancing visual communication and develop a thorough understanding of the form and function of typography and methodologies for successfully communicating ideas, narratives, concepts, and/or identities through various media.

WHO SHALL ATTEND

Students & Faculty members of AUH

OUTCOME OF THE MDP

The Arts and Design Culture Amity School of Fine Arts educates and showcases student creative's and scholars, presents world-renowned performers, and is home to innovative public programs and international exhibitions.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Mr. Rakesh Kumar Chaudhary- Asst. Professor

Directorate of Outcome

Outcome Report (Event/Activity Organized @ AUH)

1. General Information

Date: 14th to 18th November 2022

Event Type: Student Activity

Event Title: Explorica: Amity Design Exhibition 2022

Event Theme: Innovation

Venue: Creative Art Gallery Amity School of Art gallery, AUH

Web/Video Link of the Event: No

Organized by: Amity Institute of Design (Fine Arts) AUH

In collaboration with: No

Event Level: Institutional

Student Participation*: No. of Students from AUH (Course wise):-48

Faculty Participation*: No. of Faculty Members from AUH (Deptt. wise):-02

Participation from outside AUH*: No. of Students & Faculty Members- No

(Enclose attendance sheets in given format)

Event Coordinator(s) with designation: Mr.Rakesh Kumar Chaudhary Asst. Professor, Mr.Vinod Chachere Asst. Professor AID, ASFA

Details of Expert/Speaker/Resource Person/Judge: No

5. Any other

This exhibition helped students to understand the design process, critical thinking skills, research methodologies, and creative ideation as a means of problem-solving and enhancing visual communication and develop a thorough understanding of the form and function of typography and methodologies for successfully communicating ideas, narratives, concepts, and/or identities through various media. Skillfully employ the tools and technology that prepared them for design practice and management in collaborative environments. Interpret the social, moral, and ethical consequences of their design decisions and work to become socially and culturally responsible decision-makers within the larger global community.

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event: Graphic design saturates every part of our lives. It informs the decisions we make as consumers and serves as a structure for how we understand and engage with our environment whether through navigating the labyrinth of subway lines via color-coded route maps or learning more about a piece of art from the labels adhered to an exhibition wall. We have rounded up meaningful steps students can take to build a more sustainable lifestyle. Whether students are passionate about branding, designing, or new to sustainability, we have curated something inspiring for everyone. Dive in and discover what you can do today to build a better world for tomorrow.

3.2 Inspiration & Objectives of the Event: Amity School of Fine Art organized Explorica: Amity Design Exhibition 2022. The Exhibition inaugurated by the Hon. Vice Chancellor Prof. (Dr.) P.B. Sharma AUH and Hon. Pro. Vice Chancellor Prof. (Dr) Vikas Madhukar Dean - Faculty of Management Studies. Vice Chancellor. This exhibition helped students to understand the design process, critical thinking skills, research methodologies, and creative ideation as a means of problem-solving and enhancing visual communication and develop a thorough understanding of the form and function of typography and methodologies for successfully communicating ideas, narratives, concepts, and/or identities through various media. Skillfully employ the tools and technology that prepared them for design practice and management in collaborative environments. Interpret the social, moral, and ethical consequences of their design decisions and work to become socially and culturally responsible decision-makers within the larger global community. The Arts and Design Culture Amity School of Fine Arts educates and showcases student creative's and scholars, presents world-renowned performers, and is home to innovative public programs and international exhibitions.

AMITY DESIGN EXHIBITION
14 - 18 NOVEMBER 2022

ORGANIZED BY

AMITY UNIVERSITY HARYANA
AMITY SCHOOL OF FINE ARTS

Important Instructions

- The entries are accepted in Offline mode between 10 AM to 4:00PM.
- All design works can be created Digitally, If you created Manually then convert in to digital format
- Submission of high resolution design works should be A3 or (12X18 Inches) size.
- Write a short /concept note not more than 100 words, about the created design work.
- All the softcopy of design and profile photographs with title of artwork, size, medium, name of creator and profile picture all the details can be submitted to the **student coordinators** - Minimum 3 works and Maximum 5 works | Profile Picture | Complete filled form

BLG-09B, B-Block basement, Amity University Haryana

Participating Categories:

Campaign | Graphic Design | Packaging | Illustration (Character Design, Story Boarding) | Digital Art

Who Can Participate: BFA Applied Arts Sem III, V, VII, MFA Applied Arts Sem I, III & ASFA Faculty Members

Important Dates

Last date of Submission of artwork: 30 October 2022
Online /Offline Exhibition, Display: 14 to 18 Nov. 2022

Selected work will be awarded by
Gold/ Silver /Bronze categories and Certificates.
Digital Catalogue to All Participants

Chief Coordinator

Mr. Pradipta Biswas
Asst. Professor, HoD, ASFA, AUH

QUALITY INITIATIVE By Internal Quality Assurance Cell

WORKSHOP- AWARENESS WEEK ON WASTE MANAGEMENT

Managing waste properly is essential for building sustainable and livable cities, but it remains a challenge for many developing countries and cities including India. Over 90% of waste is often disposed of in unregulated dumps or openly burned places. Poorly managed waste serves as a breeding ground for disease vectors, contributes to global climate change through methane generation, and can even promote urban violence. Operating this essential municipal service requires integrated systems that are efficient, sustainable, and socially supported. The event's effort is to inspire the students to being physically active and active participation in various cleanliness activities.

OBJECTIVE OF THE WORKSHOP

Minimizing the amount of waste produced. Proper waste segregation and recycling programs can significantly reduce the amount of garbage in landfills or incinerators.

WHO SHALL ATTEND THE WORKSHOP

Students & Faculty members of AUH.

OUTCOME OF THE WORKSHOP

Students learnt and understood Cognitive skills. They develop self confidence, correlate existing knowledge into reality, and learn TEAMWORK.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr Dipti Vaya - Associate Professor

3. Awareness Drive on Waste Management

A Google form was created and the Topic of Google form was waste management .Through this form we made people aware about the waste management and got to know their knowledge about management. We asked questions related to waste, how to manage waste. After filling form participant understood the level of their knowledge about waste management. Along with questionnaire, we shared the links to understand detail perspective about managing the waste. .

The image shows a screenshot of a Google Form titled "WASTE MANAGEMENT SURVEY". The form is set against a light purple background. The title is in large, bold, black capital letters. Below the title, the text reads: "Amity Chem Club of Amity University Haryana, Department of Chemistry, Biochemistry and Forensic Science is organising a survey on waste management. In order to know how many people are aware of waste management and it's techniques. We have prepared 15 questions to test the knowledge. People are requested to participate in this small survey. To know further about this topic please visit following links." Two blue hyperlinks are provided: www.springer.com and www.igmpiindia.org. Below the text, there is a field for an email address with the placeholder text "raosonam6987@gmail.com" and a "Switch accounts" link. A red asterisk and the word "Required" are visible below the email field. At the bottom of the form, the label "Email *" is visible. The entire screenshot is enclosed in a black border, and the text "Google Form" is centered below it.

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event – Amity School of Hospitality (ASH) organized FDP (Faculty Development Program) from 21-25 November 2022 on MS Team. The faculty coordinators were Dr. Garima Parkash & Dr. Ruchika Kulshrestha. The objective to conduct this event was to educate teaching fraternity regarding impact of digitalization on the tourism & hospitality industry. The event was attended by a total of 358 faculty members (11 faculty members of ASH & 347 outside faculty members). The FDP comprised of 16 sessions. The details of each session are as follows -

Day 1 (21 November 2022)

Inauguration Session

The Inauguration Session was held on 21 November 2022 between 10-11 AM on MS Team. The chief guests were Dr. Madhuri Sawant, Director, Department of Tourism Administration, Dr. B. A. Marathwada University, Aurangabad, Maharashtra & Dr. Sarah Hussain, Associate Professor & Head, Department of Tourism & Hospitality Management, Jamia Millia Islamia University, New Delhi. The moderator of the session was Dr. Ruchika Kulshrestha. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Madhuri Sawant said that the COVID-19 pandemic has completely changed our lives. As a result, many industries have suffered. One of them is tourism. Companies that have developed distribution channels for services/ products on the Internet have felt the effects of the coronavirus to a much lesser extent. Tourism is another branch of the economy that is increasingly visible on the Internet. Digitization is an inevitable phenomenon. Such an unexpected event such as pandemic Sars-CoV-2 only reinforces the opinion that many companies need to digitize. Of course, in a sector like tourism, you cannot travel online, but there are many processes that can be streamlined online. You can improve the comfort of service, communication and increase sales. You can also personalize the offer and approach the client individually. Dr. Sarah Hussain said that the customer behaviour has begun to shift because of digitalization, having a significant impact on the hotel and travel industries. People expect a customer-centric experience, from selecting their location with a few clicks to receiving detailed information on the lodgings, such as customer service, available activities, and room characteristics, and so on. The hospitality sector has embraced Internet of Things (IoT) and taken it a step further by allowing their Property Management system (also known as hotel management software) to connect with their visitors' own digital devices. It significantly improves hotel operations.

Session 1 (Teaching and Learning Methods in Digital Era)

The Session 1 on topic 'Teaching and Learning Methods in Digital Era' was held on 21 November 2022 between 11 AM – 12:30 PM on MS Team. The resource person was Dr. Sudipto Sarkar, Dean and Professor, School of Engineering and Technology, Sushant University, Gurgaon. The moderator of the session was Dr. Vinod Kumar Chauhan. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Sudipto Sarkar profoundly explained the topic with the help of a PPT & said that there are plenty of interesting teaching and learning methods in modern education such as video-based learning, personalization, gamification, mobile learning, microlearning, acceleration and contextualization of learning, crowdsourced learning, and much more. However, if you would have to express it all in one word, you could say that digitalization is the main trend that is going to transform the

world of education once and for all. Indeed, the majority of impactful changes in the tourism & hospitality industry are in one way or another related to digital technologies.

Session 2 (Digital Intervention of Heritage)

The Session 2 on topic ‘Digital Intervention of Heritage’ was held on 21 November 2022 between 2– 3:30 PM on MS Team. The resource person was Dr. Surabhi Srivastava, Associate Professor, Om Kothari Institute of Management, Kota, Rajasthan. The moderator of the session was Mr. Akshay Nain. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Surabhi Srivastava profoundly explained the topic with the help of a PPT & said that technology is transforming how people interact with history and heritage, providing unparalleled insight into our past. From deciphering ancient manuscripts with image processing and machine learning, right through to the recent 3D modelling of priceless artefacts, such as the Lion of Mosul, technology is bringing us closer to the past and widening horizons for millions globally. The digitization of documents is playing a key role in preservation; with museums, libraries and private collections around the world using technology to enhance their capabilities and ensure that historic documents will still be accessible for decades & centuries to come.

Day 2 (22 November 2022)

Session 3 (Case Study Session)

The Session 3 on topic ‘Case Study Session’ was held on 22 November 2022 between 10-11 AM on MS Team. The resource person was Dr. Ashutosh Pandey, Assistant Professor, FORE School of Management, New Delhi. The moderator of the session was Mr. Arunangshu Bhattacharya & Dr. Ruchika Kulshrestha. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Ashutosh Pandey profoundly explained the topic with the help of a PPT & said that case studies are an instructional method & not a theory that refers to assigned scenarios based on situations in which students observe, analyze, record, implement, conclude, summarize & recommend. Case studies are created and used as a tool for analysis and discussion. They have a long tradition of use in higher education. Cases are often based on actual events which adds a sense of urgency or reality. Case studies have elements of simulations. A good case has sufficient detail to necessitate research and to stimulate analysis from a variety of viewpoints or perspectives. They place the learner in the position of problem solver.

Session 4 (Digital Gastronomy)

The Session 4 on topic ‘Digital Gastronomy’ was held on 22 November 2022 between 11 AM – 12:30 PM on MS Team. The resource person was Dr. Saurav Chhabra, Associate Professor, Vatel Hotel & Tourism Business School, Sushant University, Gurgaon. The moderator of the session was Mr. Subir Kumar Malakar. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Saurav Chhabra profoundly explained the topic with the help of a PPT & said that Digital Gastronomy is a culinary vision that infuses traditional cooking with new computational abilities. The role of computers in tomorrow's food systems and cooking will continue to grow, helping to minimize waste and personalize dishes by using ingredients with well-known nutritional values; relying on the long shelf life of dried ingredients; and giving chefs novel creative cooking tools to justify computational cooking from a culinary perspective. Digital gastronomy enhances cooking with new digital capabilities. The integration of computers with cooking allows cooks to individually address users' needs and desires, easily calculate the nutritional content of ingredients or accurately affect cooking-related chemical reactions, and thus digitally fit dishes to personal preferences.

Session 5 (Flavors to Digital Flavors)

The Session 5 on topic ‘Flavors to Digital Flavors’ was held on 22 November 2022 between 2– 3:30 PM on MS Team. The resource person was Dr. Garima Parkash, Director & Professor, Amity School of Hospitality, Amity University Haryana. The moderator of the session was Dr. Kunal Seth. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Garima Parkash profoundly explained the topic with the help of a PPT & said that Flavor is a pleasurable sensory perception we experience daily while eating and drinking. Our taste buds produce powerful, personal experiences, and they are about to be digitalized. Could you imagine putting a device in your mouth that digitally enhances the food you eat, so that anything can taste exactly how you want it to. By 2030, 44 percent expect this to be

possible. This could have big implications for our health and diets by enabling us to eat healthy foods, and yet have them taste like five-star restaurant cuisine. Now, scientists are not far off from this concept after creating a “digital taste simulator” that can produce four main elements of taste – salty, sour, bitter and sweet. Scientists led by Nimesha Ranasinghe at the National University of Singapore are developing a device named “Tongue Mounted Digital Taste Interface” that can scintillate your tongue with sour, bitter, salty, and sweet tastes without the use of any chemicals or actual food. The “Tongue Mounted Digital Taste Interface” uses a two-probe system to send electrical and thermal signals to the tongue to produce taste.

Day 3 (23 November 2022)

Session 6 (Case Study Session)

The Session 6 on topic ‘Case Study Session’ was held on 23 November 2022 between 10-11 AM on MS Team. The resource person was Dr. Shashi Bala Rai, Founder, Dev Comm Consulting, Noida. The moderator of the session was Mr. Subir Kumar Malakar. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Shashi Bala Rai profoundly explained the topic with the help of a PPT & said that case studies can be either single or multiple-case designs. Single cases are used to confirm or challenge a theory, or to represent a unique or extreme case. Single-case studies are also ideal for revelatory cases where an observer may have access to a phenomenon that was previously inaccessible. Single-case designs require careful investigation to avoid misrepresentation and to maximize the investigator's access to the evidence. These studies can be holistic or embedded, the latter occurring when the same case study involves more than one unit of analysis. Multiple-case studies follow a replication logic. This is not to be confused with sampling logic where a selection is made out of a population, for inclusion in the study. This type of sample selection is improper in a case study. Each individual case study consists of a "whole" study, in which facts are gathered from various sources and conclusions drawn on those facts.

Session 7 (Digital Storytelling)

The Session 7 on topic ‘Digital Storytelling’ was held on 23 November 2022 between 11 AM – 12:30 PM on MS Team. The resource person was Dr. Ruchika Kulshrestha, Assistant Professor, Amity School of Hospitality, Amity University Haryana. The moderator of the session was Mr. Abhishek Roy. The session was attended 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Ruchika Kulshrestha profoundly explained the topic with the help of a PPT & said that Digital Storytelling at its most basic core is the practice of using computer-based tools to tell stories. There is a wealth of other terms used to describe this practice, such as digital documentaries, computer-based narratives, digital essays, electronic memoirs, interactive storytelling, etc.; but in general, they all revolve around the idea of combining the art of telling stories with a variety of multimedia, including graphics, audio, video, and web publishing. As with traditional storytelling, most digital stories focus on a specific topic and contain a particular point of view. However, as the name implies, digital stories usually contain some mixture of computer-based images, text, recorded audio narration, video clips, and/or music. Digital stories can vary in length, but most of the stories used in education typically last between 2 and 10 minutes. The topics used in digital storytelling range from personal tales to the recounting of historical events, from exploring life in one’s own community to the search for life in other corners of the universe, and literally, everything in between.

Session 8 (Digital Psychology)

The Session 8 on topic ‘Digital Psychology’ was held on 23 November 2022 between 2– 3:30 PM on MS Team. The resource person was Dr. Priyanka, Assistant Professor, AIBAS, Amity University Haryana. The moderator of the session was Dr. Vinod Kumar Chauhan. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Priyanka profoundly explained the topic with the help of a PPT & said that Digital Psychology is an arena of study that examines the impact of digital technology and media on psychological aspects of human lives, such as human behaviours, actions, attitudes, motivation, learning, and others. Interestingly, human psychology also influences the development and evolution of digital media and technology, such as its influence on business performance, growth, and economic landscape. Digital psychology explores the bidirectional relationship between human psychology and digital technology and media that have tremendous influences on each other. Digital Psychology plays a big role in business development. Understanding how technology and media influence human behaviours can help marketers engage consumers and persuade them to take desired

actions. Professionals with knowledge in digital psychology can analyse and interpret digital data to better understand consumer behaviours, attitudes, and satisfactions. This data can be used to shape marketing strategy and help improve technologies and digital tools.

Day 4 (24 November 2022)

Session 9 (Case Study Session)

The Session 9 on topic ‘Case Study Session’ was held on 24 November 2022 between 10-11 AM on MS Team. The resource person was Dr. Yatish Joshi, Assistant Professor, School of Management Studies, Motilal Nehru National Institute of Technology, Allahabad, Uttar Pradesh. The moderator of the session was Mr. Akshay Nain. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Yatish Joshi profoundly explained the topic with the help of a PPT & said that the presentation of the case study establishes a framework for analysis. It is helpful if the statement of the case provides enough information for the students to figure out solutions and then to identify how to apply those solutions in other similar situations. Instructors may choose to use several cases so that students can identify both the similarities and differences among the cases. Case studies can be especially effective if they are paired with a reading assignment that introduces or explains a concept or analytical method that applies to the case. The amount of emphasis placed on the use of the reading during the case discussion depends on the complexity of the concept or method. If it is straightforward, the focus of the discussion can be placed on the use of the analytical results. If the method is more complex, the instructor may need to walk students through its application and the interpretation of the results.

Session 10 (Digital Skills)

The Session 10 on topic ‘Digital Skills’ was held on 24 November 2022 between 11 AM – 12:30 PM on MS Team. The resource person was Dr. Savita Sharma, Associate Professor, Shri Vishwakarma Skill University, Gurgaon. The moderator of the session was Dr. Kumari Shiwani. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Savita Sharma profoundly explained the topic with the help of a PPT & said that Digital Skills are defined as the ability to find, evaluate, use, share, and create content using digital devices, such as computers and smartphones. Depending on your career trajectory, you may need additional skills that pertain to your specific role. Digital skills in the workplace can include original content creation, e-commerce, network and information security, UX/UI design, digital marketing, social media marketing, and data analytics. Advanced digital skills range from data visualization and basic programming skills to data engineering. While these may be more advanced, you can obtain them with hands-on training and consistent exposure. Without a firm command of digital skills, there is no way to propel innovation and remain competitive. Employers realize this, so they’re prioritizing candidates who can showcase their digital literacy. By developing better digital skills, employees have a chance to contribute to their communities, future-proof their careers, and explore a wide range of professional opportunities.

Session 11 (Digitalization in Tourism: Challenges and Opportunities)

The Session 11 on topic ‘Digitalization in Tourism: Challenges and Opportunities’ was held on 24 November 2022 between 2– 3:30 PM on MS Team. The resource person was Dr. Mahesh Uniyal, Dean and Professor, Dev Bhoomi University, Uttarakhand. The moderator of the session was Mr. Subrata Pal. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Mahesh Uniyal profoundly explained the topic with the help of a PPT & said that Digitalization within the tourism sector influences and alters entire cities and regions in ways which are hard to predict and complex to analyse. Digitalization is massively changing the socio-economic culture in the world, especially in the travel and tourism industry. The Digital Revolution has completely changed the way businesses operate nowadays. Gone are the days when people had to go to travel agencies and stand in long queues for hours to book their tickets. With the advent of technological advancements and rapid digitalization, all travel companies have shunned geographical barriers and are adopting online methods to approach their clients. The challenges affecting digitalization of tourism are training on new digital technology, costs & uncertain return on investment, insufficient knowledge to identify opportunities, insufficient technical knowledge & lack of suitable ‘off the shelf’ products within budget. The opportunities associated with digitalization of tourism are customer acquisition, improve online brand visibility, expand international reach, improve service quality & increase customer satisfaction.

Day 5 (25 November 2022)

Session 12 (Case Study Session)

The Session 12 on topic 'Case Study Session' was held on 25 November 2022 between 10-11 AM on MS Team. The resource person was Dr. Sharad Kumar Kulshreshtha, Assistant Professor, North-Eastern Hill University (NEHU), Shillong, Meghalaya. The moderator of the session was Dr. Ruchika Kulshreshtha. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Sharad Kumar Kulshreshtha profoundly explained the topic with the help of a PPT & said that the case study teaching method is a highly adaptable style of teaching that involves problem-based learning and promotes the development of analytical skills. By presenting content in the format of a narrative accompanied by questions and activities that promote group discussion and solving of complex problems, case studies facilitate development of the higher levels of Bloom's taxonomy of cognitive learning; moving beyond recall of knowledge to analysis, evaluation, and application. Similarly, case studies facilitate interdisciplinary learning and can be used to highlight connections between specific academic topics and real-world societal issues and applications. This has been reported to increase student motivation to participate in class activities, which promotes learning and increases performance on assessments.

Session 13 (From Tech Novice to Tech Savvy - Hospitality Housekeeping)

The Session 13 on topic 'From Tech Novice to Tech Savvy - Hospitality Housekeeping' was held on 25 November 2022 between 11 AM – 12:30 PM on MS Team. The resource person was Ms. Chandana Paul, Assistant Professor, Vatel Hotel & Tourism Business School, Sushant University, Gurgaon. The moderator of the session was Mr. Hridyansh Vaid (BHM Student of 2019-23 Batch, ASH, AUH). The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Ms. Chandana Paul profoundly explained the topic with the help of a PPT & said that technology has an important role to play in housekeeping department within hotels because it can assist the housekeeping department with its core tasks, while also allowing the team to improve efficiency and track and report progress. The housekeeping department of a hotel is responsible for maintaining the cleanliness, tidiness, and maintenance of the hotel, including public indoor spaces, guest rooms, staff areas, and the immediate surroundings. As a department, it is concerned with providing guests and employees alike with a safe, clean, comfortable and appealing environment. This includes overall hotel upkeep, cleaning surfaces, vacuuming floors, ensuring public spaces are pleasant, and taking steps to remove possible hazards and eliminate health risks. It may also include utilising the right housekeeping technology to carry out necessary tasks, and track progress. One of the ways the burden on housekeeping employees can be reduced is through strategic adoption of the right housekeeping technology. There are many different technology solutions such as use of housekeeping software, air purifier technology, sustainable cleaning products, apps & voice control communication, use of robots & artificial intelligence that can help hotels by improving the effectiveness of processes, boosting housekeeping efficiency & identifying specific customer needs.

Session 14 (Digital Trends in Wine Industry)

The Session 14 on topic 'Digital Trends in Wine Industry' was held on 25 November 2022 between 2– 3:30 PM on MS Team. The resource person was Dr. Ashok Kumar, Senior Lecturer, IHMCT&AN, Shillong, Meghalaya. The moderator of the session was Mr. Subrata Pal. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Dr. Ashok Kumar profoundly explained the topic with the help of a PPT & said that wine industry has always been driven by science, technology and innovation. The latest wave of technology-driven change is focused on artificial intelligence (AI), the internet of things, augmented reality and blockchain. The winemakers and sellers are facing challenges posed by climate change, as well as growing demand from consumers for traceability and accountability across their supply chains. Technologies will help create new solutions as well as drive efficiencies and reduce waste. They are also leading to new ways for consumers to experience drinking wine.

Valedictory Session

The Valedictory Session was held on 25 November 2022 between 3:30-4:00 PM on MS Team. The moderator of the session was Dr. Ruchika Kulshreshtha. The session was attended by 358 faculty members (11 faculty members of ASH & 347 outside faculty members). Vote of Thanks was given to all the esteemed

resource persons of the FDP one by one who took out time from their busy schedules & educated all the participants of the FDP on several important topics.

3.2 Inspiration & Objectives of the Event - To educate teaching fraternity regarding impact of digitalization on the tourism & hospitality industry.

3.3 Brief about the address/talk of speaker - mentioned in the 'General Introduction of the Event'.

3.4 'Take Homes' for the Guest and Attendees - The attendees learnt about the impact of digitalization on the tourism & hospitality industry & the guest speakers/resource persons expressed their interest in delivering more of such expert talks in future.

3.5 Future plan for utilizing the contacts developed with the Invited Guest – ASH will try to collaborate with the resource persons of this FDP for conducting such expert talks in future as & when required.

3.6 Budget of the Event (Budget Sanctioned, Total Expenditure & Revenue Generated) - NIL

3.7 Details of Awards if Any: NIL

9 Robotic Housekeeping Team

Sushant University
Bharatiya Anand University Group

- An emerging housekeeping technology that is gaining popularity involves the use of robotics to assist the housekeeping department. This can help to alleviate much of the pressure that is on room attendants and other housekeeping employees, and robots have a number of additional benefits too.
- On the more basic end, the use of robotic vacuum cleaners is gaining traction within the hotel industry and among consumers as a whole, allowing for the cleaning of floors to be carried out without human intervention. This technology is only going to improve in the years ahead, as artificial intelligence and machine learning evolve.
- However, robotics can potentially go much further than this. Some hotels have already started to experiment with cleaning robots that can carry out a wider range of tasks, and some businesses are starting to use robots for data gathering purposes too. These robots can be used to make more informed decisions about which tasks should be carried out, what the order of priority should be, and when the best time to perform those tasks would be.

WORKSHOP ON HANEN PROGRAM (CANADA BASED CERTIFICATION AGENCY) "IT TAKES TWO TO TALK."

The "It Takes Two to Talk Program" is designed specifically for parents of young children (birth to 5 years of age) who have been identified as having a language delay. In a small, personalized group setting, parents learn practical strategies to help their children learn language naturally throughout their day together.

OBJECTIVE

To help families support their child's communication goals during the everyday situations that are already happening in the child's life.

WHO SHALL ATTEND

Students & Faculty members of AUH

OUTCOME OF THE WORKSHOP

Students were sensitized about the importance of parent's involvement in speech-language intervention. Students learnt about parent centric approach for the management of children with speech and language disorders. Students learnt about importance of lesson plans and group discussions.

FIVE DAY STUDENTS' AVANT GARDE DESIGNS- COMPETITION (DESIGN)

On International Women's Day, Amity Institute of Design organized a Design Competition on 'Women's Wear- AVANT GARDE DESIGNS'. Avant-garde is originally a French term, meaning in English vanguard or advance guard (the part of an army that goes forward ahead of the rest). It first appeared with reference to art in France in the first half of the nineteenth century, and is usually credited to the influential thinker Henri de Saint-Simon, one of the forerunners of socialism.

OBJECTIVE

To deliver a high standard of fashion & interior design – generally above and beyond that of a normal design in the market.
To increase the competitive spirit among the students.

WHO SHALL ATTEND

Students & Faculty members of AUH

OUTCOME OF THE COMPETITION

Students learn a lot from design competitions. It can give them an accurate assessment of where a student is currently in their educational journey and what they are capable of. They can also recognise the student's personality and aptitude in specific areas, which can help them guide the student better.

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event

On International Women's Day, Amity Institute of Design organized a Design Competition on 'Women's Wear- AVANT GARDE DESIGNS'. Avant-garde is originally a French term, meaning in English vanguard or advance guard (the part of an army that goes forward ahead of the rest). It first appeared with reference to art in France in the first half of the nineteenth century, and is usually credited to the influential thinker Henri de Saint-Simon, one of the forerunners of socialism. He believed in the social power of the arts and saw artists, alongside scientists and industrialists, as the leaders of a new society. Fashion Design students were asked to design an Avant Garde design garment and illustrate using any colour medium. While Interior design students participants designed interior wallpapers on the respective theme. To fully grasp the concept and its importance, Avant-garde can be viewed as experimental because it has something to do with constantly being on the edge, thinking forward and exploring new possibilities. Mirroring the times in which we are living provides a relevance to the form of expression of the artist." By relying on social context, the artists explore and creates blindly, in an experimental approach to discovering where the artistic inspiration will take him. With trying different ways of doing something comes innovation and thus, progress.

Ms. Aditi Sharma
Ar. Swati Sharma

3.2 Inspiration & Objectives of the Event

- To deliver a high standard of fashion & interior design – generally above and beyond that of a normal design in the market.
- To increase the competitive spirit among the students.

3.3 Brief about the address/talk of speakers.

3.4 'Take Homes' for the Guest and Attendees

- Students learn a lot from design competitions. It can give them an accurate assessment of where a student is currently in their educational journey and what they are capable of. They can also recognise the student's personality and aptitude in specific areas, which can help them guide the student better.
- Through the medium of competition, your students will learn to handle disappointment, rejection, and even failure. They will also have the support of their teachers and parents as they are navigating through these experiences, which often isn't available after they leave university.
- Ultimately, competitions can go a long way in strengthening academic concepts for students. Competitions usually utilise a combination of curriculum learning and real-life challenges. It ensures that students know what is in these competitions but are also challenged simultaneously.

3.5 Future plan for utilizing the contacts developed with the Invited Guests:

Future Competitions & Jury's.

3.6 Budget of the Event (Budget Sanctioned, Total Expenditure Revenue Generated): NIL

3.7 Details of Awards if Any:

| Awardee Details | Award / Position / Recognition Secured | Title of Innovation/ Start-up Secured the Award / Recognition | Award/Recognition/ Achievement Received for |
|-----------------|--|---|---|
| E-Certificate | | Certificate of Excellence | For the Winners |
| E-Certificate | | Certificate of Participation | For the Participants |

DETAILS OF WINNER: -

DRESS

1st Winner- Tapaswani Nayak (B.DES FD, 4th Sem)

2nd Winner- Piyali Roy (B.DES FD, 2nd Sem)

WALLPAPER

1st Winner- Ablin (BID II Sem)

2nd Winner- Komal Behani (BID II Sem)

AMITY UNIVERSITY HARYANA

Amity University Haryana with a legacy of world class academic infrastructure is a part of Amity Education Group, a pioneer of global culture in education in India. AUH - a research and innovation driven university, is built on a foundation, which embodies the qualities that have made Amity institutes world class. Spread over a 110acre green campus in the close proximity of Gurugram, Amity has instituted global standards in education training & research state-of-the-arts infrastructure & latest teaching methodologies.

DATE AND DAY

March 20-24, 2023

QUALITY INITIATIVE By Internal Quality Assurance Cell

WORKSHOP ON PEDAGOGICAL WORKSHOP ON "STATISTICAL AND OPTIMIZATION METHODS"

Pedagogy workshops are designed for graduates to enhance evolving understanding of topics such as Data and sampling, Probability Theory, Linear Programming, Transportation Problem and Game Theory.

OBJECTIVE

To equip the teachers with a variety of activities in teaching and learning Mathematics. To strengthen the teachers in planning and visualizing lessons. To make Subject-Mathematics more interesting, interactive, and enjoyable.

WHO SHALL ATTEND

Students & Faculty members of AUH

OUTCOME OF THE WORKSHOP

To make students aware of general Mathematics

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr NC Mowli, Prof and HOD, Dept. of Mathematics.

Registrar
Amity University Haryana
Manesar Gurgaon-122413

Directorate of Outcome

Outcome Report(Event/Activity Organized @ AUH)

1. General Information

Date: March 20-24, 2023

Event Type: Workshop

Event Title: Pedagogical workshop on "Statistical and Optimization methods

Event Theme: Pedagogy workshop is designed for graduate to enhance evolving understanding of topics such Data and sampling, Probability Theory, Linear Programming, Transportation Problem and Game Theory.

Venue: D-307, AUH.

Web/Video Link of the Event: NA

Organized by: Department of Mathematics, ASAS, AUH

In collaboration with: Amity School of Engineering and Technology, AUH

Event Level: Institutional

Student Participation*:29

No. of Students from AUH (Course wise):- BCA – 19, B.Sc. IT – 10, Total- 39

Faculty Participation*: None

No. of Faculty Members from AUH (Deptt. wise): (Department of Mathematics)- 10

Participation from outside AUH*: NA

No. of Students & Faculty Members-NA

(Enclose attendance sheets in given format)

Event Coordinator(s) with designation:

1. Dr NC Mowli, Prof and HOD, Dept. of Mathematics.
2. Dr Sudeshna Ghosh, Associate Prof, Dept. of Mathematics
3. Dr Dimple Singh, Assistant professor, Dept. of Mathematics
4. Dr Amit Kumar Sharma, Assistant professor, Dept. of Mathematics
5. Dr Reeta Bhardwaj, Assistant professor, Dept. of Mathematics
6. Dr Sunita Kumawat, Associate Prof, Dept. of Mathematics, AUH

Details of Expert/Speaker/Resource Person/Judge:

| S N | Country Name | Expert Name | Organization Name | Designation | Specialization | Contact No. | E-mail Id | CV of Expert (Yes/No) | Major Areas where Amity can Collaborate with expert | Recommended by |
|-----|--------------|-----------------------|-------------------|---------------------|------------------------|-------------|------------------------|-----------------------|---|----------------|
| 1 | INDIA | Dr. Kamal Kumar | AUH | Assistant Professor | Data & Sampling | 8057485265 | kkumar10@ggn.amity.edu | On request | Data & Sampling | HOI, ASAS |
| 2 | INDIA | Dr. Gagandeep Kaur | AUH | Assistant Professor | Probability Theory | 9872573204 | gkaur@ggn.amity.edu | On request | Probability Theory | HOI, ASAS |
| 3 | INDIA | Dr. Sarika Jain | AUH | Assistant Professor | Transportation Problem | 8130244211 | sjain2@ggn.amity.edu | On request | Transportation Problem | HOI, ASAS |
| 4 | INDIA | Dr. Vijay Kumar Yadav | AUH | Assistant Professor | Linear Programming | 9918140924 | vkyadav1@ggn.amity.edu | On request | Linear Programming | HOI, ASAS |

Criteria of Inviting Resource Person

All the speakers are eminent professors in the field of Mathematics at Amity University and published several research papers in their respective area of research.

Were the guest known in advance and if yes, from what previous interaction (Write a paragraph)? Yes

2. Outcome of the Event with Time Lines (Proposed/Achieved)

| Envisaged Outcome | Tangible/ Intangible | Achieved/ Proposed | Target date & responsibilities (if proposed) | Details of outcome |
|---|-------------------------|-----------------------|---|--|
| 1. Outcome related to Academia Connect | | | | |
| a) Collaborations for Research Papers/Conference Papers/ Book Chapter etc. | Tangible | | | <i>Interested in collaboration with faculties having same area of research</i> |
| b) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments etc. | NA | | | |
| c) Collaboration for Funded Projects | NA | | | |
| 2. Outcome related to Industry Connect | | | | |
| a) Placement | NA | | | |
| b) Collaborations for Research Papers | NA | | | |
| c) Collaborations & MOU for Research Guidance [PhD, PG & UG (summer training, Dissertation)] & Projects/Use of Instruments | NA | | | |
| d) Collaboration for Funded Projects | NA | | | |
| 3. Outcome related to Society Outreach | | | | |
| a) Benefit to society in terms of Health & Hygiene | NA | | | |
| b) Benefit to society in terms of Education | NA | | | |
| 4. Outcome related to Students Learning & Grooming | | | | |
| | | | | To make students aware of general Mathematics |
| 5. Any other | | | | |
| NA | | | | |

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event : Programme Schedule

20/03/2023:

Dr Kamal Kumar covered all the basic and major topics of data and sampling.

21/03/2023:

The concept of probability theory and its application was introduced by Dr Gagadeep Kaur.

22/03/2023:

Dr Vijay Kumar Yadav, delivered lectures on Linear Programming and its application in day to day life. He taught some methods to solve problems of Linear Programming.

23/03/2023:

Dr Sarika Jain presented effective approach to solve problems related to Transportation Problem and Game Theory

24/03/2023: Students were given practice assignments at the end of session of the workshop.

3.2 Inspiration & Objectives of the Event

The Workshop is designed for graduate students to enhance evolving understanding of topics such as Data and sampling, Probability Theory, Linear Programming, Transportation Problem and Game Theory.

3.3 Brief about the address/talk of speakers:

The speakers spoke about the various concepts related to Statistical and Optimization methods in the 5-day Pedagogical workshop. They covered basics and advanced topics in Data and sampling, Probability Theory, Linear Programming, Transportation Problem and Game Theory.

3.4 'Take Homes' for the Guest and Attendees :

In-depth knowledge of Data and sampling, Probability Theory, Linear Programming, Transportation Problem and Game Theory.

3.5 Future plan for utilizing the contacts developed with the Invited Guests:

For active collaboration in the area of research of the speakers.

3.6 Budget of the Event (Budget Sanctioned, Total Expenditure & Revenue Generated): NA

3.7 Details of Awards if Any: NA

QUALITY INITIATIVE By Internal Quality Assurance Cell

FIVE DAYS ONLINE FACULTY DEVELOPMENT PROGRAM (FDP) ON 'TECHNOLOGICAL ADVANCEMENT IN TOURISM & HOSPITALITY INDUSTRY'

Some of the key trends in this field include the increasing use of AI and machine learning, mobile technology, VR and AR, and data analytics and reporting tools. However, it is important for tourism & hospitality industry to strike a balance between the use of technology and the personal interactions that guests expect.

OBJECTIVE

Technological Advancement in Tourism & Hospitality Industry

WHO SHALL ATTEND

Faculty members of AUH

OUTCOME OF THE FDP

The tourism & hospitality teaching fraternity gained a plethora of knowledge & information regarding technological advancement in the tourism & hospitality industry.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Dr. Garima Parkash – Director, HOI & Professor, ASH

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event – Association of Indian Universities (AIU) – Amity University Haryana, Gurugram (AUH) – Academic and Administrative Development Centre (AADC) - Amity School of Hospitality (ASH) - Amity Academic Staff College, AUH organized Five Days Online Faculty Development Programme (FDP) on ‘Technological Advancement in Tourism & Hospitality Industry’ from 20-24 March 2023 on MS Team. The faculty coordinators were Dr. Garima Parkash, Dr. Ruchika Kulshrestha & Mr. Akshay Nain. The objective to conduct this event was to educate tourism & hospitality teaching fraternity regarding technological advancement in the tourism & hospitality industry. The event was registered & attended by a total of 310 faculty members (10 faculty members of ASH & 300 outside faculty members). The FDP comprised of 14 sessions. The details of each session are as follows -

Day 1 (20 March 2023)

Inaugural Session

The Inaugural Session was held on 20 March 2023 between 10-11:30 AM on MS Team. The inaugural session commenced with Amity Education Group age-old tradition of Lamp Lighting (Virtual) & Saraswati Vandana. Thereafter, opening remarks were given by Dr. Sanjna Vij – Program Director, Amity Academic Staff College, Amity University Haryana. She focused on how technology is enhancing the tourism and hospitality industry.

Thereafter, a brief address was given by Prof. Dr. Vikas Madhukar, Hon’ble Pro-Vice Chancellor, Amity University Haryana. In his speech he addressed on how industry is growing after pandemics. He also stressed on the use of technology and its integration, implementation, advancements in the forthcoming years. He also focused on the productivity and profitability for both customers and organizations. The session was followed by the address of Honorable Vice Chancellor, Prof. Dr. P. B. Sharma, Amity University Haryana. He focused on technology, millets, healthy food for the healthy mind and soul. With this he is shown his concern, care and integration to prepare the agenda for service and training. Prof. Dr. Manohar Sajnani, Dean – Faculty of Hospitality & Tourism & Director – Amity Institute of Travel & Tourism, Amity University Uttar Pradesh briefed the relevance of the service industry and its upgradation towards 6.0, use of chatbots etc. Dr. Amarendra Pani, Joint Director & Head – Research Division, Association of Indian Universities (AIU), New Delhi explained how technology can be deployed to enhance the customer experience before, during and after the trip. Maj. Dr. Gulshan Sharma, Director General, International Chamber for Service Industry (ICSI) focused on incorporating the travel trade, to give the research projects to the students. He also focused on implementing domestic tourism as an integral part of the syllabi. He also motivated the participants to be the part of the MICE industry. Mr. Ashish Kumar, Co-Chairman, FICCI Travel Technology & Digital Committee addressed the session and explained about the adaptation factor in tourism and hospitality industry. He also focused on technological contents and advised to run with the pace. A brief address was given by Prof. Dr. Garima Parkash – Director, Amity School of Hospitality, Amity University Haryana. She also gave the vote of thanks to the dignitaries. The session was moderated by Dr. Ruchika Kulshrestha, the Organizing Secretary of the Faculty Development Programme. The session was coordinated by Mr. Akshay Nain, Faculty, Amity University Haryana.

Session 1 (Optimization of Front Office through Technology)

The Session 1 on topic ‘Optimization of Front Office through Technology’ was held on 20 March 2023 between 11:35 AM – 1:05 PM on MS Team. The resource person was Mr. Ashish Srivastava, Hospitality Manager, IIT Mandi, Himachal Pradesh. The moderator of the session was Mr. Akshay Nain. Mr. Ashish Srivastava profoundly explained the topic with the help of a PPT & said that cloud-based technology, self-check-in technology, specialized mobile apps, smart mobile keys, digital concierge technology, robotic staff, artificial intelligence based smart virtual assistants & chatbots are the major technological advancements in the hotel front office. The Cloud-based Property Management Systems (PMS) are likely to be adopted on a macro scale. Cloud solutions for the hotel front office help hotel operations by allowing systems to move from a physical location onto the internet. Many hotels now use a self-check-in kiosk which is a convenient one-stop facility that can read debit and credit cards, accept cash payments, print receipts and handle other aspects of the check-in process. A hotel app allows guests to book rooms, check-in, check-out, order room service, contact front office and communicate with front office staff in real-time, without having to call down

or leave the room. Payments can also be handled via the hotel app, making stay easier for the guest and also providing additional opportunities to increase revenue for the hotel.

Session 2 (Next Generation Hotels)

The Session 2 on topic ‘Next Generation Hotels’ was held on 20 March 2023 between 2– 3:30 PM on MS Team. The resource person was Mr. Arunangshu Bhattacharya, Deputy Director & Professor, Amity School of Hospitality, Amity University Haryana. The moderator of the session was Mr. Mohammad Soyav. Mr. Arunangshu Bhattacharya profoundly explained the topic with the help of a PPT & said that today most of the traditional hotels operate in silos defined by brands and spaces. Next Generation Hotels will build bridges to access new resources, balance resources to bring new life to existing capabilities, mobilize current resources for new partnerships and merge outside potential into new opportunity areas. Hotels are in a phase of significant evolution and opportunity. The changes in the tourism, travel and hospitality industry are challenging hotels to move beyond brand identity and extend and deepen their relationships with travelers. Technological innovations, changing customer demands and new competitive threats are pushing hotels to offer increasingly personal & uniquely tailored experiences for every guest on every visit. Very soon next generation hotels are going to evolve. The characteristic features of next generation hotels will be contactless payments, mobile door keys, facial recognition, personal voice assistance, hotel robots, online monitoring systems, chatbots & artificial intelligence.

Day 2 (21 March 2023)

Session 3 (Intelligent Cooking)

The Session 3 on topic ‘Intelligent Cooking’ was held on 21 March 2023 between 10-11:30 AM on MS Team. The resource person was Dr. Kunal Seth, Professor, Amity School of Hospitality, Amity University Haryana. The moderator of the session was Dr. Vinod Kumar Chauhan. Dr. Kunal Seth profoundly explained the topic with the help of a PPT & said that intelligent cooking is the usage of intelligent cum smart cooking machines that work through internet to cook food & are controlled by the mobile phones. These machines are easy to use, have wireless connectivity & are programmed with several step-by-step guided cooking recipes. These machines also have accessories such as steamer, simmering basket, butterfly whisk, spatula etc. Intelligent Cooking is a time-saving, fun & sustainable cooking. Intelligent Cooking cooks a particular food for optimal required time & at optimal temperature to produce best taste, aroma & texture. Just imagine when you wake up in the morning and get a ready-made coffee of your favorite texture and taste, it boosts you. By any chance if you forgot to turn off your cooking appliance, you will burn your food. But with intelligent cum smart cooking appliance, you can easily control food burning point. It has proved to be a revolutionary innovation for people with special abilities. Blind and people with impaired hearing can use keyboard navigation or automated voice transcription. The Internet of Things and Artificial Intelligence has made it possible for people with special ability to feel more empowered as they are not dependent on anyone. Internet of Things has made the usage of intelligent cum smart appliances so easy for old aged people too.

Session 4 (Virtual Technology - A Game Changer in Tourism)

The Session 4 on topic ‘Virtual Technology - A Game Changer in Tourism’ was held on 21 March 2023 between 11:35 AM – 1:05 PM on MS Team. The resource person was Mr. Anil Shashwat, Founder & Director, Holiday Host, New Delhi. The moderator of the session was Ms. Anishka Pachauri. Mr. Anil Shashwat profoundly explained the topic with the help of a PPT & said that evolving virtual technology is making an impact on how people travel and the functioning of tourism-related businesses. As people have become more informed when it comes to their travelogue, the travel industry must invest heavily in a wide range of technology-enabled solutions that can offer an enhanced experience to people. According to a Google study, 74% of travellers plan their trips with the assistance of the Internet. The Internet revolution has spurred people to explore those regions or locations which were a distant dream for travellers. With the Internet of Things (IoT), the major transformation which we witness during our travel is integrating sensors connected to the internet inside items like cars, suitcases, buildings etc. It will make the travelling experience more personalized for a traveller as with the help of Internet of Things (IoT), a user can keep track of his/her luggage at the airport or other public platforms besides controlling their room’s temperature even before entering the hotel.

Session 5 (Strategies for Sustainable Green Hotels and Design: A Technical Approach)

The Session 5 on topic ‘Strategies for Sustainable Green Hotels and Design: A Technical Approach’ was held on 21 March 2023 between 2–3:30 PM on MS Team. The resource person was Dr. Varsha Khetrpal, HOD-Planning, School of Art & Architecture, Sushant University, Gurgaon. The moderator of the session was Mr. Shivansh Soni. Dr. Varsha Khetrpal profoundly explained the topic with the help of a PPT & said that Sustainable Green Hotels significantly reduce harmful impact on environment by adopting green practices in terms of their maintenance, services, logistics, products and supplies. The core elements revolve around reducing waste, saving energy and cutting down on water usage. There are many steps a hotel must take to move toward sustainability. Some of them are major capital expenditures, such as replacement of the HVAC system while others are easy to implement and even low-cost such as establishing processes to compost waste which will support sustainable gardening practices in hotels, donating unused or leftover food to various local and national food banks, using aerators on bathroom sinks to reduce water usage, replacing standard toilets with reduced water flow flush versions, swapping out traditional lights with energy-saving lights with sensors to automatically turn them on or off & brighten or dim, cutting the plastic usage, supporting local producers & vendors, reducing carbon emissions, solar panel installations, energy star rated heating & cooling systems, geo-thermal cooling towers, water recovery systems & recycling systems.

Day 3 (22 March 2023)

Session 6 (Impact of Robotics in Tourism Industry)

The Session 6 on topic ‘Impact of Robotics in Tourism Industry’ was held on 22 March 2023 between 10-11:30 AM on MS Team. The resource person was Dr. Anila Thomas, Associate Professor and Head, Department of Tourism & Travel Management, Jyoti Nivas College, Bangalore. The moderator of the session was Ms. Anishka Pachauri. Dr. Anila Thomas profoundly explained the topic with the help of a PPT & said that tourism industry is deploying robots to fundamentally change the tourist experience. Tourists can ask these robots questions, find out information and even get them to perform key tasks. Many of these robots also understand and communicate in multiple languages. There are a variety of other uses for robots within the tourism, travel & hospitality industry. These include robotic luggage porters and butlers, which can navigate hotels and provide valuable services for customers, and these robots are capable of handling check-ins and check-outs. Robots deliver greater consistency and accuracy than humans and are often quicker than humans & handle operations of tourism, travel & hospitality industry tirelessly 24x7. Among the most innovative uses of robots within the tourism industry so far is, Travelmate, a robotic suitcase, which removes the hassle of travel. This suitcase can follow its owner autonomously, utilizing collision detection technology and 360-degree turning capabilities, removing the need to carry the suitcase. Robots are also used to amuse & entertain customers many a times.

Session 7 (Artificial Intelligence in the Travel Industry)

The Session 7 on topic ‘Artificial Intelligence in the Travel Industry’ was held on 22 March 2023 between 11:35 AM – 1:05 PM on MS Team. The resource person was Dr. Pankaj Tyagi, Professor, Chandigarh University. The moderator of the session was Mr. Subir Kumar Malakar. Dr. Pankaj Tyagi profoundly explained the topic with the help of a PPT & said that Artificial Intelligence has made advances in many industries since it was invented. The ever-changing travel industry is also taking advantage of Artificial Intelligence to revolutionize the way it operates. As a result, now-a-days, travel companies highly leverage Artificial Intelligence-powered tools and solutions for various processes from travel planning to landing in the destination. Currently, Artificial Intelligence has been incorporated into many areas of the travel and tourism industry, making lives easier for travelers around the globe. For instance, there are some widely used forms of Artificial Intelligence in airports these days, such as facial recognition systems and airport security scanning devices. Thanks to Artificial Intelligence, travelers no longer need to visit travel agencies to book flights or search for accommodation. Artificial Intelligence assistants and Intelligent chatbots have now taken the place of travel agents allowing travelers to book flights and accommodations and hire vehicles online. These chatbots are deployed in social media sites like Facebook, Messenger, Skype, WhatsApp, Viber etc. to offer users a more personalized booking experience.

Session 8 (Relationship between Pedagogy, Learning and Technology)

The Session 8 on topic ‘Relationship between Pedagogy, Learning and Technology’ was held on 22 March 2023 between 2–3:30 PM on MS Team. The resource person was Dr. Amitabh Dey, Principal, IHM Guwahati. The moderator of the session was Dr. Kumari Shiwani. Dr. Amitabh Dey profoundly explained the topic with the help of a PPT & said that Pedagogy is defined as the specific approach educators take to

get their message across to a group of students. Technology-based pedagogy involves using electronic or digital tools, media and resources to enhance a student's learning experience. A teacher will manage and coordinate instructional aides to facilitate effective learning, along with selecting technology based on the learning needs of students. Pedagogy in education has long been centered on traditional techniques, such as face-to-face lectures and pen & paper. However, the rise of technology-based tools within the education sector has shaken things up a bit. Tools like virtual and augmented reality have enriched classroom learning. For example, teachers can take their pupils on a virtual educational field trip they may not otherwise get to travel to. The use of 3D printing opens another door for students to flex their critical thinking, creativity and imagination while learning how to use a piece of innovative technology. The use of technology-based applications in pedagogy creates a hands-on, interactive experience for students in all disciplines of all ages.

Day 4 (23 March 2023)

Session 9 (New Technological Pathways in HR Practices in Hotels)

The Session 9 on topic 'New Technological Pathways in HR Practices in Hotels' was held on 23 March 2023 between 10-11:30 AM on MS Team. The resource person was Mr. Munish Kohli, Human Resource Manager, Four Points by Sheraton, New Delhi. The moderator of the session was Dr. Kunal Seth. Mr. Munish Kohli said that many technological advancements have been introduced in human resource management sector to make the system more transparent, convenient and efficient. Human Resource Technologies have emerged as the prime focus for organisations, helping them to reach their goals. If a company is quick enough to adapt to any business line, the HR technologies can help in identifying and leveraging the skills of the staff members and employees to assist the business in excelling in a new direction. Data analytics is essential in Human Resource Management because it helps define retention and hiring plans. It not only helps with quick and better decision making, but also makes the administration processes easier. Data Analytics also helps in smoother, convenient and transparent collection of employee feedback and employee surveys. Internet of Things is a game-changer in the Human Resource Management sector. It is because of Internet of Things that employers can now have access to performance data of employees. It helps the human resource managers simplify the evaluation and appraisal process, making the human resource-related work in the organization more accurate and streamlined. This saves a lot of time and effort.

Session 10 (F&B Guest Experience through Technology)

The Session 10 on topic 'F&B Guest Experience through Technology' was held on 23 March 2023 between 11:35 AM – 1:05 PM on MS Team. The resource person was Mr. Deeptiman Bhattacharya, Assistant Training Manager, Taj Sats Air Catering Limited, Bengaluru. The moderator of the session was Dr. Kumari Shiwani. Mr. Deeptiman Bhattacharya profoundly explained the topic with the help of a PPT & said that incorporating technology in the food & beverage outlets is vital for improving efficiency and the customer experience. For instance, using digital menu boards in the food & beverage outlets allow customers to view available offers and place & send orders to the kitchen directly. Digital menu boards also reduce manual errors in the kitchen because orders placed directly by customers are accurate. Other technologies that improve customer experience in food & beverage outlets include bill splitting apps, online reservations and self-service kiosks. Food ordering and delivery apps like Deliveroo, Ubereats and Menulog allow you to order your favorite food and have it delivered to your doorsteps. Plus, you can pay online as well. These apps offer many benefits not only to consumers but also food & beverage outlet owners. By providing new technological mechanisms, food & beverage outlets enjoy increased online visibility, customer satisfaction and reduced expenses.

Session 11 (Technological Trends in Room Division)

The Session 11 on topic 'Technological Trends in Room Division' was held on 23 March 2023 between 2–3:30 PM on MS Team. The resource person was Ms. Neeraj Sharma, Executive Housekeeper, GMR, New Delhi. The moderator of the session was Dr. Vinod Kumar Chauhan. Ms. Neeraj Sharma profoundly explained the topic with the help of a PPT & said that room service apps, HD voice controlled & touch screen thermostats, service robots, smart bathrooms, interactive TV's, In-Room Tablets, showers customized to body temperature, greener linens, air filter systems, in-room exercise, smart lighting, MP3 docking stations etc. are major technological trends in hotel rooms. Starwood Hotels provide keyless entry to guests through its SPG app. More and more hotels are expected to switch to app-based entry systems soon. Guests can watch high-definition TV in mirrors, usually while enjoying a bathroom, sauna, or swimming pool. Hotels

are increasingly adding thermostat technology that will allow guests to adjust the temperature in their rooms with a smartphone, even if they aren't on the premises. At many hotels, guests can now stream their computers, phones, or tablets directly to the large, high-definition televisions in their rooms. This allows guests to work on these screens, or to use them to watch content via streaming services such as Hulu and Netflix.

Day 5 (24 March 2023)

Session 12 (Ethics of Artificial Intelligence in Tourism and Hospitality Industry)

The Session 12 on topic 'Ethics of Artificial Intelligence in Tourism and Hospitality Industry' was held on 24 March 2023 between 10-11:30 AM on MS Team. The resource person was Dr. Milind, Principal – School of Tourism & Hotel Management, NSHM Knowledge Campus, Durgapur & Kolkata. The moderator of the session was Mr. Subir Kumar Malakar. Dr. Milind profoundly explained the topic with the help of a PPT & said that artificial intelligence ethics is a set of guidelines that advise on the design and outcomes of artificial intelligence. The artificial intelligence systems in the tourism & hospitality industry must be ethical. Artificial Intelligence systems must not compromise with safety, security & privacy of tourists & hotel guests. AI systems must be transparent and prioritize & safeguard consumer's data rights and provide explicit assurances to users about how their personal data will be used and protected. AI systems must be capable of actively defending itself from malicious cyber-attacks. AI systems must be responsible, equitable, traceable, reliable & governable in order to win trust of tourists & hotel guests. The AI systems in tourism and hospitality industry must be fair & un-biased. The AI systems must be free from any kind of discrimination with respect to tourists & hotel guests. AI systems must be safe & trustworthy.

Valedictory Session

The Valedictory Session was held on 24 March 2023 between 12 PM – 1 PM on MS Team. The chief guest was Prof. Dr. Manohar Sajnani, Dean - Faculty of Hospitality and Tourism, Director - Amity Institute of Travel and Tourism, Mentor – Amity School of Film & Drama & Amity School of Communication, Amity University Uttar Pradesh. The moderator of the session was Mr. Akshay Nain. Prof. Dr. Manohar Sajnani said that technology is constantly evolving & there is notable rise in digitization & technological developments in the tourism & hospitality industry. The tourists & hotel guests these days book and manage their trips entirely online with the help of mobile applications, online platforms, websites & artificial intelligence chatbots. The data available at tourism & hospitality related websites provide smart recommendation to tourists & hotel guests in terms of flight deals, car rentals, room bookings, sight-seeing etc. Contactless travel has become a major trend in the tourism & hospitality industry now a days. This includes processes like contactless flight check-ins, contactless hotel check-ins and contactless payments. Also, robots are widely getting used in tourism & hospitality industry to provide prompt & flawless service to tourists & hotel guests. Travel Blogs are also in trend which help the tourists in exploring any particular tourist destination worldwide. The use of social media also provides the best possible tourism, travel & hospitality ideas & tips. Vote of Thanks was given to all the esteemed resource persons of the FDP one by one who took out time from their busy schedules & educated all the participants of the FDP on several important topics.

3.2 Inspiration & Objectives of the Event - To educate teaching fraternity regarding technological advancement in tourism & hospitality industry.

3.3 Brief about the address/talk of speaker - mentioned in the 'General Introduction of the Event'.

3.4 'Take Homes' for the Guest and Attendees - The attendees learnt about technological advancement in the tourism & hospitality industry & the guest speakers/resource persons expressed their interest in delivering more of such expert talks in future.

3.5 Future plan for utilizing the contacts developed with the Invited Guest – ASH will try to collaborate with the resource persons of this FDP for conducting such expert talks in future as & when required.

3.6 Budget of the Event (Budget Sanctioned, Total Expenditure & Revenue Generated) - NIL

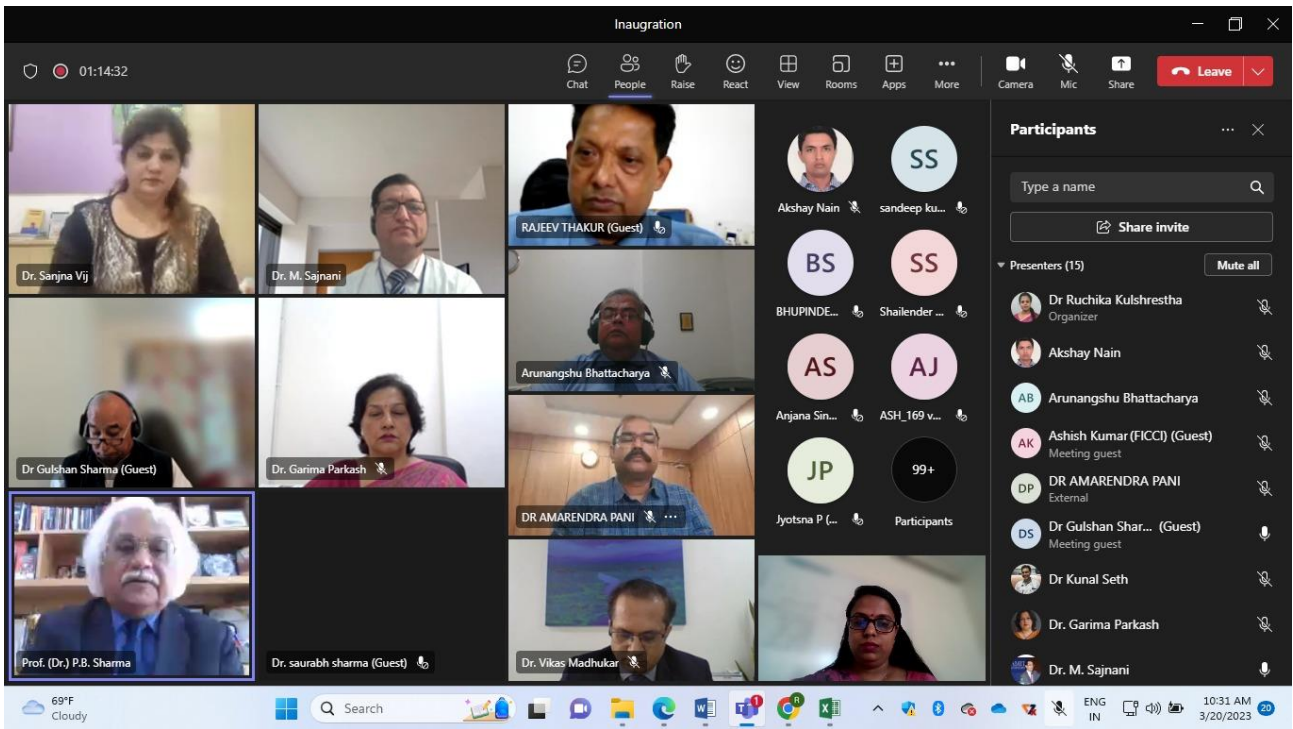

3.7 Details of Awards if Any: NIL

3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event

The FDP aimed to impart the faculty members from various universities and courses, a comprehensive orientation to the Indian cultural heritage, so as to comprehend the indigenous building technologies as a manifest of the culturally rooted knowledge systems of India.

3.2 Inspiration & Objectives of the Event

On the occasion of World Heritage Day & International Day for Monuments and Sites, the FDP was organized to spread awareness on the conservation and protection of Indian heritage.

Learning objectives included

- An understanding of the gaps in the historical record especially in relationship to unrecognised built heritage and steps to be taken. 3.
- An understanding of technological resources for overcoming the difficulties involved in preserving resources from the recent past, intangible cultural heritage, and major sites of cultural significance— aspects that are overwhelmingly crucial in complicated urban landscapes.
- An in-depth understanding of the relationship between heritage conservation and its allied disciplines

3.3 Brief about the address/talk of speakers

Major topics discussed were Indian heritage and its influence over the world, vernacular architecture, role and significance of Historic trade routes in cultural heritage, conservation initiatives and technology used by various organizations in India

3.4 'Take Homes' for the Guest and Attendees

The participants were able to understand the significance of heritage conservation and documentation. They were able to get a sound understanding of various indigenous technology, materials and techniques used in the past.

3.5 Future plan for utilizing the contacts developed with the Invited Guests

The guests could be invited for conducting workshops or Research Colloquium/FDPs

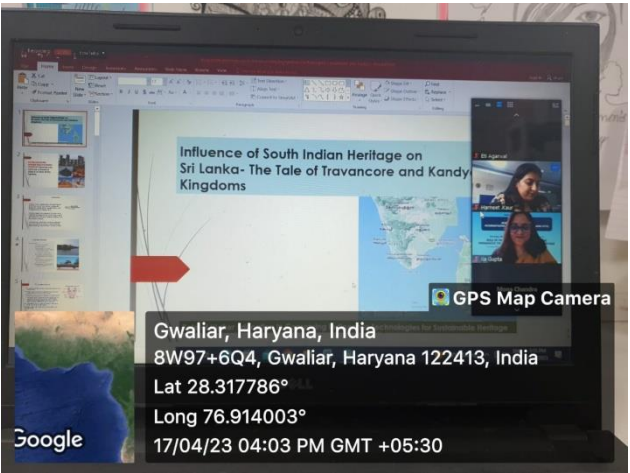

3.6 Budget of the Event(Budget Sanctioned, Total Expenditure & Revenue Generated)

500 INR per person (indian), 10\$ per person(foreign)

3.7 Details of Awards if Any:

| Awardee Details | Award / Position / Recognition Secured | Title of Innovation/ Start-up Secured the Award / Recognition | Award/Recognition/ Achievement Received for |

QUALITY INITIATIVE By Internal Quality Assurance Cell

FDP- ROLE OF HIGHER EDUCATION IN CONSERVING INDIGENOUS TECHNOLOGIES FOR SUSTAINABLE HERITAGE

The FDP aimed to impart the faculty members from various universities and courses, a comprehensive orientation to the Indian cultural heritage, to comprehend the indigenous building technologies as a manifest of the culturally rooted knowledge systems of India.

OBJECTIVE

An understanding of the gaps in the historical record, especially in relationship to unrecognised built heritage and steps to be taken. 3. An understanding of technological resources for overcoming the difficulties involved in preserving resources from the recent past, intangible cultural heritage, and major sites of cultural significance— aspects that are overwhelmingly crucial in complicated urban landscapes. An in-depth understanding of the relationship between heritage conservation and its allied disciplines

WHO SHALL ATTEND

Students & Faculty members of AUH

OUTCOME OF THE FDP

Aimed to sensitize faculty members and development professionals about various initiatives taken to understand, document and conserve India's cultural heritage.

| b) Benefit to society in terms of Education | | | | Helps in spreading awareness towards environmental issues and problems associated with it. How can we invest in making or planet a better place to live. |
| 4. Outcome related to Students Learning &Grooming | | | | |
| | | | | Sustainability is the answer to sustainable prosperity. Smart and Innovative companies are realizing that going green will help us all. It is now vital that all business leaders must become engaged in shaping the future for sustainability. |
| 5. Any other | | | | |
| <p>The major point here is to act in a bold way, innovate in a broad way, and implement in an equitable manner. Every government, every business, and every individual in this world has a voice. There is not going to be one person who can do it all. But now is the time. Together, we can make a difference. We need to act as a team altogether. Sustainability is the answer to sustainable prosperity. Smart and Innovative companies are realizing that going green will help us all. It is now vital that all business leaders must become engaged in shaping the future for sustainability.</p> <p>It's time to take the benefit of a green economy by adopting it. All governments need to encourage society, institutions, and businesses to build a framework for supporting a stable future.</p> | | | | |

3. Event Report along with glimpses of the event(Photographs)

3.1 General Introduction of the Event:

Jal Shakti Abhiyan (JSA):

Catch the Rain

The Amity School of Earth & Environmental Sciences (ASEES) at Amity University Haryana, Gurugram, has organized the Jal Shakti Abhiyan (JSA): Catch The Rain -2023, Govt of India, Ministry of Education, Department of Higher Education as part of Earth Day 2023. Amity School of Earth and Environmental Science (ASEES) along with students and faculty members have celebrated Earth Day week 2023, (19-26

April, 2023) under the theme Catch The Rain and Invest in Our Planet. Following student centric programmes had been organized and conducted successfully with overall participation of students under guidance of faculty members.

3.2 Inspiration & Objectives of the Event:

Earth Day is an annual celebration that honors the achievements of the environmental movement and raises awareness of the need to protect Earth's natural resources for future generations

The List of events is as follows:

1. Wall Writing: Theme- Catch the Rain and Invest in our Planet.

Inauguration on 19.04.2023 Faculty Coordinator: Dr. Deepika Pandey

2. Slogan writing competition, Theme: Catch the Rain

Faculty Coordinator: Dr. Amrit Kumar

3. Poster making competition, Theme: Catch the Rain and Invest in our Planet

In collaboration with Amity School of Fine Arts, Faculty Coordinator: Mr. Rakesh K Chaudhary and Dr. Shaili S Nigam

4. Online Quiz on Water and Environmental Conservation specially designed for UG II semester students undergoing Environmental Studies Coursework.

Faculty Coordinator: Dr. Sahil Wadhwa.

3.3 Brief about the address/talk of speakers:

The event was inaugurated by Pro Vice Chancellor, Prof. (Dr.) Vikas Madhukar The event started with welcome address by Prof. I.S. Thakur, Director ASEES and the session was briefed by Dr. Kushagra Rajendra, HOD, ASEES. The session was followed by opening remarks and words of motivation by Prof. (Dr.) Vikas Madhukar, Pro Vice Chancellor, he highlighted some of the emerging environmental and water conservation issues being faced by mankind.

The concluding event of display of slogans and posters, wall writings and award deceleration & distribution were conducted on dated 26/04/2023 at Art Gallery in presence of invited guest Prof. Atul Thakur, jury members, faculty and students of Amity School of Earth and Environmental Science and Amity School of Fine Arts. The awards were given by invited guest Prof. Atul Thakur, Prof IS thakur, Dr. Kushagra Rajendra, Mr. Rakesh Chaudhary. The events were overall coordinated by Dr. Puja Singh and the concluding event was anchored by Dr Deepika Pandey. Dr Shaili S Nigam extended vote of thanks to all stakeholders including students, faculty members and university administration.

3.4 'Take Homes' for the Guest and Attendees

Take Home was everyone could relate human behavior to environmental impact. Summarize the negative environmental effects of human consumption. Analyze personal consumption in terms of environmental impact. Create a plan to reduce personal environmental impact.

3.5 Future plan for utilizing the contacts developed with the Invited Guests

3.6 Budget of the Event(Budget Sanctioned, Total Expenditure & Revenue Generated)

QUALITY INITIATIVE By Internal Quality Assurance Cell

TESTING AND SAFETY MEASURES IN TEXTILE LAB WORKSHOP

The textile testing workshop was organized from 1st-5th May'23 by AMITY INSTITUTE OF DESIGN in collaboration with Internal Quality Assurance cell, AUH. Students worked on GSM Cutter, weighing balance, Beasley Balance, snap pull tester, tensile strength testing machine, colour matching cabinet, pilling tester, and crock meter and learn about the testing methods and needs.

OBJECTIVE

To learn about the basic textile testing of fabric like calculation of GSM and EPI, PPI.

- To learn about the snap pull testing procedure.
- To know how to match the colour of two different lot of fabrics.
- To learn about the pilling tester as well as tensile strength testing methodology.

WHO SHALL ATTEND

Students of AUH.

OUTCOME

How to measure GSM, yarn Count, pilling resistance and tensile strength of fabric and learn how to check colorfastness, color variation and snap pull strength etc.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH
Ms. Kavita- Asst. Professor I

QUALITY INITIATIVE By Internal Quality Assurance Cell

ONLINE FDP- BIBLIOMETRIC ANALYSIS, SYSTEMATIC LITERATURE REVIEW AND META ANALYSIS

Bibliometric analysis is a quantitative method which applies mathematical and statistical tools to evaluate the inter-relationships and impacts of publications, authors, institutions, and countries in a specific research area.

OBJECTIVE

To present the meta-analysis technique as a strategy applied to bibliometric research, to unveil the state of the art of the international scientific production, its interactions as areas of knowledge, the collaboration among authors and institutions in the Business Administration area.

WHO SHALL ATTEND

Students & Faculty members of AUH

OUTCOME OF THE FDP

Research results showed that the number of bibliometric studies published in the second decade of the studied period was significantly higher.

ORGANISING MEMBERS

Dr. Sunita Sharma, Deputy Director – IQAC, AUH

General Introduction of the Event

Mr Harish Sharma, Deputy Manager and Mr. Dushyant Singh, Patent Associate, Amity IPR Cell, visited at AUH on Thursday/June 08, 2023, for interaction with faculties, researchers to ensure augmentation and promotion of IP filings.

Inspiration & Objectives of the Event

- Briefing the importance of patent filing for their all research and ongoing project work and further motivating them to file patents, copyright for their novel ideas and concepts.
- To introduce the IPR-working culture in Amity campus with do's and don'ts,
- Addressing on furnishing IP related data to IPR cell as and when requested to respective inventors within stipulated deadline for faster compliance to the IPO office actions,
- To create an awareness amongst the faculty/researcher on Patentable/copyrightable subject matters
- Further, addressing all IPR related queries of faculties and interested persons present at AUH campus.
- Mining the probable patent filings from research scholars and student projects for their novel ideas and concepts.

Brief about the address/talk of speakers

Mr Harish Sharma talk about the importance of patent filing for their all research and ongoing project work and further motivating them to file patents, copyright for their novel ideas. He also encourages the IPR working culture at Amity campus. He created an awareness on Patentable/copyrightable subject matters. Personal interaction of Mr Harish Sharma was conducted with the faculty members to clear the doubts about IPR in their respective fields.

Theme

International Yoga Day (An Initiative for Healthy and Harmonious Humanity)

Summary

The one-day International Yoga Day commenced with Vedic invocation and lighting of knowledge lamp. Amity School of Liberal Arts and Amity Centre for Academic Innovation in collaboration with Dev Sanskriti Vishwavidyalaya, Haridwar and Haryana Yog Aayog, Government of Haryana, organized a remarkable event to commemorate International Yoga Day-2023 on 21st June 2023. The event witnessed an incredible turnout with enthusiastic participation from Yoga enthusiasts and professionals alike. This year, the theme for International Yoga Day 2023 is “Yoga for Vasudhaiva Kutumbakam” and effectively encapsulating our collective aspiration for ‘One Earth, One Family, and One Future’.

The International Yoga Day celebration at AUH kicked off with an invigorating practical yoga session held from 7:00am to 9:00am in the B Block Foyer, guided by expert yoga instructors from Dev Sanskriti Vishwavidyalaya Haridwar, Vivek Subuddhi and Shilpi Verma, the session witnessed active engagement from large numbers of individuals who embraced the essence of yoga through various asanas and exercises. The morning session set the tone for further rejuvenation and enlightenment during the day long celebrations.

Registrar (DOO)

Following the practical yoga session, a thought-provoking yoga-based seminar was organized in the afternoon at Amity University Haryana. The session commenced with a warm welcome address and opening remarks by Dr. Sanjay K. Jha, Director of Amity School of Liberal Arts and also the head of Amity Centre for Sanskrit and Indic Studies. Esteemed speakers included, the Yoga Guru Dr. Ramavatar, Jai Pal Shastri, Member, Haryana Yog Ayog, Dr Rekha Singh, Yoga Guru from World Gayatri Pariwar and Dr Madan Manav, Founder Director, Blissful Life and Prof JK Mehta, Former Professor at AUH and a Yoga Mentor. Dr Rekha Singh made a highly impactful presentation on integrating Yoga, Meditation and Ayurveda in daily life for holistic health and wellbeing of humanity. All the speakers shared their profound reflections on the transformative power of Yoga. The participants were captivated by their insights, gaining a deeper understanding of the holistic benefits of yoga for overall well-being.

The Yoga Day also witnessed research paper presentations for 2 hours by 24 eminent researchers of Yoga and Indian Knowledge System. The student participants were enriched by these presentations, expanding their understanding of yoga's multifaceted nature and its potential applications for their holistic development.

Delivering the thematic address Vice Chancellor of Amity University Haryana, Prof P B Sharma described Yoga as "The science of a Happy, Healthy and a Blissful Life". The founding fathers of our Vedic Sanatan spiritual civilization have mandated Yoga and Meditation as an integral part of our daily life and Sattvic food and prayers for peace and wellbeing of the entire humanity. They further, inspired us to integrate yoga in our work life and achieve perfection in our work activity through "Yoga Karmeshu Koshlam" as proclaimed in Bhagwat Gita by Lord Krishna. Yoga was in fact the complete therapy for a healthy Mind, healthy Body and a Happy Soul and an assurance of long, healthy and blissful life, said Prof Sharma.

Today, when the world community is seriously engaged in finding lasting solutions to world peace, social harmony and sustainable development, Yoga and Ayurveda together offer a highly effective and universally acceptable solutions for creating and sustaining a peaceful and happy world that shall achieve the noble goal of good health for all, said Prof Sharma.

The Haryana Yog Ayog has successfully taken Yoga classes to all the schools of Haryana and has also established Yoga Schools in great numbers in the state of Haryana. The Yog Ayog is also seriously engaged in empowering the youth of Haryana with universal human values of righteousness, honesty and responsible citizenship, said Jai Pal Shastri, Member Haryana Yog Ayog in his highly inspiring address. The program was organized by Prof. Sanjana Vij, Dy Director, Amity Academic staff College of AUH and was supported by Dr Supriya Sanju and Dr Shardhanvita Singh of Amity Centre for Sanskrit and Indic Studies.

Dr. Sanjay K. Jha, the program chair and Director of Amity School of Liberal Arts, expressed his satisfaction and appreciation for the overwhelming response received during the event. He said, “We are delighted to have organized such an impactful International Yoga Day celebration. The collaboration with Dev Sanskriti Vishwavidyalaya Haridwar and Haryana Yog Aayog, Government of Haryana, has truly enhanced the event’s significance and reach. We are grateful to all the participants for their enthusiastic participation and to the speakers for their profound insights.”

Maj. Gen. G. S Bal DSW, delivered the vote of thanks, expressing gratitude to all the participants, organizers, esteemed guests, and collaborators for their invaluable contributions to the success of the International Yoga Day celebration.
