2

LMS Introduction

- › Learning Management Systems (LMS) have become mainstream in higher education and are widely used across many Universities.
- › Amity has launched the Learning Management System (A-LMS) to support teaching and learning initiatives for a better interface & flow of Learning Materials

3

Important features of A-LMS

- › Recorded Video Lectures with Quizzes
- › Posting Content or Uploading Files
- › Assessments
- › Announcements
- › Grade Center
- › Discussion Board

4

Recorded Video Lectures with Quizzes

- › A short video lecture/Open source reference material covering the conceptual background of subjects created/shared by the faculty
- › Students can view before the class session and the class time can be devoted towards case study, exercises, projects and discussions.

5

Posting Content or Uploading Files

Faculty members can upload all the course related textual content such as

- › Syllabus
- › Presentations
- › Files
- › Images
- › URLs
- › Videos

6

Announcements

- › Announcements tool can be used to provide students with course reminders and updates.
- › Announcements can contain text, images, and multimedia, as well as it can be linked to course content, Assignments & Tests

7

Assessments -

- › The Assignment option allows instructors to create coursework and assign it a name, point value, and description, attach files, manage grades for each student and can easily track their performance.
- › Quiz option lets you check students knowledge about your subject. Multiple options are given for preparing quiz like multiple choice/objective, short answer, essay type questions etc.

8

Grade Center -

- › The Grade Center is a built-in grade book for each course in A-LMS.
- › It provides a place to store, manage, and calculate student grades, both on items such as assignments and tests that are created and graded
