

## Amity Humanity Foundation

- **Training of Animators** of Mahila Mandal SHG scheme, launched by Haryana Women's Development Corporation. 39 batches of 45 animators each were trained at Rai, Sonapat during June 2006 and April 2007. Approx. 1700 animators were trained in Haryana. These animators in their turn are responsible for facilitating rural women's participation in SHGs and motivating them to take up income generation activities. The main components of five-days' training module, consisted of group dynamics and confidence building, legal literacy (to deal with social evils and exploitation), micro-entrepreneurship development and preparing the groups for bank linkages. One way of improving their access to micro credit is by improving their skills in maintenance of records and documents reflecting their transactions and inter-lending.
