

INDEPENDENT I- RALLY

The students of AIS Gurgaon 46, have been working on a project called “Independent I”, which focuses on providing vocational training to women, in the fields of pottery, knitting, English speaking and baking. In order to generate awareness regarding their cause, forty students of the school went to Galleria and The Huda City Centre metro station in Gurgaon on Saturday, 30th November. The rally included a flash mob and a street play. The students also went around shouting slogans regarding women empowerment and received tremendous encouragement from the crowd.

The students were accompanied by five teachers, and could not have accomplished what they have without the support of their Chairperson Mrs Amita Chauhan, and the Principal Mrs Aarti Chopra. The teachers greatly encouraged the students to step out of their protected cocoons and explore, learn and work towards the betterment of society. The entire school staff was highly touched by this rally organised by the students, and were highly appreciative of their efforts.

The students enthralled and engaged the crowds with their outstanding level of energy and enthusiasm. The people soon joined the students, with their shouting and expressed their support by clapping, hooting etc.

The experience had a long lasting impact on everyone, the students, the teachers and hopefully, the society too.
