## WELCOME TO MUMBAI – THE MAXIMUM CITY

Mumbai is the academic, financial, commercial and entertainment nerve centre of the country.

The well-connected 'Maximum City' is an established commercial epicenter in Southeast Asia and houses several prominent financial agencies and regulators that provide ample opportunities to students for summer training, short term courses and internship.

The commercial and financial establishments contribute in developing a robust culture for exchange and interaction with academia to create diverse and holistic workspaces with efficient and committed workforce.

Students get a perfect platform to learn, grow and rise in the corporate hierarchy as well as learn from corporate peers and industry stalwarts. Mumbai is a perfect hunting ground for work opportunities and to witness consistent growth curve owing to headquarters of plethora of key industries and businesses. Various organizations, offering jobs in several streams, including engineering, medical science, fashion, management, accountancy, social science, and so on, operate from this city. Armed with an array of facilities and service sectors, including entertainment and journalism, Mumbai offers lucrative options to citizens, students and professionals alike along with a safe environment and a good quality of life.

## INSPIRING FACULTY

Amity University Mumbai's intellectual capital is its most valued resource. The core faculty team comprises distinguished academicians from the best institutions and leading professionals of the corporate world.

Amity University Mumbai has over 100 faculty members and many of them are Ph.D holders and are involved in guiding the students and researchers in their areas of expertise.

### UNPARALLELED MENTOR-MENTEE PROGRAMME

Amity University Mumbai has instituted a 'Mentor-Mentee Programme' and a 'Counselling Cell' to help students make the right career choice. The optimal student-teacher ratio ensures that each faculty member has a group of students under him/her whom he/she can guide through regular career counselling, just like a true mentor.

## CURRICULUM

At Amity, all learning is closely aligned with the industry, and the curriculum itself is developed in collaboration with diverse industry professionals and domain leaders from specialized sectors. It is only after extensive interactions and knowledge sharing with industry experts that the curriculum finally comes into shape. Moreover, the approach to learning at Amity is based on actual work like scenarios and job realities.

The learning process for students involves development of analytical skills, communication, and problem solving abilities, and a large experiential component of case studies, industry projects, presentations, research work and role-plays.

It is no wonder that Amity students are excelling in fields beyond their immediate area of study, as they are inspired to think beyond the classroom.

## CHOICE BASED CREDIT SYSTEM

Choice based credit system offers interdisciplinary education i.e. it allows students to opt for courses cutting across disciplines.
