School is out,
Holidays are in!
Dear Parents,

It's time for summer holidays and time for fun-filled activities. Childhood is an extremely important stage and we need to use this time to create a strong bonding with our children. We believe that it is important to motivate and encourage children to develop intellectually and physically. We at Amity, believe in learning by doing.

Students learn best by exploring the world by learning and doing.

Spend the holidays creating a nurturing and stimulating environment filled with interesting materials, art and craft activities, projects, outdoor games, puzzles and books.
