## DIRECTOR'S MESSAGE

**"Learn to find a blessing in everything"**

***"Blessed is the man who walks not in the counsel of the wicked, nor stands in the way of sinners, nor sits in the seat of scoffers." Psalm 1:1***

Over the centuries, tragedies such as earthquakes, floods, tsunamis, and epidemics have put humanity to the test, but we have always come out victorious. We are more powerful than we allow ourselves to believe. And it is for this reason that I request you to see the light in the middle of the darkness, not just now, but always. Even in the darkest of circumstances, keep the light of hope blazing.

We need to come together as one and support one another now more than ever because we can only do so much on our own, but we can do so much together.

One thing is clear in this moment of uncertainty: we will succeed.

## FROM THE EDITORIAL DESK

### *Dear Readers*

**“IT’S ALWAYS GOOD TO DO A LITTLE MORE”**

---

Amity Business School has always believed in going beyond education and making the most of all that you can learn from. This newsletter serves the purpose of making its readers aware of all the opportunities that stand for them at the institution. It gives you a glimpse of all the educational and recreational activities undertaken by the institution, that you can be a part of. ‘Communique’ serves as a gist of all the happenings that you can benefit from, at Amity Business School.

---

*My special accolades go to all those who have worked behind this.  
I hope you will enjoy the read.*

**HAPPY LEARNING!**

**Dr. Swati Upveja  
Economics Department  
Amity Business School**

# FACULTY NEWS

Student Activity Cell and Avroh (Cultural Club) of Amity Business School organized the Farewell for the class of 2021. The junior batch organised many games for the seniors "Bollywood with the twist" in which participants were asked to speak a Bollywood dialogue in different moods and "Tongue Twisters".

There was a pre-recorded dance performance and a live band. A theatre video representing 5 emotions that were felt during their journey at Amity Business School was prepared. A total of 59 titles were given to class representatives and club members of the 2021 batch.

Mr. and Ms. Versatile competition was also held that was judged by Dr. Supriti Agrawal and Dr. Sunetra Saha wherein 12 seniors had taken part for Mr. and Ms. Versatile competition. In the competition, their talent videos were presented followed by a question-answer round.

There was an experience sharing session followed by a video that combined various memories of our seniors.

# AMITY YOUTH FEST 2021

## INNOVATIVE BUSINESS MANAGER

*Every year, Amity Youth Fest is a huge affair for the university. Amity Business School organizes Innovative Business Manager as a part of AYF inviting post-graduate management domain students from throughout the world.*

### TREASURE HUNT

The first round which was the qualifier round of Innovative Business Managers was the Treasure Hunt round which was conducted on Dare2Compete platform on 6th March, 2021 from 7:00 PM to 10:00 PM. This round was an online qualifier round which was conducted to put the knowledge of the participants of the corporate world to test and test their other skills like time management, analytical skills and reasoning skills.

### ROUND 1- BIZ REWIND

Biz – Rewind'20 focused on generating the awareness related to Business Affairs. The Participants were needed to put in their knowledge and awareness in order to excel in the event. A qualifier round was played on Dare2Compete platform before the main event. 2 Rounds were there in the Main Event with several Fillers. Ice-Breaker Session was played before the main rounds.

### ROUND 2- PSYCHOPEDIA

In this round, a psychometric test was conducted to judge the various skills of the contestants from personality traits to cognitive ability. In the business world, these tests help predict behavioural tendencies and help recruiters make better job-related decisions. In the event, the contestants were judged on 4 particular skills: People Management, Cognitive flexibility, Emotional Intelligence & Coordinating Skills.

## INNOVATIVE BUSINESS MANAGER

### ROUND 3- VISHLESHAN

Vishleshan is an opportunity to push boundaries and encourage creativity among the students to understand what goes into finding feasible solutions for data and solve real-world business problems. During the competition, participants were asked to perform a deep-dive analysis and consider multiple data points before making their recommendations to a panel of industry experts on a company case study mailed to the participants.

### ROUND 4- THE WEALTH MANAGER

In this round, a case-let was provided to the participants on 11th March with all the necessary parameters and they were asked to prepare a wealth plan based on the case let and also to show the calculation on the excel sheet provided. During the main event the participants were given a total of 10 minutes (7+3) to present their wealth plan and answer the questions asked by the judges on MS Teams platform

### ROUND 5- THE WINNING PITCH

The Marketing Club of Amity Business School organised the event - "INNOVATIVE BUSINESS MANAGER MARKETING ROUND- THE WINNING PITCH" on Saturday, 13TH MARCH, 2021 at MS Teams-virtual mode. There was a great diversity in the event as there was a large participation of students with great enthusiasm. The participants were assigned a random product for which they had to make a presentation and create a pitch in strategy to sell the product.

### ROUND 6- ACE THE RACE

The last round of the event was an interview round. Interviewers need to make the best recruit for every job. They might need to check that a candidate can respond in a valuable way and that is what the aim of the last round was, where all the contestants were made to address the inquiries set forward by the panellists. This interview round was aimed at target testing the contestant's conduct, multifaceted character and enabled to uncover their genuine demeanour.

# BHARAT KA AMRUT MAHOTSAV

*To celebrate 75 years of independence, Amity Business School has organised various events from January to June 2021.*

A debate competition has been organized by the Debate Club on the topic "Can Technological Advancement provide India an edge over other Developing Countries?".

## Each Day. Every day.

Every evening they try to bring me on my knees,  
Every morning i stand on my feet.  
Every evening they criticise my passion,  
Every morning I have more faith in it.  
Every evening they make me look like a loser,  
Every morning I make myself the winner.  
Every evening they stab me on my back,  
Every morning they still see me smiling.  
Every Morning the sun rises up,  
Every morning my hope to hustle rises.

## Know Your Worth

When someone fails to see your love,  
Don't break down, know your Worth.  
When someone brings you on your Knees,  
Don't lie Down, Just know your worth.  
When someone makes things Tough For you,  
Don't quit, Just Know your Worth  
When you seem to have No Good way to be happy,  
Think about your Life And Know Your Worth.  
If someone tries to Make you cry,  
Don't sadden your happiness, Just Know your worth.  
Life Is Hard, Just don't quit  
AND KNOW YOUR WORTH.

## Hope

Hope is the inextinguishable fire  
That keeps me warm  
Amidst the chilliest of hailstorms  
Do not let it blow off  
No! Shield the flame  
With your might and soul  
Oh you the heavy laden  
Endure a little more  
For however dark it may be now  
Brighter it shall grow  
Like a fearsome Phoenix with its fiery wings  
Shoot through the dark hovering clouds  
Bringing light into our lives

Hope is the flower abloom  
Among wild weeds  
Come rain, come gust of wind  
It will stand, still  
It may be plucked  
It may be crushed  
Over and over again  
But it will rise back up  
Its iridescent petals unwind  
Bringing glimpse of hope  
Into our lives.

## IOT to reduce CO2 Emission

Pollution assumes a significant function in harming our planet. Fast industrialization, quick urbanization, fast populace development, quick development of vehicles on the streets, and other human exercises changed the characteristic air. The nature of the climate changes, and those climate changes are brought about by the aggregation of ozone harming substances in the air. One of the greatest natural issues confronting the present reality is an Earth-wide temperature boost brought about by ozone harming substance emissions. Carbon dioxide, a significant segment of the climate, warmingly affects the world's surface. Checking and controlling these progressions to secure the climate is a significant test. From the point of view of long haul control of CO2 emissions at the source, it is a more attractive and compelling technique for avoidance and control innovation. The principle goal of this whitepaper is to execute an IoT that estimates CO2 emissions from public vehicle, industry, and rapidly spreading fires utilizing CO2-touchy Raspberry pi. The measure of carbon dioxide radiated is constantly distinguished in the city and furthermore finds the most contaminated territories. We will likewise execute an insightful framework for the early discovery of backwoods and mountain fires. A mountain fire is an uncontrolled fire that happens in nature, making serious harm normal and HR, and the mountain fire radiates more CO2 gas than foreseen by the state's climate objectives.

## World's Gaze

Do not be afraid  
Of the world's gaze

You will be scrutinized  
Your every move  
Your very existence  
You will be capitalised  
On your fear and disproved  
Of your brilliance.

Do not be wary  
Of the world's promiscuity

They will strip you naked  
Feed you hatred  
Doesn't matter that you're not wicked  
They'll light you up  
Burn you like the witches  
And pass their judgement.

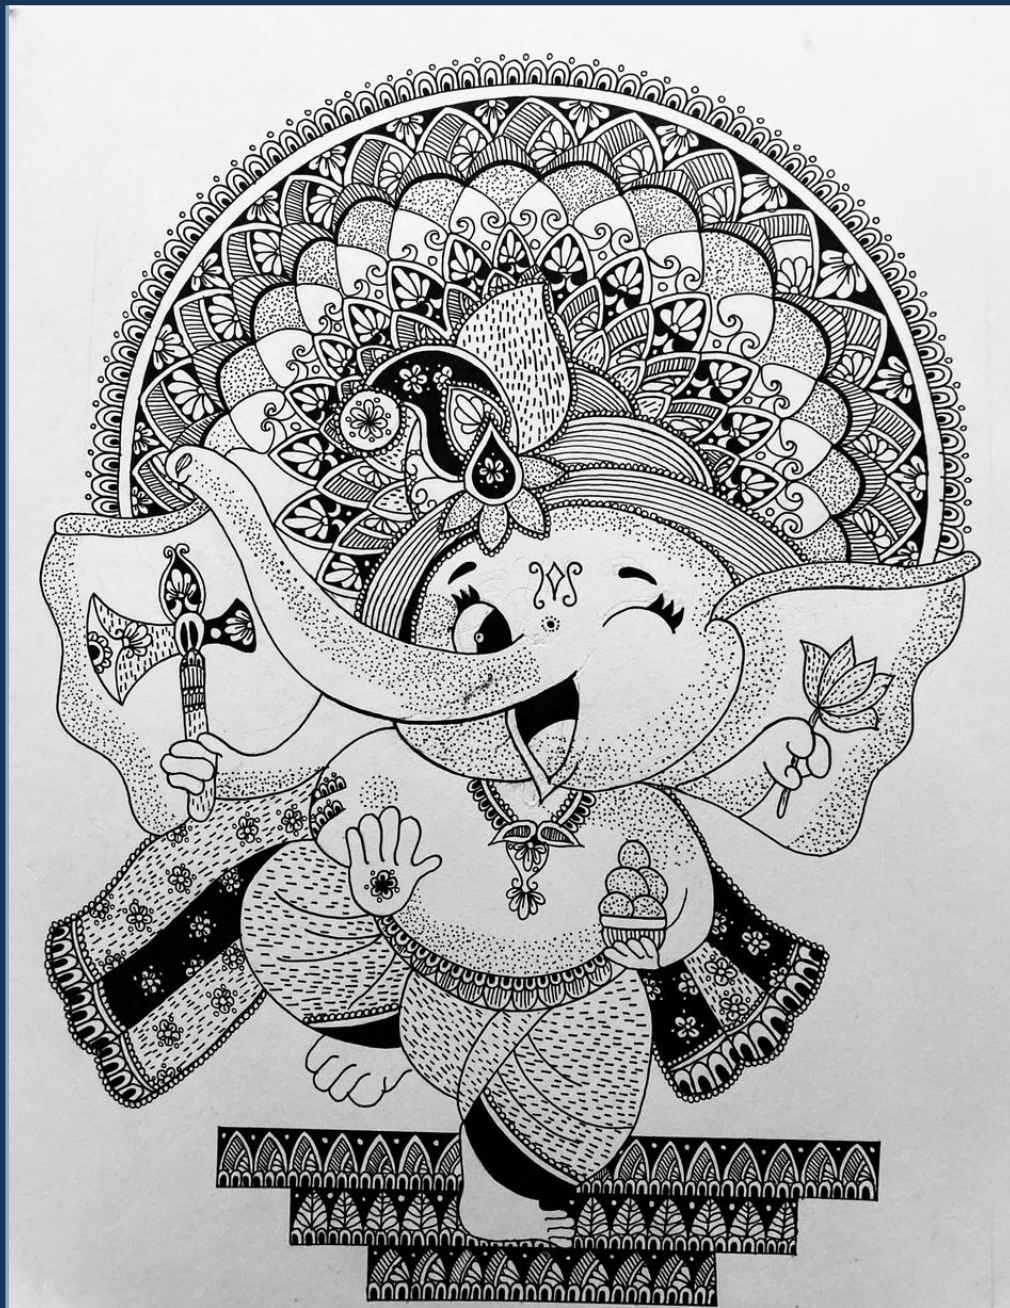

Stand strong  
To the world's gaze

For there's nothing you can do  
For either way, they'll judge you  
For at the end  
It comes down to you  
Either kiss up to the world  
Or live to fulfil your purpose  
And make your life whole.

## Social Support- What we all crave for

Social support as we know in layman language is defined as the perception of or actual presence of people around us who are there to support us when needed when we feel happy they are the ones who are present their to hear us out and make us feel special and multiply the importance of the event and they are the one who consoles us and advise us when we are sad, are troubled or are suffering from something serious.

We, humans, are social beings thus it is our innate need to be with others and thus this need strengthens the importance of social support. We human beings crave for validation and social rejection is considered to be the worst kind of punishment, thus highlighting the fact that we want to be others to such an extent that we might conform to things we do not wish to do. The source of social support varies in everyone's life; some might receive it from friends, some from family, some from colleagues, and some by joining some kind of interest group or religious group.

Social support is something that helps one overcome the drastic events of ones life, we all have that need of affiliation which is born out of this craving for support.

## A Solder's Heart (A tribute to Indian army)

A habitual life forsaken  
Family and friends left behind  
Tearful eyes and goodbyes  
Vague promises to meet again  
If only alive

Role of a knight  
I have taken  
I refuse to be shaken  
A great sense of patriotism  
In me awakens

Day and night I strive  
My brothers alongside  
Whether dawn or dusk  
I keep my eyes open  
Prepared for a strike

I refuse to give in  
To the enemies  
I refuse to bow down  
Till my last breath I shall fight  
To keep my mother safe and sound

If at all I'm gone one day  
From the face of the Earth  
If my soul should ever leave this world  
Bury me in the soil  
So I can sleep in my mother's womb

Tell my beautiful wife  
And my precious little ones  
Tales of my bravery  
Their letters, food to my soul  
That kept me going  
Till I took my last breath  
And left this world
