Special Session on
Artificial Intelligence for Computation and Communication (SS_AICC)

PUBLICATION: Selected and presented papers will be submitted to publish in IEEE Digital Explore

Session Chairs

Dr.G.Rajesh, Department of IT, MIT Campus, Anna University, India.
Dr. K.Martin Sagayam, Department of ECE, Karunya Institute of Technology and Sciences, India.

AIMS & SCOPE

The goal of this special session, *Artificial Intelligence for Computation and Communication* (SI_AICC), is to provide a forum for researchers from academic and industries for focused discussions on new topics or innovative applications of established approaches related to the domain of Artificial Intelligence(AI) for computation and communications.

TRACKS: (Sub-Themes)

AI for communication networks	AI for Cloud, fog and Quantum computing
AI for Machine Vision	AI Adaptive manufacturing
AI for Big Data Analytics	AI for Bio-Informatics
AI for Autonomous robots	AI Augmented reality
AI for Internet of Things	AI for Green Computing
AI for Cybersecurity and Privacy	AI for software agility
AI for Social Analysis	AI for Internet of Drones

PAPER SUBMISSION PROCESS

Submit your paper (pdf format) through easy chair. For IEEE template and paper submission link click
