DR. ASHOK CHAUHAN

FOUNDER PRESIDENT, RITNAND BALVED EDUCATION FOUNDATION (THE FOUNDATION OF AMITY INSTITUTIONS AND THE SPONSORING BODY OF AMITY UNIVERSITIES)

CHAIRMAN, AKC GROUP OF COMPANIES

“Each one of our students will be a success story. This is my DREAM; This is my COMMITMENT.

To be successful, one need to love and respect people from heart. I am very focused in my mission and about my dreams. I don't let anything deter me. The secret of success lies in my conviction. And I am compulsive fighter and pursue hard to achieve success. Even as a young boy I, had big dreams and people mocked at me as a day dreamer.

But I have one thing to say to everyone who has the valour to dream big, **“Reach for your dreams with conviction, you will be unstoppable.”**

DR. AMITA CHAUHAN

CHAIRPERSON
AMITY INTERNATIONAL SCHOOL

“ We believe that Education should not just enable us to know HOW TO MAKE LIVING but also about HOW TO LIVE“

I am extremely overwhelmed by the love and affection that you offer me year after year celebrating my birthday as Human Values Year in the University.

When I hear and see the activities undertaken by the students to imbibe, inculcate and promote good human values, it fills me with a sense of accomplishment, for I believe that there is nothing more supreme than a good human being.

A society can only flourish if its people are tied together with good values, morals and ethics. When you grow up and step out of the portals of Amity, you will realise that the most priceless and valuable thing in life are good values. Remember, giving up values for the sake of valuables will take you nowhere because valuables will perish one day and eventually you will end up with neither valuables nor values.

The other day I read in the newspapers that India, is slipping in the 'Happiness index'. It made me feel poignant because all progress and technological development is meaningless if we are

not happy.

It is therefore our responsibility to spread good values and be good human beings. Only then can we build a happy world. Good human values learnt during the growing up years at home, school and during the socialisation process, will remain with you all through your life and serve as a pillar of strength in times of crises, guiding you on the right path. Values are essential for character building.

A nation with a strong character foundation, is the nation that will become a superpower, something that our Founder President Dr Ashok K. Chauhan has always expounded.

DR. ATUL K. CHAUHAN

Chancellor, Amity University

President, Ritnand Balved Education Foundation

CEO, AKC Group of Companies

“We are creating centers of thought leadership across the world, where faculty, scientists and brilliant students can explore and expand the frontiers of knowledge.

MS. POOJA CHAUHAN

Chairperson

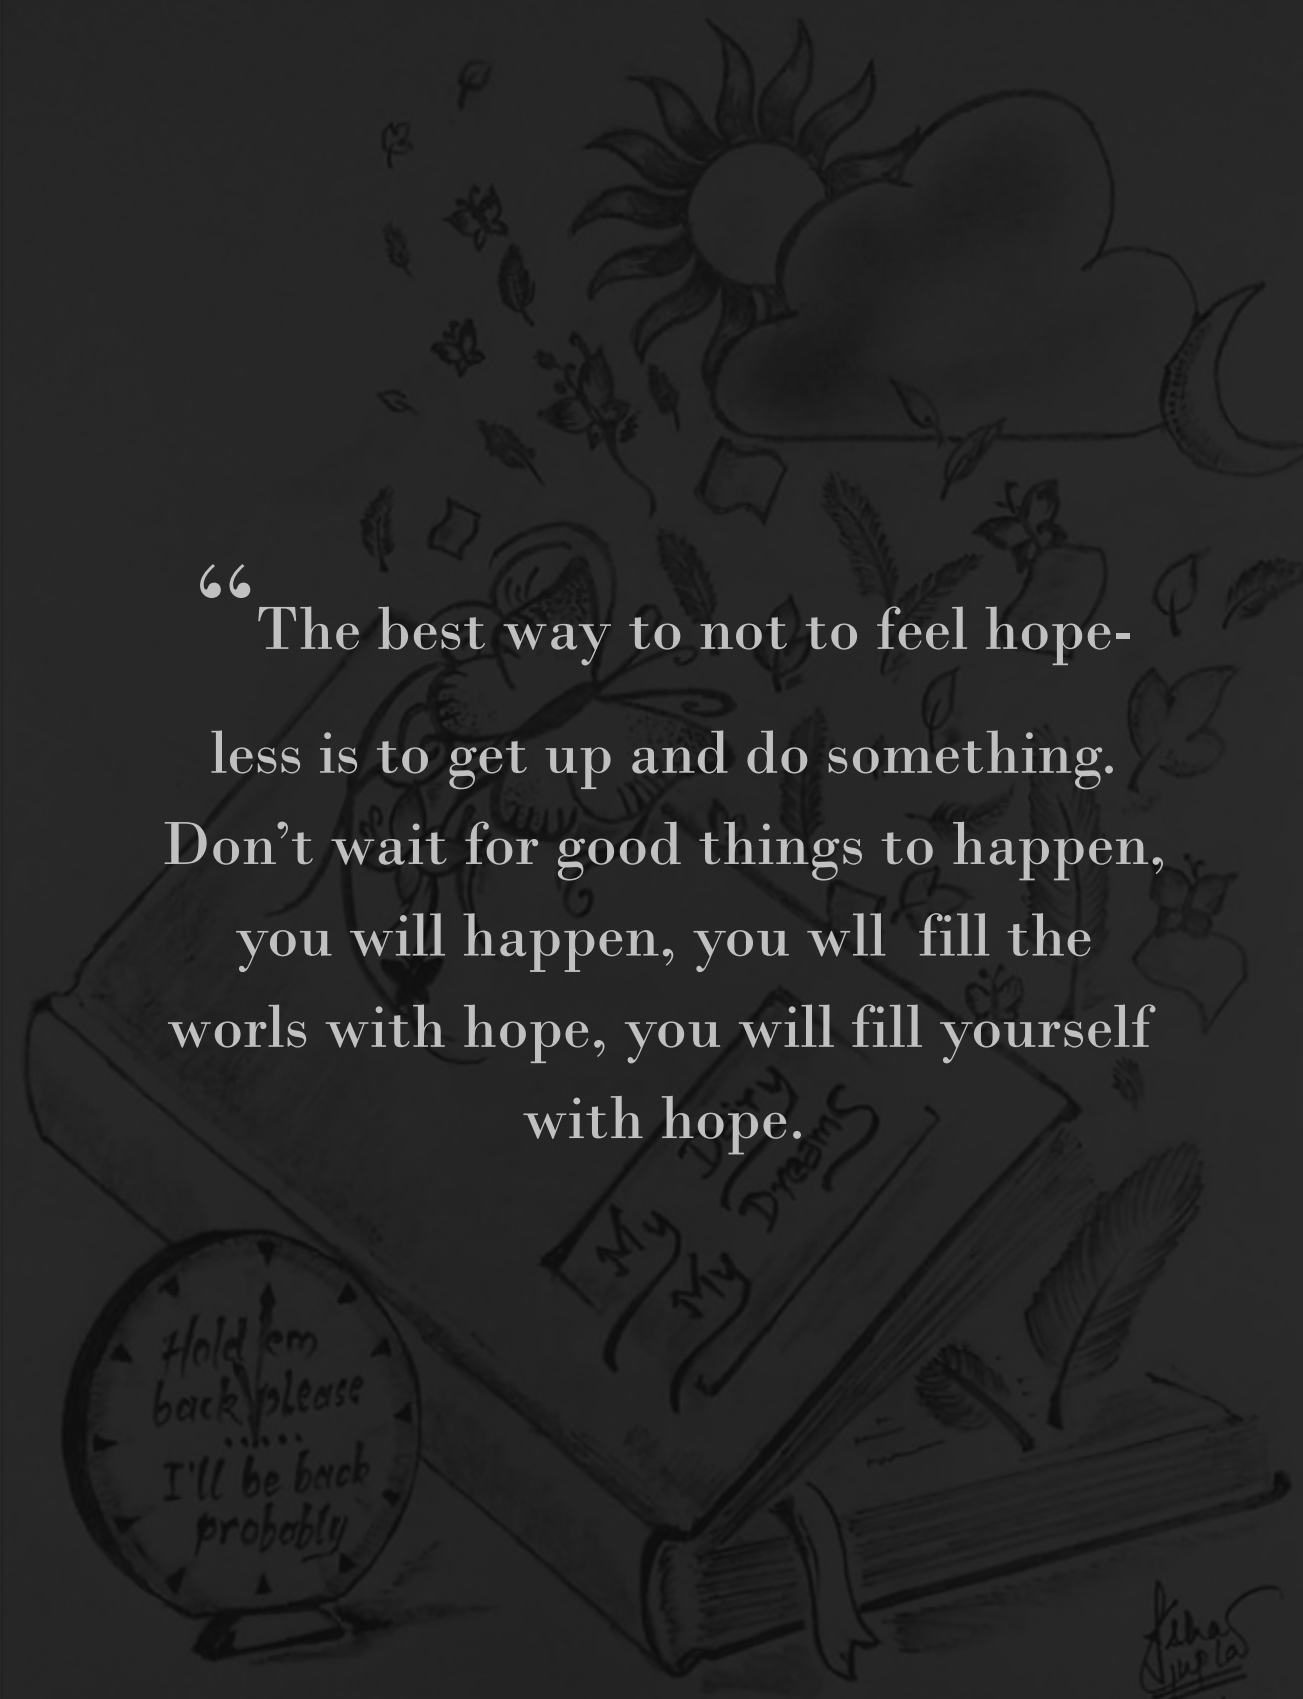

Amity Humanity Foundation

At Amity Humanity Foundation, we are committed to empower young Indians by equipping them with knowledge and enhancing their skill sets. It's our mission to not only provide the best of education to the underprivileged children but also to empower them by providing skill-building training and employment opportunities.

We strongly believe that our endeavours will lead to the creation of a well-equipped workforce, who can contribute towards nation building.

“The best way to not to feel hopeless is to get up and do something. Don't wait for good things to happen, you will happen, you will fill the worlds with hope, you will fill yourself with hope.

FROM DIRECTOR'S DESK

**DR.
AJAY RANA**

"We need much more courage to fulfil the vision of our Honourable Founder President Sir and Honourable Chairperson Ma'am being an eternal source of courage and inspiration for each one of us we seek her blessings and exclusive consideration forever."

Today inculcation of core Human values through learnings and practice amongst the youth are inevitably required. Human values are the characteristics that guide people to consider the human component when one interacts with other human. They have many positive characters that create bonds of humanity between people and thus have value for all human beings. These human values have the effect of bonding, soothing, consoling and acquiring peacefulness. They build space for a drive, a movement towards one an-

other, which leads to peace.

World Class Education clubbed with the best of Indian values, culture and Sanskars can produce "Superhuman Beings". In order to bring students closer to human values of caring and sharing, selfless love and affection and make them principled and complete human beings, to instil humanistic values amongst its students, Amity University observes "Amity Human Values Celebrations" from January 28 - April 27 each year., "Amity Human Values Celebra-

tions" is a cherished activity in the University giving students and entire Amity fraternity an opportunity to introspect and rededicate them to the cause of the society.

During the quarter thousands of students from various departments/institutions participate in different competitive events such as quiz, awareness campaigns, blood donation camps, short film making, photography competition, seminars, lectures, etc. Eminent personalities from various fields were invited to enlighten the students on human values and ethics. Ideally, the concluding ceremony of Amity Human Values Celebrations coincided with the birthday of Dr. (Mrs.) Amita Chauhan, Chairperson, Amity International Schools but this year due to unfortunate outbreak of pandemic across the world, communities have been asked to stay homebound. But this only made ordinary individuals to limit themselves not Amitians.

Value education is always essential to shape one's life and to giving an opportunity to perform on the global stage. This special issue newsletter of Amity Institute of Information Technology, Noida, conceptualized completely by its students is designed to share the word and work performed by the Institute during the quarter and beyond in

imparting the importance and need of Human Values amongst people of all age groups.

I would like to congratulate the entire student's team as well as team of faculties at AIIT, Noida for all the hard work invested by them in performing all the activities associated with Human Value Quarter.

Most importantly, the purpose of having this celebration, the Birthday of our Honourable Chairperson Ma'am, on behalf of entire Amity Institute of Information Technology Noida faculty, staff and students as well as members of Amity Technical Placement Centre, on the auspicious occasion of her Birthday, we pray to god for her continued good health.

DR.
LAKSHMI AHUJA

At times, it is too difficult to find the right words to express someone, how much they mean to us. You own every quality one could look for in a good mentor. You are a strong foundation of this institute. You are an icon of integrity and hard work, as well as a great philanthropist. Your achievements and outstanding leadership qualities are worthy of emulation.

We look upon you how to be so well groomed as sound professionals and keep working in well distinguished and sophisticated manner like and make our jobs more interesting and memorable experience.

With all due respect, I wish you this day, A Very Happy Birthday to you Hounourable Chairperson Ma'am. May the growing years ahead bring for you more liveliness within you as well as in our hearts.

HUMAN VALUES “We rise up by lifting others.” When we are born, the first thing we are taught is values but why values? The answer is pretty simple because they portray our character. We never knew that we should greet our elders as well as younger ones. Our parents taught us that, food, water, shelter and clothes are known to be the basic amenities in one’s life but the most important amenity we forget, is our values. We should focus on being benevolent towards humanity as it cleanses our soul.

Under human value every year, we aim at igniting a spark within every human being by performing various activities such as donation of clothes and food items, seva to Holy Places, organizing various awareness programs. Under this students have shown a great interest and have actively participated in the events organized. As said by Ralph Waldo Emerson ““Humility and love are the greatest assets of the Universe. When there is humanity in mankind, then there is order in the Nation .” Working on these lines we aim at providing philanthropic, humanitarian ethics to students and spreading the same moral principles to people near us and to people insensitive to the degraded state of the society.

HUMAN VALUES

TREE PLANTATION EVENT

Venue: Adjacent to E2 Block, Opp. Central Library, Amity University, Uttar Pradesh

Value Represented:
Grace towards nature

Date of Conduct: 26th July 2019

Faculty In-charge: Dr. Laxmi Ahuja, Dr. Sapna Sinha

Student Coordinator:
Siddharth Gupta & Amitha Mohan

Student Organizing Team: Siddharth Gupta, Ashish Singhal, Aman

Objective: The primary objective of the event was to inculcate an essence of sensitivity, bonding and affection towards nature. Planting of a sapling is a simple yet a powerful and impacting activity responsible for amelioration of the flora.

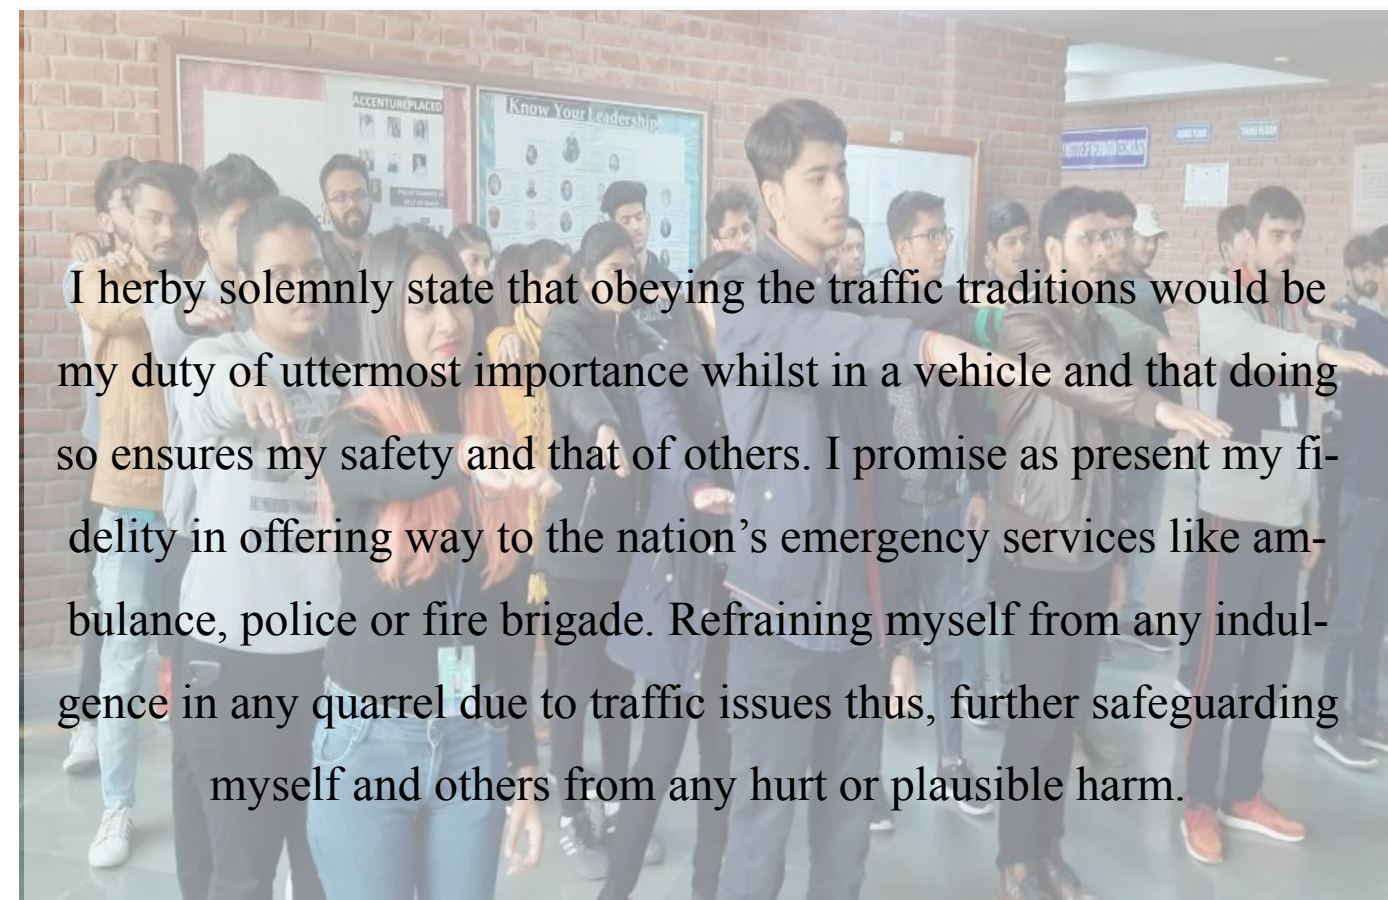

Student Learning Outcome: Students understood the relevance and importance of caressing nature and such small steps have induced in them a grace towards nature.

How Student will apply in real life: With such understanding of caressing the nature, students will take appropriate steps for its betterment in or outside the campus. Such small steps (i.e. watering a plant, planting a sapling, etc) will teach them to treat mother nature with respect.

Details of the activity: A bunch of students gathered at the venue along with the respected faculty members. The event was concluded after respected HOI sir along with some fellow students planted the sapling.

TRAFFIC AWARENESS

PLEDGE

I hereby solemnly state that obeying the traffic traditions would be my duty of uttermost importance whilst in a vehicle and that doing so ensures my safety and that of others. I promise as present my fidelity in offering way to the nation's emergency services like ambulance, police or fire brigade. Refraining myself from any indulgence in any quarrel due to traffic issues thus, further safeguarding myself and others from any hurt or plausible harm.

“One touch of Nature makes the whole world keen. So are the values and ethics, even a single value makes your life worth living....

“Don’t climb your memories high enough all alone without the values, that they make you fall for the day.....

વિન્ટેજ ગેમ્સ

The drive to play is in a way woven into man's nature. It can be argued that sports emerged out of the basic human necessity for survival. Skills required to hunt and to fight formed the essential features of sports, which have been evident right through the history of sports.

As we know 'Vintage Games' are those old and classic games, which are a part of everyone's life but not have been lost and are obsolete. The vintage games are revived with the idea to recapitulate the past experiences of fun activities.

Vintage games are dream of our Honorable Founder President Sir as Amity tagline is "MODERNITY BLEND WITH TRADITION".

AIIT under the same tagline with the support of whole Amity family conducted the vintage games and took all the participants back to their childhood and made them live that child spirit once again.

The games like HOPSCOTCH, LEMON RACE, PITTHU, SACK RACE, DOG IN POND, MARBLES, etc, not only gave them happiness but also taught them the different values like team spirit, boosting confidence, acceptance, management, that gives the true learning while enjoying.
