

STUDENTS DAY OUT!

The students of classes I to 6 of Amity International School, accompanied by their teachers, went to the Kingdom of Dreams, Gurgaon for a fun outing. The excursion not only proved to be fun, but also a learning experience as the students sampled culinary delights from various states of India, all under one roof. The cuisines presented held the students' interest as did the various stalls that display handicrafts from across the length and breadth of the country. Special programs were organized for the students, and they were able to purchase little knick knacks for their loved ones. The day proved to be an enjoyable one, giving the students plenty to talk about!
