Holiday Homework - V **2011-2012**

Summer time is here once again, the time to enjoy the vacations. Lets make our vacations even more fun filled by doing these activities which would also enhance our knowledge. The following instructions are to be followed for doing the holiday homework:

- 1) All the work is to be done on coloured A-4 size sheets systematically and to be compiled into a folder.
- 2) Make a beautiful cover of your folder with an innovative title.
- 3) The best entries will be rewarded.
- 4) The work should be handwritten. No printouts would be accepted.
- 5) Some sites are given: www.space.com / www.en.wikipedia.org / www.isro.org / www.spacecast.com / www.kidssites.com / www.kids.nationalgeographic.com

Be an astronomer...

- Observe the night sky to see the various constellations. Draw the same and name the constellations.
- Imagine yourself in space as an astronaut and make a list of all the things you need to take for your trip to the

- Write a fictitious story about your trip to an unknown planet and your encounter with the aliens there. (500-600 words)
- Watch the movie 'Avatar'. Write a review of the movie. (150-200 words)
- Create a poem on aliens from the space.

- Imagine a planet of your own. Describe its physical features, temperature, climate, atmosphere etc. and the life as you would like it to be. Let your imagination fly and be creative in words and pictures. Also give a name to your planet

- Find the distance of all the planets in solar system from the sun and arrange them in ascending order to find out which planet is nearest to the sun and which is farthest.
- Also find the diameter of each planet and arrange them in ascending order to verify which is the largest planet in the solar system.

एक कार्टून प्रस्तुतीकरण के रूप में ग्रहों में पृथ्वी सर्वोपरि है विषय पर ग्रहों की आपसी बातचीत लिखिए।

BE MUMMY'S HELPER

Mothers do so much for us inspite of being so overworked. In the holidays , let 's lend a helping hand to unburden these loved creatures. We can do the following things and more

.....

- Water the plants
- Dust the furniture.
- Prepare tea for her after a day's work.
- Take care of your brother / sister.
- Helping your siblings in completing holiday homework.
- Preparing delicious salads and drinks.
- Tidy your room and cupboard and keep everything at its right place.

Write a report on how you helped your mother and how she felt at your loving gesture. Click pictures of the work done by you and stick in your folder.

Write down the meanings of the given words and use them to create a story/paragraph/poem related to space.

cosmos	astronaut	flying saucer	space suit	universe
alien	planets	galaxy	black hole	Milky Way
space ship	gravity	vacuum	radio waves	weightlessness
craters	antennae	asteroids	meteors	mission
shimmering	astronomers	light year	telescope	stellar

.....
Mathamity Project has been allotted to the children in groups. Children have to submit handwritten project report (file) along with day wise log book and working model (if possible) immediately after summer vacations. Projects will be evaluated in internal assessment.(20 Marks)
All the Best!
