Community Outreach Activity

To reach the needy hands.....

Take your camera for a walk

While taking a stroll on the streets put on your thinking caps, come up with innovative ideas to bring a smile to the faces of the needy.

Click pictures of beggars, street urchins, and the under privileged and prepare a collage depicting their sad plight. How do you feel you can contribute to lessen their sufferings?

Exercise your creative potential to the fullest, use it to lend a helping hand to the needy ones by creating beautiful folders, cards, envelopes using handmade and other decorative material and sell it at a low price to your friends and neighbors.

Utilize the money you earn to alleviate the condition of any one them. Experience the satisfaction by bringing smiles to their faces and thus, become a real life hero for them.

Mathamity Project has been allotted to the children in groups. Children have to submit handwritten project report (file) along with day wise log book and working model (if possible) immediately after summer vacations. Projects will be evaluated in internal assessment.(20 Marks)

You belong to group _____ and the project name is _____.

All the Best!

MYSTERY STORY

Find the meanings of these words and write a short story (150-200 words) using the following words: -

Alibi, Purloin, Hunch, Suspect, Sleuth, Red Herring, Stakeout, Mystery, Evidence, Filch, Atrocious, Derivation, Victim, Deceit, Investigate, Ambiguity, Enigma, Obscurity,

AMITY INTERNATIONAL SCHOOL, PUSHP VIHARCLASS VII- HOLIDAY HOMEWORKLUNGS OF THE EARTH "PLANT KINGDOM"

The summer break is like a breather from the scorching heat and from the pressure of studies. It's also the time wherein your daily routine becomes lax and your mind starts exploring new vistas. Things unobserved become apparent and the apparent trigger off fresh ideas. This year we want you to wear your thinking caps and refresh yourself with creative ideas in learning:

Write a short dialogue between a tree and a wood cutter. The tree requests the woodcutter not to cut it but for the woodcutter it is question of a livelihood. The tree suggests alternatives to the woodcutter and the woodcutter spares the tree.

As we know plants play very a important role in our life. Based on this, visit the nearest Garden and collect the information on:

- Different types of plants
- Prepare a Herbarium with flower and leaves.
- Draw a bar graph representing production of roses in the last five years i.e., from 2006 to 2010.

Draw 7 plants found in Germany. Find their English and German names. You can draw it on any A4 size sheets.

Draw 10 plants/trees/vegetables found in France. Find their English and French names. You can draw it on any A4 size sheets.

नीम, डाम, तुलसी, पीपल, बरगद [वट]
का सचित्र वर्णन पाँच संस्कृत
वाक्यों में करिए।

Visit a nursery and explore your surroundings to find about 10 plants that have medicinal value.

- Find their English and botanical names.
- stick pictures or make diagrams
- Find the part of the plant used for medicine.
- Find their uses in curing or fighting diseases.

2. Plant at least two in your house to get its benefit in future and encourage at least five of your neighbours to do the same.

Make their list of names and the plants planted by them.

- Adopt a tree and write about the history of that plant i.e.-native country of that plant, by whom was it brought and the countries which brought these plants (pictorial-presentation). Give example of the oldest tree in the world, largest tree in the world, tallest tree in the world and smallest plant in the world.
- Plants are the integral part of the earth. But some disaster like, Tsunami disturb the plant kingdom. Collect the information and make an album on the A4 size sheets regarding the facts on tsunami of Japan – how has the plant kingdom under water has got disturbed.

तुलसी व नीम के औषधीय गुणों पर आधारित एक नारा लिखें तथा अपने दादी या नानी से पूछकर कुछ धरेलू नुस्खे भी लिखें।
