

Community Outreach Activity

To reach the needy hands.....

Take your camera for a walk

While taking a stroll on the streets put on your thinking caps, come up with innovative ideas to bring a smile to the faces of the needy.

Click pictures of beggars, street urchins, and the under privileged and prepare a collage depicting their sad plight. How do you feel you can contribute to lessen their sufferings?

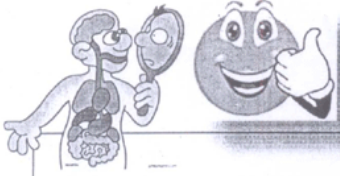

Exercise your creative potential to the fullest, use it to lend a helping hand to the needy ones by creating beautiful folders, cards, envelopes using handmade and other decorative material and sell it at a low price to your friends and neighbors.

Utilize the money you earn to alleviate the condition of any one them. Experience the satisfaction by bringing smiles to their faces and thus, become a real life hero for them.

Write down the meanings of the given words and use them to create a story/paragraph/poem :

Impetuous	efficacy	jeopardized	perceive	dubious	blemish	docile	
sham	tranquil	reprimand	rudimentary	defile	intricate	frisky	malicious
perpetual	multifarious	altercation	incessant	erratic	lucid	aggravate	
stringent	exalted	fallacious					

Mathamity Project has been allotted to the children in groups. Children have to submit handwritten project report (file) along with day wise log book and working model (if possible) immediately after summer vacations. Projects will be evaluated in internal assessment.(20 Marks)
All the Best!

Write a dialogue in the form of a comic strip between various organs (atleast five) depicting an argument in which each organ claims that its function is the most important one
