Reflections of Amity 43

September  
Newsletter

Message from  
Chairperson Ma'am

My Dear Amitians,

September 5, the birthday of Dr S Radhakrishnan - a great philosopher, exemplary teacher and a stalwart leader is celebrated as Teacher's Day. A learned scholar with a penchant for reforming the education system, he believed that teaching should be a tool to develop a bond with the students and to gain the affection of the pupils. It fills my heart with immense pride and love to say that each one of my teachers at Amity is a reflection of the beliefs and philosophies of late Dr S Radhakrishnan. I see them engage with students to enhance their critical thinking and to make sure they are focused and grow up to become sensitive global citizens of tomorrow. They have imbibed and inculcated BHAAG in the life of every Amitian. I congratulate every Amity educator for nurturing our children to be good human beings first and then an achiever in academics or co-curricular activities. I urge my teachers to keep innovating, keep nurturing, keep inventing new pedagogies, for we always teach to learn and, in the process, learn to teach. **Happy Teacher's Day!**

## PRINCIPAL'S MESSAGE

*"In essence, if we want to direct our lives, we must take control of our consistent actions. It's not what we do once in a while that shapes our lives, but what we do consistently."* – Tony Robbins

Diligence, perseverance, grit, determination are qualities that empower a person to achieve success. Nothing worthwhile in life is ever achieved easily. Dreams become reality only with sheer assiduousness. Failures are an intrinsic part of life. And setbacks should not become the pretext for giving up. Consistent effort to improve and learn from failures and challenges is what differentiates a winner from a quitter. The world around us abounds with innumerable examples of inspiration and perseverance, from that little ant to the elders in your family. Whenever you come across a hurdle or feel exasperated, take a while to reflect, contemplate and introspect, I am sure you will find a stimulus to forge ahead with renewed vigour. Under the guidance of our honourable Chairperson, Dr. (Mrs) Amita Chauhan, we are preparing you as the future citizens, who are not just academically sound but also resilient individuals adept with the life skills required to make a mark in the world. Here is the impressive work of our children, reflecting what has motivated and encouraged them. **Happy Reading!**

## EDITORIAL BOARD

Here is yet another platform bestowed upon us by our unparalleled leader, Dr. Mrs. Amita Chauhan for our children to showcase their innate talents. We hope that our children will find wings and soar the highest as always. (Send us your contributions for AmiDarpan to [sramaul@aisg43.amity.edu](mailto:sramaul@aisg43.amity.edu))

#### प्रोत्साहन एक संजीवनी

निराश क्यों हो गए भाई, इतना भी दुखी मत हो।  
मंज़िल पास में ही है बस, एक और कदम ले लो आगे ॥

गलतियाँ तो सबसे होती हैं, करने में कोई हर्ज़ नहीं।  
होती क्यों है हमसे गलतियाँ, ताकि सीख मिले हमें सही ॥

कभी तो मिलेगी तुम्हें सफलता, और हाँ यह बात याद रखना।  
पहले जो गलती हुई थी तुमसे, उसे फिर से मत दोहराना ॥

कठिनाइयाँ तो बहुत होंगी, उनका डट कर सामना करना।  
और जब पाओगे सफलता को, तो सोचो कितनी खुशी मिलेगी ॥

अब बैठे-बैठे मत करो समय बर्बाद, जागो-उठो और आगे बढ़ते चलो।  
और जब तुम सफलता को पाओगे, तब खुद पर ही गर्वित हो जाओगे ॥

#### प्रेरणा

आगे बढ़ने की चाहत ने मुझे रुकने नहीं दिया,  
दूर थी मंज़िल पर मैंने खुद को थकने न दिया।

मुझे रोका बहुत टूटी हुई हिम्मत ने कई बार,  
हौंसलों की भर उड़ान कदमों को थमने न दिया।

तूफानों ने खटखटाया दरवाज़ा कई बार मेरा,  
ऊपर चमकते आसमान ने कभी डरने न दिया।

जो तेज़ आँधियों का झोंका है, उसको किसने रोका है,  
कायरों के लिए मुश्किल है, हम सब के लिए मौका है।

शिखर तक पहुँचने की ताकत ने, बाधाओं को ठुकरा दिया,  
प्रेरणा और बड़ों के प्रोत्साहन ने जीवन में संभलना सिखा दिया।

## Encouragement

**POWERFUL**

Encouragement is a very powerful word. It can change one's life. It means motivating someone when he or she is doing a difficult task. One does work better, when one gets encouragement. Like, at the age of five when you learn to ride a bicycle, you need a lot of encouragement given by your parents, siblings and friends. Similarly, in the future when you take your 10th and 12th boards you need encouragement to do well. Likewise, in school, our teachers encourage us a lot to study hard and learn new things.

Encouragement is not an age bound word. Regardless of whether you are five years old, a teenager or an adult you need a lot of encouragement.

So, BE POSITIVE and DO YOUR BEST!

## Those words of Encouragement!

"Catch hold of my fingers, you can walk!"  
When, I rose from a crawl  
with my first shaky steps,  
Those words of encouragement in my  
subconscious, still resonate,  
When my grandparents embrace me  
And inspire me to cruise onto success.

"You look perfect, even more cute."  
When I was upset to see  
that I had lost my tooth,  
Were the words of my mom,  
And still inspire me to carry  
my flaws beautifully.

"Bravo! This time, you can surely do it!"  
When I got tired, while on the 'Monkey Bars',  
Were the words of my father,  
And still inspire me to push on and  
run that extra mile.

Those golden stars on my hands,  
Those smileys in my notebooks,  
Those encouraging words  
from my respected teachers,  
Carved my personality beautifully!  
The sounds of claps in my classroom;  
By my dear friends  
Inspire me to believe,  
even more, in myself!

## The Power of Encouragement

'Encouragement' means to inspire courage, be spirited and hopeful. It is the act of giving someone support and confidence. It is important because:

- It builds confidence and motivates us.
- We will make true friends and live a better life.
- It helps change lifestyles and ideologies and provides us with energy to accomplish the goal.

Encouragement can help people enhance their effort, motivation, success and self-esteem.

When you allow someone to make important decisions, you are encouraging them to lead. When they are empowered to make decisions that matter and can affect the organization, they see themselves as leaders.

Let us use these golden keywords as a practice:

*Don't give up. Keep pushing. You can do it!*

*A word of encouragement during a low point in someone's life is worth more than an hour of praise after success.*

AVISHI RAJPAL- IV-C

## THE MAGIC OF ENCOURAGEMENT

Encouragement is not just a word. It is a lifeline for those who are depressed and who are going to fall into a bottomless dark hole. Really, encouragement increases people's trust in you and it also improves your relationships.

I, myself ask God to give a lot of power to people so that they can encourage themselves and others too. If everyone is encouraged to do good and honest work then this world will be transformed into a peaceful land, no thieves, no crime, just love and harmony.

To conclude, I would like to thank people like my parents who have encouraged me to work hard and always have faith.

SIDDHI GUPTA-IV-A

## TRY YOUR BEST

If you always try your best,  
Then you'll never have to wonder,  
About what you could have done,  
If you'd summoned all your thunder.

And if your best was not as good,  
As you hoped it would be,  
You still could say,  
"Today, I gave all that I had in me!"

SHIVAM MISHRA IV-C

## WE WILL SUCCEED FOR SURE!

Read but write more,  
Talk but think more,  
Play but study more,  
I promise we will succeed for sure.

Eat but chew more,  
Weep but laugh more,  
Sleep but work more,  
I promise we will succeed for sure.

Punish but pardon more,  
Spend but save more,  
Consume but produce more,  
I promise we will succeed for sure.

Hate but love more,  
Order but obey more,  
Quarrel but compromise more,  
I promise we will succeed for sure.

**भाषा संवर्धन**

हिंदी एक वैज्ञानिक भाषा है। इसमें जैसा बोला जाता है, बिलकुल वैसा ही लिखा जाता है। पिछले अंक में हमने बात की थी, भाषा के चार कौशलों की। जिनमें एक है - वाचन, अर्थात् बोलना। इसलिए जब हम शुद्ध एवं स्पष्ट बोलेंगे तभी शुद्ध-स्पष्ट लिखेंगे। अक्सर हमने देखा है, मेडिकल शॉप के बाहर लिखा होता है - 'दवाईयाँ' जो अशुद्ध है। जबकि शुद्ध शब्द होगा - 'दवाइयाँ', अपवाद स्वरूप एक-दो शब्दों को छोड़कर बहुवचन में (इ-ि) का प्रयोग होता है। ऐसा ही अक्सर ट्रकों - गाड़ियों आदि के पीछे लिखा होता है - 'माँ का आशीर्वाद' या 'आशीर्वाद' जो अशुद्ध है। जबकि शुद्ध शब्द होगा - 'माँ का आशीर्वाद' अब इसमें ध्यान रखने वाली बात यह है, कि जब 'र' स्वर रहित होता है तब वह रेफ़ (ऌ) के रूप में अपने बाद में आने वाले वर्ण के ऊपर लगता है जैसे -आकर्षण, कर्म आदि। अतः हमें उच्चारण पर विशेष ध्यान देना होगा।

"Le secret pour avancer c'est de commencer." Dans les moments difficiles du coronavirus d'aujourd'hui, pour m'inspirer de ne pas abandonner, j'ai récemment vu un film « LIFE OF PI ». Santosh et Gita Patel décident de vendre leur zoo en Inde et de déménager au Canada, avec leurs fils et quelques animaux. Après un naufrage tragique, seul humain, le fils de Patel, Pi a rescapé de ce naufrage. Cependant, Pi n'était pas seul; un tigre du Bengale était avec lui. Après quelques mois, Pi et le tigre avaient appris à se faire confiance pour survivre tous les deux.

Et c'est la même circonstance où chacun doit faire confiance à nos gouvernements et à nos médecins. Comme eux, nous devrions tous être ensemble dans ce combat. L'histoire nous apprend à ne pas abandonner, même dans les conditions les plus dures. Pi n'a pas perdu son espoir et il a continué à bouger. A cause de la pandémie de coronavirus, nous restons chez nous pendant une si longue période. Nous aurons de la patience, de la volonté, de l'amour et de la confiance pour gagner les moments les plus difficiles de l'histoire humaine!

**A TALE OF ENCOURAGEMENT**  
*By Arsh Gupta IX B*

Among the towering peaks of the Alps,  
Covered by a vast stretch of white snow.  
In a small cottage, a young man  
Not older than 14 stood, looking through his window.

Nervous he was, for today was the day,  
To show those who saw him as a loser.  
That he was not a failure, not a flop,  
And just wanted to put up an awesome show.

Today was his first competition,  
The one for which he had been training for years.  
So, he picked up his snowboard and set out  
Wiping his tears for he was ready to face his fears.

Hurriedly, he arrived at the course,  
He braced himself and nervously bent  
A long breath and all stress gone.  
1! 2! 3! Go, and off he went.

He raced through the trees, through the wind,  
Confident that he'd win as he neared the end  
But something very unexpected happened,  
Something he had never fathomed!

One wrong move and he slipped,  
Across the mountains, his scream echoed.  
He lost his right arm!  
And despair overshadowed.

He lost all the hopes he ever had,  
He wished never to see the snowboard again.  
As now, it was a forgotten friend,  
But someday he had to get out of his den.

His mother saw his innate love  
And the talent for the sport.  
And the cloud of despair started  
Disappearing around him as she talked.

"My boy, I know you are feeling  
Pained and distressed.  
But please, don't pretend  
To forget your bosom friend."

"Your snowboard is waiting right there  
For you to create memories.  
As you zip past the houses,  
Dodging the Conifers blissfully through the breeze!"

At that moment, he felt the surge  
Pushing him to pursue his lost love  
He had finally been rescued from renouncing  
That he had been at the verge of.

Ten years hence, at the Paralympic Games,  
A tear fell down Alex's cheek while he moaned  
And recollected this story as he proceeded.

## ENCOURAGEMENT AND RAISING BENCHMARKS

In the words of Martin Luther King Jr., encouragement can be described as a stone of hope in a mountain of despair. When we feel that we are in the middle of a trial with ourselves, words of encouragement can make all the difference. It can do wonders for one's outlook on life. One question, however, which lingers in our minds is that how does encouragement help people in raising the benchmark?

Words of encouragement are morale boosters. They help us muster the strength required to overcome the obstacles which lie ahead of us. Moreover, encouragement also acts as a fuel for one's self-esteem. This allows us to reevaluate our capabilities and reset our benchmarks which would help us tackle and achieve our goals more efficiently. Encouragement is the healthiest motivator. It gives us willpower and aids us to persevere and look at our endeavours of past, present and future in a positive light.

With this, we've answered the question that we started with. Encouragement helps people in raising their benchmarks as it is the ultimate source of inspiration, self-confidence and willpower.

### BOOSTING YOUR IMMUNITY

There is a dark cloud called COVID looming over us, but the silver lining is the time it has given us to boost our immunity.

#### • A (fruit) punch to COVID

Fruits like apples and oranges are rich in nutrients, including fibre, vitamin C and antioxidants. The time is ripe for incorporating them in our diets.

#### • All work and no play puts Jack at risk.

Work from home, online education and Zoom meetings are all very exhausting. Physical exercise stimulates both mind and body and also serves as a recreational activity.

#### • Stress on mental health

Our mental health too has been affected due to such an unprecedented change. Something as ordinary as good sleep can do wonders when it comes to relaxation.

#### • Mask the virus

Wearing a mask reduces the scope of transmission drastically. Inexpensive, reusable and washable; it shields us from the virus.

Our best bet for being safe is our body's immune system as it will help to tackle the invisible, minuscule enemy known as the Corona virus.
