VISION

To build the nation and the society by providing total, integrated and trans-cultural quality education and to be the global front runner in value education through nurturing talent in an environment where modernity blends with tradition.

Message by the FOUNDER PRESIDENT

My very dear alumni,

I have been requested to give my message at the most vibrant and sterling occasion of your **Convocation 2022**.

What can be a better message than that I share here my prayers, which I do day in and day out to the **Almighty** for my beloved alumni and recommend hereby that all my Amitians should also themselves make the prayers requesting **GOD-**

Oh GOD!

- 1) Give me the strength that I always have undaunted and unwavering faith in **You**, under all circumstances and in every situation.
- 2) That I have **Your** blessings that **You** hold my hands to guide me, advise me and always show me the right path.
- 3) Give me all-time wisdom (सद्बुद्धि), which would always act for me as ब्रह्मास्त्र and enable me to follow the path of success and to attain bliss in personal life and **You** always remain with me, so that I am strong enough to face every challenge and any adversity which may come in my life.
- 4) Give me good health, which is a basic need for me to fulfil all my aspirations and to achieve my mission and set aims and goals.
- 5) Imbibe in me infallible emotional stability (भावनात्मक स्थिरता) to struggle through every challenge and adversity faced by me, whatever may come in my life.

The **Almighty** would definitely listen to your prayers and bestow upon you **HIS** blessings and you would achieve anything and everything in life, what you would aspire for and this would lead to that -

Each of your success, every achievement and all laurels you will earn in your professional and personal life, making yourself worthy to take your Nation to still greater heights and further your contribution, leading to make the world a better world, would make your parents, grandparents, all other family members, myself and everyone from Amity Group greatly proud of you.

I have written all above on the basis of my personal connect with **GOD** and am sure that **HE** would also listen to your prayers.

I wish you a most vibrant, enriching, and enjoyable graduand ceremony, which is one of the most important day in your life.

My blessings and best wishes would always remain with you and your family.

Message by the Chancellor, Amity University

It gives me great pleasure to congratulate all the Amitians who are graduating as part of the Class of 2022. A convocation is one of the milestones in life one never forgets and I am sure you will share the immense feeling of pride and happiness with us and all your family members, friends and colleagues.

As an Amitian never forget the great sacrifices your family and faculty have made to give you the best possible education. It is now your responsibility to do your best possible to give back to society and make them all proud.

I express my sincere appreciation to all the faculty and staff of Amity University, for assisting you on your educational and life journey during these defining years, and for continuing to make this University a place of excellence and fine achievements.

We are here because of the vision that our Founder President, Dr. Ashok K. Chauhan had and the passion and junoon with which he has brought together the best people and led them to ensure that Amity offers transformational education to brilliant young achievers who will go further to improve society.

Just one of the many outcomes of this commitment is that Amity University has been ranked among the top 3% universities globally by QS and THE (Times Higher Education)- the world's leading University rankings organizations.

Amity has also set a new standard of academic excellence by becoming Asia's only university to get both a US Regional Accreditation from WASC as well as QAA, UK Accreditation.

Recent times have been extraordinary and challenging for all. I am proud that everyone at the University has risen to the challenge to ensure that our students get the best possible education and experience. This is the true Amity spirit that has been imbibed in all students.

There are of course many factors driving Amity's growing success now and into the future. Given that research is an important indicator of the stature of a University, we have made considerable investments in research.

For instance, Amity in the last years has filed over 1750 patents, out of which 171 patents have been granted.

Today, as you receive your degree, you will hold in your hands the key to the door of your future professional success. As future leaders, I trust that the leadership qualities that you demonstrate will reflect the values that you have nurtured during your years at Amity.

These values not only ascribe to the highest levels of academic distinction but also inspire you to follow a lifelong pursuit of excellence. They also make you a better human being, rendering selfless services to your Country, society and humanity.

Congratulations once again. Always remember we are family for life. I look forward to meeting you in the future and sharing in the stories of your success and happiness. We are always there for you.

Together, we will change the world.

Dr. Atul Chauhan

Message by the Vice Chancellor, Amity University

Dear Torchbearers of Amity University

Let me begin with three inspiring quotes that will stand you in good stead through the adventure that lies ahead of you, through the journey of Life:

"When you leave here, don't forget why you came" – Adlai E. Stevenson

"Strength does not come from physical capacity. It comes from an indomitable will."

"Your education is a dress rehearsal for a life that is yours to lead." - Nora Ephron

These three guiding principles will help you stay rooted, give you a strong willpower, faith in the inherent goodness of a person and the undying belief that we are the product of our own thoughts!

On the momentous occasion of Convocation 2022, I extend my heartiest congratulations to each one of you, your parents and guardians. This, truly, is a moment to rejoice, to be proud of where you've reached, of all your achievements.

Graduation is an important milestone in the life of a student: it is the culmination of a long-cherished dream, ensuring professional as well as personal growth. Amity University is a platform of myriad opportunities that shape students into the success-story they become. At Amity, you have not just studied and imbibed, you have given back a great deal too. You have therefore left an indelible impact on the university and the people and helped create long-lasting memories. You have had the opportunity to evolve and grow, to try again and again and constantly strive to learn more, be more, know more.

With a strong foundation of excellence, dedication and professional ethics, demonstrated by our visionary leader, Hon'ble Founder President Dr Ashok K. Chauhan, Amity University provides the perfect platform for its students, bestowing upon them the will to transform their lives. Leading by example, our charismatic Chancellor, Dr. Atul Chauhan, constantly inspires us to maintain the highest standards of excellence and take the university to its pinnacle of success. Students are always reminded that Excellence is not a destination but a continuous journey.

Today, as you venture out into the world of opportunities and challenges, we celebrate your success and your achievements. At this juncture, it is good to remember that Life is a mixed bag, a series of ups and downs. Do not be discouraged in the face of adversities, learn to look them squarely in the face. Don't let failure deter you. Instead, always keep in mind that Success is never final and failure never fatal, it's courage that counts.

This is also a befitting occasion to acknowledge the committed efforts of your faculty, mentors and your parents. They are the people who've stood by you through the years and helped you achieve your dreams, soaring high, "hitching your wagon to a star." Today is a day to feel humble and grateful: to God and to your parents for having made this day possible, so each one of you please say a silent prayer of thanks.

On this special day your degrees will be conferred upon you, cementing your long-lasting relationship with Amity University, as you join the Amity Alumni Network of over 2,50,000 across the globe.

Heartiest Congratulations on your graduation. In this moment of pride and joy, it is equally important to understand the importance of giving back to the society and the people who have contributed to your growth. The twin goals of self-growth and social goodwill add greater value to your future. We are confident that you will live up to the Amity vision and mission of the greatest good of the greatest number and become an exemplary human being.

We know that every end has a new beginning and I'm sure that this is that wonderful new beginning to a glorious chapter, for each one of you.

I'm sure that your years at Amity, with the help of dedicated teachers and staff, have given you the courage to follow your own heart and your dreams.

You are the brand ambassador of Amity, so be the best version of yourself. Amity will always be home to you, and we will always be a part of your extended family. Be proud of Amity and always make Amity proud of you.

I wish you happiness, success, and prosperity in life.
