Dear Sir / Madam

Greetings of the Day!

This is in continuation to the trailing mail regarding sanction of DST Projects for your respective Campuses.

You are doing tremendous job in grooming the future leaders of our esteemed nation. I am seeking your continued support and outcome driven approach in meeting the desired goals of organizing DST- NIMAT Programmes at Amity and most importantly the vision of our Honorable Founder President Sir.

I am placing below some important points/ guidelines/ instructions which would help you to coordinate the Programme at your end:

- 1) In the trailing mail I have already shared a format which asks for Bank accounts details of the Grantee. Post submission of this form to EDI in the due course of time 70% of the projects sanctioned to each campus will be credited into the Bank Accounts of respective Amity Campuses
- 2) Simultaneously we need to prepare a budget to run sanctioned programmes at our campuses. I will share the sample budget for each and every programme which can be used as such at your end. If required you can also do the modification at your end.
- 3) We have to utilize all the funds sanctioned to successfully organize the programme.
- 4) Being the point of contact for these programmes (on behalf of your campus) you need to collect the nominations of students from various Science and Technology Institutions running at your campus. Minimum Number of Students and Eligibility for the Same is placed below:

S.No.	Programme	Duration (in working days)	Minimum Students required for participation	Eligibility
1	EAC	3	75	Students only from Science & Engineering Domain, Preferably B.Tech & Pre final year
2	EDP	24	25-30	
3	TEDP	36	25-30	

Please ensure different set of students nominated for different programme so that we may have the maximum exposure.

- 5) The most important aspect is the deliverable and delivery of the training programme. All the items we need to arrange will be detailed in the budget proposal. There is specific curriculum which need to adopted and taught during the training period. That will be shared in the due course of time with you.
- 6) Based on the subject/ topic to be covered, for that you may have faculties available within the campus. This also needs to be identified if you need to utilize internal resources. Pre- defined emoluments will be paid to them.
- 7) Also, it is very important to carryout the photo coverage of the event, required by EDI, DST and for the University Purpose as well. Therefore please ensure that proper picture of students, faculties and trainers (for every session) along with group photograph will be taken regularly and with proper captions.

Format for stents nomination is attached with this mail for your reference. **Please collect all the nomination before August 2017.**

In case of any clarification please feel free to get in touch with me.

Seeking your kind cooperation and support.

With warm regards

- 3) An ideal time to organize these events is from August 2017 - March 2018. At the same time we have to ensure that the regular classes and lecture of participating students should not get affected.**

I am also coordinating with **few companies and experts from industries like MSME, DST , NIESBUD, Skills Development Council, NSDC etc to have them as trainers at your respective campuses to successfully deliver the sessions. It will be confirmed shortly.**

Now our target is to successful organize the projects sanctioned by DST to each and every Amity Campus engaged and meet their expectations so that our horizons for future grants and projects gets widen.

Seeking your full support and cooperation.
