

EVENT

**“Blood donation camp” organised by
Amity University Haryana in association
with Rotary Blood Bank Delhi**

On

8th and 9th November 2017

At

**Academic B- Block foyer, Amity University
Haryana**

Organiser

Department of Medical Laboratory along with Amity
College of Nursing
Amity Medical School, Amity University Haryana

The Amity University Haryana have organized two days blood donation camp in its premises collaboration with Rotary Blood Bank, Delhi.

A dedicated team of qualified and trained professionals from Rotary Club comprising 13 member arrived at campus premises around 9.30 AM on 8th Nov 2017 who followed stringent screening procedures, careful documentation and Good Laboratory Practices for collecting, processing and testing blood. The venue , Academic Block-B Foyar waswell arranged and maintained for blood donation process by the expert team of Amity Medical School. Thirty three Volunteerstudents,15 from the Department of Medical Laboratory Technology and five Faculty Coordinators, 18 students from Amity School of Nursing and three Faculty coordinators were actively involved in the event. The event was guided and supervised by Maj Gen (Dr) Mahavir Singh (VSM), The Dean of Amity Medical School.

On the first day, the Deputy VC Maj. Gen. B. S. Suhag visited the venue and interacted with the coordinators/volunteer students and donors. In the afternoon, the Vice Chancellor Prof (Dr) P B Sharma,Research Director Dr Rajendra Prasadaccompanied by Maj Gen (Dr) Mahavir Singh, The Dean of Amity Medical School inspected the venue and interacted with the donors. The Honorable VC motivated students and faculty and made the donors comfortablethru cordial interaction. In the afternoon Dr Padmakali Banerjee, Pro Vice Chancellor and Dean Academics visited the Camp and met the Donors and organising staff and appreciated their efforts.

The students, faculty members and staffs from various departmentseagerly came to donate the blood. This was facilitated by Faculty coordinators and Volunteer students of UG and PG students of Medical Laboratory Technology and Amity School of Nursing.

Summary

AUH has been organizing Blood Donation Camp periodically under the aegis of DSW. From this year onwards, the responsibility has been entrusted to AMS and the Event was conducted by the Dept of Medical Lab Technology in collaboration with Amity College of Nursing and the Campus Medical officer. The Blood Donation Camp was organized on 8 & 9 November 2017 in collaboration with the Blood Bank Wing of the Delhi Rotary Club. The event was successfully organized. A total of 328 blood units were collected.

Event/Activity @AUH

Event Name –Amity Health Fair 2018

Aim of Event :To provide free health services to Amitians and their family members.

Details of Speaker: NA

Date:13th- 14th March 2018

Venue: Optometry Clinic

Organized By: MLT, AMS

Faculty Coordinator(s):R P Jayaswal

Participation:294

Point wise highlights of the Event

The following health services were provided at free of cost:-

1. Vision Test
2. Hearing Test
3. General Health Screening
4. Diagnostic Tests (By SRL Diagnostics)
 1. Creatinine for Kidney functioning
 2. Random blood glucose level for Diabetes
 3. Cholesterol level
 4. Body Composition Analysis
5. Other tests / panels were offered on attractive discounts.
5. Diet plan
6. First Aid
7. Health Awareness
8. Dental clinic for general screening

1. Objective:

- To create Awareness of medical programs and facility within the campus
- To Increase health awareness facilitated by medical departments of AUH
- To Identify and Motivate students as a active participants to make positive health behavioral changes;
- To Spread self-care practices;
- To Invite health industries to be active part of the event and enhance connect for educational training.
- To Increase awareness of local, state, and national health services and resources

2. Committee Member

a. Chairperson: MajGen(Dr.) Mahavir Singh (retd)

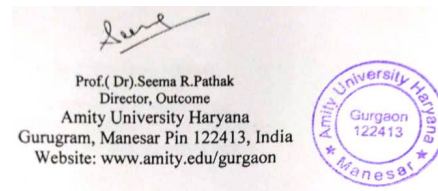

b. Joint Secretaries:

- i. Dr. Harish Kumar Satia
- ii. Prof. Monica Chaudhry
- iii. Dr. M. Vijaya Simha
- iv. Col (Dr) Surinder Kumar Yadav
- v. Dr. Luxita Sharma
- vi. Mr. Vijay Kumar

c. **Organizing secretary:** Mr R P Jayaswal (AP-II & Program Coordinator, MLT)

d. **Staff Coordinator:** Mr. Amit Adhikari (Technical Associate, MLT)

3. Special Thanks to Staff and Faculties

- a. Audiology and Speech Therapy
 - i. Mr. Arun Kumar (Clinical Supervisor)
 - ii. Ms. Manisha (Clinical Supervisor)
 - iii. Mr. Akriti Jaiswal (Clinical Supervisor)
 - iv. Mr. Himanshu (Clinical Supervisor)
- b. ACON
 - i. *Mr. Robin J Bhatti (Asst Proff, ACON)*
 - ii. *Ms White Rose (Tutor, ACON)*
 - iii. *Ms. Sharmila (Tutor, ACON)*
- c. Optometry
 - i. Prof. Monica Chaudhry
 - ii. Mr. Gaurav Bhardwaj
 - iii. Mr. Phani Krishna
 - iv. Mr. Aditya
- d. MLT
 - i. Ms Meenakshi
 - ii. Mr Ashok kumar Sah
 - iii. Mr Rajeev Kumar Jha
- e. Dietics
 - i. Dr. Luxita (HOD, DAN)
- f. Admin Hospitality
 - i. Mr. Ravi
 - ii. Mr. Amit
 - iii. Mr. Lalit
- g. Peon - Mr. Sunil
- h. Helper: Mr. Mahender and his team
- i. SRL Diagnostics Team
 1. Ashish Kumar
 2. Mr. Vaibhav Markandey
 3. Mr Lokesh
 4. Shweta Manoja

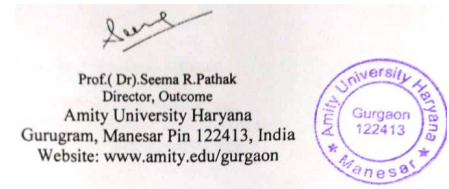

5. Three technical staff
- j. VOLUNTEERS STUDENTS

- i. MLT
 1. Sparsh
 2. Vandana
 3. Vivek
 4. Prashant
 5. Pallavi
 6. Nadeem
 7. Shahid
 8. Taruna
 9. Himanshu

- ii. Optometry
 1. Amit
 2. Rakesh
 3. Ankur
 4. Ajay
 5. Monu Raghav
 6. Somveer

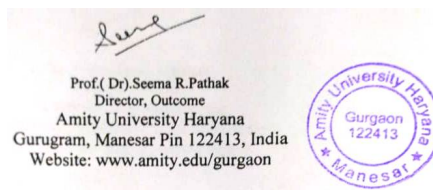

- iii. Nursing
 1. *Ms. Swati (B.Sc N Intern)*
 2. *Mr. Hitesh (B.Sc N Intern)*

- iv. Dietics
 1. Souditi Das
 2. Shelly Garg
 3. Sheetal Vats
 4. Divya Kaushik

4. Special Guest of the event:

- a. Maj Gen B S Suhag(Retd), (Deputy VC, AUH)
- b. Dr Padmakali Banerjee (Pro Vice Chancellor, AUH)
- c. Maj Gen Gurpal Singh Bal (Retd), (Dean of Students Welfare, AUH)
- d. Maj Gen PK Sharma (Retd) (Director, Amity Law School, AUH)

5. Outcome of the event

- i. **Total Number of students and Staffs who benefitted from this event: 294**
- ii. **Diagnostic test done: 212**
- iii. **Vision test done: 133**
- iv. **Hearing test done: 88**
- v. **First Aid and Health awareness: 273**

Outcome of the Event with Time Line (Proposed/Achieved)

1. Outcome related to Industry Connect

- a) **Placement:** SRL Diagnostics official after witnessing our student's performance, they told us to recruit our students as trainees/Employee for their future needs.

2. Outcome related to Students Learning &Grooming:

Students of MLT, Optometry, Audiology, Nursing and Dietics worked as volunteers to make this event successful. They learnt to communicate with patients. They got an opportunity to experience live handling of the patients. They learnt professional experience as well.

3. Outcome related to Society outreach

- a) Society benefitted in terms of Health & hygiene:

The objective of this event was to serve the amity society through health camp.

- b) Our AMS students benefitted in terms of Education/professional skills:

Amity students and staff learnt about health awareness. They learnt about first aid and diet plan also.

Workshop On Gender Sensitization And Women Empowerment

Amity School Of Languages organized a two day workshop on “**Gender Sensitization And Women Empowerment**” from **14th to 15th November 2017**. The workshop was facilitated by **Dr. Ni Putu Tirka Widanti**, Chair for Master of Administrations Science, Postgraduate Program, Ngurah Rai University, Indonesia. Dr. Widanti has also been appointed as Professor Adjunct, Amity School of languages, Amity University Gurgaon.

The workshop was conducted in three sessions spread over two days. The first session started with formal felicitation of Dr. Widanti by Dr. Sanjay Kr. Jha, Director Amity School of Liberal Arts and Prof. Ashok Tiku, Head of Department, Amity School of Languages. The welcome address was given by Prof. Ashok Tiku in which he briefly summarized the credentials of Dr. Widanti. It was followed by the key note address of Dr. Widanti where she introduced her country Indonesia in general and Bali in particular. A video screening of the theme of workshop was also done. The video showcased representation of Balinese women and gave a brief overview of the actual situation of women in Bali.

The second session was on Gender, Society and Women’s role: Un-learning Gender and Redefining Female Role in Changing Milieu. this session talked about the Concept of Gender while differentiating gender from the sex. The differences based on biological features and social construct in terms of gender and sex in our society were discussed at large. Based on these differences, it was tried to demarcate the defined role of Women, actual and ideal. The case study of Bali and India were taken up and a comparison was drawn. It was further tried to highlight the core issues involving gender sensitization in both the countries. Few videos were screened to show different aspects of gender sensitization and the audience were given the activity to chart out core issues regarding the condition of women in their respective regions. Most of the issues raised by the audience were similar and pertinent.

The third session was on “Millennium Development Goal in gender mainstreaming”. Dr. Widanti gave an overview of MDG in south Asian countries based on the different parameters like health and education. The role of women education in Women empowerment and knowledge based economy in Bali and India were compared. Furthermore, Women health and empowerment consisting Women access to health care and other MDG goal related to health in rhetoric and ground realities were discussed. This session also included valuable feedback from the audience based on the two days of discussion on this sensitive issue. The issues, thus raised were summarized and the floor

was left open for Q/A round. The last 15 mins were given exclusively to the student participants to come forward and share their views on this issue. The session ended with the vote of thanks by prof. Ashok Tiku where he thanked Dr. Widanti for conducting such an interesting workshop and he put forward his willingness to work further to enhance the cooperation between India and Indonesia by organizing more of such intellectual exchange. Prof. Tiku also thanked the conveners of this workshop, Mr. Kunal Anand and Ms. Mansi. He also thanked Dr. Suvro for managing the affairs of Dr. Widanti while her stay in AUG.

After the session, a brief meeting took place between the guest and hon'ble PVC Dr. Padmakali Bannerji. The meeting ended on the positive note that the prospect of further collaboration shall be explored and AUG can work towards starting Study Abroad Program (SAP) in Bali and in turn offer India immersion program for Balinese students. It was further suggested that students of hospitality and tourism can be send to Bali for their internship and field trip. The PVC's office will send an invite to Dr. Widanti for the Congress of Mental Health to be organized in AUG in February 2018.

Social Awareness program

On

“Green Environment, Balanced diet and personal hygiene”

Amity School of Fashion Design and Technology

Amity University Haryana

Social Awareness Program

Amity School of Fashion Design and Technology planned a social awareness program to boost existing knowledge of rural community on few imperative issues including personal hygiene, importance of balanced diet and to maintain green environment. Volunteer students were divided in three groups, each group explain their flashcards in an effective manner using local language. First group shows their flashcards one by one and explain the “importance of green and healthier environment” for better future. Similarly, second

and third group explain their flashcards on “importance of balanced diet” and “personal hygiene” respectively.

This program encourages students to engage deeply with their communities on social issues which impact their lives and their shared future. Faculty and the students spoke to the villagers that it is the responsibility of each person to do their bit to preserve the environment, so that a healthy eco system is maintained and provide a green future for the next generation.

Students also explained to the villagers, the effect on health by taking liquor, tobacco, gutka. Due to this addiction the family also loses the health and become economically weak resulting in death. The villagers realized their responsibility and supported the students. The event was successfully organized and observes increase awareness among villagers on all three imperative issues.

We would like to acknowledge the presence of Mr. Pal, Sarpanch representative who helped us in deciding venue and make necessary arrangements for the events.

Gurugram, Manesar Pin 122413, India
Website: www.amity.edu/gurgaon

in the Quiz Competition. The quiz comprised of 30 questions, MCQ type, which were to be answered in 45 minutes.

2. Valedictory Function was graced by the presence of Ms. Sushma Sahu, Member, National Commission for Women as the 'Chief Guest' and Prof. (Dr) Padmakali Banerjee, Pro-Vice Chancellor. Welcoming the Chief Guest and all others present, Mrs. Neha Mishra, Asst. Professor, Amity Law School, Coordinator of the Event, said that, "Women have always been considered as the marginalized section of the society. They have been shown merely as characters in a man's world. What they don't realize is that women are leaders everywhere you look". The Pro-Vice Chancellor, Prof. (Dr) Padmakali Banerjee said that "This University always promotes gender equality and indulges in various activities for upliftment of this marginalized section of the society". This was followed by a breath taking performance by EkAwaz, Amity Dramatic Society. This Nukkad Natak was based on 'Bias and Violence against Women' which brought out the atrocities suffered by women at different facets of their life. This was highly appreciated by one and all.

3. The Hon'ble Chief Guest, awakened the spirit of one and all present with her awe inspiring address. She shared her own life experiences and how she stood firm against all odds. Narrating cases dealt with by NCW, in which women were subjected to various

evils like acid attacks, in house rape, cruelty, domestic violence etc., she appealed to all present, particularly the students, for renouncing practices derogatory to women. If we can worship Goddess, why can't we respect women, which they so richly deserve. Ms Sahu also quoted the example of Maj. Dhyanchand, for enlightening the students, that how he projected his spirit of nationalism in Germany and denied a lucrative offer made to him by none other than Hitler.

4. The Winners were then felicitated with Cash prize and certificates as under :-

(a) First Prize	-	Mr. Deepanshu Tuteja	-	Rs. 2000/-
(b) Second Prize	-	Mr. Saurabh Verma	-	Rs. 1500/-
(c) <u>Third Prize.</u>				
(i)		Ms Poorva Mehta	-	Rs. 1000/-
(ii)		Mr. Lavish Soni	-	Rs. 1000/-
(iii)		Mr. Ravinder	-	Rs. 1000/-
(iv)		Ms Shahu	-	Rs. 1000/-
(v)		Ms Surabhi Dayal	-	Rs. 1000/-

5. In the end, while proposing Vote of Thanks to Ms Sushama Sahu, the Chief Guest, all dignitaries, participants and students, Maj. Gen PK Sharma (Retd), Director, Amity Law School, assured that Amity Law School will promote awareness on such sensitive issues and will be conducting more such events in collaboration with National Commission for Women.

#ISHAREWARMTH WINTER CAMPAIGN 2017

AN INITIATIVE BY SAAKAR

CAMPAIGN REPORT

INTRODUCTION

SAAKAR, an AUG Social Responsibility Group with the Dean of Students Welfare, successfully brought the campus together to conduct this latest community project to reach relief to the homeless and lesser privileged in one of the coldest winters the NCR has faced.

Funds in the form of Cash, and in-kind donations of old blankets and warm clothes were collected using donation boxes. Online donations were also accepted via PAYTM for

employing digital fund raising from 31st Jan-4th Feb, 2017. The project brought together students as an exercise in Youth Empowerment and leadership at all levels.

Inculcating social responsibility amongst those on campus, this donation campaign involved students in hand-to-hand distribution of materials to needy, and showed Amity University Gurgaon as active on frontline social cause.

PARTICIPATING CLUBS

1. Dramebaaz – Theatre Club
2. Shiksha Association – Education Group

GOVERNMENT OF INDIA

September 4, 2017

Dear Dr. Singh,

11-9-17

Please refer to my earlier letter dated 2nd August, 2017 regarding Nationwide competition to create awareness about the legal rights of women.

2. Keeping in view the over-whelming response from colleges/institutions from across the Country and disruption of internet services in some parts of the Country due to rain etc., the National Commission for Women has made some changes with regard to organization of competition at college/institution level. A copy of the circular issued in this regard has been uploaded on the website of the NCW (copy enclosed).

3. I shall be grateful if the contentment of the enclosed circular could be shared with all colleges/institutions in your State.

With best wishes,

Yours sincerely,

(K.L.Sharma)

SAAKAR MENTAL HEALTH CAMPAIGN

Project Proposal

Page | 1

"Out of 800,000 suicides annually worldwide, India accounts for 17.5%"

Vision

The **Saakar Mental Health Campaign 2017** in collaboration with the **Amity Institute of Behavioural and Allied Sciences**, aims to bring awareness and action on important issues of Mental Health and addiction plaguing our society, that go largely unnoticed or ignored from a lack of understanding and an absence of a social safety net meant to protect individuals. The campaign will focus on the young student community through on-ground awareness and effective screening procedures to enhance self-understanding of individuals.

Objectives

The campaign aims to accomplish the following objectives:

- Raise awareness through unique, large scale events and take action on mental illness and addiction to educate the youth.
- Collaborate with the experts from in and out of campus to bring forth a better perspective on mental health issues
- Promote youth Empowerment and leadership goals by involving our large youth workforce in implementing this mission.
- To showcase Amity University Haryana as a beacon of Social Responsibility throughout the national and international community

baratUDAAN

A STEP TOWARDS A BRIGHTER FUTURE

VISION:

“Knowledge is power. Information is liberating. Education is the premise of progress, in every society, in every family” are the powerful words of Kofi Annan, Secretary General of United Nations. These words are the chief impetus that drives us and hence UDAAN was founded. UDAAN is a small initiative to teach, empower and enable the overall development of the underprivileged living in the vicinity of our campus. Our deep-seated belief is that knowledge is power and educating one person will lead to a chain reaction thus spreading our motive to the masses.

Started on: 1st April 2015

Under the guidance of: Maj. Gen. G S Bal

Initiated by: Abhishek Jindal, Priya Sherawat and Amrita Singh.

OBJECTIVES:

1. To educate underprivileged children of House-keeping department of Amity University.
2. To provide basic learning abilities to underprivileged children to enable them to secure admission in schools.
3. To enhance their linguistic, social, cultural, educational and psychological capabilities.
4. To promote a positive culture and provide the environment that would lead to major change in minds of children and their parents about being educated.
5. Enable holistic and overall development in students.
6. Promote importance of extra-curricular by means of cultural activities.
7. Remove societal gaps, if any.

PLAN:

Children were divided into groups on the basis of their age and learning abilities.

1st group: 3-5 years group

- Interactive sessions were held in which they learned to express their thoughts freely.
- Learned to identify colours and shapes so as to inculcate in them basic knowledge.
- Recitation of poems, playing games so as to promote joyful learning.
- Inculcating social etiquettes and manners for an overall personality development including daily prayer.

2nd group: 5-9 years group

- Identification of colours, shapes, body parts so as to impart them the basic knowledge.
- Recitation of poems, stories so as to enhance their public speaking abilities and expression of their thoughts freely.
- Playing games, art, and craft, dancing, and singing so as to promote joyful learning and enhance their creativity.
- Reading, writing and identifying numbers and alphabets in both Hindi and English.
- Inculcating social etiquettes and manners for an overall personality development.

3rd group: 8-11 years group

- Interactive sessions were held for testing their basic knowledge of alphabets and numbers.
- Identification of colours and shapes and body parts so as to impart them the basic knowledge.
- Efforts were made to improve their linguistic capabilities.
- Creating awareness about their future goals and aspirations.
- Making them learn poems, tables, basic mathematic operations.

EVENTS:

DONATION CAMPAIGN (2015):

20th– 23rd April 2015

As every organization needs funds to strive and serve its functions. As Udaan is a non-profit organization dedicated towards humanitarian causes with its motto 'A step towards a brighter future'. We are seeking to make a difference to the lives of underprivileged children in our localities.

We set new milestones among ourselves through our collection amount and our team was delighted to see the responses from the donors for this humanitarian cause. The total collected amount was Rs.18,140 in our 3 days of tenure for which we are extremely grateful to our donors.

Team Udaan knocked each and every door of all our hostels and with the grace of our Deputy Director we were able to generate appreciable response towards this humanitarian cause. We are grateful for their response as well.

We value all the time and efforts our dignitaries put in for the successful completion of this event. A special mention to Maj. Gen. G S Bal (DSW), Prof (Dr) Padmakali Banerjee (Pro Vice Chancellor).

DIWALI CELEBRATION:

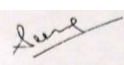

On 8th November 2015

This festival of lights, sweets, and houses full of decoration we can easily find some of our people with nothing like that they are just like us but the only difference is the financial condition. Every year we see there are children who lack the two-time meal also. How can they afford to celebrate festival?

We the Udaan members took initiative to share our happiness and joy by celebrating Diwali with them, this was just a small effort and gesture by us to make their Diwali filled with joy. Instead of burning crackers we decided to share sweets and eatables with them, which they are deprived from.

Their sparkling eyes could explain all the happiness and smile which cannot be defined.

ANNUAL DAY (2015):

On 28th November 2015

All the members of Udaan club celebrated 1st annual function with enthusiasm and zeal. Entire Udaan team participated whole heartedly towards the success of this grand event.

The Honorable chief guest Dr. P.B Sharma, Vice Chancellor of Amity University Haryana. The event happened with full pomp and show. Udaan team acknowledged the efforts of all the participants and thanked the esteemed guest for their precious time.

The event started off with a prayer by Udaan children, the theme for annual day was compassion for each other. It was a journey into thriving compassion among characters and heart touching scenes interwoven into a dramatically overwhelming play composed by Udaan members.

The event closed with a grand finale celebration by all the participants on the stage with the fashion show. It was indeed a spectacular display of talent and fervor of unprivileged children.

EYE CAMP:

On 2nd April 2016

Our Udaan team has organized an eye camp with team of ophthalmologist or optometrist from the Amity school of optometry screens the children. Children who need further treatment are reported to the amity eye clinic for a more comprehensive examination. Its prescription eyeglasses are needed, then they are distributed free of cost. Most people suffer from eye problems such as cataract or glaucoma which can be treated effectively. Unfortunately, in many parts of rural India or slums people do not know that this is curable nor do they have the resources available to get proper and timely medical attention. So it was Udaan's very first step towards health issue of children and their parents and much more to come in future.

BIRTHDAY CELEBRATIONS:

There are souls who don't make their birthdays grand and find happiness to celebrate their birthdays with Udaan kids and make their birthday confined to those tiny tots and which make their birthday more memorable and unique. Rather than choosing the expensive and delicate items for children. They host a small event cum celebration including games and eatables. In nutshell, the event becomes a big hit among little kids. Every moment gets filled with energy, enthusiasm, smile, and happiness.

UDAAN FUND COLLECTION VIA DIYA SALE:

On 11th October 2017

Sensing the arrival of festive of Diwali, Udaan organized a stall for active fund raising through sale of Diyas which were decorated by our team over night with their utmost creativity.

On the day of Sangathan i.e., 11th October 2017 we took up one of the stalls available in the ground for the conduction of our event. The event was planned way before and its execution was a big success considering the amount we raised through our sales.

The amount raised was directly converted to Udaan funds which is actively managed under due guidance of our President and Treasurer(s). Udaan has always been serious about its management and overall transparency of the group. The total amount collected after this event was Rs. 5137. Also, every rupee collected or garnered in each and every event of ours, is utilized in the welfare of the kids and directly to the needy.

Team Udaan expresses its gratitude to all the helping personalities for their continuous support through financially contributing us and helping us solve problems whenever we encountered any. A special mention to team of DSW for their continuous and constant support.

ANNUAL FUNCTION (2017):

On 16th November 2017

All the members of Udaan Club celebrated their annual function with enthusiasm and zeal. The entire Udaan team participated wholeheartedly towards the grand event.

The Hon. Chief Guest was Major Gen G S Bal, Dean of student welfare, Amity University Haryana. He was impressed by the impeccable performance showcased by the kids. The event started off with a prayer dance by girls. The panel of dignitaries consisted; the Chief Guest along with various faculties, Saakar, EkAwaaz and Dramebazz team. Prize distribution ceremony was conducted to felicitate and recognize the talents of students. Clothes, notebooks, and pens were donated to unprivileged children of Udaan family. Udaan team acknowledged the efforts of all participants and thanked the esteemed guests.

PARI FUND:

On 15th January 2018

PARI is studying in L.K.G. and her father is a sweeper in AUH. Unfortunately, he is suffering from Cancer because of his disease he's not able to work.

Recently, we have contributed around Rs. 10,000 and have paid Pari's school fees, which was due on their end since last 10 months. Now, Pariis happily going to school again.

We have taken an initiative named 'Pari Fund' to adopt child education. As of now, we have initiated this for only one child and we want to do it for the rest as well; those who are not going to school due to their financial problem. These unprivileged children and their helpless parents don't wish for anything extravagant. All they wish for is a decent life with a secured future for their kids.

SupportPari Fund and grant these kids their deserved fortune.

BLANKET DONATION:

On 19th January 2018

Winter is the time for comfort, for good food and warmth, for the touch of a friendly hand and for a talk beside the fire. This is how we all visualize the winters. But, winter comes back very hardly to the underprivileged that too old aged people who are deprived of love and affection by their kith and kin. So an act of kindness was done by all of us by collaborating with Saakarini their 'I Share Warmth Campaign' to distribute blankets to the needy by not only sharing warmth to them but also the happiness all around.

KUKROLA PROJECT:

Government schools often have low Education outcomes because of the poor quality of schooling they provide. So, Udaan took up an initiative to take hold of these children to educate them in a holistic manner. This not only helps the children but also provides experiences to our members enhancing the quality and capacity of our workforce.

Udaan will now reinitiate this previously appreciated activity with hope and enthusiasm ensuring better cooperation between the respective schools and ourselves.

REPUBLIC DAY:

On 26th January 2018

The main reason behind the conduction of this event was the overall development of kids and to rejuvenate the zeal inside them through appearance in social places. Also, to give them an opportunity to express their love towards their country.

We Team Udaan, with the help of our 20 members we achieve the feat to eradicate their fears from their minds with the help of performance through 3 of our kids [Ankita, Antima, Mohini], who gave a joyful dance performance on 26/01/18 at Republic Day Celebration, rendezvous Hostel Plaza.

PROGRESS REPORT OF THE CLUB:

- Motor development
- Intellectual and cognitive thinking
- Communication skills
- Carrying themselves up in a decent manner
- Basic manners of talking and walking
- A special mention to a few kids who are able to speak confidently in front of mass

FUTURE PLANS:

- In an attempt to promote and enhance hygiene among the students, we desire to provide each kid with handkerchiefs which will besides its functional purpose, provide a constant reminder of the importance of hygiene, for which we plan to have required sessions based on the evaluation of the respective members.
- Having been satisfied with the academic development of the students, we now desire to look into the aspects of their personality development and motor skills. For this purpose we desire to firstly introduce kids to motor enhancement and personality development activities like various sports, drama, dance, self-defence, public awareness etc.
- We also plan to keep a check on the overall development of the dedicated members of our club through regular assessments, orientation programs and harmonious relationships amongst.
- We wish to resume a previously appreciated activity wherein we regularly visit schools in nearby villages to educate children in various fields and gain experience to enhance the working of our own organization.
- Apparently, there are still students within our guidance who are unable to attend certified formal educational institution. Thus we have made it our topmost priority to ensure that all the students within our guidance are duly admitted into schools and are attending classes by 2018.

Hoping and working for the best.

A Vote Of Thanks:

And here we present a token of thanks to one and all who helped Udaan in developing the club from team of three to one of the known and most respectable clubs present in Amity University Haryana today. It is with utmost pleasure that we would like to express our gratitude towards Dr P B Sharma (Vice Chancellor), Prof (Dr) Padmakali Banerjee (Pro Vice Chancellor), Maj Gen (Retd) B S Suhag (Deputy Vice Chancellor). We are very grateful to Maj. Gen. (Retd) G S Bal (Dean of Student Welfare) and his team for the continuous support that has helped us to attain our goals. We also express our utmost gratitude to our esteemed faculty members and the departments who helped us in our journey.

Udaan wishes a great future to its members and all the volunteers who help the club in its sustenance and continuous enrichment.

Program: BDAN 4th sem (2014-2017), MDAN 2nd sem (2014-2016) & MDAN 4th sem (2015-2017)

Total no. of students: 19

Name of group leader: Dr. Luxita Sharma

Name of the faculty: Dr Luxita Sharma

Topic / Area of Project/ Activities: Health Checkup Camp

Place of Visit: Padha village

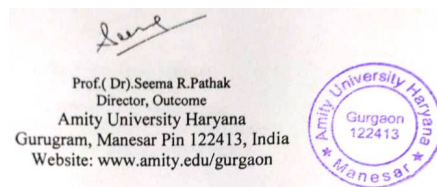

Outcome of the activity:

The activity was organized on 4th February 2016 by department of Dietetics and Applied nutrition involving faculty Dr. Luxita Sharma along with students of BDAN 4th semester, MDAN 2nd semester and MDAN 4th semester. The activity involved a community visit to Padha village, Haryana, for a Health checkup. In this study 30 subjects were included of age 20 to 32 year. After the subjects were selected, the collection of data was done using standardized questionnaire which consist of personal details, physical health, medical history, and clinical symptoms. For assessing food habits, a 24 hour recall method was used and dietary information was taken. All the subjects were made to fill the questionnaire before the intervention was started and after their intervention following for a month.

The villagers became aware of their health and nutritional status and came to know about the various healthy food options to be included in the diet. Nutrition education was given to make villagers aware of healthy habits. Students learned about the process of survey and

data collection in the community and gained practical experience related to nutritional counseling. Hence, the camp was successful for students as well as villagers, imparting knowledge of nutrition and diet.

Total no. of students: 15

Name of group leader: Dr. Luxita Sharma

Name of the faculty: Dr Luxita Sharma

Topic / Area of Project/ Activities: Nutritional Counseling Sessions were conducted

Place of Visit: Padha village

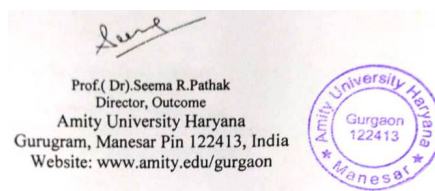

Outcome of the activity:

This community visit was organized on 13th February 2015 by department of Dietetics and Applied nutrition involving faculty Dr. Luxita Sharma and students of BDAN 2nd & 4th semester and MDAN 2nd semester. In the first visit students came back with the duly filled questionnaire and later brief analysis was done to understand malnutrition in the community. It was found that malnutrition was present among the children of the villagers. Despite they disclosed that they eat healthy and local food, even then prevalence of malnutrition was seen. The signs of malnutrition were very much prevalent as their head circumference was not in the required range. The height and weight was below the normal range. It was found that 80 percent of the children were suffering from under nutrition and underweight.

So students had an interaction with the mothers of the children and were advised about the health of their children. They were told that the growth of their children was not proper and they need to give proper diet and nourishment to their children. They were educated about the importance of nutrition at early age is important for proper growth and development. Total 51 patients were counseled by the students of Dietetics and Applied Nutrition in the second community visit. This community visit was fruitful for students as

well as for the village people. As students got practical exposure and knowledge about working in a community while villagers got nutrition education which will help in reducing prevalence of malnutrition, hence a symbiotic relationship was established among students and community.

Photos of the community visit:

Date of the activity: 13th January 2015

Program: BDAN 4th sem (2013-2016) & MDAN 2nd sem (2014-2016)

Total no. of students: 11

Name of group leader: Dr. Luxita Sharma

Name of the faculty: Ms Richa Singh

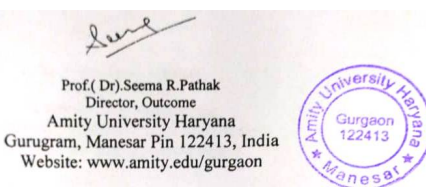

Topic / Area of Project/ Activities: To evaluate nutritional status of local school children

Place of Visit: Padha village

Outcome of the activity:

The activity was organized on 13th January 2015 by department of Dietetics and Applied nutrition involving faculties Dr. Luxita Sharma and Ms Richa Singh along with students of BDAN 4th semester and MDAN 2nd semester. The activity involved a community visit to Padha village, Haryana, to evaluate nutritional status of local school children. The students gave nutrition education and told about the healthy food options the local children need to include in their diet.

At first students found out the problems persistent among the villagers in terms of their health and deficiency disorders. A standardized questionnaire made by students was filled by our students by asking face to face questions about their medical history, eating habits and the food options available to them. It was found that the villagers were eating food locally available and they were unaware about many food products available in the markets. Since this was initial stage and first camp, this made it challenging in finding the problem regarding the diseases persistent among them. The villagers were not very friendly and the information was not given properly as felt during the session, but students tried to build rapport and break the ice. Overall the session helped the students to understand the process of data collection in community. It also helped them to polish their communication skills.

Photos of the community visit:

Date of the activity: 25th October 2017

Program: MDAN 1st sem (2016-2018) & MDAN 3rd sem (2015-2017)

Total no. of students: 5

Name of group leader: Dr. Luxita Sharma

Name of the faculty: Dr Luxita Sharma

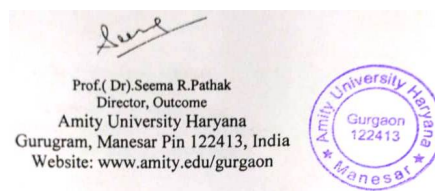

Topic / Area of Project/ Activities: Army seminar

Place of Visit: Hotel Imperial, New Delhi

Outcome of the activity:

This activity was organized on 25th October 2017 by department of Dietetics and Applied nutrition involving faculties Dr. Luxita Sharma along with students of MDAN 1st semester and MDAN 3rd semester. The students went for an army seminar to Hotel Imperial, New Delhi. There, they educated around 70-80 audiences about food that is appropriate for soldiers or army. Students also presented samples of food to be tasted by army.

Most of the foods were high proteins as required for proper maintenance and development of muscles. Pulse parcels were made from three kinds of pulses which are known to be rich sources of proteins and also are of good biological value. Certain products like chia seeds, sesame seeds, fennel seeds and pointed gourd will act as a laxative, mood elevating food, appetizer, high fiber food product for the soldiers. The foods were highly nutritious and liked by army soldiers. Present state: For the same we have applied for the funding at ADB. Overall the visit was fruitful for students as well as army soldiers as they learned knowledge of nutritious food products that may be added in the diet to improve overall health of the people.

Date:22 February 2019, Friday

Venue: Aanganwadi Centre, Baghanki Village

Organized by: Dr. Luxita Sharma

Participation Number of Students if any: 19 students

Point wise highlights of the Event:A community visit was organized at Aanganwadi Centre, Baghanki Village by Dr. Luxita Sharma, HOD & Associate Professor, Department of Dietetics & Applied Nutrition, Amity Medical School.The purpose of the visit was to impart nutrition education and aware the children and their guardians about general hygiene and sanitation. Students of M.Sc. II Semester and IV Semester were accompanied by two faculty members- Ms. Richa Singh, AP II and Ms. Apporva Tandon, AP I.All students along with faculties left the University campus at 11:00 a.m. and reached the village aanganwadi at 11:15 a.m. They were addressed by Ms. Poonam, the main worker at the aanganwadi and other helpers. There were around 15 children in the centre, belonging to the age group of 2- 7 years. All the children were given instructions about general nutrition education and hygiene in an interactive and collaborative manner. The students also performed a story telling session, recited a poem and also performed some dance to engage the children. After this interactive and engaging session, all the children were individually weighed and height was noted and finally, the students distributed a nutritious kaalachanachaata as a snack to the children, which they enjoyed and relished. The day ended with a group photograph of all individuals present.

The community visit proved to be very fruitful for the students as well as the village people. The students got practical exposure and knowledge about working in a community and undertaking data collection, while on the other hand the villagers got nutrition education which may help in improving their health.

Report on
Diabetes Awareness Program organized on the World Diabetes Day,
November 14, 2014

Introduction:-

The World Diabetes Day, is a global awareness campaign which is observed on November 14 every year in over 160 different countries. It was jointly introduced by the World Health Organization and International Diabetes Federation in 1991 in response to the alarming rise of diabetes around the world.

The campaign engages millions of people worldwide in diabetes advocacy and awareness and draws attention to important issues related to it and keeps diabetes in public spotlight.

Diabetes is a global problem having over 350 million people suffering from it. In 2012 an estimated 1.5 million deaths were attributed to Diabetes. Diabetes is a silent killer and it is projected that by 2030 it will be the 7th leading cause of death. It affects all ages and all ethnic groups around the world.

In India Diabetes is fast gaining the status of a potential epidemic with more than 62 million of its population diabetic. It is being known as the Diabetic Capital of the World with the highest number of people suffering from diabetes followed by China and the USA in second and third place respectively. About one third of the Diabetics don't even know that they are suffering from it. Undiagnosed and untreated Diabetes leads to complications like blindness, kidney disorders, Hypertension, Diabetic ulcers, osteopathy, heart attacks, strokes and many more.

With the above facts in mind that it was decided to organize Diabetes Awareness Programme, under the aegis of Amity Medical School by the Department of Hospital Administration for the benefit of our faculty, staff and students. Dr. Sandeep Kharb, Consultant Endocrinologist, Paras Hospital, one of our partner hospitals in Gurgaon was invited to deliver a guest lecture on the subject.

Arrangements were also made for the faculties, staff and the students to have their Random Blood Glucose levels tested by a team of 4 technicians from Paras Hospital and also for vision examination conducted by the Department of Optometry, AMS, AUH.

Details of the program:-

The program was held in Auditorium A Block (as per the attached Program schedule) Random Blood Glucose level testing & Vision Examination was done in B Block, ground floor, Rear Foyer (Photographs attached herewith)

Time: 10.30 AM to 12.30 PM.

Prof. (Dr.) Seema R. Pathak
Director, Outcome

Objectives

- To inform and educate faculty, staff and students about diabetes, its implications and motivate them to adopt a healthy lifestyle.
- To screen for high blood glucose level and visual acuity amongst students, faculty and staff.

Conduct of the Program

The program commenced with the networking tea for the guests and senior faculty members.

By 10.30 AM the Auditorium had about 20 faculty members and around 250 students. The Program began with the Opening Remarks by Maj Gen (Dr) Mahavir Singh, HOI, AMS & Dean, Faculty of Health and Allied Sciences. He stressed upon the fact that Diabetes is a lifestyle disease & we need to change our lifestyles to overcome the problem.

Dr Sandeep Kharb, MD, DNB presently Consultant Endocrinologist, Paras Hospital, Gurgaon delivered the guest lecture on the subject. He talked about various types of Diabetes like Type I, Type II, Gestational Diabetes & how and why these occur. He spoke on the burden of disease, its risk factors, complications & treatment and also stressed upon whom to screen for diabetes. He advocated adoption of healthy lifestyle, which included regular exercises, yoga and healthy nutrition practices. His talk evoked lot of interest among the audience which was evident from the questions raised by them during the Question – Answer Session.

A question answer session followed, wherein the questions of audience were answered by Maj Gen (Dr) Mahavir Singh and Dr Sandeep Kharb. A large number of questions were asked by the faculty as well as students which were answered lucidly.

Random Blood glucose (normal range)	70-100 mg/dL
Total no. of people screened	75
No. of people having random blood glucose above 100 mg/dL	19
No. of people having random blood glucose above 140 mg/dL	2

All the people having high random blood glucose level were advised individually to have their blood glucose level tested in a Pathological Laboratory to confirm the readings. 52 people got their vision examined, out of which 35 have been advised to attend Optometry Clinic for a detailed examination.

The program ended with a vote of thanks proposed by Prof (Dr) Harish Satia, HOD, Hospital Administration followed by tea with the higher officials.

OUTCOME REPORT - "Life Saving Training"

Event Type: Workshop

Event Title: Life Saving Training

Details of Speaker/Resource Person: Brig Narayan Singh Malik, Director RLSSI and MsShrutiAdhav, Head Operations, RLSSI

Date: 26.06.2018

Venue: B Block Auditorium

Organized by: Amity Medical School in collaboration with Rashtriya Life Saving Society of India

Faculty Coordinator(s): Prof Dr. HarishSatia, Dr.PuneetaAjmera and SheetalYadav

Participation: 123

Highlights of the Event:

A day long, Life Saving Training Programme was conducted at AUH. The training programme covered several aspects of emergencies where swift actions can save lives.

1. Felicitation of the speakers by Deputy Vice Chancellor:

After the organizing team introduced the guests, Maj Gen B.S. Suhag formally welcomed the guests and felicitated the team with mementos and shawls. In his inaugural address, he dwelt upon the enormity of the problem of people losing their lives for lack of immediate life-saving assistance.

2. Session 1: Safety code, Concept of First Aid, Recovery and Revival etc

Brig. Malik discussed about First Aid – Recovery and Revival and its principles. Then, Ms ShrutiAdhav put some light on prioritization of safety, how to conduct initial assessment and its general rules.

Later, Brig Malik discussed about the basics of anatomy and physiology of Respiratory system, Skeletal system, circulatory system and nervous system.

The lecture was followed by a Tea Break.

3. Session 2: Cardiopulmonary Resuscitation (CPR) – Theory Demo and practice:

A detailed presentation on Cardio Pulmonary Resuscitation (CPR) including live demonstration of the technique evoked huge interest.

The technique of CPR was thoroughly demonstrated by the team which evoked huge interest among audience. The participants performed CPR under the guidance of the trainers and were very enthusiastic to learn the techniques. Majority of the participants were doing it for the first time in their lives.

4. Session 3: Respiratory and circulatory system, choking, loss of consciousness, shock, bleeding (internal & external), drowning etc

After the lunch break, the team discussed the emergencies of Heart Attack, Choking (with a special focus on infants), Stroke, drowning, internal & external bleeding and shock. The presentation was designed in a manner that a common person could easily understand. Participants were also made to practice how to make and apply a pressure bandage to stop bleeding, how to deal with a patient of burns, road accidents, and other such emergencies.

5. Session 4: Head / Neck / Spinal injuries and other emergencies:

After a quick tea break, the team threw some light on fractures and dislocations. The various immobilization techniques for fractures and dislocations were also demonstrated and practiced by the participants. Participants also learnt how to lift a patient having fractures, including various types of Carriage for victims – one, two and three rescuer carriage. The team also highlighted the first aid management of Poisoning, Snake bites and Seizures.

6. First Aider's Oath

Presentations were followed by a questionnaire which was answered by the participants. And at the end of the sessions, all the participants took an oath to help those requiring emergency help.

7. Vote of thanks:

The program was concluded with Vote of thanks by Prof (Dr) Harish Satia, Head of the Dept. of Hospital Administration, Amity Medical School.

Seema
 Prof. (Dr) Seema R. Pathak
 Director, Outcome
 Amity University Haryana
 Gurugram, Manesar Pin 122413, India
 Website: www.amity.edu/gurgaon

Outcome of the Event:

A total of 123 participants, inclusive of 68 faculty and 55 staff members attended.

It's been a very useful programme for the participants and it has been very well received. It helped people to understand various types of emergencies they may encounter in life and how to deal with those emergencies to save lives as well as to give necessary first aid till the time medical help gets available.

By attending the workshop, the participants would be able to:

- **recognize life-threatening situations & take appropriate actions.**
- **offer vital assistance** before any Paramedic/ambulance arrives
- provide single-person **CPR** on an adult, child and baby
- be a workplace **First Responder**

Dental Health Camp @AUH

Event Name – Dental Health Camp

Aim of Event: To provide free dental health check up to Amitians

Details of Speaker: Dr. Ritu Yadav (MDS), Clove Dental

Date: 20th – 21st March' 2018

Venue: Block B Rear Foyer for Free Health Check up and B Block Auditorium for Lecture

Organized By: Department of Hospital Administration in collaboration with Clove Dental

Faculty Coordinator(s): Sheetal Yadav and Dr. Puneeta Ajmera under the guidance of Prof (Dr) H.K. Satia (HOD) and Maj Gen (Dr) Mahavir Singh

Outcome of the Event:

- c) **Benefit to society in terms of Health & hygiene:** It is crucial to be well aware of the health status of our mouth and take preventive or curative steps at the right time. In view of that total 249 students / Staff / Faculty and their family members participated and benefitted from Free Dental Health Check up.
- d) **Benefit to society in terms of Education:** To drive awareness about dental health, a lecture was also delivered on dental hygiene in which students, faculty and staff participated in large numbers and learnt about healthy dental practices.

Analysis of Findings

- Out of 249 people who availed free dental health check-up, 42 (17%) were faculty and their family members, 167 (67%) were students and 40 (16%) were staff members.
- 43 (17%) were suffering from tooth decay problems for which they were advised – Filling, RCT and Tooth Extraction on case to case basis.
- 91 (36%) were suffering from either plaque /calculus / stains for which Scaling or polishing was advised.
- While 48 (19%) were suffering from both the problems.
- Braces were recommended to 20 (8%) for irregular teeth and Dentures & Implants were suggested to 30 (12%).
