## NUTRITIONAL COUNSELLING SESSION'

The activity was organized on 15th sept 2014 by department of Dietetics and Applied nutrition involving faculties Dr. Luxita Sharma and Ms Richa Singh along with students of BDAN 4th semester and MDAN 2nd semester. The activity involved a community visit to Padha village, Haryana, to evaluate nutritional status of local school children. The students gave nutrition education and told about the healthy food options the local children need to include in their diet.

At first students found out the problems persistent among the villagers in terms of their health and deficiency disorders. A standardized questionnaire made by students was filled by our students by asking face to face questions about their medical history, eating habits and the food options available to them. It was found that the villagers were eating food locally available and they were unaware about many food products available in the markets. The villagers were not very friendly and the information was not given properly as felt during the session, but students tried to build rapport and break the ice

## Report on Bissar camp

The Department of Optometry and Vision Science, Amity Medical School, Amity University Gurgaon had organized camp at Bissar Village on 08<sup>th</sup> March 2016 and it was planned for weekly screening due to large number of populations. Around 250 villagers were benefitted through the camp schedule. On this particular day 69 villagers were screened.

We had performed a comprehensive eye examination which includes visual acuity test and those who had subnormal vision were undergone objective and subjective refraction, ocular motility test, binocular vision assessment, colour vision test and torch light examination.

## Report on Bissar camp

The Department of Optometry and Vision Science, Amity Medical School, Amity University Gurgaon had organized camp at Bissar Village on 11<sup>th</sup> February 2016 and it was planned for weekly screening due to large number of populations. Around 250 villagers were benefitted through the camp schedule. On this particular day 32 villagers were screened.

We had performed a comprehensive eye examination which includes visual acuity test and those who had subnormal vision were undergone objective and subjective refraction, ocular motility test, binocular vision assessment, colour vision test and torch light examination.

**Report on Bissar camp**

The Department of Optometry and Vision Science, Amity Medical School, Amity University Gurgaon have organized camp for villagers at Bissar Village on 25/Sep/2015. Around 100 villagers were benefitted through the camp.

We have performed a comprehensive eye examination which includes visual acuity test and those who have less vision were undergone objective and subjective refraction, Ocular motility test, binocular vision assessment, colour vision and torch light examination were performed on all patients.
