Rehabilitation Services

Amity University Haryana

The Amity University Haryana has trained professionals in the areas of rehabilitation sciences. Two departments (Faculty of Management Studies and Behavioral Sciences: Amity Institute of Clinical Psychology and Faculty of Health and Allied Sciences: Amity Medical School- Audiology and Speech-Language Pathology) of the University. Amity Institute of Clinical Psychology is recognized by Rehabilitation Council of India (RCI) for M.Phil in Clinical Psychology and UG programmes in Audiology and Speech-Language Pathology respectively. Psychology, audiology and optometry-based rehabilitation services are offered in the campus with specialized provision for Divyangjans apart from well-equipped physical infrastructure. The disabilities including intellectual disabilities, autism, learning disabilities, sensory impairment involving hearing and vision are addressed. The trained professionals assist individuals with physical, sensory and developmental disabilities to enhance psychological, social and physical functioning. The services include assessment and interventions to manage the disabilities by addressing the barriers and facilitating community participation.
