11th CONVOCATION

Amity University Haryana's 11th Convocation Awards Honorary Doctorates to Dr. Arvinder Singh Soin, Srinivasa Reddy, and Anil Agrawal

Gurugram, February 10, 2025 - In a momentous celebration of academic, research and innovation excellence and accomplishments of its faculty and inspired minds of students, Amity University Haryana (AUH) hosted its 11th Convocation Ceremony for the graduating Class of 2024 on February 8, 2025, at the prestigious Manekshaw Centre, New Delhi. The glittering ceremony marked the award of Degrees to 1,528 graduands, including 78 PhD scholars. Medals and trophies were awarded to meritorious graduates, including the coveted US Green Building Council prize to each of the three brilliant graduates whose final year projects were adjudged as the best contributions towards sustainability research and development. The convocation was presided by Hon'ble Chancellor of AUH Dr Aseem Chauhan and was graced by a galaxy of experts from the fields of science, technology, management, liberal arts and legal education. More than 2500 graduates and parents attended the Convocation.

A Grand Procession and Inspirational Words:

The Convocation began with a grand Academic Procession, led by the Rajputana Rifle Band, one of the oldest regiments of the

Indian Army, symbolizing excellence and tradition and comprising of members of academic council, Board of management, governing council of the university, trustees of RBEF and recipients of honorary degrees accompanied by Hon'ble Vice Chancellor Prof PB Sharma and Hon'ble Chancellor Dr Aseem Chauhan.

Congratulating the graduands for their success and accomplishments, Prof. (Dr.) P.B. Sharma, Hon'ble Vice Chancellor, Amity University Haryana, said "Your successful completion of your degree program at this prestigious university is not just a personal triumph, but a testament to the solid foundation of values instilled by your Alma Mater and I have full confidence that you will rise to meet the high expectations set before you, while navigating the challenges of an increasingly competitive and technology-driven world."

Dr. Aseem Chauhan, Hon'ble Chancellor, Amity University Haryana, delivered an inspiring message to the graduates, urging them to pursue their highest potential and strive for excellence in all their endeavors. Dr Chauhan shared, "The ultimate goal of every Amitian should be to contribute to the greater good of

society, to use their knowledge and skills not only for personal success but to uplift and make a meaningful impact on the world around them." His words echoed the core philosophy of Dr. Ashok K. Chauhan, Founder President of the Amity Education Group, emphasizing the importance of ethical leadership and service to humanity.

Dr. Chauhan further reaffirmed Amity University's unwavering commitment to shaping future leaders who are not only academically accomplished but also dedicated to innovation, progress, and nation-building. Dr Chauhan highlighted, "Amity University stands firm in its vision to provide world-class education that fosters groundbreaking technological advancements and promotes the development of our nation. During remarks, Dr. Chauhan inspired the graduates to embrace their role as agents of change, encouraging them to lead with integrity, innovation, and a commitment to making the world a better place.

Honorary Doctorates conferred upon luminaries:

Amity University Haryana honored renowned Liver Transplant Surgeon, Dr. Arvinder Singh Soin, Group Chairman, Medanta Institute of Liver Transplantation, with the prestigious Doctor of Science (D.Sc.) degree, Honoris Causa for his groundbreaking contributions in the field medical sciences.

MESSAGE FROM VICE CHANCELLOR

Innovation and Creativity are the major drivers of growth and development of creative economies of nations around the world. Being a Research and Innovation Driven University, we are seriously engaged in making innovation a culture and transforming innovations into innovative products and applications. Our scientists at AUH are engaged in path breaking research and contributing to world quality publications and nation building by aligning our R&D to national missions and global aspirations. Besides research and innovative we are ensuring high employability of our graduates and shaping them into the leaders of tomorrow empowered with a value system that makes them responsible citizens of the global world. This we do by blending the Vedic Samskaras with the most modern science and technology integrated ecosystem of learning and our connect with the community.

I feel immensely proud to share with you that our faculty has published more than 7500+ publications and filed 280+ patent and made profound contributions to the rise of startups in great numbers.

The University Chronicle showcase the richness of life and exposure our students have. As boards exams are over, I invite you to explore the horizons at Amity University Gurugram and nurture your holistic growth for lifelong success.

Prof. (Dr.) P B Sharma
Vice Chancellor

MESSAGE FROM PRO VICE CHANCELLOR

On behalf of Amity University Haryana, I am pleased to present this bi-annual University Chronicle 16th edition showcasing our university community's collective dedication and intellectual curiosity, highlighting the remarkable achievements of our faculty and students from the previous academic semester. Guided by the vision of our respected Founder President, Dr. Ashok K Chauhan and our charismatic Chancellor, Dr. Aseem Chauhan, the university is striving hard to achieve academic excellence, driving innovation, research and entrepreneurship, fostering collaborative environment with government and industry and positively impacting the community.

I am proud of collaborative efforts of all stakeholders and look towards the continuous success of our university.

Warm Regards

Prof (Dr) Vikas Madhukar
Pro Vice Chancellor, Amity University Haryana
Dean - Faculty of Management Studies, and
Director - Amity Business School

18TH INTERNATIONAL CONFERENCE

on AI Revolution: Opportunities, Challenges,
and the Path Forward (March 20-21, 2025)

Amity University Haryana Hosts Global Experts to Discuss AI's Transformative Impact

Gurugram, March 20, 2025 - The 18th International Conference on AI Revolution: Opportunities, Challenges, and the Path Forward commenced at Amity University Haryana, bringing together leading academicians, industry experts, policymakers, and students to deliberate on the transformative role of Artificial Intelligence (AI) in shaping the future. Organized by Amity Business School and the Amity Centre for Artificial Intelligence and Robotics, this two-day landmark event fostered dialogue on AI's potential, challenges, and ethical considerations.

The conference began with the ceremonial lighting of the lamp, followed by opening remarks from Prof. (Dr.) Vikas Madhukar, Pro Vice-Chancellor, Amity University Haryana. He emphasized AI's transformative impact on industries while addressing ethical and

governance challenges. Highlighting four key pillars—interdisciplinary learning, AI-driven innovation, ethical AI development, and industry-academia collaboration—he reaffirmed Amity's commitment to AI education through its Center for Artificial Intelligence and Data Science. He proudly announced the establishment of 38 student-led startups, including 18 AI-driven ventures, showcasing Amity's role in fostering entrepreneurial excellence. He also acknowledged Google

India and ICEA for their support in AI research and skill development.

Vice-Chancellor, Prof. (Dr.) P. B. Sharma, in his welcome address, highlighted AI's transformative role in education, sustainable development, and societal progress. He emphasized AI as a catalyst for growth, augmenting human intelligence through VR, automation, and knowledge augmentation. Commending Amity

University Haryana's leadership in AI education, he reaffirmed its commitment to democratizing AI learning and driving national progress.

Industry Perspectives and Corporate Engagement

The inaugural session featured distinguished speakers, including Dr. Subi Chaturvedi (Global Senior VP, InMobi), Mr. Rajesh Sharma (Executive Director, ICEA), Mr. Jeet Vijayvargiya (Member, India AI Mission, MeitY), and Dr. R. S. Sharma (Member, ONDC & Former CEO, NHA).

Dr. Subi Chaturvedi highlighted AI's dual nature as both an opportunity and a challenge, urging students to think critically about AI tools like ChatGPT. She commended Amity University Haryana for its integration of AI into academics and stressed AI's role in climate action, cybersecurity, and financial inclusion, citing AI-driven startups like Niramai (breast cancer screening) and Plantix (crop disease diagnosis) as impactful innovations.

Dr. R. S. Sharma (via virtual session) outlined India's digital transformation milestones, including Aadhaar, UPI, and ONDC, emphasizing frugal innovation as the key to AI's scalability and inclusivity. Mr. Rajesh Sharma called AI the "mother of innovation", stressing the need for

KEY RESEARCH HIGHLIGHTS

A paper with **highest impact factor of 27.7** published in **Journal "Molecular Cancer"** by **Dr Manoj Kumar Kashyap**, ASCI, AMS in JAN 2025.

Prof. Rajendra Prasad felicitated by **The Indian National Science Academy (INSA)** with "A Tribute to Pioneering Contributions" in recognition of his enduring support and outstanding contributions, which have been instrumental in shaping INSA's 90-year legacy of scientific excellence on 7-Jan-25

Prof. Panuganti C.S. Devara, Director & Head, CoE-ACOAST /ACESH/ACAPC, participated by invitation to NASA-AERONET Science and Applications Exchange (ASAE) Workshop from 17-19 September 2024 held at Goddard Space Flight Center (GSFC), Maryland, USA.

During the year 2024, AUH faculty members participated in International Conference and Scientific Meetings in various countries such as – USA, Switzerland, Poland, Denmark, Taiwan, Vietnam, Australia, and New Zealand.

Prof. Rajendra Prasad, Director of Amity Institute of Biotechnology, has achieved the a leader achievement award "**Biology and Biochemistry in India Leader Award 2024**" by Research.com

The Indian Council of Medical Research (ICMR) designates the Faculty of Science Engineering and Technology, Amity Institute of Biotechnology, Amity University, Gurugram as **ICMR Collaborating Centre of Excellence (ICMR-CCoE) 2024** in recognition of the commendable achievements is biomedical research. The ICMR-CCoE led by Prof. Rajendra Prasad.

Prof. Indu Shekhar Thakur, Director, Amity School of Earth and Environmental Sciences received Life Time Achievement Award from The Biotech Research Society, India, BRSI during the 21st Convention of the Society on 26-Nov-24.

Management Development Program by ABS and IIC

Centre for Financial Analytics, Amity Business School and IIC, organised a Management Development Program on "Advance Research Methods", from 17-21 June 2024. By learning to utilize cutting-edge tools, software, and techniques for data collection, analysis, and interpretation, attendees were well-prepared to advance in their academic and research careers.

The aim of this program was to equip participants with advanced research skills and methodologies to empower them in their academic pursuits and scholarly endeavours. Through a series of in-depth sessions, the program sought to provide participants with comprehensive knowledge, practical tools, and expert guidance necessary for excelling in the field of research.

The program successfully achieved its aim by offering a detailed exploration of advanced research methodologies through 10 comprehensive sessions. Participants benefited from expert guidance provided by seasoned researchers and scholars, engaging in interactive discussions, hands-on activities, and practical exercises that enhanced their understanding and application of research methodologies.

Mastering the Art of Business Model Canvas - Workshop for Management Students in collaboration with IIC

Amity Business School organised a workshop on 'Mastering the Art of Business Model Canvas' from 1-2 May 2024. The event set the stage for future guest lectures and ongoing engagement with invited experts, further enhancing the entrepreneurial ecosystem.

The aim of the event was to inspire young entrepreneurs and upcoming business professionals by providing them with a framework to visualize,

analyse, and refine their business models. Attendees were expected to gain insights into key aspects such as customer segments, profit drivers, and delivering a unique value proposition, thereby equipping them with essential tools for their entrepreneurial journey.

The event successfully provided attendees with a deep understanding of the Business Model Canvas framework, along with crucial skills in problem-solving, market assessment, risk management, and fostering adaptability for sustainable growth. The event set the stage for future guest lectures and ongoing engagement with invited experts, further enhancing the entrepreneurial ecosystem.

Actuarial Excellence Powered by AI and Technology

Amity School of Economics and Amity Business School organized a guest lecture on "Actuarial Excellence Powered by AI and Technology," by Ms. Shivangee Agarwal, Designation Co-Founder, Actuators Educational Institute on 17th September 2024. The event sought to highlight the integration of AI into actuarial practices, emphasizing how advanced technologies enhance traditional methods and the challenges this integration brings.

The primary goal of the guest lecture was to explore the intersection of actuarial science and artificial intelligence (AI). This session aimed to deepen the participants' understanding of actuarial science, its methodologies, and its critical role in industries such as insurance, finance, and risk management.

In conclusion, the session provided valuable insights into the dynamic field of actuarial science, underscoring its relevance in today's AI-driven world. The discussion not only covered the traditional aspects of the field but also illuminated how AI technologies are revolutionizing actuarial practices. Participants gained a clear understanding.

Outcome - Industry Insights: A guest lecture by an experienced actuary can offer practical insights into how actuarial science is applied in various industries, such as insurance, finance, and risk management.

Alumni Interaction "Campus to Career", Entrepreneurship or Startup

Amity School of Fashion Design & Technology organised a meet, "Campus to Career" on May 8, 2024. The aim of the event was to showcase the achievements and inspirational journey of a Delhi NCR-based youngest Indian celebrity fashion designer and alumni of Amity School of Fashion Design & Technology,

AUH batch 2018-22.

The event sought to inspire current students and aspiring fashion designers by highlighting the designer's success story, major projects, and collaborations with prominent celebrities and influencers,

thereby emphasizing the potential career paths and opportunities within the fashion industry.

The event successfully highlighted the remarkable journey of the young celebrity fashion designer, illustrating their impact and

influence in the fashion industry. By showcasing major projects, such as the Bombay Times Fashion Week and a Dubai collection, the event provided attendees with a vivid example of how dedication and creativity can lead to significant accomplishments.

Unlocking the pathways of CS Professional in India and Abroad

Amity College of Commerce and Amity Law School organized an expert lecture on "Unlocking the Pathways of CS Professional in India and Abroad", on September 10, 2024. The participants gained firsthand knowledge of the challenges and rewards associated with the role, inspiring them to consider a career in this vital field.

The aim of the event "Unlocking the Pathways of CS Professional in India and Abroad" was to illuminate

the crucial role of Company Secretaries (CS) in modern corporate governance and compliance. The event sought to inform students about the dynamic nature of the CS profession, the qualifications and training required, and the evolving opportunities available both nationally and internationally.

The event successfully achieved its objectives by providing students with valuable insights into the

Company Secretary profession, emphasizing its significance in ensuring ethical standards, transparency, and accountability within organizations. The detailed presentation and interactive Q&A session created an engaging platform for students to address their queries and receive career guidance, enhancing their understanding of the pathways to becoming a successful CS professional.

18TH INTERNATIONAL CONFERENCE

ethical AI frameworks to ensure fairness and transparency. Mr. Jeet Vijayvargiya urged students to move from passive AI consumption to active innovation, aligning AI-driven solutions with societal needs in finance, healthcare, education, and smart cities.

The Corporate Session on AI, moderated by Mr. Mohit Kapoor (CEO, Glyphs Technologies), featured insights from Mr. Ashish Singla (NatWest Group) and Mr. Satyajit Dwivedi (Customer Advisory, EMEAP). Discussions covered AI's role in financial security, smart city development, and career opportunities in AI-driven industries. An interactive Q&A session engaged students in thought-provoking conversations on AI's ethical implications and its impact on the job market.

"Building a Healthy Food Plate", Nutritious Diet for Everyone

Amity College of Nursing organised a student activity on "Building a Healthy Food Plate," on September 9, 2024. The event addressed the nutritional needs of different age groups, empowering attendees to adopt healthier eating habits.

The aim was to emphasize the crucial role of nutrition in maintaining overall health and well-being. The event sought to educate individuals about the importance of good nutrition, its impact on health, and to encourage informed food choices and healthier eating habits within the community.

The National Nutrition Week celebration successfully highlighted the significance of nutrition in fostering health and well-being. Participants gained valuable knowledge about healthy diets and the importance of making informed food choices. As a take-home message, all participants left with a deeper understanding of how to access adequate, age-appropriate, nutrient-dense, diverse, safe, and sustainable diets.

A HIGH-LEVEL KEYNOTE SESSION ON POWERING INDIA'S CLEAN ENERGY REVOLUTION

The Global Clean Energy Summit & Awards 2025 brought together industry leaders, policymakers, and experts to discuss the future of clean energy. The prestigious event took place at JW Marriott, New Delhi Aero city, India, on February 12, 2025, under the theme "Empowering Clean Energy and Competitive Future."

The session was part of the broader initiative to explore

sustainable energy solutions and enhance collaborative efforts in advancing India's clean energy mission. Prof. (Dr) H R P Yadav, Professor of Environmental Engineering and Head of Civil-Environmental Engineering Department, Amity School of Engineering Technology (ASET) delivered a compelling Keynote Address on "The Role of Advanced Biofuels in India's Clean Energy Revolution," emphasizing the significance of biofuels in reducing carbon emissions

and enhancing energy security, particularly in the transport sector. The talk highlighted the need for harmonized sustainability criteria for biofuels, urging policymakers, industry leaders, and international organizations to take proactive steps. The importance of Industry-Academia collaboration in achieving India's COP-mandated target of reducing greenhouse gas emissions by 45% by 2030 was also underscored.

#FacultyAchievement

Congratulations

Prof. Rajendra Prasad,
Dean, Faculty of Science, Engineering
& Technology, and Director, Amity
Institute of Biotechnology

On being felicitated by the **Indian National Science Academy (INSA)** with "A Tribute to Pioneering Contributions" in recognition of his enduring support and outstanding contributions, which have been instrumental in shaping **INSA's 90-year legacy of scientific excellence.**

Congratulations

Dr. Kuldeep Singh
Assistant Professor,
Amity School of Hospitality

For editing Emerald Publishing Book titled "Corporation Social Responsibility, Corporation Governance and Business Ethics in Tourism Management: A Business Strategy for Sustainable Organizational Performance". The Book has been released and is now available online.

Congratulations

Dr. Ajay Bhatt,
Professor,
Amity Law School

On the Launch of his insightful book: **Evolution of Basic Structure Doctrine**

Congratulations

Dr. Renuka Sharma
Assistant Professor,
Amity College of Commerce

"Best Research paper Award" for the paper titled "The role of Green Finance in Achieving Sustainable Development Goals: Pathways and Challenges" at the International Conference jointly organized by the Deptt. of Management, Gurugram University, India and Valparaiso University, Indiana, USA

Congratulations

Prof. Indu Shekhar Thakur
Faculty, Amity Institute of Biotechnology

on receiving the **Lifetime Achievement Award by the Biotech Research Society, India (BRSI)**, presented in recognition of his outstanding contribution to the field of **Environmental Biotechnology.**

Congratulations

Dr. Luxita Sharma
Associate Professor & Head Amity Medical
School and
Dept. of Dietetics and Applied Nutrition

For being conferred with the **Women Scientist Award in Food and Nutrition** at Hansraj College, Delhi, by **Hon'ble Governor of Gujarat and ICAR** during the **2nd International Agricultural Conference** on November 5, 2024!

Arts Exhibition Brazil | 2024

Dr. Abhilash Pathania
Associate Professor, Amity School of Applied Science

For serving as **Module Director** for **Lean Manufacturing Practices (LMP)** at **MJSC, IIM Bangalore**. LMP program is based on the bridge the industry – academia gap.

He is a certified lean expert by **CII and JICA**.

Congratulations

Manoj K. Kashyap, Ph.D.
Associate Professor, Head & Program Coordinator, Amity Stem Cell Institute

for publishing his remarkable manuscript, "**Deciphering Cancer Complexity: Integrative Proteogenomics and Proteomics Approaches for Biomarker Discovery**" in the prestigious **Methods in Molecular Biology**, proudly indexed in **NCBI PUBMED** and **Scopus**

This milestone reflects excellence in advancing cancer research!

Some of the Prominent Research and Innovation Projects undertaken by our faculty and students

Mr. Himanshu Acharya, BCA student developed the **Interactive interface for Humanoid** capable of seamlessly recognizing human faces, engaging in natural language conversations, and interpreting hand gestures in real-time under the guidance of Prof. Sunil Sikka and Mr. Manoj Pandey of ASET.

Ms. Annu Khatri fabricated Production of heterogenous catalyst for production of **biodiesel from wastewater sludge lipid transesterification by Lipase-based catalyst** under supervision of Prof IS Thakur, ASEES.

Ayushi Gupta of M.Phil developed project on "**Emotional Intelligence, decision fatigue and compassion fatigue in Mental Health Professionals**" under the supervision of Dr Mehfooz Ahmad, AICP.

#StudentAchievement

Ms. Akshitara (Amity Institute of Clinical Psychology)

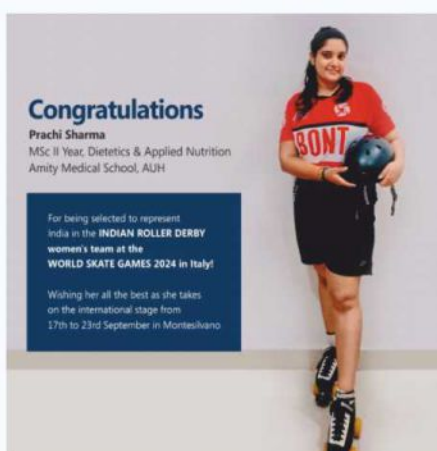

She had the honor of representing the institution at the 6th National Youth Leadership Summit 2024, organized by the National Youth Leadership Council (NYLC) and Special Olympics Bharat (SOB) in New Delhi on 20th December 2024. She conducted a workshop on "Confidence and Leadership Skills Training" on December 20, which involved interactive activities and motivational strategies to empower individuals with intellectual disabilities. The summit, attended by 200-250 participants, including athletes, mentors, and international delegations.

Anshika Singh (Amity School of Engg. & Technology)

Secured 3rd place in the Innoverse'36 Hackathon 2025, a 36-hour IoT-based hackathon held at SGT University from 6th-8th February 2025. Competing against talented minds, this experience truly tested my technical and problem-solving skills.

The event was organized by the ACIC SGTU Community Innovation Centre in association with NITI Aayog, AIM, ACIC, MSME, and SGT University.

Congratulations

Prachi Sharma
MSc II Year, Dietetics & Applied Nutrition
Amity Medical School, AUH

For being selected to represent India in the **INDIAN ROLLER DERBY women's team** at the **WORLD SKATE GAMES 2024** in Italy!

Wishing her all the best as she takes on the international stage from 17th to 23rd September in Montebelluno

Excited to share that our team won 1st Prize in Robowar Mark1 and 1st Runner-up in Roboliga at VERGE' 2025 a national level technical fest, at SRM University, Sonapat, Haryana. Congratulations to all participants Anubhav Dash Yash Baid Mudit Taneja Kushagra Bansal, B.Tech Students and their mentor, Nitesh Raj, Technical Associate, Center of Robotics & AI, ASET. Grateful for the support and incredible teamwork!

Our team secured 1st Prize, along with a cash award of Rs. 12,500, in the ROBO Race Competition at INVICTUS 2025, a prestigious National Level Technical Event held at Delhi Technological University (DTU), New Delhi, from 15th to 18th February 2025. Team details:

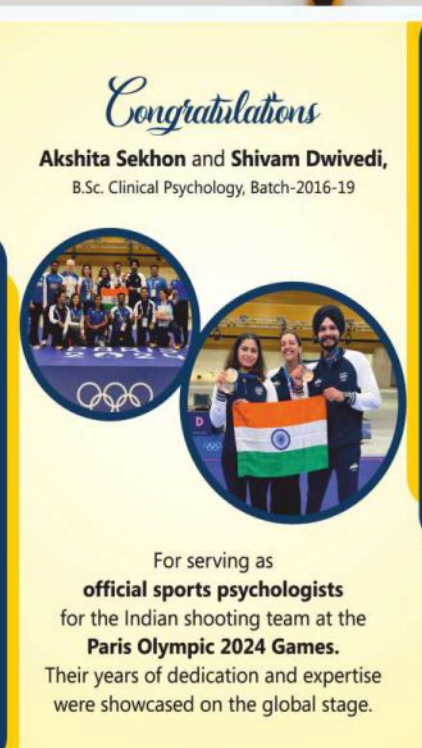

- 1) Anubhav Dash (BTech AIML),
- 2) Shashank Chodankar (BTech AIML)
- 3) Saksham Arora (BTech AIML),
- 4) Yash Baid (BTech AIML)

16th Distinguished Global Indian Speaker Series (DGISS) Session by Prof. G. Anand Anandalingam, Ralph J. Tyser Professor of Management Science, Robert H. Smith School of Business at the University of Maryland, USA.

The Office of International Affairs (OIA) at Amity University Haryana proudly organized the 16th session of the Distinguished Global Insight Speaker Series (DGISS), featuring a thought-provoking talk by Prof. G. Anand Anandalingam, Ralph J. Tyser Professor of Management Science, Robert H. Smith School of Business at the University of Maryland, USA.

The deliberation given by Prof. G Anand Anandalingam, titled "Artificial Intelligence & Ethics", brought together students, faculty, and distinguished guests for an engaging discussion on the ethical implications of AI in today's rapidly evolving digital world. Prof.

Anandalingam eloquently addressed critical issues such as algorithmic biases, ethical decision-making frameworks, and the societal responsibilities of AI developers and stakeholders.

The session highlighted the significance of such discussions in shaping future-ready professionals who are equipped to address global challenges.

15th Session of Distinguished Global Indian Speaker Series (DGISS)

Amity University Gurugram hosted Prof. Atanu Ghoshray as part of the Distinguished Global Indian Speaker Series (DGISS) for an insightful talk on "The Economics of Commodities - A Global Perspective." Prof. Ghoshray, a globally acclaimed expert, delve into the complexities of commodity markets and their impact on the world economy. This is an incredible opportunity to gain deep insights from a leader in the field.

The Progressive Outcomes/Way Forward planned after the DGISS webinar on "The Economics of Commodities - A Global Perspective" are:

- To initiate Joint Publications on Econometric Modeling for the Indian Market
- Plan Student Workshops on Global Commodity Markets
- Research Project Collaboration in Commodity Economics

The inspiration for selecting the topic "The Economics of Commodities - A Global Perspective" for Prof. (Dr.) Atanu Ghoshray, Professor of Economics at Newcastle University Business School, Newcastle University, UK, lecture at the Distinguished Global Indian Speaker Series (DGISS) emerges from its relevance in today's rapidly evolving global economic environment. Specifically, for students at Amity Business School and Amity College of Commerce.

The topic focusses on a global perspective that broadens students' understanding of how commodities are intertwined with global trade and economic policies. This perspective is essential for students to grasp the nuances of global supply chains, pricing strategies, and international market dynamics, which are increasingly becoming integral parts of business and commerce.

Guest Lecture on Russia's Presidency of BRICS and India-Russia Relations

Amity Centre for BRICS Studies and Amity School of Languages organized a guest lecture on Russia's Presidency of BRICS and India-Russia Relations on May 10, 2024, by Mr. Roman Babushkin, Minister Counsellor and Deputy Head of Mission, Embassy of Russian federation. The talk provided valuable insights into Russia's position within BRICS and its global diplomacy, as well as the existing trends in India-Russia relations and potential areas of cooperation.

The aim of the event was to invite experts, officials, and diplomats from BRICS countries to share insights on various aspects of BRICS and further the understanding and research on the same. Specifically, the objective was to forge ties between AUH and various universities in Russia to fulfil the mandate of the Amity Centre for BRICS studies.

The event successfully achieved its aim on "Russia's Presidency of BRICS and India-Russia Relations." The Q&A session facilitated engaging discussions and allowed attendees to gain deeper insights into the geopolitical significance of BRICS. Overall, the event served as a platform for enriching deliberations and furthering understanding on issues of global importance.

The inspiration is to invite experts/officials/diplomats from BRICS countries to share insights on various aspects of BRICS and further the understanding and research on the same. The objective is to forge ties between AUH and various universities in Russia in order to fulfil the mandate of Amity Centre for BRICS studies

Collaboration between Amity Centre for BRICS Studies and BRICS TV

Amity Centre for BRICS Studies organised a meeting with BRICS TV India representative on May 17, 2024. By Ms. Alexandra Burman, India Representative, TV BRICS. The event aimed to discuss collaborative initiatives for student participation in online conferences and potential content creation roles with TV BRICS.

The aim of the event was to explore and initiate international collaborations related to BRICS through a meeting. The objective was to fulfil the mandate of the

Amity Centre for BRICS Studies by establishing partnerships for research guidance, student learning opportunities, and potential funded projects. The event successfully laid the groundwork for international collaboration between Amity University and BRICS-related organizations. The discussions highlighted the potential for future joint research projects, student engagement in online conferences, and content creation opportunities.

International Expert Talk - Dr. Jeremy Brown, Newcastle University, UK

Office of International Affairs organised a delegate visit of Dr. Jeremy Brown for International Expert Talk Series. The visit fostered meaningful discussions and knowledge exchange, highlighting the value of international partnerships in advancing academic and scientific endeavours. The event was inspired by a commitment to fostering global academic excellence and

international collaboration between Amity University Haryana (AUH) and Newcastle University, UK. Its primary aim was to explore partnership opportunities, strengthen international relations, and enhance academic research projects through collaboration. In conclusion, Dr. Jeremy Brown's insightful talk on the journey of cancer drugs from lab to clinic resonated strongly with students, faculty, and researchers, emphasizing the importance of translational research in the biomedical field. The event concluded with a commitment to nurturing ongoing collaboration between the two institutions, aiming to continue building bridges for future research opportunities.

A Workshop by CoE-ACOAST, ACESH, and ACAPC

A workshop was organised by CoE-ACOAST, ACESH, and ACAPC on "Focused Discussion on the MoU Between ACOAST, India and ISPTEC, Luanda-Angola, Southern Africa" on 1 and 2 July 2024, to discuss and update the progress made by the project partners from both countries.

The aim of the workshop was to facilitate collaboration and advance joint research initiatives between ACOAST-AUH, India, and ISPTEC-ANU, Angola, following the signing of a Memorandum of Understanding. The workshop focused on three principal objectives: the submission of a joint manuscript titled "Production of Water-Absorbing Microporous Matrix to Enhance Plant Growth", Environments: Transboundary Air Exchange, and Climate Change" for submission to a suitable funding agency.

The workshop successfully facilitated collaboration and advanced joint research initiatives between ACOAST-AUH, India, and ISPTEC-ANU, Angola. All three principal objectives were discussed in detail, leading to common consensuses and actionable plans. The participants made significant progress on the submission of the joint manuscript on enhancing plant growth through biostimulants, the joint research proposal on medicinal compounds in local flora and fauna, and the full research proposal on spatiotemporal variations in air pollution.

Academic Sessions by Nottingham Trent University, UK, at Amity University Gurugram.

An enriching exchange of knowledge and global perspectives with esteemed delegates. Grateful for the insightful discussions and collaborations.

Society Outreach Program, Girl Child-Our Pride Importance of Educating a Girl Child

Amity School of Fashion Design & Technology, Amity University Gurugram organised a community outreach on Theme- 'Girl child-Our Pride'on 10th October'2024 to spread awareness about the

importance of educating the girls. It symbolized a collective commitment to nurture the potential of every girl and creating a world where they can thrive, free from discrimination and inequality. As countries gets more modern & strive towards developing their economic status, Girl education strengthens economies and reduces inequality. The parents were sensitized about the importance educating the girl child, that we should not only

recognize their inherent value but also reaffirm our responsibility to create inclusive and equitable societies where every girl can fulfil her dreams and aspirations. The students of Fashion school spread awareness about the importance of education for all the children, played games with the children and distributed gifts amongst them. It was an enjoyable experience for all the participants.

Innovation in the Pharmaceutical Drug Delivery System

Amity Institute of Pharmacy in collaboration with Institution Innovation Council organised an event on the Pharmaceutical Drug Delivery System on September 18, 2024. The event provided a platform for interactive learning through a question-and-answer session, encouraging students to engage deeply with the presented topics.

The primary aim of the session on innovation in

pharmaceutical dosage forms and drug delivery systems was to raise awareness among students about the latest developments in research that are reshaping the pharmaceutical industry. The event sought to equip participants with knowledge of current trends and advancements in drug delivery systems, thereby meeting the evolving demands of the industry.

In conclusion, the key takeaway for both guests and attendees was the significance of staying abreast of current trends in dosage form design and development. The event inspired students to proactively seek knowledge about innovative practices in the pharmaceutical sector, equipping them with the insights needed to navigate and contribute to this dynamic field effectively.

Expert Talk: Legally Wired: Elevate Your Future

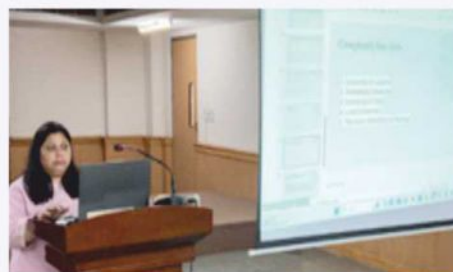

Speaker Details:- Mr. Vaibhav Jain, Technical Sales and Legal Department Head, Ledcor Industries, Canada

Amity Law School in collaboration with Institutions Innovation Council organised an expert talk on "Legally Wired: Elevate Your Future - Explore Free Scholarships for Higher Studies Abroad," August 12, 2024. This session served as a motivational platform, encouraging students to actively seek opportunities that could shape their futures in the legal field.

The aim of the expert talk was to equip law students with essential knowledge about scholarship opportunities for pursuing higher education abroad. The session aimed to emphasize the significance of early preparation and strategic

planning in securing scholarships, while providing practical guidance on application processes and requirements. Ultimately, the event sought to inspire students to consider international educational opportunities that could enhance their legal careers.

In conclusion, the practical advice and personal experiences underscored how pursuing higher education can significantly elevate career opportunities for aspiring legal professionals. The event concluded with a pledge that fostered a sense of responsibility and community among students and faculty, reinforcing the collaborative spirit necessary for achieving academic and professional aspirations.

Outcome: The outcome of student learning and grooming, especially in a legal education setting, is multifaceted. Through a blend of theoretical knowledge and practical exposure such as moot courts, internships, and court visits—students gain a deeper understanding of the law and its real-world applications.

7th Amity Intra Moot Court Competition, 2024

Amity Law School organised a competition on Criminal and Constitutional Law from 29th - 30th August 2024. The competition sought to foster critical thinking, teamwork, and networking opportunities, ultimately preparing students for successful careers in the legal field.

The aim of the Moot Court Competition was to provide law students with a practical platform to develop essential legal skills through simulated

courtroom experiences. By participating in this event, students enhanced their understanding of legal procedures, improved their research and writing abilities, and gained confidence in public speaking and advocacy.

The Moot Court Competition proved to be an invaluable experience for all participants, offering a realistic insight into the legal profession and its demands. Students demonstrated remarkable growth

in their courtroom skills, legal research, and writing abilities, as well as in public speaking and

advocacy. The collaborative environment fostered teamwork and strengthened interpersonal skills, while networking opportunities allowed students to connect with legal professionals and academics.

Ideathon, National Space Day 2024

Amity School of Engineering and Technology organised an Innovation Competition on 23rd August 2024. The event was jointly hosted by the Department of Aerospace Engineering and the Department of Computer Science and Engineering, along with active participation from the various schools of Amity University Haryana. The event not only promoted interdisciplinary collaboration but also highlighted the

potential of students to contribute to the future of space exploration through practical, forward-thinking solutions.

The aim was to inspire and engage students in innovative thinking, research, and problem-solving related to space exploration and technology. The event sought to foster creativity by challenging participants to propose solutions to contemporary issues in the field of space exploration, ranging from space debris

mitigation to planetary defence.

The Ideathon event successfully stimulated critical thinking and creativity among students, encouraging them to explore the vast possibilities within space technology and exploration. The thematic areas, including space debris mitigation, AI in space exploration, and sustainable space habitats, provided diverse opportunities for students to showcase their innovative ideas.

Community Engagement Activity. Bag with little hands – An initiative for Skill Enhancement

Amity School of Fine Arts (ASFA) organised a community engagement program on "Bag with little hands – An initiative for skill enhancement", on May 3, 2024. Student volunteers demonstrated slum children how to make bag in paper. After that they made design and coloured on bags. All children and students enjoyed this event very well.

Main objectives of this community engagement activity was to build relationship, develop communication and interaction with the slum children and make them aware of the endless opportunities that the world has for them. By engaging with the community, students can become more aware of social- economic factors of society and collect feedback for their artworks.

The event effectively facilitated the interaction between the student volunteers and the children, fostering a sense of connection and understanding. Through the creative activity of making and decorating paper bags, the volunteers provided the children with a fun and

educational experience, allowing them to explore their creativity and express themselves. The activity also served as a valuable opportunity for students to engage with the community, deepening their awareness of the social and economic factors affecting society.

Debate Competition

Amity School of Economics organised a debate competition on September 5, 2024. By fostering diverse perspectives, the event successfully encouraged participants to reflect on India's future governance needs in a rapidly evolving global landscape.

The aim of the debate competition was to critically examine the two contrasting governance systems "democracy and dictatorship," in the context of India's development. The debate sought to explore which system is better equipped to guide India toward becoming a Viksit Bharat (a developed nation), focusing on the impact of each governance model on economic growth, social welfare, and governance efficiency.

In conclusion, the debate provided a platform for participants to engage in insightful discussions on the strengths and weaknesses of democracy and dictatorship, with a particular focus on India's journey toward development. In addition to enriching civic awareness, the debate helped participants enhance their skills in logical argumentation, respectful dialogue, and critical thinking, inspiring innovative ideas on how India can achieve progress while maintaining a balance between democratic principles and effective governance.

MAJOR RESEARCH PROJECTS

Over 91 projects submitted for 48.0 Cr, and 9 projects granted worth Rs 3.02+ cr. from major science & technology funding agencies and organizations under various schemes of Anusandhan National

Research Foundation (ANRF), Department of Biotechnology DBT (GOI), Science Engineering Research Board (SERB), Indian Council for Medical Research (ICMR), Indian Council for Social Science Research (ICSSR),

Two Weeks Online Refresher Course on 'Promoting Well-being and Sustainable Practices: The Role of Educationists in University-Community Partnership'

Amity University Haryana, Amity Academic Staff College in collaboration with the Association of Indian Universities, and Amity Institute of Behavioural & Allied Sciences, organised an innovative two-week online refresher course on Promoting Well-being and Sustainable Practices: The Role of Educationists in University-Community Partnership. This course brought together over 125 educators from more than 35 universities and colleges, spanning a wide range of disciplines.

Prof. P. B. Sharma during his address emphasized the principles of Commitment, Conviction and Compassion for achieving happiness, well-being, and sustainability. Prof Sharma highlighted the importance of Swayadharma, listening to one's inner voice for personal growth and societal welfare and integrating compassion into daily life. Prof. Vikas Madhukar discussed the role of well-being in shaping Amity University's curriculum, aligned with NEP 2020, to offer a comprehensive education on well-being. Prof. Manas Mandal, a neuropsychologist, focused on student-driven

education and addressing social-emotional conflicts to build resilient, emotionally intelligent students. Mr. Santhosh Jayaram from HCL Technologies stressed the importance of interdisciplinary sustainability education at all levels, fostering environmentally conscious and socially responsible individuals. Dr. T.D. Dogra encouraged educators to integrate the UN's Sustainable Development Goals (SDGs) into curricula, influencing future generations to address global challenges.

Prof. Sanjna Vij, Dy Director, Academic Staff College, AUH emphasized the role of universities in promoting well-being, sustainability and mental health through professional development programs like the online refresher course. Dr. Priyanka Verma, Head of the Amity Institute of Behavioural and Allied Sciences, welcomed participants and outlined the course's objectives. The session ended with an interactive Q&A, led by Dr. Fouzia A. Shaikh, Asst Prof, AIBAS who gave the vote of thanks.

AUH Ignited Minds with Expert Talk on Innovation and Inspiration for a Better Tomorrow

On November 29, 2024, Amity University Haryana's Academic Staff College organized an expert talk on "The Need for Inspiration and Innovation for a Great Future", featuring renowned space scientist Dr. Kumar Krishen. The session, attended by over 500 students and faculty, explored how innovation and inspiration could shape a brighter tomorrow. Hon'ble Vice Chancellor Prof. P.B. Sharma emphasized the importance of preparing India for a prosperous future and praised Dr. Krishen for his significant contributions to space exploration. Dr.

Krishen shared his insights on the role of innovation, space exploration and AI in solving global challenges, encouraging students to embrace unconventional paths to drive change. Dr. Ravi Manuja, Registrar, highlighted the transformative power of embracing innovation, while Dr. Sanjna Vij, Deputy Director of the Academic Staff College, stressed that inspiration fuels innovation, helping to address critical global issues. The session inspired the participants to embrace creativity and pursue their passions for a brighter future.

Major R & D Projects - 2024

I.Sugar transporters are new determinants of drug resistance in Candida auris funded by DBT (GOI) to Prof. Rajendra Prasad, AIB; Dr. Peer Abdul Haseeb Shah, University of Kashmir, Srinagar; Dr. Amresh Prakash, AIB; Dr. Atanu Banerjee, AIB (2024).

II.Identification of Sphingolipid and Eicosanoid-based Signatures as potential Diagnostic, Prognostic, and Therapeutic Targets for Inflammatory Bowel Disease Subtypes funded by ICMR to Prof.(Dr.) Ujjaini Dasgupta, AIB, AIISH (2024).

III.Transformation of peanut and chickpea pollens using magnetic Nano-particle DNA conjugates: A method for developing transgenics bypassing tissue culture funded by SERB to Dr. Sumistha Das, AIB (2024).

IVA Study on the Participation of Women Workers in the Urban Informal Sector in Gurugram under Viksit Bharat Scheme funded by ICSSR New Delhi to Dr Faraz Ahmad, ASE; Prof. A.M. Jose, ASE; Dr. Rishi Manrai, ABS; Dr. A.A.S. Azam, AIBAS; Dr. Sumair Nabi, ASE (2024).

V.Seed Program for Korean Studies Establishing Center For Korean Studies (한국학센터설립) funded by Academy of Korean Studies to Dr. Santosh Kumar Gupta, ASFL (2024).

VI.SERB-POWER Fellowship granted by Anusandhan National Research Foundation (ANRF) under SERB to Prof.(Dr.) Ujjaini Dasgupta, AIB, AIISH (2024).

VII.Ruthenium Complexes of Novel Pincer Ligands in Developing Efficient Greener Catalytic Approaches for Small Molecule Activations funded by SERB-TARE Grant sponsored by Anusandhan National Research Foundation (ANRF) to Dr. Kamal Nayan Sharma, ASAS (2024).

VIII.Biofidelic Human Tissue Simulants for Ballistic Evaluation under Grant-In-AID Scheme of ARMERB funded by DRDO to Dr. Deepa Suhag, ACNT; Prof. Atul Thakur, ACNT; Dr. Chandra Mohan Srivastava, ASAS; Dr. Manish Shandilya, ASAS; Dr. Arnab Chanda, IIT Delhi (2024).

IX.Cultivating the Future with Precision Agriculture and Controlled Environment Farming (Under SMARTHARVEST) funded by Ministry of Higher Education and Sciences Denmark to Dr. Deepika Pandey, ASEES (2024).

“National Handloom Day”

Amity School of Fashion Design & Technology organised a workshop on “National Handloom Day” by Dr. Suniti Sood (HOD, Assoc. Prof, ASFTD), Ms. Aditi Sharma, Ms. KAVITA from 5th – 7th August 2024. The workshop successfully bridged the gap between past traditions and modern textile innovation.

The primary aim of the workshop was to equip students with practical experience in handloom weaving techniques, utilizing various weaves and materials to enhance their skills in textile design. Additionally, it aimed to provide students with a deeper understanding of the cultural and historical significance of handloom weaving, blending traditional craftsmanship with modern design principles through multimedia resources and hands-on applications.

In conclusion, participants gained insight into the importance of sustainability in fashion design, particularly through the creative use of recycled and waste materials. The event also fostered a greater appreciation for the cultural and historical significance of handloom weaving, highlighting its relevance in contemporary design practices.

International Design Competition, Cushion Couture – “artistic Expressions”

Amity School of Fashion Design & Technology organized a “Cushion Couture - Artistic Expressions” event, from 16th to 20th September 2024. The event promoted creativity and craftsmanship among students, celebrating the spirit of artistic expression.

The event sought to inspire participants, both from Amity and external institutions, to experiment with various surface ornamentation techniques, incorporating personal styles and contemporary design trends. By blending illustration and craft, the event aimed to enhance students’ skills in design, creativity, and craftsmanship, while also fostering collaboration and the exchange of ideas within the fashion community.

The Cushion Couture event successfully highlighted the exceptional creativity and craftsmanship of the participants. With vibrant colors, intricate designs, and techniques such as embroidery, sequins, and beading, students transformed their illustrations into beautifully decorated cushion covers. The final display reflected a rich variety of fashionable, floral, and artistic motifs, showcasing individual talents and innovative designs.

Expert Talk on Hospitality & Tourism – Present & Future

Amity School of Hospitality (ASH) organized an “Expert Talk on Hospitality & Tourism - Present & Future” by Mr. Vijay Wanchoo, VW Hospitality on August 9, 2024. The primary objective of this event was to provide ASH students with valuable insights into the current trends and future prospects of the hospitality and tourism industry, equipping them with the knowledge necessary to navigate and succeed in this dynamic field.

The aim of the event was to educate ASH students about the latest trends and innovations shaping the hospitality and tourism industry. By highlighting key developments such as sustainable practices, personalization through technology, experiential travel, wellness tourism, and emerging trends like leisure travel and culinary tourism, the event sought to provide students with a comprehensive understanding of the evolving landscape.

The event successfully equipped ASH students with a detailed overview of contemporary trends and future directions in the hospitality and tourism sector. The emphasis on emerging practices, from eco-friendly initiatives to the integration of virtual and augmented reality in destination marketing, provided students with a forward-looking perspective.

Sweet Creations Showdown-The Great Cupcake Bake-Off

Amity School of Hospitality organised a student activity on “Sweet Creations Showdown-The Great Cupcake Bake-Off”, on 13th August 2024. With participation from hospitality and tourism students, the event achieved its goal of enhancing practical skills in the kitchen, promoting creativity, and encouraging collaboration.

The aim was to provide students with hands-on experience in baking various types of cupcakes. The event sought to educate students on the techniques involved in making a range of cupcakes, including chocolate, cashew brownie, marble, and red velvet cupcakes, fostering their culinary skills and creativity.

The Great Cupcake Bake-Off was a successful and engaging event, allowing students to showcase their baking talents while learning about different cupcake varieties. The initiative provided a fun, interactive environment for students to deepen their culinary knowledge, all while enjoying the process of creating sweet treats.

Travel Photography and Videography Competition, Peace Through Tourism

Amity School of Hospitality organized a Travel Photography and Videography Competition on 16th September 2024. Through creative photography and videography, the event aimed to emphasize the role of tourism in promoting peace and strengthening connections between different cultures.

The aim was to explore how tourism can foster global harmony, mutual understanding, and peace. The competition sought to highlight the positive influence of travel on intercultural relations by encouraging participants to visually represent peaceful coexistence, cultural appreciation, and the beauty of diverse communities.

In conclusion, participants skillfully conveyed the theme of “Peace Through Tourism” through their creative visual submissions, capturing the essence of intercultural harmony and the beauty of diverse communities at Amity University Haryana. The event not only encouraged artistic expression but also promoted the importance of travel as a means of bridging cultural divides and contributing to global peace.

SNAP- Spotlighting Narrative and Artistic Photography

ASLA organised an event on “SNAP- Spotlighting Narrative and Artistic Photography”, on September 17, 2024. The event aimed to provide a platform for students from various departments to showcase their creativity and talent in photography.

The “SNAP” event aimed to celebrate the profound connection between photography and human emotions. By showcasing emotive photographs that captured a wide spectrum of feelings—from joy to sorrow—the exhibition sought to highlight the power of visual storytelling. Through engaging narratives accompanying each image, the event aimed to foster a deeper understanding of how art can effectively convey complex human experiences and emotions.

In conclusion, “SNAP” served as an inspiring reminder of art’s ability to reflect the nuances of human emotions and connect individuals through shared experiences. The event not only celebrated artistic expression but also encouraged meaningful dialogue around the role of photography in capturing and conveying the intricacies of life.

Expert Talk on Importance of IPR in Research & Startups Patents and their importance

Amity Centre for Nanotechnology organised an expert talk on the ‘Importance of IPR in Research & Startups’ by Mrs. Pooja Kumar, Founder & Director InnoVe Intellectuals LLP, InnoVe Intellectuals LLP. on May 27, 2024. The event covered topics such as types of intellectual property, legal frameworks, strategies for protection, and the role of IPR in fostering innovation and competitiveness.

The aim of the event was to inform and educate researchers and startups about the various forms of intellectual property and the importance of safeguarding their intellectual assets. By offering practical advice on navigating the complex landscape of intellectual property law and regulations. The event sought to encourage innovation, enhance competitiveness, and empower individuals to leverage intellectual property rights effectively.

The expert talk successfully highlighted the critical role of Intellectual Property Rights in research and startups. Through insightful presentations and practical advice, participants gained a deeper understanding of the importance of protecting their innovations and creations. The event emphasized how effective use of IPR can drive innovation, attract investment, foster collaboration, and enhance competitiveness in the global marketplace.

11th CONVOCATION

Accepting the honour, Dr. Soin said that for him Liver transplant surgery is his passion and that he is deeply committed to advancing healthcare in India and beyond. He encouraged the graduates to pursue their passions relentlessly, never shying away from challenges, and to always stay driven by the pursuit of excellence.

Shri Sreenivasa Reddy, Managing Director of Google India, was conferred with the honour of Doctor of Philosophy (D.Phil.) Honoris Causa in recognition of his exceptional leadership and transformative contributions to the technology sector.

In his acceptance speech, Shri Sreenivasa Reddy shared his vision for the future of technology, urging graduates to embrace the rapidly evolving landscape with confidence and curiosity. “Amity has created leaders who have the potential to transform industries and make a lasting impact on a global scale. It is now your turn to step forward, think big, and push the boundaries of what’s possible”, he said.

Shri Anil Agrawal, Managing Director, Airox Nigen Equipments, was honored with the Doctor of Philosophy (D.Phil.) Honoris Causa for his outstanding contributions to the engineering and manufacturing sectors.

AMITY
UNIVERSITY
— GURUGRAM —

400+ Companies visited for placements last year

INSHORTS 11

Amity University Gurugram in collaboration with the Skills Council for Green Jobs, successfully launched a week-long Green Hydrogen Training program under PMKVY 4.0, focusing on RPL for Green Hydrogen Plant Junior Technician-Electrolyzer. This initiative supported the National Green Hydrogen Mission by providing essential skills training. The first batch began on March 3, 2025, with an orientation session presided over by our Pro Vice Chancellor Prof. (Dr) Vikas Madhukar, Deputy Dean Academic Prof. (Dr) Anil Kumar, and Prof. (Dr) Subhra Das, Head, Amity Skills Institute & Solar & Alternate Energy Department. This project marked a significant step towards a sustainable future.

An insightful Faculty Development Program (FDP) was held at Hansraj College, University of Delhi, from 17-22 February 2025, for nominated faculty members of higher education institutions in Delhi. Dr. Kushagra Rajendra, HOD of Amity School of Earth and Environmental Sciences, led sessions across two days, followed by an interactive discussion with Prof. Manish K Joshi, Secretary UGC. A wonderful platform for professional growth and knowledge exchange!

Amity University Gurugram radiated empowerment and celebration on Women's Day! On March 7, 2025, the campus came alive with powerful words, mesmerizing dance performances, and an unstoppable spirit of strength and unity. A day dedicated to honoring the resilience, achievements, and brilliance of women most vibrantly!

Here are some glimpses from the Painting Workshop organized by Amity Centre for BRICS Studies & Amity School of Languages, featuring Olga Levchenko, a renowned Russian Folk Artist from the Russian Centre of Science and Culture, New Delhi. The workshop, held on 24th February 2025 at the Art Gallery, Amity University Gurugram, was an enriching experience, exploring the beauty of Russian folk art.

Amity University Gurugram hosted Counselors EdConnect 2.0, bringing together 50+ delegates from 30+ top schools to discuss NEP implementation challenges & solutions. From entrepreneurship mentoring to faculty development, Amity extends full support to schools for meaningful learning outcomes. The event also featured a millet laddoo & orange squash tasting by the Dietetics & Nutrition students, followed by a stunning fashion & arts showcase!

Amity University Gurugram hosted an engaging BOOTCAMP for UG final-year students, with 350+ participants from various colleges! Students explored emerging trends in Business Analytics, Robotics & AI, Journalism, and honed their skills with an interview preparation session.

Departments of Dietetics & Applied Nutrition, Public Health, and Optometry at Amity University, Haryana, conducted a community health visit to Gwalior Anganwadi on February 17, 2025. This initiative featured the use of a student-developed mobile application to collect vital health data, while optometry students provided free eye check-ups for villagers. A step towards technology-driven, accessible healthcare for all!

Sharing glimpses of the impactful National Workshops, organised by the Academic Staff College, Amity University Gurugram, in collaboration with Taleem-o-Tarbiyat Foundation! With distinguished guests like Shri Adil Zainulbhai, Shri Kamal Kishore Chatiwal, Shri Zafar Sareshwala, and Ms. Advaita Kala, the event aimed to inspire and empower participants through a unique blend of education, personal growth, and skill-building, helping them unlock entrepreneurial opportunities and develop leadership for the future. Here's to nurturing tomorrow's leaders!

Amity University Haryana hosted the 16th DGISS session with Prof. G. Anand Anandalingam, Ralph J. Tyser Professor of Management Science at the University of Maryland, who shared his expert insights on 'Artificial Intelligence & Ethics.' A thought-provoking discussion on the ethical challenges and opportunities of AI, shaping a sustainable future.

Congratulations to our stellar team—Anubhav Dash, Shashank Chodankar, Saksham Arora, and Yash Baid (BTech AIML)—for securing 1st Prize and a ₹12,500 cash award in the Robo Race at INVICTUS 2025, DTU! Your hard work and dedication shine bright. Here's to many more milestones!

From the majestic Jaisalmer Fort to the vast Thar Desert, our educational trip to Jaisalmer was a true journey through history! 19 BA (H) History students explored the rich heritage of the "Golden City," gaining hands-on experience and insights aligned with NEP 2020. Big thanks to our amazing faculty and student coordinators for making it unforgettable!

Highlights from the International Conference on Equity and Empowerment: Women Workers in the Urban Informal Sector. Amity Business School, Amity University Gurugram, in collaboration with ICSSR Vision Viksit Bharat@2047, hosted the International Conference on Equity and Empowerment on 24th January 2025. The event sparked insightful discussions on the challenges and opportunities for women workers in the urban informal sector, focusing on strategies for their empowerment and equity. A big thank you to all the speakers and participants for contributing to this insightful event.

Amity School of Fine Arts, Amity University Haryana recently hosted a Community Engagement Activity titled "Mukhauta: A Skill Enhancement Initiative" on 14th January 2024. The event successfully promoted creativity, skill development, and community interaction through a variety of engaging activities. It served as a fantastic platform to highlight the institution's commitment to fostering artistic and social collaboration.

Here's a glimpse of the insightful workshop on the National Institutional Ranking Framework (NIRF), organized by the Directorate of Higher Education, NAAC Division, Haryana, and graciously hosted by Amity University Haryana. The session was an enriching exchange of ideas, aimed at fostering institutional excellence, promoting quality education, and encouraging continuous improvement across higher education institutions.

Muktidham- The Theatre Play

Ek Awaaz, a student club of Amity University Gurugram presented a Theatre Play 'Muktidham' on 21st October 2024. The play aspired to foster a sense of responsibility, compassion, and gratitude among viewers toward their families.

The play aimed to shed light on the emotional struggles of aging parents abandoned in old age homes, offering a poignant reflection on the societal issue of neglecting elder care. Through a powerful narrative, the event sought to evoke empathy and introspection, encouraging the audience to re-evaluate their relationships with their parents

and recognize the sacrifices made by the older generation. It concluded with a powerful message urging the audience to cherish their parents, appreciate their presence, and prioritize their well-being. The event reaffirmed the importance of human connections, making it a deeply impactful and thought-provoking experience.

Oto Kizuna- Flash Mob

Nihon Culture Club of Amity University Gurugram organized a Flash Mob on September 12, 2024. By embracing spontaneous performances, the event sought to promote cross-cultural exchange and deepen the appreciation of Japanese music and dance.

The event, 'Oto Kizuna,' aimed to captivate the audience

through an energetic flash mob, where students performed Japanese songs and danced to J-Pop music. The purpose was to showcase Japanese pop culture, blending both traditional and modern elements to foster a sense of unity, cultural harmony, and friendship among participants and spectators. In conclusion, the event successfully resonated with the audience, bridging cultural gaps through the universal language of music and dance. The event highlighted the vibrancy of Japanese pop culture while creating a joyful atmosphere of togetherness.

Interaction with actor Yashpal Sharma and Special Screening of his Film Dada Lakhmi

Amity School of Communication organised a Special Screening of Film "Dada Lakhmi" & Interaction with Famous Bollywood Star Shri Yashpal Sharma on September 18, 2024. The screening of "Dada Lakhmi" aimed to showcase an acclaimed piece of Indian cinema, while also providing an enriching experience for the students and faculty. By featuring Shri Yashpal Sharma, a renowned actor, producer, and director, as the chief guest, the event sought to inspire participants and offer a behind-the-scenes look into the creative processes of filmmaking.

The event successfully achieved its objectives by inspiring participants and deepening their understanding of filmmaking through both the screening and the insightful interactions with Shri Yashpal Sharma. It provided a unique learning opportunity, blending the art of storytelling with practical industry knowledge.

New initiatives undertaken CHEMINOVA LAB

Department of Science & Technology (DST), Government of India granted INR 198.5 Lacs through its FIST-Chemical Sciences (Fund for Improvement of S&T Infrastructure) program to the Department of Chemistry,

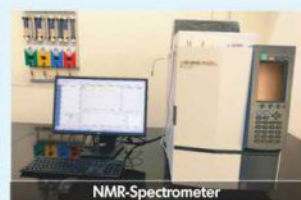

Biochemistry and Forensic Sciences, Amity University Haryana to setup the Cheminova laboratory. The state of art Cheminova laboratory, set up in Room A 217 of the AUH campus, this facility installed with following instruments:

- (1) Benchtop Nuclear Magnetic Resonance (NMR), (80 MHz) [Margitech Germany]
- (2) Gas-chromatograph-Mass Spectrometer [Shimadzu]

A summary of the instrument specifications is listed below:

- (1) **Nuclear Magnetic Resonance** (Margitech-Spin solve 80 Mhz)
- (2) **GC-MS Shimadzu** (3) **GC Shimadzu**

These instruments are operated by trained personnel and available for use to faculty, staff and students of AUH and other educational institution as well as for industry users at nominal charges that are levied to offset the operation cost. In addition to the instruments, the lab features a well-equipped sample preparation work area and computer workstations with relevant software installed for convenience of the users.

5th INDIA Conclave 2024 - An Educational Visit Of Engineering Department

ASET organised an educational visit to FICCI, Federation House, on September 19, 2024. Initiatives such as integrating AI into school curriculums and establishing fellowship programs were proposed as vital steps toward cultivating a skilled workforce.

The session on "India's AI Future - 'India AI Mission'" aimed to explore India's leadership in artificial intelligence (AI) and its potential for driving innovation across various sectors. The discussions sought to identify key applications of AI, address challenges in building scalable AI infrastructures, and emphasize the importance of nurturing AI talent through education and training.

The "IndiaAI Mission" session successfully illuminated the transformative power of AI in diverse industries, including healthcare, agriculture, retail, and manufacturing. The event demonstrated India's commitment to leading in AI innovation while advocating for responsible and ethical AI practices.

Digital Embroidery Event Theme : Innovation

On October 15th, Amity School of Fashion Design & Technology, in collaboration with Usha International Ltd., hosted an insightful workshop cum Guest lecture on 'Digital Embroidery.' The event focused on advancing skills in digital embroidery techniques and exploring cutting-edge sewing machines, empowering participants with modern design innovations & Technology.

Participants were immersed in hands-on sessions that showcased the latest digital embroidery techniques and the capabilities of advanced sewing machines. Experts led discussions on how these technologies are transforming fashion design, emphasizing the importance of integrating modern tools into creative processes. The workshop not only provided practical training but also fostered a collaborative environment, encouraging participants to share ideas and inspire one another. Attendees left empowered, equipped with newfound knowledge and techniques to elevate their design projects, showcasing the synergy between tradition and technology in fashion.

Kartavya-An Initiative towards Society

Amity College of Commerce organised an awareness program on "Kartavya-An Initiative towards Society", on August 29, 2024. By involving students in planning, fundraising, and direct engagement with the community, the event aimed to foster a sense of social responsibility and compassion among participants.

The aim of the Health and Cleanliness Drive was to promote hygiene awareness and practices among underprivileged children living near the college campus. The initiative sought to educate children on the importance of personal hygiene, including

regular hand washing and cleanliness, while also providing them with essential hygiene kits.

In conclusion, through engaging and interactive sessions, students effectively communicated essential hygiene practices, empowering the children with knowledge that can lead to healthier lives. The distribution of thoughtfully prepared hygiene kits further reinforced this initiative, providing practical resources to support the children's well-being. Overall, the event not only strengthened the bond between the college and the local community but also set a precedent for future initiatives focused on social change.

"From Values to Action Gandhi and Martin Luther King in a Post-Truth World."

Office of International Affairs (OIA) organised a visit of Prof (Dr.) Shonu Nangia, Louisiana State University Alexandria, USA for International

Expert Talk Series on August 9, 2024. Deliberation on the topic: "From Values to Action: Revisiting Gandhi and Martin Luther King in a Post-Truth World," the event aimed to foster cross-cultural academic connections and explore future collaborations with the university.

The aim of the event was to explore the enduring relevance of Gandhian and Martin Luther King Jr.'s principles in addressing

contemporary global challenges. By examining these philosophies, the event sought to provide insights into ethical leadership, non-violence, and the impact of misinformation in today's polarized world.

Key takeaways included the application of non-violence and ethical leadership in modern contexts, a critical reflection on the "post-truth" era, and the importance of global solidarity in social justice and human rights struggles. The event not only inspired participants to actively embody these principles in their daily lives but also encouraged critical engagement with the values they uphold.

"Navigating Challenges As Women Entrepreneurs"

Amity University Women Cell & Amity Business School organised a guest lecture on "Navigating Challenges as Women Entrepreneurs" on September 12, 2024. The event aimed to cultivate a community of empowered women entrepreneurs who are prepared to thrive in their ventures, contributing to a more inclusive and diverse entrepreneurial ecosystem.

The aim of the event was to empower and inspire both aspiring and established women entrepreneurs by addressing the unique challenges they encounter. The event sought to provide actionable strategies for overcoming gender-specific barriers and to emphasize the significance of resilience, networking, and innovation in building successful businesses.

The event successfully achieved its objective by fostering a supportive environment where women entrepreneurs could gain confidence and practical insights. Participants were equipped with strategies to navigate the unique challenges they face in the entrepreneurial landscape, encouraging them to leverage available resources for growth and success. Amity University Women Cell & Amity Business School organised a guest lecture on "Navigating Challenges as Women Entrepreneurs" by Ms. Sinjini Sengupta, Founder, LIGHTHOUSE. on September 12, 2024. The event aimed to cultivate a community of empowered women entrepreneurs who are prepared to thrive in their ventures, contributing to a more inclusive and diverse entrepreneurial ecosystem.

Air and water pollution in India, Health risks and strategic remedies

Amity Institute of Biotechnology organised a panel discussion on "Air and water pollution in India: Health risks and strategic remedies", on July 8, 2024. Prof. Arun Srivastava, JNU. Prof. Partha Roy, IIT Roorkee and Prof. Rakesh K Tyagi, SCMM, JNU. Prof. Arun spoke about Air pollution, its causes and Health effects. There was good interaction after that as air pollution is a very relevant topic. Prof. Roy gave a very detailed account of ways in which Tributyl Tin causes aggravation of estrogenic activity and disruption of Thyroid activity in cells. Prof. Rakesh Tyagi talked about nuclear receptor

PXR and how it is a friend and a foe. He also talked about transcription memory. In the post lunch session, there was discussion about Health risks and remedies for Air and Water pollution. Many strategies were proposed. This included awareness, connecting diseases to toxicities and finally adopting a simple non-sedentary lifestyle to promote good health and reducing population to reduce pollution. By identifying the key problems and exploring viable solutions, this initiative sought to develop comprehensive strategies to mitigate pollution and improve health outcomes.

The aim of the discussion and subsequent collaboration was to address the significant impact of pollution on public health in India,

as highlighted by the Lancet report, which indicated a reduction of ten years in life expectancy due to environmental pollution. Additionally, the insights gained could help in formulating strong collaborative grant proposals for further research and intervention programs.

The panel discussion brought together experts to deliberate on potential solutions to India's pollution crisis. Key takeaways included reducing resource misuse, finding cleaner energy alternatives, and adopting strict measures against pollutants to prevent bioaccumulation. The panel also emphasized returning to sustainable practices like increased physical activity, material reuse, and eliminating plastic bottles.

Innovation Through the Lens

ASCO organized a photo exhibition on September 16, 2024. The name of the event was "Innovation Through the Lens." The event aimed to foster artistic expression among students and facilitate meaningful interactions between participants and seasoned professionals.

The aim of the photography exhibition event, held as part of the Innovation Week celebrations, was to provide a creative platform for budding photographers to showcase their innovative works and unique perspectives.

The photography exhibition event successfully achieved its objectives by offering a dynamic space for student photographers to present their captivating visual creations. The event drew enthusiastic engagement from the ASCO department's faculty and photography enthusiasts, as well as insightful interaction from the guest.

International Yoga Day

Amity Institute of Clinical Psychology (AICP) organized a one-day workshop on International Yoga Day in collaboration with The Earth Savior Foundation. An interactive session with the trainees was conducted on International Yoga Day. The theme of the observation day this year, the importance of Yoga for self and society, and the major role of yoga on mental health and well-being were discussed.

The aim of the event was to observe International Yoga Day by creating awareness and sensitizing trainees about the benefits and importance of yoga. The event intended to educate participants on the psychosocial aspects of mental health and the holistic benefits of incorporating yoga into their daily routines.

The event successfully achieved its aim of raising awareness and sensitizing trainees about yoga. The speakers effectively introduced the concept of yoga and its psychosocial aspects related to mental health, providing valuable insights to the attendees. Participants received reading materials to further their understanding and practice of yoga.

SANGTHAN

The Annual Inter Amity Institutions Sports Meet

Sangathan 2024, the annual Inter Amity Institutions Sports Meet, was an extraordinary success, showcasing the exceptional sportsmanship, talent, and spirit of over **1250 students** from Amity University Haryana. The event, held from 13th September to 17th October 2024, was a grand celebration of athleticism, competition, and camaraderie across **46 sporting events**.

Sangathan 2024 brought together over **1250 students from 23 institutes** within Amity University Haryana. These students competed fiercely across 46 sports events, making it one of the largest editions in the history of the event. The sports meet, which spanned less than 20 days, was a remarkable achievement considering the challenges faced in organizing such an extensive event with limited time and resources.

The competition was organized with 23 Amity institutes grouped into **8 clubs**, competing for the coveted title of **Sangathan 2024 Champions**. The sports competitions were nothing short of spectacular, with students displaying outstanding skills, sportsmanship, and team spirit. From team events like **Football, Basketball, and Volleyball** to individual sports like **Athletics, Badminton, and Table Tennis**, the intensity of the matches and the passion of the participants were truly commendable.

Public Seminar on Eye Donation, Awareness about eye donation and role of optometrist in eye banking

Department of Optometry and Vision Science, AMS organised a Public Seminar on Eye Donation, on September 18, 2024.

The event aimed to raise awareness about the importance of eye donation in preventing blindness and to introduce students to the functioning of eye banking services. The session sought to equip students with the technical skills needed to become market-ready in the field of eye banking, with a focus on the vital contributions optometrists can make.

The event successfully informed students about the significance of eye donation and how it contributes to combating blindness. Through insightful talks and discussions, attendees gained a deeper understanding of the role of optometrists in eye banking services.

Webinar Lecture on the theme: Lean Start-up & Minimum Viable Product/Business"

Amity Institute of Pharmacy in collaboration with IIC organised a webinar on "Lean Start-up and Minimum Viable Product/Business" by Dr. Amit Bedi & Dr. Mohsin Pathan, Advent Informatics India Pvt Limited, (MolSoft software division), Pune, India. The topic of the session was Mentoring Session on "MolSoft PMS software mediated Drug Discovery".

The session aimed to empower mentee institutes by sharing the extensive knowledge and expertise of AUH, an institute recognized for its excellence in skills training and innovation. By providing detailed insights into advanced bioinformatics tools and techniques, AUH sought to enhance the capabilities of the mentee institutes, enabling them to nurture and mentor their own students effectively. This initiative was part of a broader mandate to foster an environment of entrepreneurship and innovation at the university level.

The session concluded with participants gaining a thorough understanding of several sophisticated bioinformatics tools and techniques. They were introduced to the MolSoft ICM Product Presentation, which highlighted the functionalities and applications of the ICM software, crucial for molecular modelling.

"Hunkaar", a Workshop, Oxford Debate

Public Speaking Club "Hunkaar" and the history of Hunkaar, the of Amity University Gurugram event sought to empower individuals with the confidence and techniques necessary for effective communication.

The workshop and debate segment provided participants with valuable insights into public speaking and debating techniques. Attendees left feeling more confident in their abilities, having learned key strategies for delivering impactful speeches and engaging with an audience effectively.

The primary aim of the event was to enhance participants' public speaking skills and foster an understanding of various debate formats. By delving into the importance of public speaking

Workshop "navigating Start-up Journey: Legal And Ethical Planning"

Amity School of Law organised "Navigating Start-Up Journey: Legal and Ethical Planning" by CA. Sandeep Mahajan & Kartik Jain, Sandeep Mahajan & Co. JSA ASSOCIATES.

The workshop empowered attendees to approach their entrepreneurial ventures with a well-rounded understanding of both legal requirements and ethical principles.

The aim of the was to educate participants on the essential steps involved in planning for a start-up. The workshop sought to provide attendees with comprehensive insights into the legal and ethical aspects of starting a business, covering crucial topics such as business registration, intellectual property rights, and regulatory compliance. Additionally, the workshop aimed to offer participants the opportunity to work on case studies and scenarios to apply their learning

in real-world contexts.

The workshop provided valuable insights into the legal framework necessary for business formation and highlighted the importance of ethical practices in maintaining a successful enterprise. Through interactive case studies and scenarios, participants were able to apply their learning to real-world situations, enhancing their problem-solving skills and decision-making abilities.
