FOUNDER PRESIDENT MESSAGE

I strongly believe that in today's competitive world, the best theoretical knowledge alone is not sufficient without practical knowledge and pragmatic approach which my students learn while studying at Amity University Gurugram (AUG). I am delighted to see that the students at AUG are getting all the motivation, guidance and help from our dedicated faculty in developing their outer and internal personality. These efforts are greatly helping them not only in achieving academic excellence but also enable them to possess great human values and traits to become a perfect professional or a successful entrepreneur.

Our students are well equipped to meet industry demand, goals and expectations and can become a great asset for an organisation by taking any challenging assignments entrusted to them to their fullest expectation. Our focus is to groom young future leaders who are value driven human beings and competent professionals with deep passion for humanity, who will lead the world.

I am proud that Amity University Gurugram (AUG) provides best of practical and industry focused education which attracts best students. Our alumni are working in best companies across the globe which is a testament that we inculcate in each student the spirit of dedication, sincerity and loyalty in collaboration with corporate industry who support our mission with so much of enthusiasm.

The focus of Amity University Gurugram is to impart world class education so that each one of my student becomes a success story in his/her life and my blessings would always accompany them and their families throughout their life.

INDUSTRY INTERACTION

At Amity University - Haryana we believe that the Industry Interactions by Corporate Guests are a great tool for the improvement of the students. Students have the opportunity to learn something new or hear a new perspective on a topic that interests them from a guest speaker. Students can also discover a new interest in a topic where previously they had little interest. The guest speaker is the “real world” arriving in the classroom. For the guest speakers, it's a chance to share their perspectives on what the world of business is like, their passion for what they do, to make some connections with potential employees, and to offer their well-earned words of advice

INDUSTRY VISITS

At Amity University Gurugram, Industrial visits are usually the first point of interaction between a student and a live working industry. The students learn about the latest technology trend and make up their minds about their future job or area of interests i.e., Marketing, HR, Finance, Operations, Customer Service, Logistics, Design, Hospitality, Legal, Media and technical domains like Engineering, Applied Science, Biotechnology etc.

The objective of an industrial visit is to provide the students an insight regarding the internal working of companies. Today, we all perfectly understand that theoretical knowledge is just not enough for a successful professional career.
