INDUSTRY INTERACTION

At Amity University - Haryana we believe that the Industry Interactions by Corporate Guests are a great tool for the improvement of the students. Students have the opportunity to learn something new or hear a new perspective on a topic that interests them from a guest speaker. Students can also discover a new interest in a topic where previously they had little interest. The guest speaker is the “real world” arriving in the classroom. For the guest speakers, it's a chance to share their perspectives on what the world of business is like, their passion for what they do, to make some connections with potential employees, and to offer their well-earned words of advice

INDUSTRY VISITS

At Amity University Gurgram, Industrial visits are usually the first point of interaction between a student and a live working industry. The students learn about the latest technology trend and make up their minds about their future job or area of interests i.e., Marketing, HR, Finance, Operations, Customer Service, Logistics, Design, Hospitality, Legal, Media and technical domains like Engineering, Applied Science, Biotechnology etc.

The objective of an industrial visit is to provide the students an insight regarding the internal working of companies. Today, we all perfectly understand that theoretical knowledge is just not enough for a successful professional career.
