Problem Description	:	**Respected sir I feel that after having a glance at my btech 1 year result s that the scholar ship criteria should be extended to a lower limit of 8.5 just because we students work hard and strive to attain that figure of 8.8 and we are almost near to it but due to flexi subject s like English and use and behavior al science we just miss that.sir case is so serious that inspite of submitting assignment and giving test we are given 50 percent marks even less than that. sir my board marks in English is 89 and I have been given 39 marks , I just couldnt understand the marginal drop. Sir same is in USE subject these are not engineering subject and they play a negligible role because our subject knowledge is must. I am from a middle class background and my dad is in Indian air force and I was expecting to support him by claiming a scholarship but due to these Flexi I am left disappoint ed and there are numerous cases like this.**
Action Sought	:	**Lower the criteria to 8.5 point er. 2.if providing 50 percent scholar ship is not feasible at 8.5 then start a new scheme of 25 percent. 3.or Flexi shouldn't have role in cgpa which is responsible for grant of scholar ships. 4. Only main subject s are taken in account for scholar ships**

A	Excellent	9
A-	Very Good	8
B+	Good	7
B	Above Average	6
B-	Average	5
C+	Satisfactory	4
C	Border Line	3
F	Fail	0

A+	Outstanding	80	80
A	Excellent	75	70
A-	Very Good	68	65
B+	Good	60	55
B	Above Average	52	50
B-	Average	45	45
C+	Satisfactory	40	35
C	Border Line	35	30
F	Fail	Less than 35	Less than 30

(d) In the case of non-credit and Audit Courses which are not reckoned for assessment of SGPA and CGPA, the students shall be awarded "S" Grade for satisfactory performance and "U" Grade for unsatisfactory performance.

(4) The Semester performance of a student will be indicated as "Semester Grade Point Average (SGPA). The SGPA will be weighted average of Grade Points of all letter grades received by a student for all the Course units in the semester. The formula for Computing SGPA is given below:

$$SGPA = \frac{U_1 G_1 + U_2 G_2 + U_3 G_3 + \text{----------}}{U_1 + U_2 + U_3 + \text{----------}}$$

Where U1, U2, U3 denote credits associated with courses taken by the Student and G1,G2,G3 are the Grade Point of the letter grades awarded in the respective Course. An example of these calculations is given below:

Associated Credit Units in the semester (total of column 2) = 31

Earned Units in the semester (total of column 4) = 23

Cumulative associated credit Units (in previous semesters 24 and current semester 31) = 55. Points Secured in II semester (total of column 6) = 180

Cumulative points secured (total of points secured in 1st semester 106 and in II semester 180) =286

$$\textbf{SGPA} = \frac{\text{Points secured in II semester } 180}{\text{Credit Units of appeared courses in II semester } 31} = 5.806$$

$$\textbf{CGPA} = \frac{\text{Cumulative points secured in all passed course in I \& II Sem } 286}{\text{Cumulative Associated Credit Units in I \& II semesters } 55} = 5.20$$

(5) In the case of Trimester or Annual system of evaluation of students performance, trimester grade point average (TGPA) or Annual Grade Point Average (AGPA) shall be assessed as per above guidelines.

(6) In final Grade Card will indicate Cumulative Grade Point Average (CGPA) which shall be calculated as in Para 14(4) and shall be based only on Grade Points obtained in courses for which units have been earned.

(7) Conversion from Grade Point Averages to percentages of marks do not have rigor or rationale. However, an approximate and indicative equivalence between CGPA and percentage of marks can be assessed by simple mathematical calculation i.e. CGPA multiplied by 10.

(8) The successful candidates shall be placed in Divisions as below:

CGPA	EQUIVALENT DIVISION
8.5 and above	First class with Distinction
6.5 but less than 8.5	First Division

The Dy. Vice Chancellor briefed the members about the infrastructure development and his views on the

The Dy. Vice Chancellor also expressed his concern about the availability of appropriate accommodation for the students who will be admitted during the next academic session. As of now, there is likely to be 300+ seats for both boys and girls which may be available in the beginning of the session which is much less than the average intake of hostel every year.

The Pro Vice Chancellor and the Dean Student Welfare expressed their opinion on the subject and suggested that academic performance, behavior and attendance should be made the criteria to renew the admission in the hostel. The Pro Vice Chancellor mentioned that to accommodate more students another hostel block may be proposed. The members then requested the DSW to conduct a survey on the profile of the students currently staying in the hostel and submit a report in the next meeting for a decision.

Further the DVC also informed that office accommodation in the proposed block D also may have some shortfall vis-a-vis the actual requirement. However, the silver lining was that about 100 housing facilities for faculties will be available by middle of next year. Members suggested that the DVC may propose for construction of a guest house in the campus to accommodate visitors and parents for visit / meetings in the campus. The PVC was of the opinion that at some point of time during 2014, no. of academics from foreign countries may come to our campus for exchange program and suitable accommodation will have to be provided to them. In this context, the constructions of the guest house is important and significant, as felt by the PVC.

(a) **Overview**

(i) ASET is presently offering three dual degree programmes for their students, i.e. B.Tech - CSE + MBA, B.Tech - ECE +MBA &B.Tech - MAE + MBA.

(ii) The B.Tech ECE + MBA has students enrolled into both the Academic Years 2012 and 2013 while B.Tech CSE + MBA has students enrolled into Academic Year 2013.Thereare no students enrolled in B.Tech MAE + MBA Programme.

(iii) The dual degree programme of B.Tech + MBA is divided into 10 semesters (5 years). This in turn gives advantage to the students to save one full year when compared to doing the two Programmes separately.

(iv) The dual degree programme structure must therefore include both technical and management subjects which are distributed into 10 semesters (5 Years).

(b) Highlights of the discussion held are covered below:-

(i) It was unanimously agreed **not** to change the B.Tech content of the dual degree Prorammes.This will give flexibility to the students to exit with B.Tech degree after 4 Years.

(iii) Following issues came up for discussion with regard to the B Tech content of ECE:-

(aa) Dr.Rekha Agarwal suggested that the subject "Antenna and Wave Propagation" should be included in the curriculum of the B Tech (ECE) + MBA Dual Degree. Dr.Priti informed that the subject was already part of the curriculum. No change was therefore warranted.

(bb) Dr.Rekha Agarwal suggested that subject "Optical Communication" should be the part of core subjects for ECE students not as open elective. After discussions it was decided to retain it as open elective only.

(dd) Dr.Janak B Patel also suggested that credits of the subject "Digital Signal Processing" should be increased to 3 instead of 2. The Board decided to keep it 2 credits as the same subject is offered to B.Tech(ECE) students with the same no. of credits.

(iv) After detailed discussions it was decided to run compulsory two management subjects in 5th , 6th & semesters, and four subjects into8th Semester.

(v) The last year of the Degree,i.e. 9th& 10th Semesters can be fully devoted to specialization in different areas of Management.

The members of BOS proposed a new M.TechProgramme into ECE department with VLSI as specialization, in addition to existing M.Tech(E&C). The aim of this proposed Programme will be to build technological base in electronic design part, as per Industry need. This will enable the aspirants to plan, develop and control the quality projects and the candidates will be able to take challenges of electronic projects and carry out the innovative research. This in turn will enhance the employability of the students as Design Engineers, Project Managers and Specialists in high-end electronics design industry. The candidates may also take up research activities in the education/industry sector as academicians, Researchers and Entrepreneurs.

(b) The above Programme is being run in AUUP also. But members proposed addition of following four subjects to the AUUP Programme Structure. The Programme Structure of M.Tech (VLSI) – 130 credits is attached as Appendix M.

Sr. No.	Additional Subject	Justification
1.	Digital VLSI Design	VLSI design is combination of analog and digital VLSI designs. So the theory of VLSI is incomplete without teaching Digital part of VLSI Design.
2.	Semiconductor Device Physics & Modeling Lab	Modeling subject are incomplete without laboratory support to the theoretical knowledge gained in the subject "Semiconductor Device Physics & Modeling"
3.	Low Power VLSI Design Lab	Design subject are incomplete without laboratory support to the theoretical knowledge gained in the subject "Low Power VLSI Design"
4.	VLSI Testing	The design process is incomplete without testing the design for the probable faults and similarly the design degree is incomplete without studying testing processes, so the subject VLSI Testing.

11. **Review of Existing Programme Structure of MCA : 170 Credits**

(a) Table below lists out semester wise changes after discussion by the members of the Board. It also gives the justification in support.

Sem.	Existing	Proposed
1st Semester	-	- (No Change)
2nd Semester	IFM4203: "System Analysis & Design" (3 Credits).	In place of it **"Management Information Systems"** is introduced with same (3 credits).
	IFM4204: "Visual Programming" (3 Credits) & IFM4208: Visual Programming Lab (1 Credit).	In place of it **"Web Technologies" (3 Credits)& "Web Technologies Lab"(1 Credit) is introduced.**

	IFT 4206: Optimisation Techniques (4 Credits)	Its credit has been decreased by 1 .
	Total Credits :27	**Total Credits:27**

- "System Analysis & Design" is a very general and obsolete subject and in comparison to this **"Management Information Systems"** is more relevant and specific to the Programme.
- "Visual Programming" is out-dated course and **"Web Technologies"** is more relevant to the industry needs.
- More stress is requisite for "Data Structure using C Languages Lab".

3rd Semester	IFT4304: "Organizational Behavior" (4 Credits).	It has been discontinued and no subject is added in its place.
	IFT4301: "Computer Graphics" (4 Credits).	Its credit has been decreased by 1.
	IFT 4302: "Object Oriented programming with C++"	Its credit has been decreased by 1
	IFT 4305: Data Communication and Computer Networks	Its credit has been decreased by 1

	IFT4308: Database Management System Lab (1 credit).	Its credit has been incremented by 1.
	-	Computer Graphics Lab (1Credit) is introduced.
	Total Credits of 3rd Semester was **35 Credits**	**Total Credits** changed to **30 Credits**

- "Organizational Behavior" is a core HR oriented subject which is not relevant for MCA students.
- "Network Fundamentals" is quite similar to "Data Communication Computer Networks" (A core subject in the MCA Program Structure).
- "Design & Analysis of Algorithms" is very fundamental subject in the field of Computer Science & its inclusion in the MCA Program Structure is absolutely essential.
- More emphasis is required for "Database Management System Lab".

4th Semester	———	"Open Source Technologies" (3Credits) is introduced.
	IFT4402 "Internet & Java Programming" (4 Credits).	Its credit has been decreased by 1.
	Elective-1 Set (4 Credits)	In its place "Fundamentals of E Commerce &ERP"(3 Credits) is introduced as compulsory subject.

	Total Credits of 4th Semester was **25 Credits**	**Total Credits** changed to **27Credits**

- "Open Source Technologies" is quite relevant to the Industry.
- "Fundamentals of E Commerce & ERP" is also quite relevant for the MCA Programme.
- "Open Source Technologies Lab" is more pertinent & useful than "Software Engineering Lab".

5th Semester	1.IFT4502: "Compiler Design "(4 credits) . 2.IFT4503: "UNIX & SHELL Programming" (3 Credits) . 3.IFT4513: "LAN Switching & Wireless" (2 Credits). 4.IFT4514 "Accessing theWAN"(2Credits). 5 Concentration Elective -I without Lab(4Credits). 6.IFT4515: "UNIX & SHELL Programming Lab"(1 Credit). 7.IFT4517: "Accessing the WAN Lab" (1 Credits) . 8.IFT4516 : "LAN Switching & Wireless Lab" (1 Credits).	In place of subjects, mentioned at (Sr No.1-8) on the left hand side, the following subjects are introduced. **"Distributed Operating System"** (3 Credits). **".Net with C#"** (3 Credits). **".Net with C# Lab"** of (1 Credits). **"Cryptography & Network Security"** (4 Credits).
	(Concentration Elective with Lab) IFT4505 : "Distributed Database" (3 Credits). IFT4508 : "Distributed Database with Lab" (1 Credit).	In their place **"Digital Image Processing"** (3 Credits) & **"Digital Image Processing Lab"** (1 Credit) are introduced.
	(Concentration Elective with Lab) IFT4506 : "System Programming" (3 Credits). IFT4509 : "System Programming Lab" (1 Credit).	In its place **"Data Warehousing & Data Mining"** (3 Credits) & **"Data Warehousing & Data Mining Lab"** (1Credit) is introduced.
	Total Credits of 5th Semester :33 Credits	**Total Credits of 5th Semester :26 Credits**

- The "Compiler Design" is not very relevant from the industry point of view.
- We are already teaching "Operating System" as a core subject therefore "Unix & Shell Programming" is removed & ". Net with C#" is introduced as per industry requirement.
- "LAN switching & Wireless" & "Accessing the WAN" are also removed because they are very specific & are not quite relevant for MCA. Furthermore, "Cryptography & Network Security" is absolutely essential for MCA students.
- "Data Warehousing" is discontinued from the concentration elective without lab & is introduced with a re-designation "Data Warehousing & Data Mining" in the concentration electives with lab.
- "Distributed Operating Systems" & "Digital Image Processing" are also introduced as core & elective subjects respectively. Both these subjects are research oriented subjects & are in great demand.

In 6th Semester, IFT4601: "Seminar" of 6 Credit is Discontinued. The credits of IFT4637: "Project (Dissertation)" has been incremented by 6.

(b) The overall credits of the MCA has changed from 180 Credits to 170 Credits

(c) Existing and proposed Programme Structures of MCA are attached as Appendices N&O respectively.

12. **Proposal for Lateral Entry in MCA (2nd Year) for BCA Students**

(a) Dr. Parveen Kumar proposed lateral entry of BCA qualified studentsof our University by taking admission in 2nd year of MCA. This was justified as all the subjects covered in the first year of MCA are included in the BCA Curriculum.

(b) All Board members were in favour of implementing the above proposal. It was further suggested by Dr Ajay Kumar that we should open up lateral entry for the BCA qualified students from other institutions also, provided they have covered all the subjects of MCA first year in their BCA curriculum. This was also agreed by all members.

13. **Proposal for New 5 Years Dual Degree Programme: BCA + MCA (280 credits)**

(a) Presently AIIT is offering 3-year BCA programme of 150 credits and 3-year MCA programme of 180 credits.It is now proposed to offer w.e.f. session 2014 – 2015 a dual degree programmeinto BCA+MCA of 280 credits.

(b) There are 18 credits for open electives in BCA (3 credits per semester). It was decided that these open electives may not be offered in the proposed dual degree programme so as to save credits for essential core subjects. It was decided to introduce following subjects in place of the open electives.

Semester	Subject	Credits
1	Introduction to IT-1	2
	Introduction to IT-1 Lab	1
2	Introduction to IT-2	2
	Introduction to IT-2 Lab	1
3	Object Oriented Analysis & Design	3

(c)There are some subjects, which exist in the BCA Programme as well as MCA Programme. Post discussions it was decided to remove these subjects from the MCA Programme and in place introduce some new subjects which have relevance in today's environment and are as per the Industry demand. Details are as given below:-

	Total Credits of 1st Semester was 32 Credits	Total Credits changed to 30 Credits
• Contents of "Data Communication" are covered under the course Network Fundamentals and other subjects. • As subject, "Core Hardware" includes fundamental concepts of hardware and network devices, therefore "Network Devices and Hardware " is more appropriate title. • Distributed and Mobile computing are being heavily used in the industries. To emphasis on these Distributed System and Mobile Computing should be taught as core subjects.		
2nd Semester	IFT4210: "Wireless LAN"	Wireless LAN is renamed as "Wireless Networking" and syllabus is revised.
	IFT4211: "Wireless Communications (4 Credits)"	In place of it "Network Management" is introduced with same 4 credits.
	IFT4214: "LAN Switching and Wireless".	"LAN Switching and Wireless" is renamed as "LAN Switching".
	IFT4215: System Administration-II with Lab is (6 Credits.	System Administrator-II is shifted to 3rd semester. In place of it "System Administration-I with Lab (3+2 credits)" is introduced.
	Total Credits of 2nd Semester was 31 Credits	Total Credits changed to 30 Credits.
• Contents of "Wireless Communications" are covered by "Wireless Networking". Therefore it is discontinued. • In existing structure "Network Management" is part of 4th Semester, now it is proposed in 2nd Semester. • Shifting of "Network Management" from 4th to 2nd semester is due to the fact that student should study it early in programme.		
3rd Semester	IFT4310: Satellite Communication (4 Credits)	Subject is discontinued.
	IFT4311: Optical Technologies (4 Credits).	Subject is discontinued.
	IFT4316: System Administration-III with Lab is (6 Credits)	In place of it "System Administration-II with Lab (4+2) credits" is introduced.
	IFT4317: Accessing the WAN Lab(1 Credit)	Credit has been increased by 1.
	Total Credits of 3rd semester was 37 Credits.	Total Credits changed to 30 Credits.
• Eventually, System Administration-III is omitted in proposed programme structure as essential contents of System Administration course are covered in System Administration-I & II. • Satellite Communication and Optical Technologies are discontinued, as basics of both the subjects are covered under other subjects and both subjects are more specialized subjects which should come under only specialization.		
4th Semester	IFT4414: Network Management.	"Network Management" is shifted to 2nd semester.
	IFT4415: Emerging Technologies-II.	Subject is discontinued
	IFT4437: Project/Industrial Training (12 Credits)	Credits of "Project/Industrial Excellence" is revised to 30.
	Total Credits of 4th Semester was 30 Credits	Total Credits changed to 40 Credits
• Emerging Technology-II is discontinued because it is identified that Emerging Technology-I is sufficient. • As per standard credit system of flexi structure, credits of final Project/Industrial Training are revised.		

(b) Existing and revised Programme Structures of M Sc (NT & M) is attached as attached as Appendices Q&R respectively.

- Any other item with the permission of the chair

Dr. S. Arul invited the representatives from the schools/ departments to present the department wise agenda items.

Minutes of Meeting

Amity School of Communication (ASCO)

1. Discussion began with a brief overview of the various programmes offered by ASCO followed by information on the revision of syllabus of the UG programme in 2013 and collaboration with NDTV to promote industry integration.
2. Point was raised about the small number of students admitted in the PG programme (MJMC). No. of students in current batch (BJMC): 47 No. of students in current batch (MJMC): 4
   - It was mentioned that several other universities in Delhi-NCR were facing similar problems.
   - The reason furnished for the same was that the UG programme offers three internships to students who prefer employment after Bachelor's degree given the opportunities available in the media industry. It was also felt that parents too prefer their wards to take up employment if available after completing their UG programme.
   - It was mentioned that the media industry is growing in India and ASCO is an evolving school. All previous students have been placed in allied sectors such as public relations, event management etc.

Experts' Opinion

- Experts were of the opinion that students might feel that there may be a lack of better opportunities after the PG programme except for those interested in going into teaching and research as MJMC course is focussed more on theory and research.
- They also felt that the fields such as animation and media research could provide better job opportunities.
- The last year of the PG programme could include specialization courses such as media management and public relations.
- The nomenclature of the programme could also be aligned with the changing nomenclature worldwide. While "Journalism" and "Mass" are dated terms, "Communication" is the term currently used.

Suggestions

- Initiating an integrated 4-year PG programme in Communication or a 5-year programme with an option to quit with a UG degree after 3 years with the last year devoted to specialization areas for the students.
- PG programme could be pitched to mid-career media professionals with a few years of work experience.

3. Proposal for a new programme on "News Making" was proposed by Prof. J.K. Mehta
   - Invite students from South Asian countries to enrol.
   - Primary focus on broadcast media in collaboration with NDTV
   - Collaborate with The Hindu for print journalism component

Experts' Opinion

- It was felt that there was no relation between the programme objectives and the syllabus presented.
- Very few institutions have been able to attract international students on a sustained basis.
- Sense of suspicion prevails among South Asian students regarding studying in India.
- The number of students in such programmes gradually dwindles.
- International/global placement opportunities will become the key point here. Therefore, feasibility of such a programme should be reviewed along with a detailed programme structure.

Suggestions

- It was suggested that a course on "News Making" could be made part of the MJMC programme.
- The News Making course could become the USP of the MJMC programme and promote students intake.

Point of Consensus

- Integration of News Making course into MJMC programme
- Programme structure and syllabus of the MJMC programme would be presented in the next BOS meeting

Amity School of Behavioural and Allied Sciences (ASIBAS)

1. Discussion began with a brief description of existing programmes and revision of syllabus completed in 2013.
2. The Board was informed that approval of MPhil Clinical Psychology programme is pending with the Rehabilitation Council of India (RCI). The syllabus for the programme is prepared and ratified by the RCI.

Amity School of Languages (ASL)

1. The Board was briefed about the BA (Hons.) French programme started in 2014-15.
   - Along with developing the general language skills of reading, writing, listening and speaking, the syllabus also aims at language for specific purposes –professional language for business purposes, for hotel management, and for tourism sector, keeping in mind the employment opportunities in the concerned industry.
   - The syllabus also provides an introduction to translation techniques.
   - The cultural context is created through a course on culture and civilization of France.

2. The Board was briefed about the Minor Track in Spanish started in 2014-15.
   - For students who are already learning Spanish as a foreign language -12 credits
   - Minor track focuses on professional Spanish for business purposes -18 credits
3. The Board was briefed about foreign language course in Korean.
   - UG Syllabus of FL is designed to develop general proficiency in Korean language.
   - PG syllabus of FL focuses on professional Korean language for business purposes.
   - All four language skills of reading, writing, listening and speaking are developed.
4. The proposal to introduce UG programmes B.A. Hons. in Spanish and German for 2015-16 was accepted. The programme structure and syllabus would be prepared and presented in the next BOS meeting.

Amity School of Liberal Arts (ASLA)

Department of Political Science and Department of History

1. Discussion began with a brief overview of the Political Science and History programmes.
2. It was discussed how to increase students intake in 3-year UG programme (Political Science and History)

No. of students in Pol. Science Second Year: 13; No. of students in Pol. Science First Year: 8; No. of students in History First Year: 9

Experts' Opinion

- There should not be dearth of students for Political Science and History as major intake continues to be students aspiring for civil service jobs. Major catchment areas are Uttar Pradesh, Bihar, Andhra Pradesh, Rajasthan, and Odisha.
- Pedagogic innovations alone may not be sufficient for increasing intake of students. One will have to understand the market, identify the educational hubs and target them. It is more of a marketing issue.

Suggestions

- Publicity and marketing material should contain information on employment opportunities.
- Enhancing the visibility of the BA programme through connections in schools in catchment area
- Making the Department/programme visible on the World Wide Web to attract outstation students
- Increasing visibility through lectures, seminars, and conferences.
- Should enhance visibility of ASLA/AUH to aspiring UG, PG students from the region and outside.

3. Proposal to introduce MA Political Science – 2-year PG programme was accepted as MA Political Science would be a natural progression after BA. Programme. The programme structure and syllabus to be prepared and presented in next Board of Studies.

Department of English

1. Discussion began with an overview of the Department and existing programmes. The Board was informed that the revision of syllabus was carried out in 2012.
2. Proposal to review and revise MA English syllabus in 2015
- Make the PG programme more research oriented and introduce MLA formatting style
- Reduce the number of credits to enable the students to engage in research
- Convert some compulsory papers into optional papers

Suggestions

- Faculty should insist on the MLA style formatting from the beginning in term paper and projects.
- Cinema and theatre could be included in the syllabus.

3. Board was briefed about the revision of pre-PhD Coursework syllabus for English Literature research scholars. Research Methodology course was tailor-made for language and literature.

Amity School of Fine Arts (ASFA)

1. Discussion started with an overview of the department.
2. Proposal for introducing Ph.D. in Fine Arts (Painting, Applied Art, and Sculpture) was accepted.
   - Need to start the programme as only few universities offer a PhD programme in Fine Arts.
   - Mandatory requirement for a teaching job as per UGC.

Suggestions

- More research is required about catchment areas.
- Information about enrolment charges in other universities should be obtained.
- Information on leading members of faculty in other universities to be guides must be available.

3. Proposal for 1-year Diploma/Certificate course (Painting, Applied Art, Sculpture)
   - Board suggested that the viability of such courses as well as employment opportunities associated with them have to be given a thought before introducing them.

Amity School of Fashion Design and Technology (ASFDT) and Amity Institute of Design (AID)

1. Discussion began with general overview of existing courses. The Board was informed that UG programme is running successfully. However, the PG programme did not take off.
2. Proposal to modify slightly the programme structure of MA Fashion Retail Management to include a new course in the syllabus – e-tailing (Fashion)/ Online Fashion Retailing.in the next academic year was accepted. The programme structure of M.A. Fashion Retail Management and the syllabus of the new course would be prepared and presented in the next BOS meeting.
   - The course will improve understanding of selling fashion online.
   - It will enhance employability of the students.
   - Approach and methodology of Online Fashion Retailing would be the focus of the course.
3. Proposal to convert the existing 3-year B.Sc. programme into a new 4-year programme in Design and Technology:
   - One more year would provide the time required to enhance the skill sets of the students.
   - Offer foundation course in Design in the first year followed by specializations in Fashion Design, Textile Design, Interior Design, and Fashion Technology
   - The board was informed that this format has been successfully implemented in institutions such as NID and NIFT.

Suggestions

- Complete proposal with a feasibility study, financial, infrastructure such as Design studio and faculty requirements needs to be scrutinized first.
- Any change in the existing format requires deliberation. Should not lose the aspirants of the 3- year programme. Correct nomenclature should be discussed and decided upon.
- Find ways and means to make the MA Fashion Retail Management programme to take off.

4. Proposal to introduce short-term certificate courses in various design streams (accessories designing, computer aided fashion designing, garment pattern making)
   - The course duration would be two months (40 contact hours).
   - Target audience would be our own AUH students and working professionals.

Suggestions

- AUH is already working on MoU with NSDC/Apparel Council which includes courses similar to the ones being proposed
- Clear profile of target group required
- The net gain for those enrolling for the course should be assessed.
- The short-term courses proposed may end up benefitting only our own students.
- All new programmes and courses can be introduced only after proper feasibility study is conducted and relevant panel of experts is consulted.

Point of Consensus

- Further deliberation on the creation of Amity School of Design which would include Fine Arts and Fashion and Textile Technology would be conducted.
- The first year foundation course would be common for all.
- Courses like Animation offered in ASCO would also be included in the integrated programme.

Student's Opinion

- Students who would like to write exams in Hindi must be allowed to do so.
- University should create a system to evaluate papers if the existing faculty are not competent to do so.

Observations by **Experts**

Prof. Dr. **Pradeep Krishnatray**

1. Competition needs to be considered before any proposal for a new programme is made.
2. Students would like to know about job opportunities and career progression.
3. As the schools grow more faculty members with different specialisation could be added.
4. There exists immense potential for inter-departmental collaboration.

Mr. **Sanjay Ahirwal**

1. New students could be attracted by running successful courses and programmes.
2. Consolidation of existing programmes is more important than starting new programmes.

The meeting of the Board of Studies concluded with the remark by the Chair, Prof. Dr. S. Arul that the schools should work on the programme structure of the new programmes which were proposed and accepted in this meeting and submit it along with the detailed syllabus in the next meeting Board of Studies wherein the subject experts would be invited.
