3. Event Report along with glimpses of the event (Photographs)

3.1 General Introduction of the Event

A Hybrid mode CAD Workshop on "Basics of "Adobe illustrator" organised by AMITY INSTITUTE OF DESIGN (Fashion Design) to develop the skills. Students will need to create, manage, and edit vector artwork. To Gain a sound introduction to the concepts of vector graphics and their implementation within the design process and learn best practice approaches to boost the productivity. Learning Adobe illustrator will help students to design, create and edit in fashion design context. It will help students to work in illustration of garments and Graduation design collection.

3.2 Inspiration & Objectives of the Event

- To use Adobe Illustrator to create high-quality illustrations, logos, and another custom artwork.
- To understand the workspace, tools, and drawing features those are available in Adobe Illustrator.

3.3 Brief about the address/talk of speakers

3.4 'Take Homes' for the Guest and Attendees

- With Adobe Illustrator, students will have an extra level of flexibility when working to customize your overall workspace. Interface allows for custom viewing. There is an option to enable space saving as well. These processes allow to work on thell4jt project in whatever way is most comfortable, while maintaining complete control over all the available options.
- It allows to work on multiple images in a similar fashion all at once, which makes you much more productive than the other programs which force you to work on one image at a time.
- Zero resolution issues when working with Adobe Illustrator. Because the graphics are based on mathematics equations instead of stored pixels, It always gives sharp, crisp lines that are print-ready in any dimension.
- Compared to similar platforms, Illustrator creates files that are relatively small. You can share them quite easily, mail them as an attachment, or use them without absorbing most of your computing resources.
- Re-create print-ready graphics with ease thanks to Adobe Illustrator. Students are also able to create web graphics with this platform.
- **3.5 Future for utilizing the contacts developed with the Invited Guests-** Future institutional workshop.
- 3.6 Budget of the Event (Budget Sanctioned, Total Expenditure & Revenue Generated): NIL
