Academic Staff College, Amity University Haryana organized an Expert talk on Entrepreneurial Opportunities for MSME in Uzbekistan by Advisor to the Government of India and Uzbekistan Entrepreneurial Development Centre Tashkent Centre Asia on 17th February 2022.

The Objective of the Expert Talk was to: To Create New Entrepreneurs, Capacity Building of Existing Entrepreneurship, Increase Trade Between Two Countries, Focus of Education on Entrepreneurship, Innovations and robust areas of Opportunities along with Various schemes and programmes

Dr. Sanjna Vij, Program Director, Academic Staff College, Amity University Haryana, welcomed Prof Sanjeev Chaturvedi and introduced the participants about the theme and its objective. Dr Sanjna Vij also stated that we are sure that through the deliberations of Prof Chaturvedi, we all will get benefitted and enhance the knowledge on Micro, Small and Medium Enterprises (MSME) sector that has emerged as a highly vibrant and dynamic sector of the Indian economy over the last five decades.

Prof Chaturvedi started with a wonderful presentation and shared fruitful inputs and gave comprehensive understanding on Micro, Small and Medium Enterprises (MSME). Prof Chaturvedi also highlighted about Modern Uzbekistan along with the eye opener facts, current scenario and of course areas of opportunities.

Prof Chaturvedi also explained the opportunities in the sectors like Pharma Industry-Ayurveda/Natural, Yoga and Cultural Activities, FMCG Products and Servicing, Agricultural Equipment's and Machinery and Home Appliances, Educational Tie-Ups, Supply Chain Management & Logistics, IT Enabled Services, Sports Equipment's, Dairy Products and Processing.

While addressing the gathering Hon'ble Vice Chancellor, Prof P B Sharma, Amity University Haryana highlighted that the power of mind and power of ideas have suddenly become more important than the power of money and that is why the people with mind and people with ideas are emerging as the richest people of the world. Earlier the richest people of the world were traditionally those who were running the businesses as per their parental business for a very long time but

suddenly we found that the new age entrepreneurs have really surprised through their imaginations and the power of ideas and many of them have proved the point that the power of idea is stronger than the power of money.

Prof Sharma also said that my advice to new age entrepreneurs at this very important webinar would be that you must realise the values and worth of truthfulness, transparency and bring the trust of the people whom you serve and serving with delight ensuring that highest levels of professional ethics and morals are pursued and you should share with proud that integrity matters even if I have to suffer a lot does not matter but I shall not negotiate on my personal integrity and professional integrity of my businesses.

Lot of questions were asked by participants which made the platform energetic and fruitful.

‘Vote of Thanks’ was delivered by the moderator of the program Dr Sanjna Vij, Program Director, Academic Staff College, Amity University Haryana.
