This special Expert talk session is conducted on online interactive platform on Zoom, Cisco Webex app during these Covid-19 work from home situation, an innovative initiation by ABS, AUH To keep Management students aligned and engaged with their academic and Industry Integration/ expert perspective objectives.

#### 3.2 Objectives of the Event

To apprise and mould Management students of ABS, AUH to have insight into the actual working of legal issues associated with startups.

#### 3.3 Brief about the address/talk of speakers

- Mr. Syed Asif Iqbal graduated from Lloyd Law College in 2015. He then began his career under Ratan K Singh, and subsequently moved on to Rachana Joshi Issar & Associates. He is the co-founder of advok8.in. He is also the legal head of Lawered . He deals in Consumer matters, Arbitration, Civil law, Service law and also criminal law matters.
- Lawered is one of the legal tech startup among the few in the less explored legal Indian market. It is a technology partner of lawyer and artificial intelligence driven company making legal profession easier and ensuring access to justice for all. Lawered is a linkedIn for lawyers. Lawyers and law students can connect with other law professionals on this platform, share opinions, judgments and all legal developments.

- Lawered has also developed a software for corporate, litigants, and lawyers for case management which we call it “case tracking”. It is fully automated case tracking system wherein you just have to add your case details once and you get automatic updates on your case, cause list, order sheet and display board of all courts and forum. Moreover, you don’t have to carry you court diaries once you have this in your pocket.
- Mr Asif Iqbal said that, entrepreneurship is all about being visionary. It about identifying a problem and solving it for en masse who had started believing that the problem is inherent and they are bound to live with that.
- Mr Asif Iqbal reiterated that a good entrepreneur is always abreast with the market demands and the customer response. Customer service I believe is gradually diminishing from the small and mediums enterprises. The incident of Indigo where indigo attendant assaulted a passenger is alarming. One must understand that the consumer is the king and that is what we are learning every day.
