Saakar Canviar 2.0 was an annual cultural fest organized by Saakar. The campaign was designed to architect social transformation with an aim to empower the youth to serve the humanity for a better tomorrow, to empower students to become effective change-makers; to establish a change in the attitude and mindset of the society towards certain issues that are still prevalent in today and deafening silence on themes of socio-cultural advancement. This was done in collaboration with all other clubs present on campus by organising fun events and competitions such as talks, performances, open-mic, competitions etc.
