3. Event Report along with glimpses of the event (Photographs)

General Introduction of the Event:

The preservation of agricultural products is one of the central problems faced by developing countries. And as time goes on, these problems will be aggravated by the growing dietary needs of the ever-increasing population of these countries. Solar crop drying is a viable solution to this problem in most efficient manner. Our Hon'ble Pro Vice-Chancellor Prof. (Dr.) Padmakali Banerjee emphasised on the importance of solar energy utilization and sustainability for the developing country like India.

Inspiration & Objectives of the Event:

The main objective of this event is to ignite young minds and professionals towards the importance of solar drying, as energy conserve can be done through it. The Government of India is focussing on solar energy applications in the development of different areas and economical upgradation. The talk ended with group discussion by esteemed panelist from AUH with the invited speaker in view of possible research collaboration in the area of solar energy applications.

3.1 Brief about the address/talk of speakers:

The key note speaker Prof. Brian Norton, Head of Energy Research & Research Professor at University College Cork and Professor of Solar Energy Applications at TU Dublin stressed upon the true meaning of solar energy applications in the area of crop drying and elaborated different types of crop dryers. He emphasized on the fact how nutritive value of the crop and food materials can be saved with solar drying.

3.2 'Take Homes' for the Guest and Attendees:

The prime outcomes of the event are:

- Understanding the true meaning of Solar Energy Applications to lead our Nation towards sustainability and ecological development path.
- Spreading social awareness about this important area and igniting young minds to work in this direction.

3.3 Future plan for utilizing the contacts developed with the Invited Guests: AUH will work in collaboration with the experts in the area of Solar Energy Applications and invite such esteemed guests in the future also.

3.4 Budget of the Event(Budget Sanctioned, Total Expenditure & Revenue Generated): NIL
