### ADMISSION INTERANET PORTAL AMIZONE – An ERP SYSTEM

#### Tracking Women Application Rate, Acceptance Rate or Entry Rate

The University has an online application process, and the entire student cycle of admission is managed through in-house ERP admission portal known as **Amizone** which is completely integrated. The technology has enabled us to incorporate different functionality in the ‘admission portal’ to keep a track on the ‘gender wise applicants’ which help us in taking timely action and required attention on the state of gender wise applications coming to the University for various programmes. The screen shot of the ‘admission portal’ showing gender wise report is shown as below:
