Subject: AMITY UNIVERSITY - Summer Internship

Hello Mr. Pankaj Ji,

Greetings for the Day!

Let me first of all sincerely thank you and being so kind, considerate, and positive regarding summer internships.

This is in reference to the discussion we had with you regarding the summer internship request of our B-Pharma students with your esteemed organization **Aristo Pharmaceuticals Pvt Ltd**.

As part of the Curriculum, the students are required to undertake Summer Internship in an industry commencing from 21st June to 24th July 2022. The internship forms an integral part of the course and the same gets duly reflected in the overall assessment.

Students during these above months of internships are required to work on a project assigned by the industry. And also accomplish roles and assignments given to them by their industry mentors.

Towards the end of the mentioned internship, students are to submit a detailed project report of the assignments handled, which gets evaluated by their industry guides and is used for giving credit scores by us at the university.

Therefore, we would be grateful if you can please accommodate our **02 B.Pharma students** for Summer Internship.

Awaiting a quick and positive revert.

Thanks and Regards

Dr. Abhimanyu Bharadwaj

Dear Faculty Coordinators,

With reference to your trail mail and subsequent discussion with Ms. Ankita Ji, now we won't be able to change our previous schedule which we had shared with you earlier, as the company has already confirmed the internship of our 04 B. Pharma Students.

Therefore, I would request you to recheck all data which you received from your students and share the nominations with us as soon as possible.

We would like to inform you that the previous schedule cannot be changed, as it creates a lot of confusion and we cannot spoil our professional relationship with our recruiters

Please share the names of other students for internship with Biogen Biocare.

Thanks and Regards

Dr. Abhimanyu Bharadwaj

Dear Sunil Sir,

Greetings for the Day!

Let me first of all sincerely thank you and being so kind, considerate, and positive regarding summer internships.

This is in reference to the discussion we had with you regarding the summer internship request of our B-Tech MAE students with your esteemed organization J.B Mangaram Foods Pvt Ltd (Britannia).

As part of the Curriculum, the students are required to undertake Summer Internship in an industry commencing from 21st June to 31st July 2022. The internship forms an integral part of the course and the same gets duly reflected in the overall assessment.

Students during these above months of internships are required to work on a project assigned by the industry. And also accomplish roles and assignments given to them by their industry mentors.

Towards the end of the mentioned internship, students are to submit a detailed project report of the assignments handled, which gets evaluated by their industry guides and is used for giving credit scores by us at the university.

Therefore, we would be grateful if you can please accommodate our **B.Tech MAE 03 students** for Summer Internship.

Awaiting a quick and positive revert.

Thanks and Regards

Dr. Abhimanyu Bharadwaj

Subject: Re: AMITY UNIVERSITY - Summer Internship

Dear All,

Greeting from Furbo!!!

I am writing this mail for Internship program for your B.Pharm Student for Product Executive program.

Job Description are as follows,

Job Description for Product Executive (Internship)

The Product Executive is responsible for managing the product throughout the Product Lifecycle, gathering and prioritising product and customer requirements, defining the product vision, and working closely with manufacturing, to deliver winning products. It also includes working with sales, marketing and other support functions to ensure revenue and customer satisfaction goals are met. The Product Executive's job also includes ensuring that the product and marketing efforts support the company's overall strategy and goals.

Expectations:

- Designing product strategies and roadmap to grab the opportunities to increase the market share and penetration in the market.
- Deploying successful marketing campaigns and ensuring its successful implementation.
- Measure and report the performance of marketing campaigns, gain insight and assess against goals.
- Inventory management for optimal product availability.
- Develop the core positioning and messaging for the product.
- Set pricing to meet revenue and profitability goals.
- Propose an overall budget to ensure success.
- Deliver a monthly revenue forecast.
- Develop sales tools and collaterals.
- Work with external third parties to assess partnership and licensing opportunities.
- Always try to search for new products and present project reports with its feasibility.

Requirements:

- Student must belong to B.Pharm.
- Demonstrated success defining and launching excellent products.
- Excellent written and verbal communication skills.

- Excellent teamwork skills.
- Proven ability to influence cross-functional teams without formal authority.
- Must be able to travel 50% of the time.
- Examples and at least one sample of an effective document delivered in the past.

Notes;

The internship will be Unpaid.

Duration will be as per college schedule probably looking for 2Month atleast

Their will be an absorption for full-time if for 1 best performer

Thanks & Regards,

Dipti Rai

Subject: Re: AMITY UNIVERSITY - Summer Internship

Dear All,

Greetings from FURBO!!!!

There are certain observations which I want to share with Amities management, This is my 2nd student placement in your university. We have completed 1 successful placement for the very 1st time but this time with regret i inform you this time the coordination was not proper, I have shared the Google link for the internship candidate but due to misguidance all the student joined the link randomly without any sequence somehow i manage to take the interview of Mr. Yash and also I ask him to convey a message to tell the student in the meeting sequence wise, after waiting for 20Min in meeting My HR Head quiet the meeting. This profile is very important to my organization that is why I assured Mr. Abhimanyu that after looking at the performance of the internship candidate we will absorb 1 student for full time as per the average package offered in your university.

Looking at the looking interview coordination and knowledge about the company and the profile, Mr. Yash has been shortlisted from our side.
any further interview will carried tomorrow, with the same interview link and the same time.

Thanks & Regards,

Dipti Rai

CHANGING THE CONTOURS OF INVESTEMNTS

Date- 9th May 2022

Dear Harsh Dubey,

In reference to your application we would like to congratulate you on being selected for internship with Homeosphere based at Gurgaon.

Your training is scheduled to start effective **20th June 22** for a period of **60 day**. All of us at Homeosphere Private Limited are excited that you will be joining our team.

As such, your internship will include training and focus primarily on learning and developing new skills and gaining a deeper understanding of concepts through hands-on application of the knowledge you learned in class.

The project details will be shared with you post commencement of training.

Again, congratulations and we look forward to working with you.

Regards

Dear Mr. Akash Ji,

Greetings for the Day!

Let me first of all sincerely thank you and being so kind, considerate, and positive regarding summer internships.

This is in reference to the discussion we had with you regarding the summer internship request of our B-Pharma students with your esteemed organization **Highlight Drugs And Pharmaceutical Pvt. Ltd.**

As part of the Curriculum, the students are required to undertake Summer Internship in an industry commencing from 21st June to 24th July 2022. The internship forms an integral part of the course and the same gets duly reflected in the overall assessment.

Students during these above months of internships are required to work on a project assigned by the industry. And also accomplish roles and assignments given to them by their industry mentors.

Towards the end of the mentioned internship, students are to submit a detailed project report of the assignments handled, which gets evaluated by their industry guides and is used for giving credit scores by us at the university.

Therefore, we would be grateful if you can please accommodate our B.Pharma 02 students for Summer Internship.

Awaiting a quick and positive revert.

Thanks and Regards

Dr.Abhimanyu Bharadwaj

Dear Mr. Akash Ji,

Let me sincerely thank you for your prompt response.

As discussed, you agreed to accommodate our 02 B. Pharma students for the Summer Internship, where we will be sharing the TOP 10 resumes of our students and from there, you will be selecting them for your esteemed organization.

Once you share the selected students' names via email then we will inform our students and issue summer internship letters to them and a lot of Faculty Mentors to our students who will be taking a day-to-day report every day.

Thanks and Regards

Dear Ishita,

Greetings from Amity University Gwalior !!

Kindly find below few issues raised by the Students currently doing Summer Internship with your esteemed organization. Request you to kindly clarify the same and sort the matter.

The following issues have been raised by the students (and parents) doing SIP in open wings foundation

1. The company does not has a product/service to sell to the customers
2. They are asking students to collect money in the name of donation for an NGO
3. The minimum amount for donation is Rs 500/-
4. The minimum target/student is Rs 15,000/-
5. **If you don't achieve the target (Rs 15,000/-) you will be fired (Screenshot of Manager's message attached)**
6. **No certificate will be issued**

Your early revert on the above will be appreciated.
