

**09<sup>th</sup> August 2019 (Friday)**

**Workshop on 'strings'**

As the name says '*strings*' which means playing with hands and yarns .The workshop is all about surface technique exploration in which students had explored on various hand exploration techniques like couching, Tucking, Inverted pleats, Embroideries, and many more.

Workshop session has been started with the introduction on Surface Development as well as brain storming with students. After Brain Storming students have come up with words like Texture, Creation, Tactile,Threads etc. Then the process has been introduce for starting the exploration. Each student has chosen the different inspiration which are Jallis, Truck Art, Blue pottery, Raffelsia, Peacockfeather, Dream Catcher and many more. The colour palette has been taken from the above inspiration by the students and then the motifs has developed motifs on fabric.

After the motif is drawn , different techniques were taught like Patten Tucking , Acrylc Water Paint Technique , Applique ,and Embroideries like Shaded satin , couching, blanket and Chain stitch.
