Dear Dr.Sumit Narula

We are Consortium for Educational Communication (CEC) is an Inter–University Centre of University Grants Commission (UGC) and nodal agency to coordinate the activities of 22 Educational Multimedia Research Centres (EMRC). The centres are engaged in development of video and multimedia based course content which is disseminated through various ICT models. These programmes are telecast on 24/7 satellite channel dedicated to higher education, called 'VYAS'. It carries variety of programmes covering Science to Humanities, Technology to Literature, Environment to Management which directly help undergraduates across the country. The Channel is available on DTH Platform of DD Direct Plus and Dish TV. CEC also simulcast the Channel and multicast e-content courseware through its website.

CEC also plays a major role in two ways interactive transmission through live network spread across the country in almost hundred universities and colleges for the benefit of students. The live transmission takes place Monday to Friday from CEC premises. It is subsequently uploaded on YouTube with a philosophy to provide worldwide access and anywhere, anytime availability of content.

Recognizing the expertise in the given field, you are invited to deliver live lecture/s available through VYAS Channel to ensure its wider reach . You are requested to kindly send your power point presentation atleast one week before if Possible, through e-mail at cecgurukul.live@gmail.com

Subject: Re: Regarding the update of Society and Media Modules

Dear Dr. Sumit

Greetings of the day.

I am grateful to you for your kind support and cooperation offered for the development of Society and Media MOOCs Course.

I am glad to inform you that UGC-CEC and the Ministry of Education has decided to launch Society and Media for the fifth consecutive time on SWAYAM Platform.

Thus, I would like to request that the modules provided by you require some update with latest statistics, case studies and examples for the upcoming course for July-December, 2022 cycle. As you would remember, the course content was developed and shot in the year 2018 thus, it is natural and necessary for us to update the modules and course content with the changing media landscape.

Since the decision for the launch was communicated very late to us, thus, we would urgently require the updated modules within the next two days.

I would like to humbly remind you to please send us the updated e-content within the stipulated time or else we would be compelled to contact some other faculty members for the same.

Thanking you for your kind consideration.

Sincere Regards

Durgesh Tripathi, PhD
