About the Drive

In this campaign, students were encouraged to donate their old clothes to the needy. The city people around them have lots of clothes in their homes that they no longer use. Our initiative was to encourage them to donate these clothes to those in need. We, Amity School of Fashion Design and Technology Department- NSS through **CLOTH COLLECTION DRIVE**, tried to benefit these people by spreading some warmth in their lives.

The clothes which we just ignore or throw away may provide comfort to thousands of homeless people on the streets , we just tried to do our bid to save them from the freezing cold. A number of NSS volunteers themselves contributed to the drive. Moreover, they were the key to inspire other fellow students.
