Coordinator of Program: Dr. Rachana Kathal, Program Officer, NSS & RRC, AUMP
Date: 1.9.2019 -15.9.2019
Venue: Adopted village Chakraipur
Number of Participants: Jalshakti Team of faculty and students of AUMP, residents of village Chakraipur
Program Outcome: In reference to the Letter No. 11014/01/2018-(EBSB) dated 28.08.2019, received from MHRD, "Jal Shakti Pakhwada" was observed in Amity University Madhya Pradesh from 1st to 15th Sept. 2019. Activities taken up during the Swachhta Pakhwada 2019. The jal shakti team worked out the water conservation and water culture practices existing in the university premises. Ten pits of Rain Water Harvesting in are well maintained state. Hilly terrain of the 104 acre AUMP campus has natural water sheds, the same spots have been selected to build the water harvesting pits. Recycled water is used for horticulture and wash rooms. Drinking water supply is maintained by installation of Water Softening Plant maintained by ION Exchange of 30 K Ltrs capacity. Two Sewage Treatment Plants of 2.1 & 1.6 Lacks Ltrs per Day capacity each are functional and maintained.
