TO WHOME IT MAY CONCERN

This is to certify that Mr. Shreyash Agrawal has done his internship in Vnurt Technology, Bangalore from 30-05-2019 to 14-07-2019.

He has worked on a project titled House 2.0. This project is a working model which encompasses features of a smart house. As part of the project, he designed and developed a model which has several functions that a home automation & security house has installed by understanding the sensors specification and raspberry pi 3b.

During the internship he demonstrated good design skills with a self-motivated attitude to learn new things. His performance exceeded expectations and was able to complete the project successfully on time.

We wish him all the best for his future endeavors.
