Ref. SDC/Genetics /

12th July 2019

TO WHOM IT MAY CONCERN

This is to certify that Ms. Apurva Mishra has worked in my lab as summer intern from 3rd June 2019 to 12th July 2019.

She has learned basic molecular biology techniques like PCR, restriction digestion, cloning and had exposure to techniques in yeast biology like spot dilution and transformation.

I wish her good luck for her future assignments
