## MEMORANDUM OF UNDERSTANDING

This **MEMORANDUM OF UNDERSTANDING** (MoU) made and entered into and executed on 12<sup>th</sup> February 2015 by and between following parties:

- A. AMITY INSTITUTE OF BIOTECHNOLOGY, Amity University Madhya Pradesh Gwalior, which expression shall mean and include its successors in interest and assigns of the second part (hereinafter referred to as AIB), AND
- B. Laboratory of Statistical Genetics, The Rockefeller University 1230 York Avenue, New York, NY 10065,

Whereas AIB and Laboratory of Statistical Genetics, The Rockefeller University, New York, are interested in entering into a MoU with a view of sharing a common desire to explore, extend and strength the functional relationship between the AIB and Laboratory of Statistical Genetics in order to share the facilities and expertise available with each of them, herewith, sign this MoU on following broad understanding:

1. The Laboratory of Statistical Genetics, The Rockefeller University, New York, will provide regular short term training of 1-6 months duration to the students of AIB in their areas of specialization on the request from the AIB, AUMP. The Director, AIB would work out the names of candidates from relevant subjects after mutual consultation with the faculties of AIB.
2. While carrying out study at Laboratory of Statistical Genetics, The Rockefeller University, New York, NY, the students of AIB, will be governed as per institutional rules and regulations.
3. Faculty/Scientist/Ph.D students working at AIB will be allowed to carry out a part of their research work in Laboratory of Statistical Genetics, The Rockefeller University, New York, and the institution will extend all necessary facilities, Infrastructure & expertise.
4. The Faculty/ Scientists of AIB and Laboratory of Statistical Genetics, The Rockefeller University, New York, may apply for joint collaborative research projects and patents to National and International funding agencies. Data

(Contd -- 2)

generated through such collaborative research will be published in peer reviewed journals jointly by the scientists of both the institutions.

5. The MoU will be effective from the date of signature.
6. This Memorandum of understanding reflects the respective institutions' commitments to terms and conditions mentioned in MoU. This MoU shall remain in effect initially for five years and thereafter and can be renewed for another five years. This MoU may be amended or terminated at any time by either party provided that notice of termination or amendment is given by the notifying party to the other party before (30) days of the date on which the termination or the amendment is intended to become effective. The commitments, made before the date of termination of MoU, will continue to be operative.
