

Amity University Madhya Pradesh organizes "One Week FDP on Rigour and Ethics in Research"

One Week FDP on Rigour and Ethics in Research was organized by Amity University Madhya Pradesh from 7 to 13 January 2022. The objective of the FDP was to groom the faculty members to conduct quality research.

The FDP program had a structured approach, with sessions covering the entire gamut of research – from conceiving the research problem up to the culmination of work through Publication in a respected journal, book. Beginning with a session on Research Ethics, the participants received insights on practices that result in research that is morally sound, environmentally responsible and leads to sustainable growth and development. The second session will train the participants on determining the scope and structure of the research. The third session will focus on awareness, identification and use of appropriate research tools. The final session of the FDP will be on publication ethics and building awareness about the many predatory practices in research and publication that are prevalent today.

Prof (Dr) M.P. Kaushik, Pro Vice Chancellor, Amity University Madhya Pradesh, Dr Sumit Narula, Director ASCO & Deputy Dean Research, AUMP and Prof (Dr) Iti Roychowdhury, Director AISS/ASCENT & ASL were the eminent speakers in the FDP.

The FDP was extremely insightful and benefitted the faculty of Amity University Madhya Pradesh in improving their research acumen.

Prof. (Dr.) Iti Roychowdhury
Dir. ASCENT/ASL/AISS

SCOPE OF FDP

The primary purpose of a University is to create an ambience of learning, reflection, exploration and research. Classroom teaching also is at its most effective when complemented by innovative research on the part of both, the teacher and the taught.

Amity University is driven by research and innovation & multiple avenues are made available to all members of faculty to promote research and publication.

The FDP on Rigour & Ethics in Research, is yet another attempt to groom the faculty members to conduct quality research. The FDP program has a structured approach, with sessions covering the entire gamut of research – from conceiving the research problem up to the culmination of work through Publication in a respected journal, book.

Beginning with a session on Research Ethics, the participants will receive insights on practices that result in research that is morally sound, environmentally responsible and leads to sustainable growth and development. The second session will train the participants on determining the scope and structure of the research. The third session will focus on awareness, identification and use of appropriate research tools. The final session of the FDP will be on publication ethics and building awareness about the many predatory practices in research and publication that are prevalent today.
