

AMITY UNIVERSITY

MADHYA PRADESH

1.3.1 Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

S.N.	Name of Institute/School	Programme Name	Semester	Course Code	Course Name	Gender, Environment and Sustainability, Human Values and Professional Ethics into the Curriculum	Description of the Course
1	AMITY BUSINESS SCHOOL	MBA	1 st	MBA108	Indian Ethos and Business Ethics	Professional Ethics	This course seeks to assist students in recognizing the fundamental interdependence of values and ethics in order to ensure enduring happiness and prosperity, which are the fundamental aspirations of all individuals.
2	AMITY BUSINESS SCHOOL	MBA	4 th	MBA401	Corporate Social Responsibility and Sustainability	Environment and Sustainability	The course gets to include an examination of an organization's corporate citizenship within its business environment, as well as its expertise in business ethics, social responsibility, and responsiveness.
3	AMITY BUSINESS SCHOOL	MBA	4 th	MBA418	International Cross Culture and Diversity Management	Human Values and Professional Ethics	This course includes international and cross-cultural management; Management issues in international markets; Focuses on cultural and regional diversity, political

							and economic influences, global market factors, and other issues multinational enterprise managers face in large and small international organisations.
4	AMITY BUSINESS SCHOOL	BBA	1 st	EVS142	Environmental Studies-I	Environment and Sustainability	The goals of the course are to educate students about environmental studies and to raise people's awareness about the issues that are affecting the environment.
5	AMITY BUSINESS SCHOOL	BBA	2 nd	EVS242	Environmental Studies-II	Environment and Sustainability	This course aims to learn about natural resources, renewable and non-renewable resources and problems associated with all environmental issues.
6	AMITY BUSINESS SCHOOL	BBA	6 th	BBA618	Human Rights	Human Values	The purpose of this course is to educate students on how to apply human rights to social and political reality. Gain knowledge and abilities to defend human rights. Encourage adherence to regional and international treaties pertaining to human rights.
7	AMITY BUSINESS SCHOOL	B.COM	1 st	EVS142	Environmental Studies-I	Environment and Sustainability	The goals of the course are to educate students about environmental studies and to raise people's awareness about the issues that are affecting the environment

8	AMITY BUSINESS SCHOOL	B.COM	2 nd	EVS242	Environmental Studies-II	Environment and Sustainability	This course aims to increase knowledge about causes, effects and control measures of various types of pollution.
9	AMITY BUSINESS SCHOOL	BA (Eco)	1 st	BAE142	Environmental Studies	Environment and Sustainability	The aim of the study is to educate students about the significance of safeguarding and preserving our environment, as well as regulating human activities that have a detrimental impact on the environment.
10	AMITY BUSINESS SCHOOL	BA (Eco)	6 th	BAE604	Business Ethics and Corporate Governance	Human Values and Professional Ethics	This course is designed to explore the fundamental principles of business ethics and the challenges related to corporate governance, specifically in the context of the Indian corporate landscape.
11	Amity Institute of Behavioural & Allied Sciences	MPhil Clinical Psychology	1 st Year	PSY 131	Psychosocial Foundations of Behavior and Psychopathology	Professional Ethics	The psychosocial perspectives attempt to understand human cognition, motives, perceptions and behavior as well as their aberrations as product of an interaction amongst societal, cultural, familial and religious factors. The overall aim is to introduce conceptualizations of

							mental health problems within the psychosocial framework, giving due considerations to contextual issues.
12	Amity Institute of Behavioural & Allied Sciences	BA Applied Psychology	5 th Sem	PSY-502	Gender Psychology	Gender	This course is designed to introduce students to psychological theories and research regarding the differences and similarities between men and women and the effects of gender in social situations.
13	Amity Institute of Behavioural & Allied Sciences	Behavioural Science	2 nd Sem	BSU 243	Individual Society & Nation	Human Rights, Values and Ethics	Understand the importance of individual differences Better understanding of self in relation to society and nation Facilitation for a meaningful existence and adjustment in society Inculcating patriotism and national pride
14	Amity Institute of Behavioural & Allied Sciences	Behavioural Science	4 th Sem	BSU 443	VALUES & ETHICS FOR PERSONAL & PROFESSIONAL DEVELOPMENT	Personal & Professional Values	This course aims at imparting an understanding of Values, Ethics & Morality among students for making a balanced choice between personal & professional development.
15	Amity Institute of Pharmacy	B. Pharm	2 nd	BP206T	Environmental sciences _ Theory	Environment and Sustainability	The aim of course to raise awareness, impart knowledge, develop a concern for the environment, motivate participation in protection and improvement, acquire

							skills for problem identification and solving, and strive for harmony with nature.
16	Amity Institute of Pharmacy	B. Pharm	5th	BP505T	Pharmaceutical Jurisprudence-Theory	Professional Ethics	This course provides a fundamental understanding of Indian pharmacy legislation, including its implications, various Indian Acts, regulatory authorities, and the code of ethics for pharmaceutical practice, aiming to equip students with essential knowledge.
17	AISS	BA (H) Political Science	VI	BPS681	FEMINIST THEORY AND PRACTICE	Gender	Understand the concepts of Liberal, Socialist, Marxist, Radical feminism, New Feminist Schools/Traditions
18	AISS	BA (H) Political Science/BA (H) History	VI	BSU643	Stress & Coping Strategies	Human Values and Professional Ethics	To learn various coping strategies to deal stress effectively so to overcome the consequences and impact of stress on their health and wellbeing, ultimately it will enhance their performance.
19	AISS	BA (H) Political Science/BA (H) History	V	BSU543	Group Dynamics And Team Building	Human Values and Professional Ethics	To inculcate in the students an elementary level of understanding of group/team functions and to develop team spirit and to know the importance of working in teams
20	AISS	BA (H) Political Science/BA (H) History	IV	BSU443	Value & Ethics For Personal & Professional Development	Human Values and Professional Ethics	understanding of Values, Ethics & Morality among students for making a balanced choice between personal & professional development

21	AISS	BA (H) Political Science/BA (H) History	III	BSU343	Problem Solving And Creative Thinking	Human Values and Professional Ethics	Understand the process of problem solving and creative thinking. Facilitation and enhancement of skills required for decision-making.
22	AISS	BA (H) Political Science/BA (H) History	II	BSU243	Individual, Society and Nation	Human Values and Professional Ethics	to identify, understand, and apply contemporary theories of leadership to a wide range of situations and interactions
23	AISS	BA (H) Political Science/BA (H) History	I	BSU143	Understanding Self For Effectiveness	Human Values and Professional Ethics	imparting an understanding of Self & process of self exploration. Learning strategies for development of a healthy self esteem. Importance of attitudes and its effective on personality
24	AISS	BA (H) Political Science/BA (H) History	II	EVS242	ENVIRONMENTAL STUDIES-II	Environment and Sustainability	Focuses on the correlation with Environmental Pollution, Social Issues, Human Population and field work
25	AISS	BA (H) Political Science/BA (H) History	I	EVS142	ENVIRONMENTAL STUDIES-I	Environment and Sustainability	The Multidisciplinary Nature of Environmental studies and Environment, Natural Resources, Renewable and non-renewable resources, Ecosystems, Biodiversity and its conservation
26	ALS	BALLB/BBALLB (HONS.)	I	EVS 142	Environmental Studies	Environment and Sustainability	This course will discuss the basics of environmental studies and issues pertaining to the same. The students would learn about the basics of environmental laws and regime pertaining and a few major supreme court cases pertaining to environment in India.

27	ALS	BALLB/BBALLB (HONS.)	II	EVS 242	Environmental Studies	Environment and Sustainability	This course introduces students to the legal structure of India and fundamentals of environmental legislation and policy making.
28	ALS	BALLB/BBALLB (HONS.)	VII	BAL 701	Environmental Law	Environment and Sustainability	This course provides the study of environmental laws covering legislations related to it and protection of forest and wild life.
29	ALS	BALLB/BBALLB (HONS.)	VII	BAL 706	Women & Criminal Law	Gender	This course aims all categories of crimes, which are committed against women; Constitution of India also provided several safeguards to the women those safeguards are needs to understand in a contemporary scenario.
30	ALS	BALLB/BBALLB (HONS.)	VII	BAL 711	International Human Rights	Human Values	This course enables students to understand fundamentals of International Human Rights Law and policy.
31	ALS	BALLB/BBALLB (HONS.)	VII	BAL 713	Penology and Victimology	Human Values	The course aims to provide student exposure to fundamentals of penology and victimology
32	ALS	BALLB/BBALLB (HONS.)	VIII	BAL 803	Professional Ethics & Professional Accounting system	Professional Ethics	The Course has been designed to acquaint the students of Law about the Professional Ethics and Professional etiquettes that are essentially significant for

							an advocate to observe while at the Bar.
33	ALS	BALLB/BBALLB (HONS.)	VIII	BAL 805	International Environmental Law	Environment and Sustainability	This course aims to provide a broad introduction to International Environmental Law's (IEL) main topics by introducing its sources and fundamental principles, law making processes and highlighting the importance of principles governing International Environmental Law.
34	ALS	BALLB/BBALLB (HONS.)	VIII	BAL 812	Humanitarian and Refugee Law	Human Values	This course enables students to understand fundamentals of Humanitarian and Refugee Law and policy.
35	ALS	BALLB/BBALLB (HONS.)	IX	BAL 913	Offences against Women and Children	Gender	This course enables students to understand the fundamentals of offences against women and children and educates students about the root cause and protection under different laws.
36	ASAP	B.Arch	I	EVS 142	Environmental studies- I	Environment	The objective of environmental studies is to enlighten the masses about the importance of the protection and conservation of our environment and control of human activities which has an adverse effect on the environment.

37	ASAP	B.Arch	II	EVS242	Environmental studies-II	Environment	The objective of environmental studies is to enlighten the masses about the importance of the protection and conservation of our environment and control of human activities which has an adverse effect on the environment
38	ASAP	B.Arch	I	BSU 143	Behavioural science - I	Human Values	Understanding self & process of self - exploration of Learning strategies for development of a healthy self -esteem and Importance of attitudes and its effective on personality and Building Emotional Competency
39	ASAP	B.Arch	II	BSU 243	Behavioural science - II	Human Values	The course enables students to Understand the importance of individual differences. Better understanding of self in relation to society and nation. Facilitation for a meaningful existence and adjustment in society. Inculcating patriotism and national pride
40	ASAP	B.Arch	III	BSU 343	Behavioural science - IV	Human Values	Enhancing personal effectiveness and performance through effective interpersonal communication and their conflict management and negotiation skills
41	ASAP	B.Arch	IV	BSU 443	Behavioural science - IV	Human Values	This course aims at imparting an understanding of Values, Ethics & Morality

							among students for making a balanced choice between personal & professional development.
42	ASAP	B.Arch	IV	BAR407	Architectural climatology	Sustainability	To expose the students to climatic design principles, their influence on building design and energy conservation through passive techniques.
43	ASAP	B.Arch	V	BSU 543	Behavioural science - V	Human Values	To inculcate in the students an elementary level of understanding of group/team functions To develop team spirit and to know the importance of working in teams
44	ASAP	B.Arch	VI	BSU 643	Behavioural science - VI	Human Values	To develop an understanding the concept of stress its causes, symptoms and consequences. To develop an understanding the consequences of the stress on one's wellness, health, and work performance
45	ASAP	B.Arch	VI	BAR608	Site planning & landscape design	Environment / Sustainability	The course is to make the students understand the natural and man-made components that generate the decisions in the planning of any site, and the role of landscape architecture for the judicious co-existence of man with nature and its patterns and systems.

46	ASAP	B.Arch	VII	BAR703	Professional practice & valuation	Professional Ethics	To acquaint the students with professional ethics, responsibility, scale of charges and Architect's model code of conduct in Architectural practice.
47	ASAP	B.Arch	VII	BAR 704	Green Buildings	Sustainability	To familiarize students with principles, techniques and guidelines for planning and design of energy conserving architecture
48	ASAP	B.Arch	VII	BAR 708	Road safety and civic sense	Human Values	To introduce the concepts, principles. Tools and aids of road safety and civic sense to the students of B. Arch. To acquaint them with the design and safety standards for roads. Also inculcate the practice of safe road behavior and civic sense among them.
49	ASAP	B.Arch	IX	BAR 905	Barrier free architecture	Human Values	The subject looks at barrier free design principles and concepts of universal design. Barrier free design principles in urban design Provides an idea about barrier free construction principles in buildings
50	ASAP	B.Arch	X	BAR 1004	Alternate source of energy and Built Environment	Sustainability	Understanding role of alternative sources of energy in built environment and the methodology to be followed and application while using other sources of energy in a building.

51	ASAP	B.ID	I	EVS 142	Environmental studies- I	Environment	The objective of environmental studies is to enlighten the masses about the importance of the protection and conservation of our environment and control of human activities which has an adverse effect on the environment.
52	ASAP	B.ID	II	EVS242	Environmental studies-II	Environment	The objective of environmental studies is to enlighten the masses about the importance of the protection and conservation of our environment and control of human activities which has an adverse effect on the environment
53	ASAP	B.ID	I	BSU 143	Behavioural science - I	Human Values	Understanding self & process of self - exploration Learning strategies for development of a healthy self-esteem Importance of attitudes and its effective on personality Building Emotional Competency
54	ASAP	B.ID	II	BSU 243	Behavioural science - II	Human Values	The course enables students to Understand the importance of individual differences. Better understanding of self in relation to society and nation. Facilitation for a meaningful existence and adjustment in society. Inculcating patriotism and national pride

55	ASAP	B.ID	III	BSU 343	Behavioural science - IV	Human Values	Enhancing personal effectiveness and performance through effective interpersonal communication Enhancing their conflict management and negotiation skills
56	ASAP	B.ID	IV	BSU 443	Behavioural science - IV	Human Values	This course aims at imparting an understanding of Values, Ethics & Morality among students for making a balanced choice between personal & professional development.
57	ASAP	B.ID	IV	BID409	Interior Landscape Design	Environment	To develop a conceptual understanding of landscaping design parameters for various built forms.To develop skills in integrating landscape design with built environments.
58	ASAP	B.ID	V	BSU 543	Behavioural science - V	Human Values	To develop an understanding the concept of stress its causes, symptoms and consequences and to develop an understanding the consequences of the stress on one's wellness, health, and work performance.
59	ASAP	B.ID	VI	BSU 643	Behavioural science - VI	Human Values	To develop an understanding the concept of stress its causes, symptoms and consequences.To develop an understanding the consequences of the stress on one's wellness, health, and work performance

60	ASAP	B.ID	VIII	BID 802	Professional Practice	Professional Ethics	Role of an interior designer in society, Scale of charges conduct in the practice. Requirements of interior design competitions and appointment of interior Designer as consultant.
61	ASAP	M.Plan	I	BSP143	BEHAVIOURAL SCIENCE - I	Human Values	<p>This course aims at imparting an understanding of:</p> <p>Self and the process of self-exploration.</p> <p>Learning strategies for development of a healthy self esteem Importance of attitudes and their effect on work behavior. Effective management of emotions and building interpersonal competence.</p>
62	ASAP	M.Plan	I	MURP 105	Housing and Environmental Planning	Environment	<p>Housing and environment introduce the basics of both in relation to each other.</p> <p>Housing: The objective of this course is to familiarize students with a wide spectrum of aspects related to housing viz., housing scenario, housing needs, housing design, building legislations. The course aimed at providing basic knowledge of issues of urban development relevant to housing planning.</p> <p>Environment: The objective of this course is to initiate the students to a discreet</p>

							understanding of the environment and the interactions and inter-relationships of all living organisms with the physical surroundings. All social, cultural and technological activities being carried by human beings have profound influence on the environment.
63	ASAP	M.Plan	II	BSP243	BEHAVIOURAL SCIENCE - II	Human Values	This course aims at imparting an understanding of: To develop an understanding the concept of stress its causes, symptoms and consequences. To develop an understanding the consequences of the stress on one's wellness, health, and work performance. Enhancing personal effectiveness and performance through effective interpersonal communication Enhancing their conflict management and negotiation skills
64	ASAP	M.Plan	III	MURP 303	Urban Design and Landscape	Environment	The outcome of this course is to acquaint student with the role of urban design and landscape planning in Urban and Regional Planning and equip them with appropriate methods and techniques.
65	ASAP	M.Plan	III	MURP310	Sustainable Planning Practices	Sustainability	The outcome of this course is to familiarize students with the concept of

							sustainable development and develop skills to understand emerging aspects of sustainable planning practices.
66	ASFDT	B.Des	1 st	BFD104	Introduction To Global Fashion and Textile Industry	Environment and Sustainability, Human Values and Professional Ethics	This course is an overview of today's global fashion & textile industry. It introduces the process of how the fashion business works from concept to the consumer. It provides an overview of fashion design, production, distribution, and merchandising and will give an understanding of the fashion industry as a whole.
67	ASFDT	B.Des	2 nd	BFD205	Fundamentals of Textiles – II	Environment and Sustainability, Human Values and Professional Ethics	The contents of the third semester relate to the enhancement of textile products through the application of colour by dyeing or printing techniques. Finishing methods presents the aesthetic and functional values of textiles and their feasibility with respect to Importance, appearance & performance.
68			4 th	BFD401	Fashion Management – II	Human Values and Professional Ethics	The course is an advancement of the previous course. The objective is to impart knowledge about product planning, design

	ASFDT	B.Des					development, fashion for global market, fashion brand management, different pricing strategies, logistics management, concept of ethics and professionalism in an organization.
69	ASFDT	B.Des	5 th	BFD527	Contemporary Fashion - I	Gender, Environment and Sustainability, Human Values and Professional Ethics	Fashion being a way of life needs to be understood in context to the environmental issues that are ongoing processes of constant change. The students are made aware of the techniques of studying the acceptability of a design in the market and then guide their designing skills to create fashion products in that very direction. Besides clothing the students also learn how to design accessories.
70	ASFDT	B.Des	6 th	BFD604	Visual Merchandising	Gender, Environment and Sustainability, Human Values and Professional Ethics	The objective of visual merchandising is generating sales by defining, differentiating, and enhancing a store's "brand", it's format and the merchandise itself by stimulating product interest, providing product information and ensuring product security.

71	ASFDT	B.Des	6 th	BFD627	Contemporary Fashion - II	Gender, Environment and Sustainability, Human Values and Professional Ethics	Fashion being a way of life needs to be understood in context to the environmental issues that are ongoing processes of constant change. The students are made aware of the techniques of studying the acceptability of a design in the market and then guide their designing skills to create fashion products in that very direction. Besides clothing the students also learn how to design accessories.
72	ASET-CSE	BTech IT	VIII	IT803	CYBER SECURITY AND DIGITAL FORENSICS	Professional Ethics	This course provide use of Digital Forensics in Law Enforcement, Digital Forensics Assistance to Human Resources/Employment Proceedings, IT laws & Cyber Crimes, Cyber Laws, IPR, Legal System of Information Technology, Social Engineering.
73	ASET-CSE	BTech CSE/IT, BCA, BSc IT	I	EVS 142	Environmental Studies –I	Environment and Sustainability	This course enlighten the students about the importance of the protection and conservation of our environment and control of human activities which has an adverse effect on the environment.
74	ASET-CSE	BTech CSE/IT, BCA, BSc IT	II	EVS 242	Environmental Studies –II	Environment and Sustainability	This course describes various types of environmental pollution, sustainable development,

							environmental assets, local flora and fauna through field surveys.
75	ASET-CSE	BTech CSE/IT, BCA, BSc IT	I	BSU-143	UNDERSTANDING SELF FOR EFFECTIVENESS	HUMAN VALUES	This course aims at imparting an understanding of, self & process of self-exploration, Learning strategies for development of a healthy self esteem, Importance of attitudes and its effective on personality, Building Emotional Competency
76	ASET-CSE	BTech CSE/IT, BCA, BSc IT	II	BSU-243	INDIVIDUAL, SOCIETY AND NATION	HUMAN VALUES	This course aims at enabling students towards to understand the importance of individual differences, Better understanding of self in relation to society and nation, Facilitation for a meaningful existence and adjustment in society, Inculcating patriotism and national pride
77	ASET-CSE	BTech CSE/IT, BCA, BSc IT	III	BSU-343	PROBLEM SOLVING & CREATIVE THINKING	HUMAN VALUES	This course enable the students to understand the process of problem solving and creative thinking, Facilitation and enhancement of skills required for decision-making.
78	ASET-CSE	BTech CSE/IT, BCA, BSc IT	IV	BSU-443	VALUES & ETHICS FOR PERSONAL & PROFESSIONAL DEVELOPMENT	HUMAN VALUES	This course aims at imparting an understanding of Values, Ethics & Morality among students for making

							a balanced choice between personal & professional development.
79	ASET-CSE	BTech CSE/IT, BCA, BSc IT	V	BSU-543	GROUP DYNAMICS AND TEAM BUILDING	HUMAN VALUES	This course aims to inculcate in the students an elementary level of understanding of group/team functions and develop team spirit and to know the importance of working in teams
80	ASET-CSE	BTech CSE/IT, BCA, BSc IT	VI	BSU-643	STRESS AND COPING STRATEGIES	HUMAN VALUES	This course aims to develop an understanding the concept of stress its causes, symptoms and consequences, To develop an understanding the consequences of the stress on one's wellness, health, and work performance.
81	AIB	B.Tech. & B.Sc. Biotechnology	I	EVS – 142	Environmental Studies - I	Environment Sustainability	The term environment is used to describe, in the aggregate, all the external forces, influences and conditions, which affect the life, nature, behaviour and the growth, development and maturity of living organisms. At present a great number of environment issues, have grown in size and complexity day by day, threatening the survival of mankind on earth. A study of environmental studies is

							<p>quite essential in all types of environmental sciences, environmental engineering and industrial management.</p> <p>The objective of environmental studies is to enlighten the masses about the importance of the protection and conservation of our environment and control of human activities which has an adverse effect on the environment.</p>
82	AIB	B.Tech. & B.Sc. Biotechnology	II	EVS- 242	Environmental studies II	Environment Sustainability	<p>The term environment is used to describe, in the aggregate, all the external forces, influences and conditions, which affect the life, nature, behaviour and the growth, development and maturity of living organisms. At present a great number of environment issues, have grown in size and complexity day by day, threatening the survival of mankind on earth. A study of environmental studies is quite essential in all types of environmental sciences, environmental engineering and industrial management.</p> <p>The objective of environmental studies is to enlighten the masses about</p>

							the importance of the protection and conservation of our environment and control of human activities which has an adverse effect on the environment.
83	AIB	B.Sc. Biotechnology	VI	BSB601	Environmental Biotechnology	Environment Sustainability	The objective of this course is to familiarize the students with different processes and use of microbial technology that can be employed for a cleaner environment. The course also aims to make the students aware of legislation and rules prevalent to control the degradation of our environment.
84	AIB	M.Sc. Biotechnology	II	MSB 206	Environmental Biotechnology	Environment Sustainability	To introduce the students to regenerate clean environment using biotechnology as the key tool and provide them the insight for eco-friendly approach along with the concept of sustainable development.
85	Amity School of Communication	BA J&MC	I	NJMC 101	Fundamentals of Journalism	Gender, Human Values and Professional Ethics	Introduction to foundational concepts and principles of journalism.
86	Amity School of Communication	BA J&MC	I	NJMC 102	Practicing Journalism	Human Values and Professional Ethics	Emphasizes ethical practices, instilling professional values essential for journalism.

87	Amity School of Communication	BA J&MC	I	NJMC 107	Current Affairs and News Analysis	Gender, Human Values and Professional Ethics	Analytical approach to current affairs, shaping critical thinking for news analysis.
88	Amity School of Communication	BA J&MC	II	NJMC 203	Media & Society	Gender, Environment and Sustainability	Examines media's impact on society, fostering awareness of environmental and social sustainability.
89	Amity School of Communication	BA J&MC	II	NJMC 205	Introduction to Cinema	Gender, Environment and Sustainability, Human Values and Professional Ethics	Explores the role of cinema in media, providing a broader perspective on storytelling.
90	Amity School of Communication	BA J&MC	II	NJMC 206	Photo Editing	Gender, Human Values and Professional Ethics	Practical training in editing photographs, vital for visual storytelling in journalism.
91	Amity School of Communication	BA J&MC	II	NJMC 207	Indian Political System	Human Values and Professional Ethics	Analyzes the Indian political system through a journalistic lens, emphasizing ethical reporting.
92	Amity School of Communication	BA J&MC	III	NJMC 301	Television Journalism	Gender, Human Values and Professional Ethics	In-depth study and practical training in television journalism.
93	Amity School of Communication	BA J&MC	III	NJMC 303	Development Communication	Environment and Sustainability	Explores communication strategies for sustainable development, integrating environmental concerns.
94	Amity School of Communication	BA J&MC	III	NJMC 307	Media Laws & Ethics	Gender, Environment and Sustainability, Human Values and Professional Ethics	Examines media laws and ethics, instilling a strong ethical foundation in journalism.
95	Amity School of Communication	BA J&MC	IV	NJMC 402	Fact Check LAB	Gender, Human Values and Professional Ethics	Provides training in fact-checking methods, emphasizing the ethical importance of accurate reporting.

96	Amity School of Communication	BA J&MC	IV	NJMC 403	Principles of Advertising	Environment and Sustainability, Human Values and Professional Ethics	Explores advertising principles, preparing students for ethical practices in the field.
97	Amity School of Communication	BA J&MC	IV	NJMC 405	Fundamentals of Public Relations	Human Values and Professional Ethics	Understanding ethical practices in public relations, emphasizing responsible communication.
98	Amity School of Communication	BA J&MC	IV	NJMC 406	Professional Media Writing	Human Values and Professional Ethics	Develops advanced writing skills for media professionals, with a focus on ethical communication.
99	Amity School of Communication	BA J&MC	V	NJMC 502	Mobile Journalism	Human Values and Professional Ethics	Training in journalism using mobile devices, adapting to evolving media practices.
100	Amity School of Communication	BA J&MC	V	NJMC 504	Storytelling	Gender, Environment and Sustainability, Human Values and Professional Ethics	Focus on narrative techniques in journalistic storytelling, emphasizing ethical storytelling practices.
101	Amity School of Communication	BA J&MC	V	NJMC 506	Newsroom Practices	Gender, Human Values and Professional Ethics	Practical exposure to newsroom operations and practices, preparing for professional news environments.
102	Amity School of Communication	BA J&MC	V	NJMC 508	Corporate & Crisis Communication	Environment and Sustainability, Human Values and Professional Ethics	Examines communication in corporate and crisis scenarios, emphasizing ethical and responsible practices.
103	Amity School of Communication	BA J&MC	VI	NJMC 601	Film Writing & Production	Gender, Environment and Sustainability, Human Values and Professional Ethics	Integrates film writing principles with production techniques, emphasizing storytelling ethics.
104	Amity School of Communication	BA J&MC	VI	NJMC 602	Media Management	Human Values and Professional Ethics	Explores principles and practices in media

							management, incorporating ethical considerations.
105	Amity School of Communication	BA J&MC	VII	NJMC 702	Film Appreciation	Gender, Human Values and Professional Ethics	Appreciation and analysis of films in the context of media studies.
106	Amity School of Communication	BA J&MC	VII	NJMC 703	Corporate Social Responsibility	Environment and Sustainability, Human Values and Professional Ethics	Exploration of corporate social responsibility in the media industry.
107	Amity School of Communication	BA J&MC	VII	NJMC705	OTT & New Age Cinema	Gender, Human Values and Professional Ethics	Exploration of over-the-top platforms and new trends in cinema.
108	Amity School of Communication	BA J&MC	VIII	NJMC 802	Combating Misinformation	Human Values and Professional Ethics	Strategies to combat misinformation in media with a focus on ethical reporting.
109	Amity School of Communication	BA J&MC	VIII	NJMC 803	Global Media Scenario	Gender, Environment and Sustainability, Human Values and Professional Ethics	Exploration of the global media landscape and its impact on journalism.
110	Amity School of Communication	MA J&MC	I	NJMC112	Fundamental of Journalism	Gender, Human Values and Professional Ethics	Introduction to foundational concepts and principles of journalism.
111	Amity School of Communication	MA J&MC	I	NJMC 114	Writing for Media	Human Values and Professional Ethics	Develops precise writing skills tailored for effective communication in media.
112	Amity School of Communication	MA J&MC	I	NJMC 115	Advertising Principles and Practices	Gender, Environment and Sustainability, Human Values and Professional Ethics	Explores fundamental principles and practices of advertising in media.
113	Amity School of Communication	MA J&MC	I	NJMC118	Political Communication	Gender, Environment and Sustainability, Human Values and Professional Ethics	Explores communication strategies in the political context.
114	Amity School of Communication	MA J&MC	I	NJMC 119	Media and Society	Environment and Sustainability	Examines media's impact on society, fostering awareness

							of environmental and social sustainability.
115	Amity School of Communication	MA J&MC	II	NJMC 213	Television Journalism	Gender, Human Values and Professional Ethics	In-depth study and practical training in television journalism.
116	Amity School of Communication	MA J&MC	II	NJMC 216	Public Relations & Corporate Communication	Human Values and Professional Ethics	Explores principles and practices of public relations and corporate communication, emphasizing ethical considerations.
117	Amity School of Communication	MA J&MC	II	NJMC 218	Media Entrepreneurship	Human Values and Professional Ethics	Explores entrepreneurial opportunities in the media industry, focusing on business practices.
118	Amity School of Communication	MA J&MC	III	NJMC 311	Development Communication	Environment and Sustainability	Explores communication strategies for sustainable development, emphasizing environmental and social concerns.
119	Amity School of Communication	MA J&MC	III	NJMC 313	Media Literacy & Fact Check	Human Values and Professional Ethics	Promotes media literacy and fact-checking skills, emphasizing ethical and responsible journalism.
120	Amity School of Communication	MA J&MC	III	NJMC 314	Fact-Check Lab	Human Values and Professional Ethics	Provides hands-on experience in fact-checking, emphasizing the ethical importance of accurate reporting.
121	Amity School of Communication	MA J&MC	III	NJMC 316	Understanding Films	Gender, Human Values and Professional Ethics	Provides an understanding of the principles and techniques of filmmaking.
