

## REPORT: COMPOSITE REHABILITATION INTERVENTION CAMP

Date: 15th June 2019

Venue: Amity Institute of Behavioural & Allied Sciences (AIBAS),

Amity University Madhya Pradesh (AU MP)

### Introduction:

On 15th June 2019, AIBAS, AU MP organized a one-day Composite Rehabilitation Intervention Camp. The camp aimed to provide hands-on experience to students of M.Phil Clinical Psychology, as well as MA/BA Psychology, in acquiring essential skills and competency in working with the geriatric population. The camp also offered valuable exposure opportunities under the guidance of faculty members, including clinical psychologists and the Head of Institute at AIBAS, AU MP.

### Program Details:

The Composite Rehabilitation Intervention Camp provided a platform for students to engage directly with the geriatric population, gaining practical experience in rehabilitation interventions. Through interactive sessions and practical exercises, students learned to apply theoretical knowledge to real-life scenarios. The guidance provided by experienced faculty members facilitated a conducive learning environment, allowing students to develop crucial skills in assessment, intervention, and support for the elderly.

### Positive Outcome:

The camp yielded several positive outcomes. Firstly, students gained invaluable hands-on experience, enhancing their proficiency in working with the geriatric population. The practical exposure provided an opportunity for students to apply classroom learning to real-world situations, thereby consolidating their understanding of rehabilitation interventions. Additionally, the camp fostered empathy and compassion among students, instilling in them a deeper appreciation for the unique needs and challenges faced by the elderly.

### Follow-Up:

In continuation of the Composite Rehabilitation Intervention Camp, AIBAS, AU MP plans to organize follow-up sessions and workshops focused on geriatric care and rehabilitation. These sessions will provide ongoing support and learning opportunities for students, enabling them to further refine their skills and stay updated with the latest developments in geriatric psychology. Moreover, AIBAS, AU MP aims to establish partnerships with local senior care facilities to facilitate student internships and volunteer opportunities, ensuring sustained engagement with the geriatric population.

## Conclusion:

The Composite Rehabilitation Intervention Camp exemplifies AIBAS, AU MP's commitment to providing holistic education and practical training to its students. By offering hands-on experience and guidance from experienced professionals, the camp not only enhanced students' skills but also fostered a sense of empathy and social responsibility. Moving forward, AIBAS, AU MP remains dedicated to supporting students in their journey towards becoming competent and compassionate mental health professionals.
