Medieval Indian Architecture is a multifaceted discipline that encompasses the design, planning, and construction of buildings and structures. It goes beyond mere construction and involves creating spaces that are not only functional but also aesthetically pleasing, sustainable, and culturally significant. Guest speaker talk provides an overview of architecture, highlighting its key aspects, historical evolution, and contemporary trends in the society.

The session with the guest speaker was insightful for the students at AISS, ASAP and ASCO. The speaker inspired all the young minds with a detailed discussion primarily on Medieval Architecture and specifically on the Agra and Gwalior Fort. The talk also highlighted that the students from History and Architecture should focus on various terms and terminology pertaining to the Architecture. The speaker also characterized by order, symmetry, and proportion - classical architecture that includes Sultanate and Mughal style, which had huge impact on the Art and Architecture in Medieval era in India.

He also motivated our students to never stop following their passion. This session has enhanced the understanding of Medieval art and shared nitty-gritty of Architectural aspects among the young students of AISS, ASCO and ASAP. Hence, the attendees were enriched by the knowledge imparted by the guest speaker.

The HOI of AISS, Prof. (Dr.) Iti Roychowdhury, HOI of ASAP, Prof. Lalitesh Kumar Jain, faculty members, and approx. 150 students attended the Guest Lecture.

The event concluded with a vote of thanks by Dr. Rizwan Ahmad.
