MADHYA PRADESH

Established vide Government of Madhya Pradesh Act No. 27 of 2010

## Infrastructure & Energy

### Energy Efficiency & Green Buildings

Amity University Madhya Pradesh campus possesses extensive green and energy efficient infrastructure — including passive architectural strategies, natural lighting, and energy-efficient systems.

### Renewable Energy

Amity campuses invest in on-site solar PV plants to meet a portion of their energy demand, indicating a transition toward renewables and reduced grid dependency.

### Key Indicators:

- ✓ Sustainable building design principles
- ✓ Practical energy efficiency strategies
- ✓ Solar renewable installations
