The Cancer Awareness Workshop was successfully completed by one-to-one interaction of all the guests with thankful gesture of our students and faculty members.

**National Service Scheme (NSS):**

**Free Eye Checkup Camp at NSS adopted Village Chakraipur**

**(26<sup>th</sup> January 2024)**

NSS unit of Amity University Madhya Pradesh (AUMP) organized Free Eye Checkup Camp in the NSS adopted Village Chakraipur on 26<sup>th</sup> January 2024. The camp was organized in collaboration with **Shivani Eye Hospital, Morar, Gwalior**. Awareness campaigns were also organized on the same day on proper nutrition for good ophthalmic health along with the eye checkup camp in Chakraipur. The volunteers gave the villagers a thorough explanation of the numerous ocular disorders, as well as general care, remediation, etc. The village's common residents were made aware by the volunteers of the need for caution when it came to eye health. A team of 6 doctors and staff of Shivani Hospital, Morar, Gwalior examined the eyes of 123 patients with various ailments and diseases and advised them case specific remedial measures. With the highest possible attendance from the community, the villagers also responded to the efforts of NSS volunteers and doctors, promising to continue being watchful for their ocular health going forward. The campaign was launched at 09:30 by 15 NSS volunteers, and it ended at 15:30. The volunteers discovered that NSS offers young people from educational institutions the incredibly valuable contribution of engaging with the most vulnerable sectors of society. Honorable Pro Chancellor of Amity University, Lt Gen VK Sharma, AVSM (Retd) greatly appreciated the work of the NSS volunteers and blessed them to continue doing social service work in future also. Pro Vice Chancellor of Amity University Prof. Dr. Anil Vashishtha expressed gratitude to the medical team and informed the villagers that Amity University Madhya Pradesh would remain committed to supporting their needs as well as the village of Chakraipur's development. He expressed gratitude for the NSS volunteers' efforts and joy at their eagerness to contribute to the development of the adopted village Chakraipur. Dr. Rachna Kathal and Dr. Manish Dubey, Program Officers of NSS and coordinated the Eye Checkup camp on 26.1.24.

### **National Service Scheme:**

**World Youth Day Celebration, 12-26 Jan 2024**

**HIV AIDS Awareness Campaign and Survey with the theme “Community Leadership and Collaboration” by volunteers of Red Ribbon Club for support staff of Amity University Madhya Pradesh (AUMP)**

**(12-26 Jan 2024)**

As part of AUMP's National Youth Day Celebrations, the Red Ribbon Club held an AIDS awareness survey and competition program. **Madhya Pradesh AIDS Control Society, Ministry of Health and Family Welfare** had issued guidelines vides letter IEEC/RRC/2023-24/105, dated 10.1.2024, which were followed by the Red Ribbon Club of AUMP. From January 23 to 25, a comprehensive HIV/AIDS awareness campaign was held in the AUMP campus. Employees including all support staff, security guards and contract staff were the intended audience. The survey was organized with the aim to understand people's perception, attitude and knowledge about HIV AIDS. Our goal was to fill the knowledge gaps and create a supportive, healthier, happier staff and student interaction in the AUMP campus.

One of the most likely responses given to the RRC volunteers was that the public knew very little about HIV/AIDS, with some individuals learning about it through volunteer awareness campaign. The volunteers felt pleased to educate them and make them aware about HIV AIDS. After speaking with almost every member of the campus staff, RRC succeeded in raising awareness and educating people about HIV/AIDS. We view this study as a critically important step toward the welfare of society through RRC.

The security guards, peons, gardeners, and support staff at AUMP appreciated the work of the Red Ribbon Club volunteers. They also shared their knowledge in addition to being advised on precautions against HIV/AIDS. The RRC volunteers were happy to share their survey experiences with one another. All of the AUMP support staff and the volunteers from the Red Ribbon Club got along well.

Honorable Pro Chancellor, Lt Gen V K Sharma AVSM (Retd) highly appreciated this effort of the Red Ribbon Club volunteers of AUMP. He reiterated that there is an urgent need for education and to create awareness and a culture of care about people HIV/AIDS. Honorable Pro Vice Chancellor Dr. Anil Vashishth said that such activities are required to enhance the belongingness of the staff in AUMP.

Distribution of prizes for winners and runner ups will be done in the Republic Day Celebrations ceremony on 26th of January.

### National Service Scheme (NSS):

#### HIV/AIDS awareness drive at NSS adopted Village Chakraipur (20<sup>th</sup> December 2023)

NSS volunteers Amity University Madhya Pradesh Gwalior unit, with collaboration with the **Red Ribbon club**, effectively coordinated a one-day HIV/AIDS awareness camp at the adopted Village of Chakraipur on Friday, December 15, 2023.

The event's main goal was to raise community awareness about HIV/AIDS and promote education about prevention and available treatment for AIDS. Our committed NSS volunteers led educational workshops all day long, imparting vital information about HIV, its routes of transmission, and the need to implement safe measures.

We conducted our outreach in the village's houses, interacting as much as we could with the locals. Incorporating interactive exercises like talks and quizzes helped to engage the villagers and strengthen their knowledge of HIV/AIDS. The camp was essential in debunking widely held beliefs and stigmas about the illness, creating a welcoming and encouraging atmosphere. The volunteers also explained the importance of personal hygiene to Chakraipur inhabitants and motivated them to maintain personal hygiene which will help to live a healthy life. Apart from the awareness campaigns, we also performed a study to find out how much the village as a whole knew about HIV/AIDS. With this all-encompassing strategy, we were able to evaluate the results of our work and pinpoint areas that needed further development. The trip to Chakraipur was very beneficial since it not only helped spread awareness but also encouraged community involvement in tackling the problems caused by HIV/AIDS. We are steadfast in our resolve to deepen our involvement in the community and provide people with the tools they need to take charge of their health and the health of others.

## National Service Scheme

World AIDS Day, 1-15 Dec 2023

**HIV AIDS Prevention and Awareness Campaign and survey with the theme “Community Leadership and Collaboration” by volunteers of National Service Scheme and Red Ribbon Club of Amity University Madhya Pradesh (AUMP) in the NSS adopted village Sigora (15 December, 2023)**

The National Service Scheme and the Red Ribbon Club of Amity University Madhya Pradesh launched HIV and AIDS awareness activities in the NSS adopted village Sigora, in accordance with the direction of the Ministry of Higher Education, Government of Madhya Pradesh, as per letter 994/349/NSS/2023/38 dated 10.11.2023. In this year's AIDS Awareness Campaign, "**Community Leadership and Collaboration**" is the topic. Dr. Jyoti Priyadarshini Srivastava, Professor, Department of Pathology, Gajra Raja Medical College, Gwalior, gave an expert presentation on the topic of "AIDS Awareness and Prevention" on December 13, 2023, to the NSS volunteers of Amity University. Dr. Priyadarshini Srivastava gave an in-depth explanation of the myths, concerns, and facts surrounding HIV/AIDS.

In this initiative, on December 15, 2023, an awareness campaign and survey and were conducted with a questionnaire in the National Service Scheme-adopted village Sigora.

The NSS volunteers taught the villages about HIV prevention and simple ways to live with the disease. They also gave them access to the most recent knowledge, which the educated youth can then share with the less informed members of society.

The NSS volunteers performed skits that reflected the views about HIV/AIDS that are prevalent in our community. The program was overseen by Drs. Rachna Kathal and Manish Dubey, Program Officers for the National Service Scheme, and Arvind Singh Jadon from AIP. 45 NSS volunteers participated in the camp.

AUMP Pro Chancellor Lt Gen VK Sharma (AVSM) praised NSS and RRC volunteer work. Professor Dr. Anil Vashishth, the Pro Vice Chancellor, prompted them that a young person with education should always be engaged in society and assume full responsibility for social welfare.

The program's objectives were fully met in line with the directives provided by the government under the "Let Communities Lead" concept.
