- Time - 10:00AM-1:00PM
- Organized by- Amity Business School
- Total Students participation-77

Objective of this activity

- To Stimulate creativity and innovation in addressing environmental concerns through artwork and slogans.
- To Celebrate the beauty and diversity of our planet while also acknowledging the need for conservation and sustainable development.
- To Encourage the participation of youth and students to instill a sense of responsibility towards the environment from an early age.
- To Foster a sense of community engagement by bringing people together to celebrate Earth Day and participate in activities aimed at promoting environmental stewardship.
- To Use the competition as a platform to educate participants and the audience about various environmental challenges facing our planet and potential solutions

Ek Swapna: The Smart Gwalior

On 24th May 2024, Centre of Excellence: Gwalior as a Smart City, Amity University Madhya Pradesh organized a presentation competition named 'Ek Swapna: The Smart Gwalior,' at Seminar Hall, D-Block.

As the concept of "Smart Cities" focuses on improving the quality of life for their residents through innovative solutions, candidates participating in the competition were required to make creative presentations on any 'smart city' located in India. They highlighted the major systems and procedures unique to that city that make it smarter. They were also required to compare the current standing of Gwalior with respect to their chosen city and suggest various practices that Gwalior can adopt from it. Finally, they presented their findings during the competition.
