

AMITY UNIVERSITY

MADHYA PRADESH

Established vide Government of Madhya Pradesh Act No. 27 of 2010

Free and Safe Drinking Water Access For All

Amity University Madhya Pradesh ensures free and safe drinking water access for all students, faculty, staff, and visitors across the campus. RO-based purified drinking water dispensers and water coolers are installed in every academic block, administrative building, hostel, library. Routine water quality checks are conducted to monitor parameters such as pH, TDS, and microbial safety. . The university's commitment to providing free, safe, and sustainable drinking water aligns with its broader environmental policy and supports the goals of SDG 6 – Clean Water and Sanitation by promoting health, hygiene, and sustainability on campus.
