ESTABLISHMENT OF AMITY UNIVERSITY MADHYA PRADESH

ABOUT AMITY UNIVERSITY MADHYA PRADESH

Amity University Madhya Pradesh (AUMP) was established by Ritnand Balved Education Foundation (RBEF) at Gwalior by Madhya Pradesh Niji Vishwavidyalaya (Sthapna Avam Sanchalan) Adhinyam – 2007 and Dwitiya Sanshodhan Adhinyam (No. 27 of 2010) vide State Government Notification No. 7692-406 dated 30 Dec 2010, with the view to promote professional, industry-oriented education in the state of Madhya Pradesh. Amity University Madhya Pradesh, Gwalior located on a sprawling campus of 102 acres of land opposite Gwalior Airport, imparts modern, practical and research-oriented courses which lead to the development of professionals who are employable and industry ready. This in turn drives the socio-economic upliftment of the region.

Amity University Madhya Pradesh (AUMP) imparts education in almost all areas including Management, Engineering, Architecture, Biotechnology, Law, Journalism & Mass Communication, Behavioral Science, Psychology, Fashion, Social Science and Liberal Arts, Pharmacy etc.

AUMP has state of the art infrastructure with modern amenities which matches with the best across the country and is of international standards. The whole campus is wi-fi enabled. Electricity is available 24X7 and all the buildings are air-conditioned.

The University has its own intranet named AMIZONE (Acronym for Amity Intranet Zone), which is equipped to store all the academics and administrative data of the University, thus promoting digitalization. Session Plans, Lesson Plans, Examination Details, Fee Details, Payment Details, Attendance Report, Grievance Redressal, and other administrative details are all available on AMIZONE. The students can access study material and tutorials anytime, anywhere which is a step towards beyond classroom teaching. Mentor-Mentee system is in place in the campus with the objective of mentoring and recognizing the potential of students and to help improve their self-esteem and confidence. Apart from this trained counsellors have been appointed to provide prompt assistance on issues related to health and emotional wellness.

The courses offered by AUMP are evaluated regularly to achieve the course objectives based on the feedback on placement, employability and latest development in technology to keep pace with the changing times. Faculties and students of AUMP are encouraged to carry out industry oriented, cutting edge research work in the University. The faculties of AUMP have been successful in getting several sponsored projects from various state and national funding agencies.

Grooming and etiquette, Communication Enhancement Classes, Behavioural Science, One Foreign Language, Pre-placement Training Classes, and Aptitude Training Classes are a part of curriculum, which helps in overall development of the students. The University offers a Choice Based Credit System, wherein a student can select any one of the 36 minor tracks across disciplines. This encourages inter-disciplinary learning. Amity University Madhya Pradesh has been witnessing stellar placements year after year which are a testimony to the trust of the recruiters in our brand. Our placements over last 3 years i.e 2017-18, 2018-19 & 2019-20 have been ranging between 90.82%, 98.85% & 93.38% respectively. The faith of marquee recruiters like Coca-Cola, Hitachi Consulting, AMAZON, S&P Global, TCS, INFOSYS, WIPRO, ZYCUS, TEK Systems, Asian Paints, Direct among others was reflected by the increase in the number of

offers rolled out. The increase in the number of unique roles and profiles offered by the companies showcased the unwavering support that Amity University Gwalior enjoys and this sets the stage for a mutually beneficial association between the participants and the recruiters in the forthcoming years.

The University was ranked under Top 200 in the University Category by National Institutional Ranking Framework (NIRF) India Ranking 2020 and Amity Institute of Engineering Technology was all India ranked 154th in the year 2021 and 162nd in the year 2020 in Engineering Category.

Amity University Madhya Pradesh was awarded as the Best Private University in Madhya Pradesh in the year 2014 by CMAI Association of India and in years 2017, 2018 and 2019 by Dialogue India Group. Amity University Madhya Pradesh was also awarded Excellent Higher Education University in India by CMAI Association of India in 2017. The University was awarded “Utkrisht Vishwavidyalaya Samman” by Madhya Pradesh Private University Regulatory Commission, Bhopal in 2018. The University has been bestowed with ‘Excellent University Award 2020’ by Zee News. AUMP has been awarded a Five Star Rating under “Eat Right Campus” Competition conducted by Food Standard, Safety Authority of India under the aegis of “Eat Right India” campaign launched by Govt. of India. The University has been accredited as “Premier University” by Accreditation Service for International Colleges (ASIC), UK. Three (03) faculty members of Amity University Madhya Pradesh have been awarded Young Scientist Award by Madhya Pradesh Council of Science and Technology, Govt of Madhya Pradesh, Bhopal. The Journal of Content, Community & Communication (JCCC) published by AUMP is a Scopus Indexed and ranked 2nd best media journal in India. The University has established following five Centres of Excellence:

- a) Centre for Excellence for Chemical Biological Radiological and Nuclear (CBRN) Mitigation
- b) Centre of Excellence in Nanobiotechnology and Alternative Medicine
- c) The Centre of Excellence for Gwalior as a Smart City
- d) Centre for Excellence in Detection of Fake News and Disinformation
- e) Centre for Excellence for Environmental Conservation & Biodiversity

The University has established a Meditation Cell of Amity Law School (ALS). In addition to opening Legal Aid Centres, Judges/Judicial officers are also being trained in Mediation so that out of court settlement specially in family related court cases, can be resorted to. These twin measures initiated by the Apex Court, High Courts and District Courts will go a long way and will stand in good stead to dispense justice to the poor, which is cheap and quick

The University was shortlisted for the National Swachhta Ranking Awards for the years 2017, 2018 and 2019 and an Inspection Team constituted by UGC-MHRD visited the University for Assessment for all the three years.

Amity University Madhya Pradesh is a leading innovation & research driven university and has played a significant role in education by providing world class education to the society, thus outperforming in the area of Private Education in the state of Madhya Pradesh.

CLASSROOMS

Amity University Madhya Pradesh has 55 class rooms. All classrooms are spacious and air-conditioned. They provide the most conducive atmosphere for dynamic and focused discussions with adequate comfort level for the students to pursue their studies in the desired environment. Class rooms at Amity have been designed to bring together teaching with discussion & analysis and are augmented with integrated audio-visual teaching aids for lectures, presentations etc.

LECTURE THEATRE

Amity University Madhya Pradesh has 32 air-conditioned Lecture Theatres. These lecture theatres not only cater to the need of larger classes, but are structured to facilitate student seminars, project presentations etc.

LABORATORIES

The changing paradigms have made mandatory for an academic institution to foster a new breed of professionals – individuals equipped with the right kind of knowledge, technical skills, ability to think out of box and innovative. The industry expectations have gone higher and only those survive and sustain who have the right attitude & skills to accept challenges and increase the performance ladder each day. Hard work is no more the key to success alone but individuals are expected to work smarter and consistent without failure.

Amity University Madhya Pradesh provides students with a wealth of hands-on learning opportunities. There are more than 40 laboratories where students can get first-hand learning experience in different areas like Mechanical, Electronics, Information Technology, Welding, Construction, Biotechnology, Fashion, Design, Communication Skills, Photography, Pharmacy etc.

Computer Laboratories: Amity University has 11 computer labs with more than 500 computers with latest configurations. All computer labs are well maintained by a dedicated IT staff and have latest hardware and licensed Application and System software available on the system. The softwares take care of the needs of all the students. As an ongoing process, these labs are upgraded regularly with software as per syllabi of the students.

ABOUT THE LIBRARY

Books and Journals available in the Library

The Library holds a rich collection of more than 33000 books with more than 6000 Titles and near about 100 plus Journals. These are extremely useful in the studies of students, research scholars and faculty members of engineering, management, law, pharmacy, biotechnology, journalism, fashion, architecture, psychology etc. Apart from these subject wise books other books are also available for the student to make him a responsible citizen of the nation. HOSTELS

The University has four large hostels two for boys and two for girls with capacity of around 1000 students accommodation. Separate facilities for boys and girls, caring wardens, and tight security ensure a pleasant stay for students. The mantra of Amity hostel staff is to create a 'home away from home' for all hostel students.

This is achieved by ensuring 24 hours power and water supply, clean, well-lit, spacious rooms, common rooms with television, geysers in bathrooms, and windows with wire mesh to keep out mosquitoes. Each student is provided with a separate bed, mattress, pillow and study table. Each hostel is surrounded by a boundary wall and entry to the hostel is restricted to only those students who are staying in hostel. The hostellers are required to show their identity cards to the security personnel posted at hostel gates and also sign their entry using bio-metric device installed in each hostel. All hostels are Wi-Fi enabled, and the students can access the net 24/7 from their rooms. The students are provided a free laundry service and have 24 hours access to the Medical Room.

Cafeterias: In addition to the students' Mess located in the hostels, the University has 04 cafeterias and 01 Milk parlor. Each academic block has one cafeteria, which serves hot, hygienic and good quality food at highly subsidized rates. The cafeteria makes a vibrant & informal meeting place for the students where friendships for a lifetime are nurtured. The quality of the food is monitored on a regular basis by a committee comprising University officials and students.

Auditorium: A State-of-the-art auditorium with a combined seating capacity of over 600 persons acts as a common ground for students, faculty and corporate personalities for regular interfaces, conferences and other events. This auditorium facilitates in bringing students face to face with global thought leaders, academic gurus and corporate heads to share their experiences.

Seminar Halls: Amity has 02 Seminar Halls with a seating capacity of 300 each. Extremely well designed, the Seminar Halls have all the audio-visual facilities for conducting seminars, conferences and guest lectures for a large gathering of students.

Conference Halls: There are 02 Conference Halls in the University, one each in Academic Blocks A & B. These conference halls are equipped with audio-visual aids and can be used for video/audio conferencing as well as presentations.

Moot Court: Amity has a state-of-the-art moot court which is constantly engaged in providing a hands-on learning experience to the students of Law.

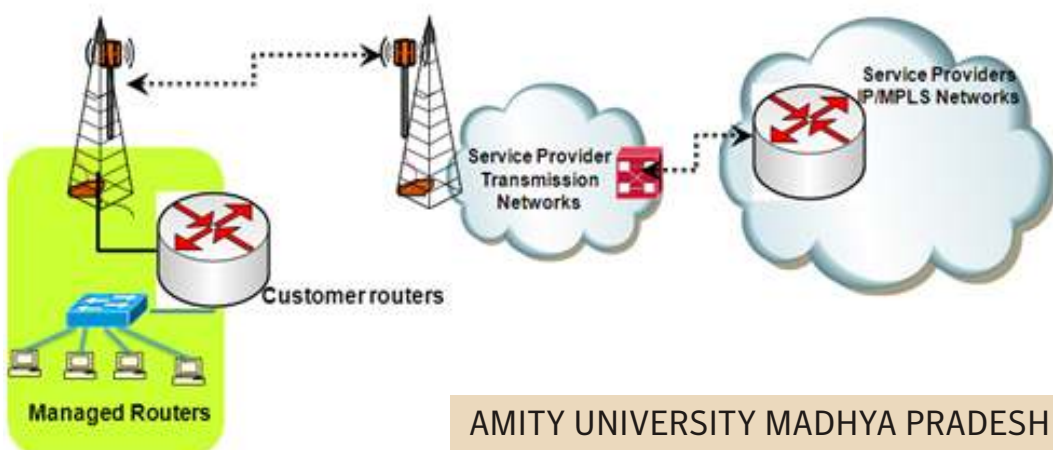

Studio: Amity School of Communication has a state-of-the-art Studio which has no parallel in the entire state of M.P. The large soundproof studio is designed to facilitate video/audio recording and shooting various events.

Offices and Faculty Rooms: Amity is committed to the welfare of its staff and students. To enable a harmonious teaching-learning environment, the teaching faculty and staff members are accommodated in 49 staff cabins and 178 work stations which are spread across all Academic Blocks.

Institutional Networking: Entire Campus including Hostel is Wi-Fi enabled. Additionally, telephones with networking facility to connect to other Amity Universities and Delhi Office have also been provided. A dedicated bandwidth of 300 MBPS is available.

AMITY UNIVERSITY MADHYA PRADESH

Studio Type Accommodation for Faculty: Amity provides studio type accommodations to its faculty and staff. 10 such well furnished studio apartments are available in the campus.

Stationery Shop: Amity University Madhya Pradesh also has a stationery shop in its campus and is managed by a contractor. Students/faculty members/Staff can avail the facility during the working hours. Apart from the stationery items it also facilitates photocopy (both color and black & white), Scanning, Printing, Lamination and Internet facilities.

ATM (Automated Teller Machine): In order to facilitate the students, staff of Amity University ATM Facility is available at prime location in the University campus.

Medical Facility: The medical room is located within the hostel so that the students can easily avail medical care. For emergencies and major medical problems an ambulance is available to ferry the sick to multi-specialty hospitals. A male as well as female Medical Assistant for boys and girls promote the necessary medical care. In addition to above Amity University also provides Group Medical Coverage (GMC) for their employees and Group Accidental Policy (GPA) for the Students to meet out the situation of any medical emergency and hospitalization.

SPORTS

Sports and games are important for all-round development and are an important part of our routine. Moreover, along with routine education, they help to shape our personalities. Also, they keep our bodies strong, healthy, and fit. They give us a change from the same old routine and relax our mind and body. Moreover, they are important because they are a useful means of entertainment as well as a way to do physical activity. Furthermore, they build character and give a huge amount of energy and strength.

SOLID WASTE MANAGEMENT

Amity University Madhya Pradesh ensure availability and sustainable management of water and sanitation for all. The university campus is charismatically clean & green and all efforts are in placed to make it an environmental friendly. Some of the initiatives undertaken by Amity University Madhya Pradesh are Rain Water Harvesting to improve the ground water table, waste sewage water treatment plant etc.

1. Solid waste is generated by all the staff, students and visitors who visit the campus regularly. This waste is generated in the form of packing materials, unserviceable/retrieved maintenance items, stationery paper, food items and dry leaves fallen from trees on the roads/ parking.
2. The stationery paper waste and other food items is collected in the waste bins (both degradable and non-degradable) installed in the academic blocks in sufficient numbers. The waste generated in the academic blocks is transported to the central waste rooms and further segregated into sellable and other unusable. And finally, both the sellable and unused waste is lifted by the local vendor for which he pays monthly charges.
3. The waste retrieved from maintenance items are sold quarterly/half yearly to the local vendor by Board of Staff ordered by Dir Admin.
4. The dry leaves fallen on the roads/parking, is collected by housekeeping staff and are transported to the compost pits available in the campus wherein they are dumped into the pits for making compost naturally.

LIQUID WASTE MANAGEMENT

1. Liquid waste is generated by all the staff, students and visitors visiting the campus regularly. This waste is generated in the form of sewerage and wastewater from toilets and cafeterias. This liquid is channelized to manhole's installed outside the blocks and further transported to the collection chambers and further lifted/raised through sewage pumps to the STPs installed in the campus.
2. 02 STPs of capacity 2.8 LLPD and 1.6 LLPD(Lakh liter/Day) respectively are installed for taking care of liquid waste generated in the campus. This waste is further treated with various process at STPs and finally treated water is used in toilets for flushing (in hostels) and for horticulture purposes.

SEWAGE WATER TREATMENT PLANT

Two SWPs of Capacity 2.8 and 1.6 Lakh Liters / Day respectively.

SEWAGE WATER TREATMENT PLANT – 1

SEWAGE WATER TREATMENT PLANT – 2

WASTE RECYCLING SYSTEM

1. Liquid waste generated in academic blocks and hostels is transported to STPs through sewerage pipeline. And this waste is further treated with various process at STPs and finally treated/recycled water is used in toilets for flushing (in hostels) and for horticulture purposes.
2. The dry leaves/cutting waste obtained from hedge cutting/ tree trimming are further recycled/converted into compost naturally. And this compost is utilized in Campus horticulture.

RAIN WATER HARVESTING SYSTEM

Why do almost a million people go without daily access to safe water? How does climate change affect adequate water availability? And why does half the world's population goes without adequate sanitation? The Water Without Borders program at Amity University Madhya Pradesh seeks to answer these questions and more.

Rainwater collection systems on campus reduce the university's dependence on municipal water systems, storing the collected water in cisterns. The water is filtered and disinfected for use for both drinking and non-drinking purposes. The Engineering Technology Building was designed to reflect the faculty's strategic plan, engineering a Sustainable Future, and features rainwater harvesting for wastewater flushing and landscape irrigation.

1. The University has 10 Nos of Borewells in the campus. The borewells dug in the campus do not have enough ground water to yield water continuously. Half of the borewells dry up during continuous pumping. To recharge these existing borewells and to restrict the out-flow of rainwater Amity University has constructed 10 Water Harvesting Pits of capacity 30,000 ltrs at various locations (Water Catchment Area) 10 conserve rainwater. These pits have been provided enough filter media to restrict the mud/silt during rains.
2. The above has brought sea change in saving of rainwater and has thus improved the water level, of our borewells which helps us in meeting our water requirement in peak summers.
3. This has also been applauded by Hon'ble High Court Gwalior MP Local Newspaper

TRANSPORTATION

Amity University Madhya Pradesh puts up with comprehensive Transport facility. University has a fleet of student -ready Buses on need basis to provide the facility to the students to reach the campus with comfort and safety and backup to help us provide the services most dependably. Number of Buses for the students from various part of city for easy commutation. At all levels, it is ensured that punctuality of the vehicles is maintained. Besides, public Transport is another option to reach the University campus.

GREEN INITIATIVES

With an aim to promote clean and green energy, the University has successfully installed roof top solar panels in its 03 Academic Blocks with a total capacity of 305 KW. The electricity bill has been reduced by its earlier amount approximately 10% per month of the total bill amount.

Keeping in view the Global warming and changing climate action consequences Amity University Madhya Pradesh taken urgent action to combat climate change and its impacts by Plantation of more than 50000 trees in the campus.

The University has participated in Inter University Swachchh Bharat Abhiyan competition twice in year 2017 and in year 2018. The effort was appreciated by the Inspecting Team for making clean and green environment in a short duration. The University has maintained the existing and added to the Land scape Environment of the Campus. The layout of the land has not been disturbed and existing hill

features have been used for layout of the entire Campus. This has made the campus layout beautiful and has been appreciated by all dignities and visitors visiting the campus

The borewells dug in the campus have not enough ground water to yield water continuously. Half numbers of the borewells dry up during continuous pumping. To recharge these existing borewells and to restrict the out-flow of rainwater Amity University arranged to construct 10 Nos of Water Harvesting Pits of capacity 30,000 ltrs at various location (Water Catchment Area) to conserve rainwater. The above has brought sea change in saving of rainwater and has thus improved the water level, of our borewells which helps us in meeting our water requirement in peak summers.

CORPORATE RESOURCE CENTER

CONNECT BETWEEN INDUSTRY
& ACADEMIA

AMITY UNIVERSITY

CORPORATE RESOURCE CENTER

The Corporate Resource Center (CRC) of AMITY UNIVERSITY MADHYA PRADESH provides a comprehensive array of services and support for its students and alumni that assist them in their placement and life-long career development.

To meet up and bridge the gap of industry and academia The Amity University Madhya Pradesh Corporate Resource Centre (CRC) organizes various events from time to time to bridge the wide gap between industry and academia. The aim of these events is to give an exposure to the students to make them industry ready and to provide an interactive platform.

The Corporate Resource Center (CRC) plays an important role in shaping the careers of students from their induction and orientation, summer internships, mid-term projects, right to their final placements and even beyond. CRC also undertakes various academic and non-academic initiatives so that students are well equipped to meet varied industry requirements.

The department organizes activities and workshops that enable students to be effective team leaders as well as team players. This department is operated with twin-fold focus, i.e. augmenting internal competencies by fostering contemporary grooming of students and by enabling industry to identify and absorb intellectuals with requisite technical & managerial skills. CRC department of Amity University Madhya Pradesh supports startups and scale-ups with a focus on life sciences, biotechnology, Pharmacy, engineering, and management and advanced Technology AI and Machine Learning, and information and communication technology.

1. The CRC acts as a central hub for all student development and placement related activities and is the repository of all information and resources. It builds in its students the competencies that are valued by prospective employers, forecasting those that will be essential from a future perspective. It provides a forum for future employers to articulate their human resource requirements, and accordingly, groom and recommend students for internships and placement.
2. The CRC recognizes that students' knowledge, skills and attitude play a vital role in their career choices. With this in mind it facilitates various tests to measure the students' career related competencies and develops them further.
3. CRC is headed by the Director CRC, who is an Industry veteran having more than 16 years of industrial experience in large industrial conglomerates. CRC constantly explores the Companies and Industries where our well-groomed students can be placed.
4. CRC interacts with the Industries and Co-ordinates various activities like Industry Visits, University - Industry Interaction, Placement for Internship Training and organizing Guest Lectures by prominent industry/ corporate resource personnel. It maintains a strong database of potential recruiters and constantly liaisons with them, assessing trends in their requirement and making efforts to prepare the prospective managers along these lines. The prime objective of the CRC is to maintain strong University Industry linkages and strive for the overall development & grooming of the students according to the Industry requirements by conducting workshops, symposia, seminars and conferences both at National and International level. CRC has maintained a sound report with large number of big companies, industrial conglomerates and reputed business houses.
5. CRC maintains close contact with recruiters throughout the year and conducts numerous workshops on skills like Resume Writing, Group Discussions, Mock Interviews and Sample Aptitude Tests to better prepare our students for job interviews. Our team is fully committed to attending to the individual needs of our students and ensuring that they achieve desired platforms for launching their professional careers.

As part of Recruiter Relations, CRC systematically tracks opportunities across sectors and industries, for students and establishes necessary contacts. CRC also facilitates the extensive on-campus interview processes and conducts rigorous follow-ups. The recruiting teams from companies are appropriately guided about the institutional mechanisms with reference to the placement process.

Key Responsibilities of CRC

- Inviting Industry Experts from various domain/ functional areas.
- Identifying the competencies and skills required for different profiles.
- Personality Enhancement & Skill development Sessions for Final Year Students.
- Conducting Mock GD & Interviews for Students.

RESEARCH INFRASTRUCTURE

The pursuit of Research and Innovation is being given utmost priority at Amity University Madhya Pradesh. The brilliant faculty members and students are consistently engaged in cutting-edge research projects covering areas of National & International importance. The major thrust areas of research at AUMP are Microbial Technology, Plant Tissue Culture & Infectious Disease, Bioengineering & Nanotechnology, Bio-resources, Biodiversity & Ecosystem Analysis, Environmental Pollution and Control Technology, Environmental Toxicology, Bioinformatics, Computational Biology, Protein base drug delivery system, Design and development of anti-HIV molecules, Nano carrier based drug delivery system, Depression and anxiety disorders, pain and inflammation (Preclinical), Drug discovery in neurodegenerative disorder, Phyto pharmaceuticals and siRNA delivery for Reproductive cancer (in vitro and in vivo), Electronic Materials, Machine design, Material Science, Nano-Materials, Structural Engineering, Artificial Intelligence, Cyber Security, Data Mining and Machine Learning.

Pushing the boundaries of research, the University houses state-of-the-art cutting-edge research infrastructure and facilities. Presently the University has the following R & D Laboratories:

- Chemical, Biological, Radiological and Nuclear (CBRN) Mitigation Lab
- Biotechnology Lab
- Microbiology Lab
- Pharmacognosy Lab
- Electronics Materials & Nano-magnetism Lab
- Pharma Chemistry Lab
- Pharmacology/HAP Lab
- Textile Design Lab
- Audio Visual Recording & Editing Lab
- Animal Tissue Culture
- Pharmaceuticals Lab
- Garment Constructing
- Advanced Design Lab
- Machine Design Lab
- Machine Room
- Green House
- Moot Court
- Plant Tissue Culture
- Human Anatomy & Physiology
- Psychometric Analysis Lab
- Structural Engineering Lab
- Advanced Material Testing Lab
- Pharmaceutical Analysis Lab
- Computer Labs
- Fake News Detection Lab

DIRECTORATE OF RESEARCH & INNOVATION

The Directorate of Research & Innovation at Amity University Madhya Pradesh is responsible for providing research leadership through:

- Promoting and facilitating cutting-edge research
- Collaborative and inter disciplinary work.
- Building, and providing sufficient support for the community of innovative researchers
- Enhancing research capacity in the University.
- Increasing internal and external research opportunities for faculty, research fellows and students
- Developing networks between the research centres and researchers in the public and private sectors, nationally and internationally.
- Transferring knowledge to society.
- Encouraging faculty members and students to publish quality research in journals of high repute

RESEARCH AND PUBLICATIONS

1. Quality research and creation of new knowledge

Amity University Madhya Pradesh is a research and innovation driven university wherein faculty are expected to do quality research. Faculty members are motivated to publish research papers only in the journals that are indexed in scopus or web of science. Incentives are being provided to the faculty those who publish quality research papers, carrying out research projects and consultancy assignments, file/publish a patent etc.

CENTRE OF EXCELLENCE

CENTRE OF EXCELLENCE FOR NANO BIOTECHNOLOGY AND ALTERNATIVE MEDICINE

INTRODUCTION

Amity Institute of Biotechnology has established a Centre of Excellence in Nano-biotechnology and Alternative Medicine in order to augment and strengthen institutional research capacity for promotion of interdisciplinary science and innovation in specific areas of biotechnology. It provides flexible long-term support for highly innovative research in Biotechnology.

OBJECTIVES

- To develop and promote R & D activities for applications of Biotechnology.
- To promote Research and Development in all aspects of Nano-Biotechnology and development of Alternative Medicine.
- To develop linkages between industry and R&D for promoting applications of Biotechnology in various sectors.
- To provide consultancy in terms of training, research and dissertation programs for Ph.D., Postgraduate & Undergraduate students.

Following projects are going on in Centre of Excellence in Nano-biotechnology and Alternative Medicine:-

Project	Total Amount
Bio-assisted Synthesis of High Potential Nanoparticles and their Antimicrobial Efficacy Evaluation Against Wound Associated Pathogens with special reference to Gwalior region. CENTRE OF EXCELLENCE FOR NANOBIO TECHNOLOGY AND ALTERNATIVE MEDICINE

INTRODUCTION

Centre of Excellence for Environmental Conservation & Biodiversity was established in the year 2017 at AUMP, Gwalior. The centre is undertaking R & D activities in the field of environmental conservation and biodiversity analysis.

The Centre is involved in the following efforts:

- Undertaking funded projects from Government agencies and industry.
- Development of eco-friendly techniques and products.
- Assessment and conservation of biodiversity of the state

OBJECTIVES

- Monitoring of Environmental Pollution and Development of Alternatives Measures.
- Identification and Investigations of Harmful Synthetic Compounds in Environment and Remedial Measures
- Assessment and Conservation of Biodiversity.
- Eco-friendly Product Development

Following projects are going on in Centre of Excellence Environmental Conservation & Biodiversity

Project	Total Amount

CENTRE OF EXCELLENCE FOR SMART CITY

INTRODUCTION

Smart City is the practice of taking advantage of already available technologies to preserve and improve the Quality of life. With this objective, Amity University Madhya Pradesh has joined hands with Gwalior Nagar Nigam and is working as a knowledge partner to create awareness amongst students towards Smart City concept, involve them in developing new ideas for making Gwalior a smart city, propagating these ideas so that local administration could adopt these ideas.

OBJECTIVES

- To create greater citizen awareness for the smart city concept.
- To develop an accountability model for smart city concept.
- To foster discussion on the challenges & concerns of smart city.
- Facilitate interaction among local industries, organizations, academia and local administration.
- To work out models to reduce resource consumption

CENTRE FOR DETECTION OF FAKE NEWS AND DISINFORMATION

To contribute in the fight against misinformation, Amity School of Communication has established a Centre for Detection of Fake News and Disinformation (CDFND) at Amity University Madhya Pradesh. This Centre remains updated regarding technology for Detection of Fake news/videos/audios/pictures on social media/print/ electronic media. It also liaises with agencies like Google News Initiative, Poynter with know-how and methodology for Detection of Fake News.

The Centre majorly focuses on Open-Source Fact Verifications, Advanced Verification of Photos and Videos on Social Media Platforms, Digital Security and Safety, User Testing, Media Literacy and Crowd Tangles to name a few.
