## Language Lab at Amity University Madhya Pradesh, Gwalior

In a globalized world high proficiency in English and good communication skills are a pre-requisite for professional success. Communication involves one's ability to listen carefully to grasp the meaning and to respond in turn with apt words and clarity of pronunciation. Hence, the language lab has become the need of the hour in language learning process for communication.

The state-of-the-art Language Laboratory at Amity University Madhya Pradesh, Gwalior plays a vital role in assisting the students to acquire advanced levels of spoken English. The Lab aims at facilitating the learning of second language and hone the fundamental skills of English language i.e. listening and speaking skills of the students.

The Language Lab is equipped with 60 Lenovo Desktop Systems with keyboard, mouse and headphones with the configuration of Intel Pentium 2.9 GHZ, 2 GB RAM, 500 GB Hard disk. All the systems have WINDOWS 7 operating system with Ms Office, McAfee Anti-Virus and Adobe Reader. **Andragogy Digital Language software** has been installed in the lab which uses proven language teaching methodologies and is power-packed with an array of comprehensive study materials including elucidation of Standard English grammar, pitch, sounds, syllable-stress, rhythm, intonation, articulation and exercises for practice.

Language lab sessions are a mandatory part of the Training schedule. The sessions are interwoven into the timetable of each semester and each programme. The main objective of laying emphasis on learning the nuances of pronunciations, stress patterns, intonation and accent is to endow students with language proficiency as it would augment their oratorical skills and boost their confidence.

The software also acquaints the learners with the nuances of Standard English pronunciation. The grammar and vocabulary exercises in the software strengthen the knowledge of the language. The language lab provides the students various opportunities to speak, comprehend and internalize English language like its native speakers.
