

Report on SDG 4 - Quality Education-

Amity University Madhya Pradesh continues to be a trailblazer in providing world-class education and contributing to research and innovation in the state of Madhya Pradesh. Our unwavering commitment to excellence, extensive academic offerings, remarkable placement records, and recognition from various quarters firmly establish us as a leader in private education in the region.

We prioritize the holistic development of our students through mentor-mentee systems and a team of trained counselors who provide support for health and stress management. Our curriculum includes grooming and etiquette, communication enhancement classes, behavioral science, one foreign language, pre-placement training, and aptitude training, enriching our students' skill sets and confidence.

AUMP's commitment to excellence extends to research endeavors, with our faculty members successfully securing several sponsored projects from state and national funding agencies. The university also embraces a Choice Based Credit System, allowing students to select from 38 minor tracks across disciplines, thereby fostering interdisciplinary learning.

Amity University Madhya Pradesh enjoys a strong, longstanding partnership, MOUs with Alfalah university UAE, Pepperdine University, MAPUA university Philippines, Singapore Polytechnic, AIMST (Asian Institute of Medicine, Science and Technology), Malaysia, International to promote and enhance academic interest, to provide necessary advice for quality education, to promote research/continuing educational activities between Amity university Madhya Pradesh and concerned university.

The courses offered by AUMP are evaluated regularly to achieve the course objectives based on the feedback on placement, employability, and latest development in technology to keep pace with the changing times. Faculties and students of AUMP are encouraged to carry out industry-oriented cutting edge research work in the university. The faculties of AUMP have been successful in getting several sponsored projects from various state and national funding agencies.

Initiatives taken by the University for the Implementation of National Education Policy 2020

Amity University Madhya Pradesh has wholeheartedly embraced the National Education Policy 2020 (NEP 2020) in line with UGC and the Department of Higher Education, Madhya Pradesh guidelines. This transition has been seamlessly implemented since 2023, including the registration of the university on the Academic Bank of Credits (ABC) portal. This initiative facilitates student mobility, credit accumulation, and redemption.

As per the Guidelines received from Department of Higher Education, Govt. of M. P. and Madhya Pradesh Private University Regulatory Commission (MPPURC). Amity University Madhya Pradesh prepared its common subsequent Ordinance No. 38 A in line with the Ordinance No. 14 A issued by the Govt. by incorporation various aspects of NEP 2020, and submitted to Madhya Pradesh Private University Regulatory Commission, Bhopal on 18th Aug 2022 for gazette notification.

1. Orientation program for students

Induction program for the new entrants is in place at Amity University Madhya Pradesh, to help them to get accommodate in the new environment, inculcate in them the culture of the institution, and assist them to build relationship with the faculty and other students.

2. Learning outcome-based curriculum framework (LOCF)

Amity University Madhya Pradesh is a student centric institution, which has been following choice-based credit system (CBCS). The curriculum has been revised by adopting learning outcome-based curriculum framework (LOCF) to maintain the academic standards, which would assist the graduates to compete at the global level.

3. Adoption of ICT based learning tools for effective teaching-learning process.

For effective teaching-learning process, ICT based learning tools such as learning management system (LMS), Amity intranet zone (Amizone) a web-based ERP have been adopted. It is mandatory for all the students to choose few subjects referred to as 'minor track subjects' from other disciplines offered in the institution. However, an option is given to a student wherein he/she can select MOOC/SWAYAM courses instead of minor track subjects. The faculty members customize the pedagogy and assessment methods using various means for learners, to make the teaching-learning process effective.

4. Imparting living and viability skills to students

Life skills are being imparted to the students as they address the students' need, improve their self-confidence, interpersonal, social, and emotional skills required for leading a professional life.

5. Social and Industry connect: University social responsibility:

Input is taken from the industry experts while preparing the curriculum, so that the students get familiarized with the cutting-edge technologies and are industry ready. Summer Internship Programme (SIP) is in place wherein students of B.Tech. course visit the industry for a period of 4 to 6 weeks (during the 4th and 6th semester summer holidays) so that he gets exposure to enhance his/her technical skills further.

6. Evaluation reforms: Amity University Madhya Pradesh being followed the defined workflow or sequence to perform/ accomplish tasks and to carry out various operational & functional processes of the university. The University has its own intranet AMIZONE (Web based ERP) to carry out all activities with respect to the Academic, Administrative, Examination, Admission and Financial workflow. Students are evaluated based on the continuous assessment mode and grading system has been followed. Some of the assessment methods used are seminars, assignments, project-based evaluation, presentation of a case study etc. Standards are maintained while setting question papers and evaluation of answer scripts. The entire examination system is automated and has been used effectively.

7. Tracking of the student progress after completion of course:

Every department has an alumni coordinator to monitor the progress of the students after they complete their course. The alumni coordinator contacts them regularly and communicates to them the important events of the department/university. University also has well in touch with their alumni and students who have started their own startup to provide their experiences and challenges to set up their startup for all those students who are in planning to start their own startup/MSME.

8. Faculty development program:

Amity University Madhya Pradesh maintains standards at the time of recruitment of faculty. Faculty induction program for the newly joined faculty is conducted and ample opportunities are provided to the faculty to participate in faculty development programs/refresher course organized by the institution of national importance.

9. Quality research and creation of new knowledge

Amity University Madhya Pradesh is a research and innovation driven university wherein faculty are expected to do quality research. Faculty members are motivated to publish research papers only in the journals that are indexed in Scopus or Web of Science. Incentives are being provided to the faculty for those who publish quality research papers, carry out research projects and consultancy assignments, file/publish a patent etc.
