

Message

Research & Innovation are the key drivers of any progressive economy and the forte of good academic Institutions.

At Amity, it is our constant endeavor to provide world class platforms to encourage useful deliberations and presentations leading to conclusive outcomes for all stakeholders.

International Conference on Automation, Computational and Technology Management (ICACTM-2019) is the pivot of these efforts and hence were all most privileged to welcome all distinguished delegates, researchers and students to our conference on “Engineering & Technology in Management”.

This conference is the result of the passionate & committed hard work of the brilliant team of our Amity Campuses, who are all most excited, enthusiastic & motivated to have received such a wonderful response for this conference from across the world.

We sincerely appreciate the contribution of all the researchers, academicians and industry captains which has made this conference a success and extend our most cordial greetings to all on behalf of our Founder President, Dr Ashok K Chauhan, our Chancellor, Dr. Atul Chauhan, our Group Vice-chancellor, Dr. Gurinder Singh and each & every member of our Amity Greater Noida Campus who look forward to your continuous good wishes & synergistic collaborative associations with Comprehension, Commitment, Courage & Collaboration to convert ideas into logical outcomes for creating world class organizations.

Prof. Bhawna Kumar

Vice President – RBEF (Amity Education Group)
